HOPEFUL OF VICTORY IN VERMONT CONTEST

Coach and Sixteen Men off
For Manchester, N. H.

SECOND TEAM HAS GAME

Coach Cochems, Director Wingard, Captain Baker and fifteen Maine football men, all hopeful of victory, leave today for Manchester, N. H., where Vermont will be played Saturday. Those who make the trip are: Donahue, Moulton, Allen, Peterson, Wark, Purington, Bernheisel, Kriger, Ruffner, Martin, Greeley, Kirk, Spear, McCobb, Reardon, Manager White and Trainer Smith.

The second team will play Coburn Classical Institute at Waterville, Saturday. The team is much stronger this year than in recent years. It has been scrimmaging with the varsity in the last week and other games have been arranged by Managers Curtis and Whittier.

From Our War Correspondent

Coach Steve Mahoney and his band of stalwart Boston College football warriors invaded Fort Alumni on Saturday last, and Captain Baker's University of Maine group of exponents of our Fall pastime successfully defended the invasion; incidentally emulating squad A. of the German Cavalry in their destruction of the Rheims Cathedral. The sporting sheets of the Sunday papers proclaimed: Football, Maine 26, Boston College 7.

The Boston army appeared without their Captain, one Linehan, who was wounded in a previous battle and they were also devoid of their star-full back, Doane, who missed the Transport Belfast, which conveyed the Boston forces from the Hub to the Queen City.

The Maine detachment was complete in every detail and the way the Maine rear guard, Kirk, Martin, Kriger, Ruffner and Needleman, the later, who was drafted for the conflict from Cochem's Light Infantry, penetrated the Boston breastworks, sweeping the same back, with repeated losses was worthy of the Kniser's highest commendation. Ruffner was disqualified for violating the rules of International warfare. Needleman gave a clever exhibition of sharpshooting, Kriger being on the receiving end of the torpedo. The melee in the words of the allies, was rather loose and the bombs were dropped often in the enemy's camp; the sporting writers terming this phase of the war as "too frequent fumbling."

Captain Baker, during the course of the engagement, made one poor shot, Kirk raised his gun, but his aim was poor; there was a hand to hand encounter and Kiley picked up the shell and ran 30 yards, evading even the Maine outposts, planting the same shell behind the Maine goal posts. Thus the 7 opposite Boston in the Sunday papers.

The Maine army opened fire early in the battle and took the offensive, the Boston line of defense wavering under the repeated battery of the rear guard mentioned above, and the old Blue and White pennant did the Star Spangled Banner act several times. Our line of fortification was unimpeachable and the enemy's assaults were driven back with repeated losses. Several recruits were enlisted but all stood the fire well with the exception of Sergeant Guliver, an officer of four years service who was carried to Art Smith's Red Cross Brigade with a badly sprained ankle. Donohue was also wounded, the latter, in the shoulder but it was not considered serious.

Several remarked that a Maxim Silencer was placed on the cheering, but it is hoped that this will be remedied when the next of the Allies appears. Norwich will next attempt to capture Fort Alumni when it is expected that the Cruiser Grandstand will be launched. Meanwhile Maine and Kaiser Cochems are to answer the ultimatum of the University of Vermont next Saturday at Manchester, N. H.

The game play by play: Boston College kicked off to Kirk who picked it out of the air at the 15 yard line and ran it up forty before anybody got him. Martin made ten yards in a skin tackle play. Then followed a straight

Continued on page 4

OWLS CHOOSE MEN

Sixteen Sophomores Pledged
to Honorary Society

The members for the 1917 Sophomore Owl Society were pledged after the "Bag Scrap" Sept. 19. This organization has for its purpose the instilling of the Maine spirit in the two lower classes and promoting harmony between them. It also interests preparatory school athletes in entering the University, and aids them whenever possible and advisable.

The following men were chosen: Edmund James Dempsey, Frank Alexander French, William Joseph Gorham, Albert Leroy Grey, Roy Grant Higgins, Mark Langdon Hill, Howard Bryant Hiller, Joseph Aloysius McCusker, David Hobbs Parshley, Raymond Ambrose Pendleton, Stanley Gilkey Phillips, Ralph Batlett Pierce, Frank Peter Preti, Charles Anthony Rice, Frank Owen Stephens, and Fuller Gustavus Sherman.

GOOD CONTESTS EXPECTED

Pumpkin Meet Saturday to Intro-
Freshmen Track Men

The Pumpkin Meet, which is held annually between two lower classes about the middle of the football season is to be contested Saturday. This meet always arouses much interest for two reasons, first, that it is the beginning of track athletics for the year and second, because it brings out the new material of the entering class.

The meet promises to be a good one, as there is excellent track material in both classes and representatives have been turning out regularly for practice.

Some of the men out for the sophomore team are French, Preti, Dempsey, Pierce, Page, Smiley, Stevens, King, Rice.

For the Freshmen there are Greene, Wunderlick, Dutton, Donigan, Head, Niles, Merriman, Fluellen and Small.

C. A. Rice, last year's star varsity sprinter, was elected captain of the sophomore team Wednesday.

JAPANESE FETE GIVEN

Alpha Omicron Pi Gives Successful
Entertainment

The Alpha Omicron Pi Sorority held a Japanese Fete in the gymnasium, Saturday, Sept. 26. The feature was a Japanese play, "The Winning of Frigi." The cast included: Miss Mildred Dow, Miss Flora Howard, Miss Helen Greely, Miss R. K. Jones, Miss Elizabeth Bright, and Miss Doris Currier. Much credit is due Mrs. R. K. Jones, who worked hard to make the affair a success.

Another feature of the afternoon was a jimikisha race, which followed the play. The participants were P. M. Hall, O. K. Edes, S. Cobb and H. Cobb. Edes won.

During the afternoon and evening a variety of Japanese articles was on sale at the booth, presided over by Miss Robinson and Miss Sawyer.

From 5.30 to 7.00 a supper of typical Japanese dishes was served by Japanese maids in native costume.

RALLY TO BE HELD OCT. 17

Arts and Sciences, Faculty and
Students Will Meet

In order that the members of the faculty and their wives and the students of the College of Arts and Sciences may enjoy a social evening together and become better acquainted, an Arts and Sciences Rally will be held in the Chapel Saturday evening, October 17, at 7.30 P. M. There will be an entertainment by some of the students, consisting of a skit portraying scenes and episodes in college life. This act is in the charge of Miss Elizabeth F. Hanly and Ernest F. Hanson. A musical program will consist of selections by Miss Ruth E. Brown, Ernest F. Hanson, E. E. Blanchard, and others. Refreshments will be served, and a general good time is promised to all who attend. It is hoped that at least 250 will represent.

