REPORT OF CITY MANAGER

To the Citizens of Presque Isle:

This report of the activities of the City for year ending December 31, 1941, reflects continued improvement in our financial condition and shows another year's operation on a balanced budget. Our accounts have been audited by Mr. Fred Shean, certified public accountant and his report is hereinafter printed.

It is particularly gratifying to report that our net debt was this year reduced \$43,730.22, and due to the change in labor conditions our relief costs were very materially reduced. Our purchases of new equipment include a gasoline shovel, new truck and snow plow, a snow loader, and the funds for these purchases were made available through rental received on our new equipment. The old hangar at the airport was moved to our highway lot giving us a garage and storage building 80 x 100 feet.

In our report we are trying to eliminate all needless detail. However, if there are any items of detail that you wish information on, any member of the office force will be very glad to give you that information at any time.

I want to express my appreciation to the City council, my fellow employees and the citizens for their support and cooperation in carrying on the business of our City.

Respectfully yours,

MARK A. TRAFTON

City Manager

AUDITOR'S REPORT

To the Inhabitants of Presque Isle:

In accordance with an agreement with your City Manager, I have examined the books and other records of your Manager, Clerk, Deputy Treasurer and Deputy Collector and from those sources have prepared the statements which I believe fairly present the year's operations and the financial condition of your city at the close of business on December 31, 1941:

Comparative Balance Sheet

Treasurer's Report

Summary of Appropriation Accounts

Supporting Schedules

FRED A. SHEAN

Certified Public Accountant

Presque Isle, Maine

February 6, 1942

COMMENTS

CASH: All cash was found to have been properly entered and promptly deposited. All expenditures are made by check from warrants authorized as provided by the charter. The cash balances were reconciled with the bank statements and the petty cash verified.

TAXES: Uncollected taxes, liens and property acquired through non-payment of taxes, are listed in the report. No other method was employed to verify these items. Great effort has been exerted, during this year, to bring these assets into line with facts and from now on particular emphasis should be placed upon the collection of these amounts as it is believed that each item is correct and can be enforced. No attempt is made in this audit to estimate what percent will not be collected, for it is understood that it is the declared intention of the administration to make a sufficient appropriation each ensuing year until the uncollectible items are eliminated from the balance sheet.

The excise and other sources of income were checked and found to have been properly handled.

TRUST FUND INVESTMENTS

All investments were checked and found to be properly invested as appears in the schedule in this report. It is suggested that the small loss suffered by the closing of the bank be replaced by City appropriations.

GENERAL

There is in the possession of the City, 70 shares of Aroostook Valley Railroad Company stock which should appear in the Balance Sheet, and it is recommended that an entry be made to set this valuable property up in the assets.

It is also recommended that the form of the Balance Sheet be changed to more correctly reflect the true financial condition of the City. I have moved the amount of City bonds from the current liabilities and shown it as "Funded Debt" but to correctly reflect the situation an item, "Bonded Assets" (or some such title) in the amount of the bonds should be shown on the asset side of the balance sheet.

SUPERINTENDENT'S REPORT FOR YEAR 1941

In accordance with custom and the School Laws of Maine, I herewith present to you my ninth annual report as Superintendent of Schools of the City of Presque Isle.

Even though nearly every section of the country shows a decrease in school population, the enrollment in Presque Isle continues to show an increase. This is especially true in the schools of the City proper. Nearly every room is now filled to capacity.

Due to resignations many changes have occurred in our teaching force. We are now operating thirteen rural schools. Ten of the thirteen teachers are new to the system this year. Four changes have been made during the year. At the Training School there were three changes; at Gouldville, four; and at the High School, eight. Due to the increased wages in other lines of work, many teachers are leaving the profession. This is creating a distinct shortage of qualified teachers, especially in the rural schools.

A committee of teachers and the superintendent have worked out a salary scale which, if it can be kept in use, will have a tendency to stabilize our teaching force. Parents and citizens should realize that it is difficult to obtain efficient teachers and exert every effort to make their work pleasant and profitable.

In September, two rural schools, Ross and Whittaker, were closed and the pupils transferred to town schools. On the whole, this has been a great improvement. Some transportation difficulties have been encountered due to the fact that more high school pupils have desired transportation than was indicated when a survey was made. If this continues, a larger bus will be necessary. All high school pupils pay a weekly amount for transportation. This takes care of the wages of the driver during the days on which school is in session. This, we hope, is an accommodation to the parents. A long range plan of rural school consolidation is being considered as soon as facilities are available to make it possible.

Through the cooperation of the W. P. A., a noon lunch project is being carried on in both the Gouldville and Training Schools. Three women are paid from P. W. A. funds and two girls by N. Y. A. funds. Surplus commodities are furnished which are supplemented with the necessary supplies to furnish a balanced meal. This is under the supervision of Miss Steinmetz of the Home Economics Department.

A dental clinic has been made possible through the cooperation of the local dentists. Funds have been furnished by the local branch of the Red Cross and the Salvation Army. As a result, of this project, many children have received dental care who could not have it otherwise.

Three Parent-Teacher Associations have been organized with a fine group of officers. Their cooperation in working for the interest of the boys and girls is greatly appreciated.

