COLBY WINS SECOND GAME OF CHAMPIONSHIP SERIES

Waterville College Practically Clinches Title by Winning One of the Greatest Games ever Played in Maine

MAINE PLAYED GREAT GAME

For the first time in five years, Colby College defeated the University of Maine in their annual football battle of the Maine Intercollegiate series and with this victory the championship virtually goes to Colby. Presenting an aggregation of individual stars, the like of which has never before been gathered in the state, all working in a perfect machine-like manner, and led by Captain Paul Fraser, who without question, ranks among the leaders of State series football stars, Colby presented a team that deserved victory. On the other hand, too much credit can not be given to the team led by Captain Dave Baker.

Fighting against what was admitted a better team, the Maine lads fought a stiff up-hill battle and Colby found the going hard all the way. The Maine team had the machine that Colby had; the Maine team had the football knowledge that Colby possessed; but lacked the individual stars, and this together with a deplorable exhibition of tackling, the only fault of the Maine aggregation, by the way, spelled victory for Colby. Time after time, Fraser, Cauley and Lowney as well as Belger, slipped the Maine tacklers and made long gains. The playing of the Colby backfield was spectacular, their work in dodging and using the stiff arm being of high order.

The Colby aggregation was also highly perfected in the open play and the forward pass was used to advantage. It was in this way that Colby made the first score, Cauley receiving a splendidly directed pass from Captain Fraser and going over from the twenty yard line.

As stated, the Maine team fought and fought well. Martin and Baker were the individual stars and the work of Gorham was of the best. A word should be written of Baker, the Maine captain. In the course of the afternoon, this same Baker made more tackles than any other two of the Maine team, getting men who broke thru the line and stopping Fraser in his attempts at end runs. More than ever did this sterling player evidence his worth to his University and Maine will certainly lose a splendid player in the graduation of Baker next June.

The crowd at the game was one of the largest that ever witnessed a championship contest and the day was an ideal one. Both cheering section were highly enthusiastic and the confidence of the Colby rooters could be detected in their cheers while the Maine cheering section, one of the best that has represented the University, fired cheers of grim defiance across the field all through the contest.

Both teams were in great shape, every man being on edge. They were early on the field and Fraser dazzled the crowd with his long spiral punts, Cauley and Belger being on the receiving end. The Colby team ran through signals and appeared much faster than the Maine eleven and this was evidenced throughout the game. After preliminary conferences of Coaches officials and Captains, Referee Haggood, tossed the coin and Maine won the toss.

The game.

FIRST QUARTER

Stanwood kicked off to Purington who was stopped on the twelve-yard line. Bernheisel fumbled, recovered, and took the ball through right tackle for a couple of yards. Ruffner punted to Cawley who brought it to his 40-yard line.

Fraser was stopped by Allen and Ruffner on the next two plays, Belger fumbled, recovered by A. Fraser and P. Fraser punted to Bernheisel on Maine's 17-yard line. Ruffner went

through right tackle for five yards. Martin made four more through the other side but Kirk was stopped.

Ruffner punted to Cawley who was nailed by Bernheisel on Colby's thirty-yard line.

Fraser made five yards through left tackle, stopped by Martin. Belger went through the same place for six more. Fraser was stopped on both sides and Cawley made about three yards around the right tackle.

Fraser punted to Bernheisel on Maine's 24-yard line. Kirk made four yards around left end, Ruffner and Martin worked the ball to the forty-yard line in four plays. Bernheisel was nailed on the line trying to find a keyhole through right guard. Ruffner punted to Cawley who was tackled by Donahue on the 25-yard line.

Belger went over the side on an end-run without any gain. Fraser climbed through guard for ten yards and Belger made three more through the same place. Cawley met Kirk after a run through the same hole and stopped on the 42-yard line. Fraser failed to climb over Allen. Fraser punted to Kirk, who made signal for fair catch. He muffed, due to interference, and Stanwood got the ball and ran it behind the posts from the thirty-six yard line, but it didn't count.

Colby was penalized fifteen yards for interference with a fair catch and it was Maine's ball on their 40-yard line. Martin got three yards. Kirk was stopped. Ruffner punted from the 43-yard line to Cawley on the 26-yard line. Colby made first down in two plays. Belger made twelve yards through left skin tackle. Cawley made four through guard and Fraser was chased off the field on Maine's 43-yard line on an end-run.

Belger and Fraser both took a crack at guard and failed to gain, giving Maine the ball on downs on her own 41-yard line. Colby broke through and nailed Bernheisel for a two-yard loss and Maine was penalized for illegal use of hands. Ruffner punted to Cawley, who took it from his 37-yard line sixteen yards to Maine's 47-yard line. Fraser made three yards around end. La Seur went in for Pendegast.