CLASSES ORGANIZE FOR WORK OF THE NEW YEAR

H. P. Bailey Senior Head—
Juniors Name L. O. Barrows

TWO ELECTIONS FOR TODAY

The senior class elected officers for the coming year, Tuesday. The new president is H. Perry Bailey of Dexter. Other officers are: Vice President, Robert F. Thurrell, Portland; Secretary, Rachel H. Winship, Auburn; Treasurer, Harry D. Williams, North Easton, Mass.; Student Council, Merton F. Banks, of Biddeford, William L. Wack, of Cumberland Mills; Asa Mace, of Aurora. Executive Committee, David S. Baker, of Caratunk, Everett Ingalls, of Bridgton, Eugene W. Goodwin, of Rockport, Lawrence H. Haskell, of Lynn, and Ross H. Varney, of Haverhill, were tied for fourth place.

Class of 1916

The Junior class held its election Tuesday, choosing for president, L. O. Barrows of Newport. Other officers are: vice-president, M. C. Driscoll, N. Abington, Mass.; secretary, Miss Mildred Morrison, Bar Harbor; Treasurer, L. G. Morris, Bingham. Executive Committee, R. W. Bell, Arlington, Mass.; W. W. Webber, Auburn; B. Brown, Dover; T. D. Bonney, Mexico; C. Legal, Student Council, L. H. Kriger, Portland; J. T. Leacock, No. Andover, Mass.; Assembly—G. E. Kirk, Bar Harbor; F. H. Curtis, Addison; A. L. Robinson, So. Windham; R. M. Causland, Freeport.

1917 Election

The Sophomores also elected their officers in part last week, resulting in the election of William E. Nash of Concord, N. H. as president. The other officers elected are: Joseph A. MacCusker of Wappinger Falls, N. Y., Vice Pres., Mildred Dow of Portland, Secy; Herbert E. Watkins of Portland, Treasurer; M. L. Hill of Bath, Football Mgr; Dave Parshley of South Berwick, Track Manager.

The nominations for the remaining officers were made, and are to be voted on Friday, October 9th.

Student Council—W. J. Gorham, D. Parshley, R. A. Pendleton, F. P. Preti, F. O. Stephens, H. L. Watkins. Calendar Committee—R. H. Cobb, F. D. Crowell, L. Curran, L. J. Freese, R. G. Higgins, P. W. Moulton, F. Nowell, S. G. Phillips.

1918 Election Today

The 1918 class election will be held this afternoon in the gym. The nominations are as follows:

President—Caldwell S. Philips, E. Campbell, William Allen, Brownville Junction; J. P. Ramsey, Portland.

Vice President—H. P. Priest, Carl Brugge, Gorham; Walter Niles.

Secretary—Miss Mersereau, Miss Lawrence.

Treasurer—James Hawkes, C. C. Small, T. W. Britton, E. G. Frost, Merton McGrath, Executive Committee—Clarence Woodhead, Sanford; Newell Chamberlain, N. G. Hutton, Portland; H. S. Rowe, Springvale.

Manager Football—Alton Libby, Roy Somes, H. N. Jones.

Manager Basketball—M. E. Abbott, L. E. Libby, E. H. May, F. L. Gibbs.

Manager Track—T. L. Morse, T. D. Carlson, T. E. Speirs.

MASQUE SMOKER OCT. 15

Plans For Dramatic Season to Be
Discussed

Next Thursday evening, October 15, the smoker which opens the season of the Maine Masque will be held in the club room of the Library, at seven o'clock. All the men formerly in the Masque are expected to be present as well as every freshman who is interested in the dramatic art to any extent, to listen to the plans for the year, which will be thoroughly discussed. The play which has been selected for production this year is "The Silver Shield," by Grundy. It is a modern comedy and calls for a cast equally balanced as to female and male characters.

MASKS PLEDGED MEN

Junior Honorary Society Chose
New Members After Fort
McKinley Game

Members for the 1916 Junior Masks were pledged after the Ft. McKinley game, Sept. 19. The Masks an honorary fraternal society, has for its prime purpose the instilling and promoting of university spirit, and forming closer inter-fraternity relations.

The following men were chosen: Basil Edward Barrett, Roger Warren Bell, John Andrew Burke, Fred Holmes Curtis, Michael Columbus Driscoll, George Edwin Kirk, Lewis Herman Kriger, Otis Carroll Lawrey, Fred Percy Loring, Irvin Clifford Macdonald, Lawrence Eugene Philbrook, Charles William Ruffner, and John Lowell Whittier.

1918 WINS FIRST GAME

Little Material of Varsity Calibre
Uncovered But Competition
Keen Between Classes

Under the efficient coaching of Driscoll, '16, and Lawry, '16, some fairly good baseball material is showing up in the freshman class. The first game of the Sophomore-Freshmen series was played Sept. 26, and altho at times it had the appearance of an "I scrub one" game out in the school yard, yet there were frequent glimmerings of hope for the future. The batteries showed up especially well. The game was called at the beginning of the seventh on account of rain, leaving the score 6-4 in favor of 1918. It is to be regretted that Murphy, the young freshman back stop, has been obliged to leave college, as in this game he showed the makings of real 'varsity stuff.

The next game will take place Saturday, Oct. 10, and if this should turn out favorably for 1917, the final will be played next Monday. In Saturday's game the freshmen will start out with Frost in the box and Captain Niles behind the bat. It is thought that the coaches may have a "dark horse" or two to put in the box during the game. "Pal" Pendleton will of course twirl for the Sophomores and Russell will catch. Both fielding and batting will be watched with much interest for anything that looks like 'Varsity material.

1909 TO ERECT MEMORIAL GATE

Class at Reunion Starts Fund

The Class of 1909 displayed its enthusiasm in a practical way at its reunion by voting to raise by subscription a fund for the purpose of erecting upon the campus a suitable memorial to the class, and it was finally decided that this should be in the form of a gate. The plan was presented to the trustees and approved by them.

During the reunion the sum of \$135 in cash was raised, and \$460 more was pledged by those present, to be paid within five years. It is expected that the amount paid in and pledged will be materially increased by those who were unable to be present.