During the past year, only the most urgent repair work was done. The window casings and trimmings at Gouldville were painted. Several rural schools were painted and minor repairs were made. Weather stripping was placed on two rooms at the high school. New grates were installed in the boiler at the Training School. During the coming summer several rural schools need extensive repairs, the window casings at the high school should be painted and some interior painting done. The floors at the Training School need attention. A partition is needed in the old assembly room at the high school to separate the library from the study hall. New tables and chairs need to be provided in the study hall.

Committees of teachers have worked out air raid defense plans. Weekly drills will be carried out just as soon as the civil authorities approve and agree upon the proper procedure to follow.

The high school building is in continual use by Civilian Defense classes. Several teachers are conducting courses, and

many more are taking them. I feel that our teachers are doing their part in defense work, the most important of which is their work with boys and girls. Several courses for defense work were offered last year for out-of-school youth. These were under the supervision of Mr. Barnes.

During the present school year there has not been enough interest manifested to start these courses again this year, but if enough people enroll for them, courses can be offered.

The purpose of educating our boys and girls is to fit them to live in a democracy. This we have tried to keep in mind in formulating our course of study and policies. In addition to developing the so-called fundamental subjects, we try to give a well-rounded training in physical education, music, home training, agriculture and commercial work. Standard tests show that our boys and girls are well above the average for the country as a whole. One that was given to an entire grade showed the average up to grade, and ten per cent, from one to three years above the grade level. The record of our boys and girls going from our schools to others speaks well for the training which they have received.

I am very proud of our teaching force. It would be difficult to find a more conscientious group. May I take this opportunity to express my appreciation to them for the cooperation which they have given me? I also want to express my appreciation to the school board, to the city manager and to other city officials for their interest and cooperation which has always been manifest. I feel confident that with this cooperation we can continue to make our schools come nearer to fitting the needs of our boys and girls.

Respectfully submitted,
R. J. CARPENTER

CITY CLERK

The following is a List of Departmental Activities for the past year:

Documents Recorded	1119
Hunting and Fishing Licenses Issued	1577
Dog Licenses Issued	588
Births Recorded	250
Marriages Recorded	136
Deaths Recorded	113
Depositions Recorded	206
Elections Held	2
Selective Service Act Registrations	1

There have been twelve regular meetings and twelve special meetings of the City Council.

Respectfully submitted,

HELEN B. KIMBALL.

City Clerk.

BOARD OF REGISTRATION OF VOTERS

The Board of Registration is in Session nine days before each election, the first six days of which are open session for the purpose of Registering voters, the last three days being closed session to enable the Board to verify the correctness of the voting list and to complete and close its records.

The hours of open session are from nine to twelve in the forenoon, and all persons wishing to Register must appear before the Board in person and prove that they possess all the qualifications of voters.

On Election Day the Board is in continuous session for the purpose of correcting any errors which may have occurred. A woman changing her surname may appear before the Board any time it is in session and Re-register under her new name.

Whoever causes his name to be Registered, knowing that he is not a legal voter, or whoever falsely represents himself before a Board of Registration makes himself liable by a fine and imprisonment.

POLICE REPORT

Offenses	Released by Police	Arrested
Rape	0	1
Burglary, Breaking or Entering	0	9
Larceny, Theft (Except Auto)	7	5
Other Assaults	0	12
Sex Offenses	0	3
Offenses Against the Family	0	1
Liquor Laws	0	2
Drunkenness	69	140
Disorderly Conduct	1	7
Vagrancy	0	2
Driving While Intoxicated	1	12
Violation of Driving Laws	0	9
Violation of Parking Laws	0	1
Violation of Vehicle Laws	0	23
All Other Offenses	7	10
	85	237
TOTAL		

Other Minor Cases:

Persons Taken From Street, Not Arrested	62
Night Lodgings	61
Reports Made on Auto Accidents	206
Doors Found Open	37
Parking Tags Issued	503

Of total persons apprehended, 165 were residents of this City, 98 were from other Towns in the State and 39 were Residents of other States.

Respectfully Submitted,
R. A. JUNKINS,
Chief of Police.

FIRE DEPARTMENT

The Fire Department answered a total of 243 calls during the year, requiring 3068 man hours. Six of these calls were to assist other towns and thirty-five were out of the City limits

In controlling these fires the trucks traveled 782 miles, laid 24,750 feet of hose, pumped water for 20 hours, raised 2094 feet of ladder, used 86 gallons of chemicals and 192 pounds of soot remover.

The house men answered 111 still alarms.

Estimated fire losses for the year are as follows:

	City	Rural	Total
Buildings	\$11,810.00	\$14,993.00	\$26,803.00
Contents	10,380.00	4,050.00	14,430.00
	\$22,190.00	\$19,043.00	\$41,233.00
Total			

The truck which answered these calls are the following:

1	1917	American LaFrance Pumper	300 Gal.
1	1924	American LaFrance Pumper	1000 Gal.
1	1937	Chevrolet Booster Truck	100 Gal.
1	1931	Mack City Service Ladder Truck	
1	1929	Chevrolet Pick-up and Hose Truck	

New equipment purchased during the year consisted of a new flood lighting plant which fills a long felt need and a program has been worked out for replacing some of the older equipment.

Respectfully Submitted,
LEON B. DORR,
Fire Chief.