Belger made a yard around the other end, putting the ball on the 43-yard line.

Fraser made a ten-yard pass to Cawley. Two runs through guard for four yards and Maine off side meant five yards more, Cawley bringing the ball to the twenty-three yard line on Maine territory.

End of quarter—Score 0-0.

SECOND QUARTER

The second quarter started like a whirlwind, Cawley and Fraser taking the ball down to the three-yard line in four plays. On the next play Fraser broke through but crawled over the goal line and was penalized five yards.

Cawley and Fraser got back to the five yard line in a couple of downs. Gorham went in for Martin, who was hurt in a head-on collision with Fraser. A forward pass, Fraser to Cawley, failed, but another, Cawley to Fraser, went across the goal line, but Royal dropped the ball and lost a touchdown. The ball went into play on the 20-yard line. Ruffner made three yards and Gorham ripped through guard for 25 yards.

Rudman went in for Moulton. A bad pass shot by and recovered by Bernheisel on the 27-yard line. Gorham made four yards through left tackle.

Kirk was stopped and Ruffner

CROSS-COUNTRY RACE TO BE RUN TODAY

Coach Smith And Team Left For Brunswick Thursday

MAINE AND COLBY STRONG

Thursday morning the seven men who will represent Maine, left Orono for Brunswick where the annual state cross-country meet is to be held today. The men are Bell, captain, '16, Prell, '17, Dempsey '17, Herriek '17, Libby '17, Coffin '15, and Wunderlick '18.

This is the first real test the team has had this fall and the results will be anxiously awaited by every Maine man. Colby is the chief contender with Bowdoin and Bates next in line. The Maine team is in excellent shape after nearly two months of training, and there seems no reason why each man should not give a creditable account of himself.

Coach Smith gave the men a work-out yesterday, the most of the time was spent in getting a good rest. The run takes place this afternoon.

MAINE NIGHT PROGRAM TO BE DIFFERENT

Prominent Alumni Are Among the Speakers

VARNEY STUDENT SPEAKER

At this time Maine needs the support of her student body as much perhaps as at any time in her history. Maine Spirit is as strong in defeat as in victory. Every man must come forward tonight and give his Alma Mater that moral support which is so essential to true college spirit. It is inconceivable that any Maine man can be absent this evening, therefore only the spirit needs to be encouraged. If, when the last speaker is finished and the last song sung, there remains a single Maine man, who has not been imbued with more of the true spirit of Maine and gained greater enthusiasm for his Alma Mater, his condition is serious.

The program contains some of the most influential men in this section of the state, and we should be proud of having the privilege of listening to them.

The speakers are: Ross H. Varney, Prof. Charles Weston, E. J. Wilson, secretary of the Boston Alumni Association, Mayor J. G. Utterback of Bangor, and Dr. Robert J. Aley. Superintendent S. I. Perkins of Portland will preside. Beside the above program of speakers, selections by the Band will be rendered, while the University songs will be sung by the student body led by the Glee Club. The committee in charge of the assembly on the athletic field, which is to follow the program in the Gymnasium, consists of: W. H. Martin (chairman), G. H. Bernheisel, and M. C. Driscoll.

ALUMNI

This week, subscription blanks have been placed in the copies of the CAMPUS that are mailed to Alumni. If you desire to have the CAMPUS mailed to you after this issue, it will be necessary for you to sign the blank and return it to the Business Manager immediately. If you have already subscribed, your paper will be sent to you. If you have not subscribed, your name will be taken from the list unless the card is filled out and returned. Please attend to this immediately.

If you are unable to pay the subscription at present, kindly specify some date at which payment can be made.

Campus Elects Members

At a meeting of the CAMPUS board Monday, Nov. 2, the following promotions and election of new members to the board took place: F. H. Curtis '16 and A. F. Sherman '16, managing editors, C. Magnus '15, Alumni editor, J. E. Doyle '15, '16, R. G. Blanchard '16, G. P. Creighton '17, and F. O. Stevens '17, associate editors.

BOSTON ALUMI WILL OBSERVE MAINE NIGHT

Boston Alumni To Hold Celebration For Those Unable to Return

GOOD TIME ASSURED

Tonight is the big night of the year at the University of Maine and as usual a large number of alumni will be back for the big annual celebration. However there will be many who can not get back to Orono but who will have as much Maine spirit as those more fortunate ones who will be able to return to Orono.

The Boston Alumni Association has sent out cards announcing Maine Night in Boston tonight. The announcement urges all Maine men to return to Orono if possible but if they can not get back to Orono to do the next best thing, come to the Boston Celebration at Youngs Hotel.