Howard G. Philbrook, 147 Milk St., Boston, is chairman of the committee which has charge of the memorial, and members of the class are requested to forward to him plans for the gate.

JOURNALISM CLASS TO MEET

The class in practical journalism, comprising the board of editors of the CAMPUS, will meet this (Friday) afternoon in room 4, Estabrooke hall, at 4.30 o'clock.

H. B. Gerrish, '17, of the cross-country team, has returned, registering several days late.

Miss Helen McGinnis has returned to her home at Waterville, for a few days on account of sickness.

NEW BUILDINGS ALMOST READY FOR OCCUPANCY

Aubert Hall Rapidly Nearing
Completion

GIRLS' DORMITORY FILLED

With two new buildings, a new grand stand, and many new concrete and board walks, the general appearance of the college campus has been much improved since last year. The new Science building, Aubert Hall, fills the space between Lord and Estabrooke Halls.

Balentine Hall, the new women's dormitory is now accommodating fifty-one women students. The addition of this new building increases the length of the campus about one hundred yards and makes the general appearance of the campus much better by part hiding the farm buildings in the rear.

Aubert Hall is now nearly ready for occupancy, several courses already being given in some of the completed lecture rooms. A great deal of the physical and chemical apparatus has been moved into the building, and the laboratory courses will probably be given there soon. The building is a great improvement to the campus.

The new concrete grand stand is nearly completed, and the work is being rushed, that the stand may be ready for the Bowdoin-Maine football game, November 7. It will seat 2400 when completed.

The new concrete walks form a valuable addition and will improve the walking on the campus during bad weather. By changing the location of the walk between the University waiting room and Coburn Hall, the driveway has been widened.

CO-EDS VISIT PUSHAW

Are Planning Hike of Seventeen
Miles for Oct. 24

The first Saturday Hike for Co-eds took place Oct. 4. The destination was "Perk-O-Rock", on Lake Pushaw. Starting after the Boston-Maine football game, the girls reached the lake in one hour and twenty-five minutes. The trip through the woods under a full moon was pleasant.

A leaky craft furnished conveyance to the Nihen Club before sunrise next morning. Making candy came next on the program, the house was put in order and a few snap shots taken. Packs were then remade for the return trip.

A longer hike is planned for October 24, covering 17 miles, carrying packs and providing for sleeping in the open. Girls accustomed to hiking and camping out are invited and urged to join in these Saturday hikes, and all the girls on the campus to those on Wednesday. These will continue throughout the winter.

SUMMER SCHOOL WAS LARGELY ATTENDED

Bulletin Reports Successful Session

The registration this year was 128, a slight increase over that of last year. It included a large number of mature students who are engaged in various lines of teaching, superintendence, etc. The usual number held degrees from other colleges or had completed partial courses. The spirit of the Summer Term was excellent and the work was of high grade. A daily assembly was held in the chapel at which the members of the faculty gave short talks on current topics. A series of baseball games was played and a tennis tournament, including singles and doubles, was held. The instruction was all given by regular members of the university faculty, with the exception of a portion of that in Romance Languages which was given by Monsieur and Madame E. L. Raiche, both of whom have been members of the Summer Term faculty in previous years.

Don't miss that lecture on Sex Hygiene by Dr. Hall, on Sunday afternoon.

Mrs. Moulton, matron at the Theta Chi house has been confined to the house on account of sickness for the past few days.

EDITORIALS

It is with great relief that we are able
to issue the CAMPUS again. A word of
explanation as regards

An Explanation the late appearance of
the paper this fall
should not be out of place at this time.

When the present board took over the
CAMPUS last spring we were also forced
to assume some extremely heavy liabilities
which we were absolutely unable to meet.
Consequently we found it impossible to
issue the paper until these old bills had
been satisfactorily disposed of.

We hope and believe that financial
matters are now in good working order
No further trouble is anticipated and we
expect to be able to publish the CAMPUS
regularly from now on.

Maine men can not but feel considerable
pride in the rapid growth of their Alma
Mater. The enrollment has in-
Growth creased steadily and recently
this increase has been pheomenal.

This year an entering class, whose
numbers make a close approach to the
five hundred mark, has shattered all
records.

Today the University is a place of life.
Dormitories and fraternity houses are
filled to their utmost capacity. It was
practically impossible to find accommoda-
tions for all who desired to enter.

The attention of the trustees must soon
turn to the problem of accommodating
the rapidly growing classes which are al-
most sure to request admission during the
next few years. The question is a vital
one.

If campus talk can be relied upon a
movement to place class elections on a
higher plane would not be
Class out of place.

Elections Rumor has it that from
nominating meetings to the
polls, the serpent "politics" has left its
trail.

While often this is the only means to the
end, it is obviously an undesirable element
in college and should be eliminated if
possible.

As day after day goes by, each one
bringing the "State Series" that much
nearer to us, interest in the
Football football team and its chances
for a victorious season gain a
larger and larger place in the minds of
all of us.

Maine spirit has always been behind
Maine teams to the finish—and after.
It is expected that this "hidden force"
can still be depended upon to do its part
in bringing championships to Maine.

Our football team this year has an un-
usually hard row to hoe. Every man,
both rooster and player, should give his
all—however small—towards the goal
we aim for. Sacrifices must be made and
the personal element eliminated from
both team and bleachers if we are to win
out.

Is it necessary to make such an appeal

to Maine men? We believe not. By
real "team work" we should smother
Bates, overthrow Colby's powerful ma-
chine, defeat the Bowdoin polar bear, and
not let up until we have shown the Army
mule that Maine is on the map—and to
stay.

Let us pull together for the championship.

FRESHMAN POSTERS OUT

Valuable Advice to Entering Class
from Sophomores

On Tuesday morning of this week the
innocent, unsuspecting Freshie wending
his quiet way towards the classrooms was
accosted by seeing on every telephone
pole, barrel and other place too numerous
to mention, with a big yellow poster
printed in red and green ink. The green
of course standing for the class colors of
the freshmen. Some of the little gentle-
men stopped to peruse this valuable piece
of paper and in a few minutes picked up
some dope that will stick with them for
one year at least.

The poster this year is an attractive
piece of parchment and shows much
thought on the part of the General. A
couple of new rules are added to the many
rules of last year. The Freshmen are po-
litely instructed to carry matches (a cord
at least) and to never wear a bow tie as bow
ties tend to add dignity and dignity is
ill befitting.

Much credit is reflected on the com-
mittee who so ably handled the laws

SEPTEMBER BULLETIN OUT

"Maine Bulletin" for September
Contains Much Valuable In-
formation

The Maine Bulletin for September is
out and contains much that is valuable
and interesting in the way of general in-
formation to the student, alumnus and
friend of the University.

Among the articles included are those
on faculty appointments, promotions and
resignations; new buildings, grandstand
Law School Notes; Admission Changes,
Commencement, Summer School, Ath-
letics, etc., etc.

THE CAMPUS will from time to time
reprint extracts from these articles in order
that the matter contained in this excellent
publication may be given wider circula-
tion.

PRISM APPOINTMENTS
MADE

At the close of last semester the follow-
ing associate editors to the 1916 "Prism"
were appointed: M. C. Driscoll, W. W.
Webber, F. H. Curtis, H. L. Pierson, A.
F. Sherman, and J. A. Burke.

Recent appointments have been: Miss
L. F. Frawley associate editor, K. M.
Currier artist, and C. E. Dole assistant
business manager. One appointment re-
mains to be made, that of a Law-School
associate editor.

FRESHMAN CLASS LARGEST
IN HISTORY

332 of 410 New Students Are
Freshmen

Registration began Wednesday, Sept.
16 and up to the present 410 new students
have enrolled. Of this number 332 are
Freshmen making a total slightly larger
than that of last year.

The enrollment is as follows:—College
of Technology—Civil Engineering, 34;
Mechanical Engineering, 21; Electrical
Engineering, 44; Chemical Engineering,
30; Chemistry, 25; Pharmacy, 4; En-
gineering, Course not decided, 4; Short
Pharmacy, 13; Specials 3; giving a total
of 178 to this college.

In the college of Agriculture there are
63 enrolled for Agriculture, 12 for Forestry,
18 for Home Economics, 19 in School
Agriculture, 32 in two year Home Econo-
mics and 6 Specials giving the College of
Agriculture 150 new students.

The College of Arts and Sciences has the
largest registration in its history, having
77 regularly enrolled students and 5
specials.

Be sure and hear Dr. Hall Sunday
afternoon, at 2.30, in the Chapel.

Arthur Abbott '14, is Instructor of Ath-
letics at Cumberland Center, Me.

Philip Thomas '12, has accepted a po-
sition as Civil Engineer in Bismark,
North Dakota.

Theodore Haskell '12, is employed by
the Maine Central R. R.

Preston Martin '12, is teaching in the
Presque Isle High School.

WILL HONOR VISITORS

M. C. A. to Tender Reception to
Prominent Y. M. C. A. Leaders

On Friday evening, October 9, at 7.30,
a reception will be given in the chapel
under the auspices of the M. C. A. in
honor of Charles Hussey, Executive Sec-
retary of the International Y. M. C. A.
and Paul Micon, Eastern Secretary of
the International Y. M. C. A.

Both of these men are widely known
and are said to be interesting speakers.
M. C. A. officials say students owe it to
themselves and to the University to be
present at the reception. Refreshments
will be served.

A Devotional meeting will be held in
the club room of the library at 7.30 at
which time both Mr. Hussey and Mr.
Micon will speak. Every man in the
University is invited and urged to be
present.

M. C. A. HANDBOOK DIS-
TRIBUTED

Interesting Book of Valuable In-
formation

The M. C. A. Handbooks were given out
after chapel several days ago. These
books contain the scores of all state
championship games since 1893, records of
last year's track season and a record of the
New England track records held by Maine.
These are something new, and every
Maine man should be proud of them.
There is also a list and general outline of
all Maine societies and fraternities, a page
of pointers for freshmen, and much other
useful information. This book is made
possible by the Sophomore Owls and
edited by the Senior Skulls. About one
thousand of these hand books have been
distributed, and contrary to general belief
no more will be obtainable. If you were
not lucky enough to get one, borrow your
neighbors and look it over. They are
worth a careful study.

DR. HALL TO LECTURE

Northwestern University Pro-
fessor Will Discuss Sex Hygiene

On Sunday, October 11, at 2.30 P. M.,
Dr. Winfield Scott Hall of Chicago, will
speak, in the chapel, on the subject of
Sex Hygiene. Dr. Hall is Professor of
Physiology in the Northwestern Univer-
sity Medical School and a recognized
authority on the subject of Sex Hygiene.

It is only after much work and con-
siderable expense on the part of the M.
C. A. that Dr. Hall's services have been
secured. It is thought by those who are
interested in the M. C. A. that it has been
fortunate, as Dr. Hall is said to be an
exceptional lecturer and one that every
man in the University should hear.

Of his work as a lecturer, a great teach-
er has written: "Dr. Hall is a large man
physically, a large man mentally, and is
one of the most beautiful characters I
ever knew, even-tempered, persuasive,
religiously devout. Nothing could ex-
ceed the skill, good sense and winning
appeal of this man as he talks on this
subject."

LECTURE ON EPIC

Prof. Gray Gives Third of Series
On English Literature

Following Prof. Hartshorn, of Bates
College, who last week addressed a large
audience in Coburn Hall on "The Epic,"
Prof. Roland P. Gray, of the Department
of English, Wednesday afternoon, dis-
cussed "The First English Epic". Prof.
Gray's lecture was the third of the series,
he having preceded Prof. Hartshorn with
a talk on "What Is Literature?" Prof.
G. A. Thompson will speak next Wednes-
day on "The Lyric."

CHANGES IN REQUIRE-
MENTS FOR ADMISSION

Beginning with 1915, the number of
units required for admission to all four-
year curricula will be increased from 14
to 14½ units.

Credit for industrial and commercial
subjects will be given, but not to exceed
four units in the Colleges of Agriculture
and Technology, and two units in the
College of Arts and Sciences.

The requirements for admission to the
two-year curriculum in Pharmacy are to
be gradually advanced from the two years
of high school work now required to four
years by 1919.

There will be a great lecture in the
Chapel, Sunday afternoon at 2.30. Don't
miss it.

WANTED!

Alumnus has splendid opportunity for students working their way to earn all expenses while in residence. Preferred, experience or ability in salesmanship. Write for details, Grip Bow Co. Omaha, Neb.