The success of the Boston Celebration is assured by the fact of the men behind the affair. E. J. Wilson '07, Secretary of the Boston Association is arranging the program. Hon. L. C. Southard, '75, will preside and last but not least Phil Sheridan, ex-'15, will be there in his official capacity as cheer leader. A good list of speakers is assured and it is certain that the Boston Alumni will have a Maine Night worthy of the name.

MAINE MASQUE WELL STARTED

Candidates are Divided into two Sections

Most of the candidates for the Maine Masque have found the parts which they will try for this season and the real work of rehearsing has begun. Mr. Bliss has been assisting the coach in his work and they have divided the men into two casts, one composed mostly of more experienced actors and the other made up of new men.

"This plan," says the coach, "gives each candidate a better chance and gives us more opportunity to discover the real ability of the men." No parts have been definitely filled as it is the policy this year to keep all the candidates out as long as possible.

The following description of the characters in the play has been given out:

Barrington, good-looking, masculine juvenile.

Minchin, a type of country parson, of the old school; red-faced, hearty in manner.

Andre, French type; polite, affable and romantic.

Gaffred, Englishman; short, thin, pale and red-eyed; but a man of breeding and noble character.

Fitton, gamekeeper, an old man.

Orts, a most forbidding-looking rustic.

Youatt, an aged servant, in livery.

Noeline, handsome, imperious girl of 20.

Wilhelmina, sweet-looking girl of 19, quiet, gentle and feminine.

Thomassin, bright, rosy, rather rough-mannered girl of 18.

Miriam, tall, splendidly handsome woman of middle-age.

"Sargent" Shuter, good-looking woman of 30, manner of the army.

Phi Eta Kappa Initiates

Phi Eta Kappa fraternity held its annual initiation and banquet in the chapter house Friday evening, Oct. 30, 1914. H. M. Wardwell '13, acted as toastmaster. The following men were initiated: S. C. Clement '16, of Belfast, B. H. Gribbin '17, of Portland, J. L. Scribner '17, of Plattsburg, N. Y., W. R. Stevens '17 of Ashland, C. G. Albee '18 of Machias, E. E. Hahn Jr., '18, of Boothbay Harbor, J. R. Hawkes '18, of Portland, R. G. Hurd '18, of Bangor, R. L. Merritt '18 of Brooks, H. H. Orent '18, of Ashland, D. B. Perry '18, of Hallowell, W. H. Rolfe '18 of Presque Isle, E. W. Spaulding '18 of Solon, H. D. Watson '18 of West Baldwin and R. R. Wells '18 of So. Bristol.

OLD RIVALS MEET ON ALUMNI FIELD

Maine and Bowdoin Meet Tomorrow At Orono

MAINE SHOULD WIN EASILY

Maine's chances in the Bowdoin game, Saturday, the last game of the State Series should be very bright. By comparative scores Maine is superior to Bowdoin from thirty-three to sixty four points. To add to this seeming advantage comes the news that Nevins, Bowdoin's fast freshman halfback, has been declared ineligible because of his standing in some of his courses.

Maine's lineup will probably be somewhat different than it was last Saturday. Purington's injury will keep him from the game and it is not at all unlikely that Bernheisel will take his place at end. Spiers in the Norwich game showed that he has unlimited possibilities and he may be given a chance to show his worth in Saturday's contest. Maine's lineup will not be weakened by this change as Bernheisel has always been selected by many on All-Maine teams. Spiers is undoubtedly faster on his feet than Bernheisel but he is a little weaker on the defense.

Thruout the week Coach Cochems has been trying to instill a little ginger in the team. Signal practice has been made as snappy as possible and several new plays have been tried out. If Coach Cochems is successful in his endeavors the most noticeable of last Saturday's defects will be eliminated. This defect, which, the novice even, noticed most plainly was the inability of the Maine team in following the ball and the greater agility of the Colby team. Colby's ability in recovering fumbles gave her all the breaks, and these same breaks won the game.

Maine should win by several touchdowns but it must be remembered that Bowdoin considers Maine her greatest rival and will exert every ounce of energy and will use every trick possible to hold down the score as well as she can. Maine by every forecast and by all expert opinion was to have won last year by a large score. But it will be remembered that she did not, and that in a game filled with flukes she was only able to secure a 9 to 0 victory, with her one touchdown unearned.

Bowdoin has won most of her games this year by recovering fumbles and by long runs from forward passes and has done very little in regular line plunging play. All of her best men will be in the lineup with the exception of Nevins and the game will be, without doubt, much faster than the Bates game.