LOCALS

Brief Items of General Interest
About the Campus

Beta Theta Pi

M. L. Gilman, baseball captain has withdrawn from the College of Arts and Sciences to enter the College of Law at Bangor.

Justin Graves has given up his scholastic duties at the college to take a hunting trip to Woodland, Maine.

"Perry" Bailey, "Tom" Whitney and "Sliver" Ingalls spent the week end at Pushaw Lake.

Fred Youngs '14, and Wentworth Peckham '11, were on the campus Saturday.

Sidney M. Jones '12, spent the week end on the house.

Willis Haines '09, after spending a few days on the campus, left for a business trip to New York.

Theta Chi

Thomas Cahill a Theta Chi at Norwich University last year has entered here as a member of the class of '18.

Winthrop B. Brown a Theta Chi from W. P. I. has entered the senior class here.

Stephen P. Danforth formerly of the class of '15, has returned to college after working a year for the Government of Uruguay, South America.

W. Raymond Thompson now traveling for Armour & Co., and Ralph T. Coffey, principal of Corinth High-School, both of the class of '14, were on the campus this week.

E. M. Loftus '14, has just secured a position in Los Angeles Cal.

G. A. York, '14, is working for the Standard Oil Co. in Portland.

Arthur Dunn '17, has been entertaining his mother at the Theta Chi house for the past week.

Sigma Nu

"Pudge" Crowell, ex-'15, spent a few days on the campus last week.

"Stub" Butterfield, one of the old "grads" was about the university last week.

S. G. Smith a Sigma Nu at the University of Pennsylvania visited at the house recently.

"Clem" Lyon returned Tuesday from a stock judging and milk testing trip in Aroostook County. He brought with him a good supply of hunting stories, both real and imaginary.

Roland E. Fletcher, ex-'15, returned to the University for a few days last week previous to taking up his studies at the Harvard Dental College.

Phi Eta Kappa

Miss Margaret Totman and Miss Margery Smith of Fairfield, Me., were guests of Mr. J. Emmons Totman, Phi Eta Kappa, Sunday, Oct. 4.

Mr. Lester Gould of Waltham Mass., was a guest Walter Rogers, Phi Eta Kappa, Sat. Oct. 3.

S. D. Wessbuck, a graduate of Harvard college, '14, was a guest of the Phi Eta Kappa House, Mon., Oct. 5.

Mr. Cecil Brown, '17, has returned and is taking a course in the U. of M. Law School.

Mr. Joseph Brown, ex-'14 was a guest from Friday Oct. 2, over Sunday at the Phi Eta Kappa House.

Delta Tau Delta

G. S. Doore ex-'16, was a guest at the Delta Tau Delta house from Fri. Oct. 2 to Sunday.

Mr. Warde Wilkins '10, of Dartmouth was a guest at the Delta Tau Delta House, Friday, Sept. 25.

O. S. Colbath '16, of Hampden, Me., returned to college Friday Oct. 2.

C. G. Cummins, Maine '10, of New York visited the Delta Tau Delta House, Sunday, Oct. 4.

Mrs. F. W. Grey and daughter visited F. W. Grey, Jr., at the Delta Tau Delta, Sunday, Oct. 4.

Mrs. S. A. Currier, matron of the Delta Tau Delta House, returned Friday, Sept. 25.

R. B. Douglas '15, W. F. Pettet '15, P. A. Warren, '15, P. K. Merrill '15 and H. E. Boothby '16, all of the Delta Tau Delta House are planning on a hunting trip to Sebec Lake from Friday Oct. 2, over Sunday. They expect to supply the house with venison for the rest of the year.

Sigma Alpha Epsilon

Clifford Chase '04, John Hart '13, Laron Ober '13, and William Morrill '13, were guests of the S. A. E. house last week.

The Best Ever

That's the talk we're making about the new Fall Suits and Overcoats now ready for your inspection here. Beautiful fabrics, wonderful models and all prices. Let us show them to you.

\$15.00 to \$35.00.

Finnegan & Monaghan Clothing Co., "The Good Clothes Shop" 17 Hammond St., Bangor

FACULTY APPOINTMENTS
MADEAppointments, Promotions and
Resignations for Year 1914-15

The "Maine Bulletin" for September announces many new appointments to the faculty as well as the promotions of several men who have been in the service of the University in previous years. Notice of the resignations of several of last years faculty is also given. Following is a list of the new men with the University this year:

Frank Sheldon Clark, Professor of Military Science and Tactics B. S., Norwich University, 1908; 2d Lieut., U. S. Coast Artillery, 1909; 1st Lieut., 1911; William Ambrose Jarrett, Associate Professor of Pharmacy (in charge of the department); Phar. D., Massachusetts College of Pharmacy, 1912; Frances Rowland Freeman, Associate Professor of Home Economics (in charge of the department); B. Sc. in Dom. Sci., Ohio State University, 1910; M. Sc., 1911; Daniel Wilson Pearce, Associate Professor of Education A. B., Indiana University, 1910; A. M., 1912; James John Donegan, Instructor in Civil Engineering, Ph. B., Yale University, 1909; Raymond Floyd, Instructor in German, B. A., University of Maine, 1912; Norman Richards French, Instructor in Physics, B. A., University of Maine, 1914; Harold Edmunds Jenks, Instructor in Civil Engineering, B. S., Worcester Polytechnic Institute, 1914; Francois Joseph Hueny, Instructor in Romance Languages, B. es L., University of Paris, 1897; L. es L., University of Berancon, 1901; Arthur Benton Leonard, Instructor in Mechanical Engineering M. E., Lehigh University, 1914; Alexander Lurie, Instructor in Horticulture, B. S., Cornell University, 1914; Glen Blaine Ramsey, Instructor in Botany, A. B., Indiana University, 1913; A. M., 1914; Hoyt Dennis Lucas, Assistant Chemist in the Agricultural Experiment Station, S. Be., Massachusetts Agricultural College, 1914; Jacob Zinn, Assistant Biologist in the Experiment Station, Agr. D., Hochschule fur Bodenkultur, Vienna, Austria, 1914; Estelle Inez Beaupre, Tutor in Romance Languages, B. A., University of Maine, 1914; George Clarence Clarke, Tutor in Mathematics, B. A., University of Maine, 1913; Margaret June Kelley, Tutor in German, B. A. University of Maine, 1912; Woodbury Freeman Pride, Tutor in Biology, B. S., University of Maine, 1914; John Calvin Mellett, Associate Professor of English A. B., Indiana University, 192; Chester Earle Andrews, Instructor in Chemistry, B. S., Syracuse University, 1913; M. S., 1914; Timothy Jeremiah Connors, Jr., Instructor in Pharmacy, Pharm. D., Massachusetts College of Pharmacy, 1912; Bert Emmsley, Instructor in English, A. B., Harvard University, 1911; William Gordon James, Instructor in Electrical Engineering, B. S., Kansas State Agricultural College, 1913; Earl Everett Keyes, Instructor in English, A. B., Indiana University, 1912; Arthur Whiting Leighton, Instructor in Drawing; Sidney Winfield Patterson, Instructor in Biological and Agricultural Chemistry, B. S., University of Maine, 1914; Harold Joseph Shaw, Director of Farm Demonstrations, Sagadahoc County Certificate, University of Maine, 1914; *Roscoe Woods, Assistant in Mathematics, A. B., Georgetown, College, 1914.