After Bowdoin's defeat Saturday it was reported that Coach McCann was not in high favor and that he might be replaced or subordinated this week. This story, however, though not untrue has come to naught as the Bowdoin Athletic Board at a recent meeting voted to retain McCann and also to inform him that they appreciated his services and that they realized the conditions under which he was working

Military

The instruction in Military on Tuesday covered opening and closing ranks. The new uniforms were also inspected.

After the Bowdoin game there will be more regular work. Indoor rifle practice will be started.

Rifle practice of one squad will be held in the range. There are 8000 rounds of ammunition left out of the 50000.

Indoor shooting is very valuable for it overcomes gun shyness, teaches proper use of gun and how to know the use of the parts.

There is to be a meeting of the Rifle Association Thursday noon.

During cold weather all drill will take place in the gymnasium.

Colby has a total registration of 447, or an increase of 34 over last year. There are 233 in the men's division and 154 in the Women's division representing twelve states and two foreign countries.

EDITORIALS

The traditions of a college or a community constitute an invaluable and altogether desirable influence when they are of the right nature. **Maine Night** A custom which, although traditional because of a long life, has gained strength with its years should be given the very strongest of support.

The institution at our University known as "Maine Night" is such a custom. Tradition has it that our "big night" WAS once but a rally for the Bowdoin game. Let us see what a growth has come from this seed.

The "Maine Night" of to-day is a grand affair at which love, of, and loyalty to Alma Mater predominate. It breeds and maintains the old college spirit. It strengthens the links between alumni and undergraduate. It teaches the freshmen to understand those things at Maine which are not found in books.

This year more decided efforts than ever before are being made to make "Maine night" a success. Your help is desired. Here is a chance for all of us to work for Maine. Let us all push hard and together—PUSH "MAINE NIGHT".

The address in chapel last Tuesday morning was much enjoyed by the student body and the most favorable of comments **Seumas MacManus** have been rife about the campus. Seumas MacManus won a host of friends at Maine. We certainly appreciate the opportunity that was given us to hear this distinguished Irish story-teller.

We were all very sorry to lose the football game at Waterville last Saturday. It was a splendid game and **The Lost Game** we have no alibi to offer. All credit to the victors.

We can not however, commend our team too highly for the splendid fight which they made. They were in the game every second and the most severe injuries could not keep them from the fray.

Nor was the spirit shown on the Maine bleachers of the deplorable kind. Our team though a losing one lacked not a particle of that moral support which can come only from the side lines. As a whole we have little to be sorry for.

New Chapel Plans

It is proposed to hold occasional chapel services at which the various colleges will meet separately. At these exercises there will be talks especially appropriate to the individual colleges, given by various members of the faculty.

U. S. GOVERNMENT
BOOSTS MAINE

Department of Interior Issues
Bulletin on Pulp and Paper
Course at University

GOOD WORK RECOGNIZED

Recognition of the University of Maine's work in pulp and paper making instruction is seen in a recent bulletin issued by the bureau of education, in the Department of the Interior, at Washington, D. C. The bulletin bears date of October 10, 1914, and is as follows:

"The attempts made by higher educational institutions to meet the special industrial needs of the community are illustrated in 'The Pulp and Paper Course,' just inaugurated at the University of Maine. The importance of the manufacture of pulp and paper in the industrial life of New England, particularly of Maine, has led the University to establish a four-year course in the subject leading to the degree of bachelor of science in chemical engineering in order to fulfill the evident demand for trained specialists in the pulp and paper field.

"The course aims to give thorough training in pure and applied chemistry, to impart a working knowledge of engineering with special reference to mill machinery and to develop the ability to read French and German. English and mathematics are also included, as in other courses in chemical engineering.

"The admission requirements of this course are the same as for the other scientific departments of the university. One hundred and fifty-two semester hours and at least one summer vacation spent at practical work in a mill, are required for graduation. The special subjects dealing with pulp and paper manufacturing occupy about one-half the total time of the junior and senior years. They include instruction in forestry as applied to the paper industry, the making of paper pulp, bleaching of pulp, the manufacture of paper, paper coloring, paper testing, paper-mill machinery, cellulose chemistry, and paper problems.

"The university has installed special laboratories for the scientific study of pulp and paper manufacture. Neighboring mills have also cooperated most heartily in some instances even allowing the use of mill equipment for instruction purposes.

"Forty students are now taking this work. Last summer 15 of them were employed in paper and pulp mills at from \$50 to \$80 a month, thus satisfying the requirement of practical mill experience."