*In place of George C. Clarke, resigned. The promotions announced are as follows:

Julius Ernest Kaulfuss, B. S., Assistant Professor of Civil Engineering to Associate Professor of Civil Engineering; James McCluer Matthews, A. M., Assistant Professor of Economics and Sociology to Associate Professor of Economics and Sociology; Albert Guy Durgin, M. S., Instructor in Chemistry to Assistant Professor of Chemistry; Alpheus Crosby Lyon C. E., Instructor in Civil Engineering to Assistant Professor of Civil Engineering; Raymond Harmon Ashley, Ph. D., Instructor in Chemistry to Assistant Professor of Chemistry;

The resignations accepted are given below:

Wilbur Fisk Jackman, B. S., Ph. C., Professor of Pharmacy (absent on leave, 1912-3); Ralph Rigby Glass, Professor of Military Science and Tactics; Cornelia Palmer, Assistant Professor of Home Economics; Howard Madison Parsley, A. M., Instructor in Zoology; Clarence Wallace Barber, M. S., Assistant Biologist in the Experiment Station; Charles Brown

FRAT'S PLEDGE NEW MEN
COMPLETE LIST TO DATEFirst Scramble Over But Still Some
Excitement to Rushing Season

Although the first scramble in the annual fall rushing season is about over there is still considerable excitement as most of the fraternities on the Campus have been going comparatively slow this year due to the large entering class.

The CAMPUS prints in this edition the complete list of pledges to each fraternity at the University up to the time of going to press. It will be appreciated by the editors if all subsequent pledges be reported as soon as possible.

Sigma Nu

F. Donald Gibbs, So. Portland, Me.; Harold N. Jones, Peabody, Mass.; Newell N. Chamberlain, Cambridge, Mass.; Frank S. Kerr, Boston, Mass.; Lee J. Reddin, Deering, Me.; Arlo Jordan, Portland, Me.; Clarence Springer, Portland, Me.; Philip Foster, Bar Harbor, Me.; Ralph Sawyer, Buxton, Me.; T. J. Mangan, Pittsfield, Mass.; Philip Cobb, Norway, Me.; Ralph Wentworth, Norway, Me.; Halier V. Priest, Derby, Me.

Theta Chi

Mark V. Crockett, Gorham, N. H.; William J. Makin, Millinocket, Me.; Charles A. Foss, Portland, Me.; Horace G. Morse, Bath, Me.; Don T. Potter, Brunswick, Me.; Cecil, Melroy, Milo, Me.; William Startz, Wrentham, Mass.; Edwin E. Campbell, Portsmouth, N. H.; Raymond J. McCarthy, Springfield, Mass. Merle Dunham, Auburn, Me.; John R. de la Bruz, Barranquilla, Colombia, S. A.; George E. Dole, Haverhill, Mass.; Harold P. Andrews, Monmouth.

Beta Theta Pi

Tuxedo—A Hit with
the Hit-Makers

HUNDREDS of the snappiest ball players in the country—the clean-cut athletes who provide Americans with their greatest outdoor relaxation—enthusiastically endorse Tuxedo. This is the kind of endorsement that carries a convincing punch.

These men know that Tuxedo is a mild, pure tobacco, which can be smoked all day with pleasure. Tuxedo cannot bite the tongue; it burns freely and smoothly, giving a cool, sweet smoke.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

Tuxedo is made from the finest, mildest, leaves of high-grade Burley tobacco, so treated under the famous original "Tuxedo Process" that it burns slow and cool, with a delightful flavor and aroma.

The "Tuxedo Process" makes it impossible for this perfect tobacco to bite or sting the most delicate throat or tongue.

Tuxedo has many imitators—in outward appearance. It has no equal in the pipe or cigarette.

YOU CAN BUY TUXEDO EVERYWHERE

Convenient pouch, inner-lined with moisture-proof paper 5c Famous green tin, with gold lettering, curved to fit pocket 10c

In Glass Humidors, 50c and 90c

FREE Send us 2 cents in stamps for postage and we will mail you a souvenir tin of TUXEDO tobacco to any point in the United States. Address

THE AMERICAN TOBACCO COMPANY
Room 1209 111 Fifth Avenue New York

FRED CLARKE
"I'd advise every ball player to smoke Tuxedo. I do, always. I know of no other tobacco that gives the satisfaction that Tuxedo does."

And to the

JIMMY ARCHER
"Tuxedo is my idea of a good smoke in every way—coolness, mildness, purity. Tuxedo is a winner."

Jimmy Archer

JACK MCINNIS
"Tuxedo gives a cool, mild smoke, and never affects the wind. Tuxedo is a tobacco that's always good."

J. H. McInnis

1909 REUNION WAS SUCCESS

Members of Class Enjoy Fifth Anniversary

One of the notable features of this year's Commencement was the reunion of the Class of 1909, held on the fifth anniversary of its graduation from the University. About thirty members of the class were present.

The affair was well planned and the program contained many interesting features. The members of the class assembled at Coburn Hall Monday morning for registration, and the afternoon was spent about the campus.

After the speaking at the banquet, officers were elected as follows: President, Fred D. Knight, Fort Worth, Texas; 1st vice president, Harry E. Sutton, Boston, 2nd vice president, N. H. Mayo, Boston, Mass.; 3rd vice president, A. E. Anderson, Portland; secretary, Walter L. Emerson, Lewiston; Auditor, Guy E. Torrey, Bar Harbor; treasurer, Howard G. Philbrook, Boston; executive committee, Howard G. Philbrook, Boston, Elton L. Towle, Irvington, N. J., and Deane S. Thomas, Portland.