PROF. AUBREY RESIGNS

Has Left for Rutgers Where He
Has Fine Position

It is with keen regret that the college has learned of the resignation of Prof. V. G. Aubrey, who, in his two years at Maine has won the friendship and esteem of all with whom he has come in contact. The part he played in turning out the stock judging team which won at Brockton last year, will not soon be forgotten, and his name will go down on record as the first coach to pilot a Maine team to Chicago.

As a student in the Connecticut Agricultural College, Prof. Aubrey was himself a member of a stock judging team. After being graduated from that college in 1912, he came to the University of Maine.

His position here for the first year was that of instructor in animal, poultry, and dairy husbandry subjects, under Prof. Campbell. On the resignation of Mr. Schoppe in June 1913, Mr. Aubrey was appointed as his successor, and from that time he has had charge of the poultry work.

In July, 1914, he was appointed assistant professor of animal industry. The vacancy caused by his resignation will be filled by Mr. Boland, while Neil Sherwood '14, will take the latter's place.

Prof. Aubrey has already left for New Brunswick, N. J., where a good position awaits him in the extension department of Rutgers College. New Jersey is a state noted for its great poultry plants, and, for one interested in that line of work, it offers fine opportunities.

The Maine College of Agriculture joins with his many friends in other departments of the University in wishing Prof. Aubrey happiness and prosperity in his new field.

The College of Arts and Sciences will hold an Old Home Night on the evening of Saturday, December twelfth in the gymnasium. There will be novel features and a very good time is expected.

SUEUMAS MacMANUS
SPEAKS IN CHAPEL

Famous Irish Poet Talks On Irish
Folk-Lore

MAINE GREATLY PLEASED

"In ancient Ireland there were but two men higher than the wandering story-teller. These two were the king and the poet. Modern Ireland has lost none of its reverence for the story-teller for there is not a hill nor a glen without its story-teller, a small farmer, perhaps, or his wife. But a greater story-teller than either of these is the wandering beggar who goes about the country 'whistling against the larks in the sky.' As night comes on the story-teller the 'bachacha,' in the Gaelic, climbs a hill to look over the country. He chooses the house from which the thickest smoke is rising, enters with the customary greeting of the Irish 'God save all here.' Once in, he is royally entertained for half of what the Irish peasant owns belongs to 'God's poor.'"

With this introduction, Seumas MacManus took upon himself the part of story-teller and for an hour entertained the "University family" with stories from Irish folk-lore. The stories in themselves were most pleasing, but the personality of the speaker, his vivid gestures, the suggestion of brogue, the occasional bit of liquid Gaelic added infinitely to their charm.

No talk on folk-lore would be complete without mention of the fairies, the 'gentle people' as the Irish call them. A favorite tale is the story of how they came to Ireland. Banished from heaven they chose to abide in the fairest spot on earth, Ireland. Ever since the fairies have been the friendliest of helpers to the peasant folk.

Every place, every nook and corner of Ireland has its legend. To each animal and bird some story is attached. The cleverest of these, as in all lands, has to do with the fox, why he says grace after meat, for example. Other legends tell why the bat goes out only at night, why the plover's call is so plaintive, why the wren is the king of all birds and the robin, "Christ's little bird", the most beloved.

Mr. MacManus concluded with a humorous story, which displayed the love of the Irish for exaggeration. He said that while the wealth of the Irish imagination flows in such profusion, her people can never be really poor. Lacking in material goods they maybe, to be sure, but spiritual riches are theirs forever.

MAINE SONGS

Tune—"Sailing Down the Chesapeake Bay"
Words by Thelma L. Kellogg, 1918.

Come on, Bowdoin, put your best men on
Come on, Bowdoin, your last chance is gone,
Everything is breaking right for Maine today,
Come on, boys, pile up the score,
Seventeen and forty more,
Oh, see our team go marching through their line,
Maine is gaining, gaining all the time.
Bleachers are rising with a roar, roar, roar.
Come on boys, you've got to score, score, score,
Roll the score up higher than its gone before
Maine must win the vic'try today.

Tune—The High Cost of Loving
Words by Thelma L. Kellogg, '18.

When Maine plays old Bowdoin,
When Maine plays old Bowdoin,
We surely will win.
We surely will win.
For Maine has the spirit and Maine has the men,
We've done it before and we'll do it again.
We'll rush the ball over and over and over,
We'll show them how Maine men can fight.
For Bowdoin's not in it.
With Maine for a minute,
Three cheers for the old blue and white.

Alumni

Warren C. McDonald, '12, is on the engineering staff of the Pennsylvania Lines West of Pittsburgh, and is now located at Canton, Ohio, as inspector of the new Pennsylvania passenger station which is being erected there. His post office address is Box 70, Canton, Ohio.

E. J. Finnegan, '09, whose address is 52 Pearl St., Springfield, Mass., is bridge inspector of construction of the Boston & Albany Railroad.

C. H. Macomber, '08, is a horticulturist at Portsmouth, R. I.

DEUTSCHER VEREIN ACTIVE

Varied Program For Year

Members of the Deutscher Verein are to enjoy all the privileges of belonging to a genuine live German society if the plans of the executive committee are carried out. A program of lectures is being arranged which will include a lecture by Dean Walz of the College of Law on November 19, a lecture by a Harvard professor on December 17, and other lectures by the members of the German Department of the University and some professor from one of the other colleges in this state. To add force to its reorganization the executive committee has decided that all members who do not show the proper amount of interest shall be dropped automatically from the rolls. They also decided to adopt a pin consisting of the German imperial eagle with U. of M. at the bottom on a scroll or ribbon and D. V. on a black shield covering the eagle's breast. Dues will also be instituted which are to consist of twenty-five cents for an initiation fee and fifty cents for yearly dues. These were considered necessary in order to bear the necessary expenses which will arise if the Deutscher Verein is to have lecturers come from away. A banquet in Bangor at the close of the year is also being planned.

DR. BARNITZ DISCUSSES JAPANESE PROBLEM

Gives Students His Impressions of the Japanese as a People

INTERVIEWED O'KUMA

"Within twelve years all Europe will be plunged in a great war" said Count Okuma, the present premier of Japan, in an interview given by him to Wirt W. Barnitz, Litt. D. several years ago. At that time Mr. Barnitz was touring the globe, part of the time as a journalist, partly as a tramp, but possessing all the time magazine credentials which gave him entry to Political and social circles from which the ordinary traveler is barred. Mr. Barnitz gave a resume of this interview in an informal talk at Chapel Friday. He called it "The Significance to the United States of Japan's Part in the Present European War."

In reply to the Count's prediction of a general European war, Mr. Barnitz asked: "Will Japan participate?"

"Not unless invited" was the reply from which the journalist concludes that Japan has been asked to take part in the war which has fulfilled the count's prophecy.

"The traditional courtesy of the Japanese serves as a blind to conceal the real determination of this people. Every traveler of note visiting Japan is fed and entertained so that he returns to America fully convinced of the genuine friendliness of the Japanese. It is not the design of this nation to declare war against the United States. Her purpose is rather to provoke the United States into declaring war against her. Twice she has made attempts. At the time when the Dewey dry-dock was sunk mysteriously in Manila Harbor, quantities of nitroglycerine were found to have been concealed by the Japanese. Back of the City of Manila, concealed in the hills, a Japanese wireless station was discovered. Beyond a doubt Japan hoped these discoveries would lead to war. A second and more conspicuous attempt to provoke war was in the recent trouble in California. Again the Japanese were disappointed.

"If Japan wishes war, why does she wait to be attacked? 'Why does she desire war at all?' 'What plan of action would she probably pursue?' These are the questions Dr. Barnitz answered in his brief address.

"In regard to the first query, the terms of the Anglo-Japanese treaty state clearly that England would hardly aid Japan unless the latter were on the defensive. Being the party attacked, Japan could say 'we assisted you in the European war. In return, we demand that you be of service to us now.' England, according to the terms of the treaty, could not refuse. Her aid would, in all probability, be merely financial.

"The desire for national expansion is an incentive to war for Japan. To her the Hawaiian Islands, Guam and the Philippines would be invaluable. The Pacific coast with its many good harbors, its few fortifications offers a tempting and seemingly easy field.

"As for her plan of action, that no doubt has long been prepared. If Japan struck at the United States she would strike suddenly and in all quarters. Roosevelt states that he has seen war-plans which reveal the possibility of the taking of New York and San Francisco, the cities to be held for ransom. Two of the nations now at war have been interested in the formation of these plans. One, no doubt, is Japan. Her objective point would be San Francisco, the Philippines, Hawaii. In the time it would take to mobilize American troops, the Japanese could take possession of the Pacific coast from the rear cut the transcontinental lines, and sever completely the coast from the interior. Beyond a doubt the coast could be regained but only after great humiliation and expense. As for the other points captured, their reclaiming would be a matter more doubtful and difficult.

The College of Arts and Sciences will have its first special chapel service in the lecture room of Aubert Hall on Thursday, November seventh.

"Cracker" Wilson '07, is guest at the Sigma Chi House for a few days.

CATHOLIC CLUB MEETS

100 Students Hear Interesting Speakers

Nearly a hundred students were present at the regular meeting of the Catholic Club Tuesday evening. For the first time the Catholic women students were invited and it was suggested that they be asked to attend regularly.