The baseball game between the classes of 1909 and 1914 was a huge success, even if 1909 did come out at the short end of the score. A great amount of inside-baseball was shown.

It is the intention of the class to hold future reunions every fifth year, and the success of the first one promises a large attendance and even more enthusiastic gatherings in years to come. It is hoped that this practice may be adopted by other classes, and that the five-year reunions will be among the most successful features of future commencements. —*Maine Bulletin*.

FACULTY NOTES

Professor Freeman was a graduate student in Domestic Science at the Ohio State University for the year following her graduation from the same institution. Since she received her Master's degree, in 1911, she has been at the head of the Home Economics department of the State.

Professor Pearce is a graduate of the Central Normal College, Danville, Ind., and of Indiana University, and received the degree of A. M. from Indiana in 1912 for graduate work. He has had two years experience in teaching in the district schools of Shelby County, Ind., and eight years as principal of Indiana high schools. During 1910-11 he was head of the department of Education at Winona College, during 1911-12 teaching fellow in Philosophy at Indiana University, and during 1913-14 head of the department of Education of the Muncie, Ind., Normal Institute.

Following his graduation from the Sheffield Scientific School, Mr. Donegan was a civil engineer in the department of Public Works of the city of New Haven during 1909-12, and also in the summer of 1913 and 1914. During 1912-13 he was Instructor in Mathematics and Science, and Physical Director, at the New Jersey Military Academy, and in 1913-14 was Instructor in Civil Engineering at Trinity College (N. C.). He is a member of the Connecticut Society of Civil Engineers.

After his graduation from the Sorbonne in 1897, Mr. Kueny was for four years Professor of Second Institutions Ste Marie, Berancon, and during 1902-03 was Professor de Rhetorique in the same institution. In 1903-4 he was Professor de Philosophie Ecole Urbain IV, Troyes, and then for two years Professor de Seconde College de Bouilly. He taught French in the Berlitz School of Languages at Philadelphia in 1907-08 and the next year was at the head of the Berlitz school in Cincinnati. During the years 1910-13 Mr. Kueny was in the employ of the Western Advertising Company, St. Louis. In 1901-02 he was a graduate student at the University of Paris, and in 1913-14 at Columbia University.

Mr. Ramsey taught two years in a district school in Indiana, was principal of the graded school at Jolietville, Ind., one year, and during the two years he was a graduate student at Indiana University he was a teaching fellow in botany. He is a member of the Indiana Academy of Sciences.

During his leave of absence, Professor Jewett is employed by the firm of F. W. Bird and Sons, East Walpole, Mass., as an expert on organization and management. He will plan a reorganization of personnel, duties, lines of authority, etc., for the five plants of the firm. In this connection, it will interest Maine men to know that the University of Maine has been one of very few institutions to offer a course which considers at some length modern problems of organization and management for manufacturing plants.

A new heating plant which is expected to add to the comfort of the Phi Kappa Sigma house this winter is now nearing completion.

GIFT TO LAW SCHOOL

Hon. D. D. Stewart of St. Albans Pays off \$13,750 Indebtedness on Stewart Hall

July 4th was Independence Day for the College of Law, for on that day Judge C. J. Dunn, treasurer of the University, received from Hon. D. D. Stewart, St. Albans, Maine, a check for \$13,750 to be used for discharging the remaining indebtedness on Stewart Hall, toward the payment for which a previous gift of \$20,000 from the estate of the late Levi M. Stewart, Minneapolis, Minn., had been applied.

Mr. Stewart has for many years been one of the most prominent and highly respected members of the Maine bar. He was a member of the Maine senate in 1863, when the legislature accepted the land grant act of Congress, to which the University of Maine owes its existence. He was president of the senate in 1865, and as such his signature is attached to the act which created the "Trustees of the State College of Agriculture and the Mechanic Arts." There are probably few, if any, other surviving members of these legislatures.

In his letter to Judge Dunn enclosing check, Mr. Stewart said: "The University, in all its branches, is evidently doing a vast amount of good for the State of Maine."

1914 COMMENCEMENT

Distinguished Visitors and New Features Made it Far Surpass Those of Previous Years

That the 1914 Commencement was most successful was the prevailing opinion of alumni, faculty, and others who have been familiar with such events. The additions to the Commencement program were pleasant, the presence of Vice President Marshall was enjoyed, and the 1909 reunion added materially to the success of the week. The battalion drill was witnessed by His Excellency, Governor Haines, and Staff, and by members of the Executive Council, who were present also at the Commencement dinner.

The graduating class numbered 119, of whom 29 were in the College of Arts and Sciences, 26 in the College of Agriculture, 40 in the College of Technology, and 21 in the College of Law. Seven secondary degrees in course and three advanced professional degrees were conferred. The honorary degree of Doctor of Laws was conferred upon Vice President Marshall, and upon Henry C. Morrison, Dartmouth '95, Superintendent of Public Instruction in New Hampshire. Eleven certificates were conferred in the School Course in Agriculture and four in the two years course in Home Economics.

Over one hundred and fifty alumni were in Orono during the week.

The classes of 1872 and 1882 were tied for the Class of 1908 cup, each of them with twenty per cent of their living alumni registered. The Class of 1909 registered one-sixth of its membership, and several of those present neglected to register. The fraternity Commencement cup was won by Phi Gamma Delta, which registers 12.5 per cent of its living members up to and including the class of 1913. Beta Theta Pi was second with 11.1 per cent, and Delta Tau Delta third with eleven per cent. —*Maine Bulletin*.

FOOTBALL

Continued from page 1

plunging game in which the three backs alternated, carrying the ball over for a touchdown in eight plays. Kirk made the touchdown and Gulliver failed on the goal.

Score—Maine 6, Boston College 0. Boston kicked to Maine, Donahue caught the ball and carried it up to the thirty-yard line. Kirk and Ruffner made eight yards through center and then something happened. The play was evidently Kirk through center but someone got in and the ball went through alone and bounded out behind the line. Kiley of Boston College got there first and ran thirty yards for a touchdown, with practically a clear field. O'Connor kicked the goal.