In his opening speech, W. E. Bowler, '15, sketched the history of the club and its purpose. He then introduced Mr. De La Cruz, who gave a short but impressive talk on "Catholicity in South America." He described vividly the elaborate observance of Sundays and holy-days in his native Colombia. He outlined the results obtained from a union of church and state and expressed his opinion that the Colombian government will continue to abide by the Church for the moral and intellectual benefits conferred.

J. E. Doyle, '15, was the next speaker. "Diddy" Doyle surprised himself and his friends, the audience, by talking serious for once. His speech was a review of the lesson of the growth of the church. "In spite of the opposition of her enemies, in spite of the unfaith of thousands of her children, she persists today in all the perfection of twenty centuries ago. The debt of the world to her is immeasurable. Her art, her architecture, her ideals of education as first exemplified by the Jesuit fathers, her history, her philosophy, her theology, have been pre-eminent in every age. She has been the champion of spiritual liberty. Now in this hour when Europe is depressed by war men turn to 'that God-given, God-protected light of Rome.'"

The speaker of the evening, Rev. J. A. Carey of Hallowell, was then introduced by Rev. J. M. Harrington of Orono, who has been most helpful in the founding and maintaining of the club.

"Erroneous Impressions of History" was the subject which was chosen by Father Carey and he handled it in a necessarily abbreviated but thoroughly interesting manner. In the course of his talk he referred to many authorities, none of whom were Catholic. The introduction of the Cambridge History just published, states that at last, the conspiracy maintained so long against truth seems to be breaking up.

Perhaps the most conspicuous example of erroneous impressions of history is the fixed belief in the generally low state of civilization in the Dark Ages. This period was indeed one of darkness but in the darkness was a light, this same light from Rome. If, today, in spite of all our modern civilization, Europe is plunged in carnage, can we wonder at the rapacity of the Dark Ages? The wonder is that out of these ages has come such marvels as our models of constitutional government, popular representation, the fine arts. The "fairy tales of science" were all foretold by Bacon, a Franciscan monk of the Middle Ages. Maitland says "We are accustomed to sneer at the middle ages but the heights we have attained are due to them."

A second erroneous impression gradually effacing itself in cultured minds is that of the cause of the so-called Reformation. It was not the question of indulgences, but a more subtle, selfish and personal cause, a revolt against authority, a plea for justification by faith alone.

The position of the church as regards science has long been misunderstood. Again and again has the single case of Galileo been cited in proof of the statement that the Church has been a foe to scientific research. The facts of the case are that Galileo was suppressed, not because of his theory, but because of his attempts to make scripture subservient to his theory. Likewise has the Church been blamed for the persecution of the Spanish Inquisition even though the Inquisition was purely National institution condemned by the popes.

Father Carey closed his speech with tributes from various men of note throughout the world and said "The Church which names among her sons such men as Pasteur and Mendel has nothing to fear from the conflict of science and faith. When Pasteur was asked how he reconciled his faith and science, he said 'My science may be faulty but my faith is not. I have the faith of a peasant of Brittany. A little more and I would have the faith of the peasant's wife.'"

There is a Great Difference in Tobaccos

Tuxedo is the Mildest, Sweetest, Most Pleasant Smoke in the World, Because—

First—No one but the makers of Tuxedo is willing to spend the money necessary to buy the mildest, choicest, most thoroughly aged, selected Burley tobacco.

Second—No one but the makers of Tuxedo knows how to treat this Burley tobacco so that every bit of pleasantness and goodness remains in the tobacco and every bit of unpleasantness and harshness is taken out.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

Tuxedo was born in 1904. Its first imitator appeared two years later. Since then a host of imitations have been born and are clamoring for your patronage.

No imitation is ever as good as the original. No amount of advertising, no amount of bluster and bluff, can ever make an imitation tobacco as good as Tuxedo.

If you are not a pipe smoker, you are denying yourself the greatest smoking pleasure known to man. Try Tuxedo in your pipe this week.

YOU CAN BUY TUXEDO EVERYWHERE

Convenient pouch, inner-lined with moisture-proof paper 5c Famous green tin, with gold lettering, curved to fit pocket 10c

In Glass Humidors, 50c and 90c

V. STEPANSON
famous explorer
"Tuxedo is mild, cool and soothing—just the sort of tobacco I need. Tuxedo goes with me wherever I go."

V. Stepanson.

G. RANDOLPH CHESTER
famous author
"Why shouldn't a man be willing to recommend a tobacco which gives as cool, sweet and satisfying a smoke as Tuxedo?"

G. Randolph Chester.

J. N. MARCHAND
famous illustrator
"Fill my pipe with Tuxedo and I'm content. You can't beat Tuxedo for mildness and purity."