Score—Boston College 7, Maine 6. Boston kicked to Wark who was stopped on the twenty-yard line. Kirk and Ruffner made eight yards through center and Kirk six more by an end run from punt formation. Then Gulliver punted to Fitzgerald who was nailed by Ruffner on the fifteen-yard line. Boston tried two line plunges and an end run but was held for downs with about a foot to go. Maines ball on the twenty-five yard line, Martin, Kirk, and Ruffner made first down in the next three plays, but when Ruffner went through the lines about three feet off the ground, he was sent to the bench and Kriger went in at half and Martin shifted to fullback.

Martin put the ball over for a touchdown in three downs, making the score 12 to 7.

Kriger kicked out for goal, neatly caught by Martin on 15 yard line. Gulliver failed to kick the goal.

Boston kicked to Maine, Needleman brought it up to the forty yard line and the quarter closed.

SECOND QUARTER

Nothing happened at first in the second quarter. Maine made twenty-five yards in six line plunging plays using Kriger and Martin. Then Kirk and Martin made five yards apiece. Kriger fumbled the next pass but the ball was recovered by Kirk. A forward pass, Needleman to Kriger brought five yards and Gulliver's punt rolled behind the goal line. Boston's ball on twenty-yard line. They tried two line plunges for about five yards and lost on a punt formation play that went through center. Then they punted to Needleman who ran back ten yards. Kriger and Martin made fifteen yards through center in the next three plays. Then a double pass, Kirk to Needleman to Martin, was tried but Needleman's pass was too low and out of reach. Gulliver punted and play started with Boston's ball on her twenty-yard line.

Boston made three attempts to get through and Bradley punted to Kriger on the thirty-yard line. Kirk made three yards and the half ended, on Maine's thirty-yard line.

Score—Maine 12, Boston College 7.

SECOND HALF

Maine kicked off to Boston College's left half, Kiley, who brought it to the thirty-yard line. Mahoney went in for Fitzgerald at quarter and Peterson for Gulliver at guard. A punt by Boston went outside and Boston was penalized five yards for offside. They punted again and Maine had the ball on her 43 yard line. Kriger made four yards and Kirk made eighteen more through center, Kriger was stopped on a right skin tackle play. A tackle run would have been right but Allen lost the ball and Boston got it on their 43 yards line. They hit the center twice and punted to Needleman who brought it back fifteen yards. A tackle tackle run by Wark got five yards and Kriger and Martin made thirteen in three plays. Somebody fumbled to Boston on their forty-nine yard line. Then Boston fumbled to Maine on Maine's thirty-eight yard line. Kriger was stopped going around the end and Allen gained one yard on a tackle play. A forward pass was caught by Bradley, the Boston full and he carried it into Maine's territory five yards. Moulton intercepted Bradley's forward pass and Boston was held for downs. Kirk punted to Mahoney who was nailed by Needleman on the spot. Greeley was put in for Wark in Maine's line-up. Boston fumbled a forward pass which was recovered. They punted to Needleman who ran it back to the thirty-four yard line. End of quarter. Maine 12, Boston College 7.

Donagan went in at left half for Kirk. The line plunging started in the last quarter, all three backs taking the ball once apiece. Reardon went in for Mace at end and Maine punted to Bradley who was nailed by Greeley and Reardon. Boston punted at once to Needleman, who carried it back to Boston's 40 yard line. Kriger put the ball over for a touchdown after eight wallops at the Boston line, which he shared with Martin and Donagan. Kriger kicked the goal, making the score 19 to 7.

Boston kicked off to Needleman, who ran it back twenty yards, to Maine's forty-five yard line. Just five times Martin took the ball and four times

Kriger took the ball and Kriger was over for another six points and kicked a seventh. Fifty-five yards through center in nine plays. Score 26-7.

Gorham went in for Kriger, who was pretty well smashed up. Boston kicked off to Martin, who took fifteen yards. Gorham punted to Maloney and Greeley nailed Maloney.

End of game, Boston's ball on their own 27 yard line. Final score: Maine 26, Boston College 7. The summary:

MAINE	BOSTON COLLEGE
Donahue, McCobb, le..... re, Kirk	Allen, lt..... rt, O'Connor

Score—Maine 26, Boston College 7. Touchdowns, Kirk, Martin, Kriger 2, Kiley. Goals from touchdowns, Kriger 2, O'Connor. Umpire, Kelley, Portland A. C. Referee, Macreadie, Portland A. C. Linesman, Whitney, U. of M. Time two 11-minute and two seven-minute periods.

THE SEASON REVIEWED

On Thursday, Sept. 12, Coach Cochems met the advance guard of Maine football warriors on Alumni Field. Light work was given the men for a few days, while the squad was rapidly increasing in numbers. Among the late arrivals were some men who had already succeeded in making themselves known in the athletic circles of some of the large preparatory schools of the State.

Sept. 19th a team appeared to face the Fort McKinley team. Maine's line was made up of Baker (captain), Gulliver, Moulton, Allan; Wark, Donahue and Mace. In the backfield were Bernheisel Kriger, Ruffner, and Martin. These men started the game, and soon had the situation well in hand. As many new men as possible were given a chance to show their ability, and some prospects for varsity men were discovered.

The week following the Ft. McKinley game more serious work was mapped out, and more scrimmage work given, the reason being the approach of the Yale game. A sort of vague hope that Maine might hold her big opponents to a comparatively small score formed an incentive to hard work. During the week the tackling-dummy worked overtime and hard work in each position marked each day's practice.

On Sept. 24th, Manager White took eighteen men to New Haven, where on the following Saturday, the bulldog took revenge for last year's score to the tune of twenty points. There is a great deal of satisfaction in holding a team like Yale to this score.

The first serious injury to any member of the team came in the Yale game, when Purington received a bone bruise on the hip. A few minor injuries to some of the men were all that appeared. The hospital list is at present remarkably clear, there being few men requiring attention.

Oct. 3, Maine met the Boston College team and managed to keep the ball in its possession the greater part of the time. The men showed themselves to be in good condition and a general tightening, together with a little more fight will bring the team up to championship form.

This week the men have been getting work in scrimmage, punting and signals.

LOCALS

Continued from page 3

G. R. Wescott '13, and H. V. Sheeha '03, were guests of the S. A. E. House Sunday, Oct. 4.

Harold Cobb, '14, Maine, star quarterback of last year, now head coach for Kents Hill and also teacher of History there, attended the Boston-Maine game Saturday, Oct. 3.