J. N. Marchand.

Resolutions

In the death of James R. Towle, Reed Chapter Phi Delta Phi, has lost a brother and a loving friend. Agreeable, generous and always mindful of the rights and privileges of others, yet he had that dignified reserve which coupled with his studious habits and gentlemanly bearing, made him a brother who not only was loved but was highly respected. He was a student and his study was accompanied by marked results. He was an honor man in his class, and his inherent adaptability to the processes of legal reasoning was of great assistance to those less well equipped intellectually, with whom they were willingly and generously shared.

And he it adopted, that we the members of Reed Chapter Phi Delta Phi Fraternity take this opportunity of expressing our sincere regard and affection for our deceased brother, and that it be further resolved that our charter be draped in mourning for a period of two months, and a copy of this resolve coupled with our deepest and most heartfelt sympathy be sent to the family of our deceased brother.

HERBERT J. WELCH
ROBERT P. KING
FRANZ W. BURKETT

WHEREAS, it has been deemed wise that the Omnipotent Being call a loyal and most worthy friend and fellow student from our midst, and

WHEREAS, all who have had the pleasure and benefit of knowing such a broad-minded and intellectually brilliant colleague, one whose influence has permeated all who have known him for their own advancement, and

WHEREAS, the members of the University of Maine College of Law have felt the loss deeply and desire to express their sentiments of respects and admiration of the qualities of his character and ability that have endeared him to all, be it

RESOLVED, that in the death of James Robey Towle the school as a whole has lost a most earnest and sincere friend and brother student, and the students as individuals have been deprived of one loved and admired by them, and that by these resolutions we express in a meagre way our sympathy to the afflicted family and friends, and be it further.

RESOLVED, that these resolutions be sent to the family, a copy be placed in the records of the Law School, published in the Maine Campus, Maine Law Review and each of the local papers.

On behalf of the Student Body of the University of Maine College of Law:
Clark B. Frost, President Senior Class.
Miller B. Moren, President Junior Class.
Wm. J. Flaagan, Member of First Year Class.

DELTA TAU DELTA

Gives Enjoyable Halloween Party

A very appropriate party was conducted by Delta Tau Delta fraternity, Friday evening, Oct. 30th.

The guests of the evening were the Misses Flora Howard, Leontine Glidden, Dorris Wilkins, Anne E. Harwood, Hazel Lane, Marion White, Ais LeLethicq, Doris Woodbury, Estelle Sawyer, Katheryn Dow, Eunice Niles, Arline Lethicq, Mary Beckett, Marion McLaughlin, Mildred Perry, Vera Jellison, and Geneva Reed.

LOCALS

Brief Items of General Interest
About the Campus

E. J. Wilson '13, G. W. Babb '14, and E. B. Newcomb '15, were at the Colby-Maine game.

Mrs. Nowell and Mrs. Rodden of Reading, Mass., spent the week end with their sons, Foster Nowell and William Rodden.

Clinton F. Nickerson ex-'17, was at the house over Saturday.

"Shorty" Peabody entertained his sister and chum over Sunday.

Alverdo L. Phinney '04, his wife and daughter were entertained over Sunday.

Charles L. Puffer, 1902, erecting engineer for the Westinhouse Elec. and Mfg. Co. is making final tests on four 13500 K. V. A. generators built for the Alabama Power Co. at Clanton, Ala.

Ralph R. Day 1911, erecting engineer for the Lombard Governor Co. is making governor tests at the above plant.

Guy Albee, '09, visited Theta Chi house during the past week.

James Ridley entertained his father for a few days during the past week at the Theta Chi House.

Chester Norton, '16, was the guest of Frank Thayer '17, at his home in Waterville, Sunday following the Colby-Maine game.

Linwood Pitman, '17, spent the week-end at his home in Fairfield.

Fred Keating, '17, was the guest of Stephen Abbott at his home in Waterville, Sunday following the Colby-Maine game.

William Corrigan and Joseph McCusker were guests of John Crawford, Colby '16, Sunday following the Colby-Maine game.

A gentleman's ring was found on the Colby Special. Owner may get same by seeing A. F. Sherman at the Kappa Sigma House.

Robert Hutton, '18, umpired the Bangor-Orono football game, while Ned Barry, '16, refereed. The Orono team, which held Bangor down to 0 to 0, is coached by C. S. Erswell, '15.

Gamma Chapter of Theta Chi Fraternity will hold its annual initiation banquet at the chapter house Saturday evening, Nov. 7th. Many of the old alumni are expected back to attend this, as well as the Bowdoin-Maine game which takes place Saturday.

The Misses Holyoke of Brewer, were entertained at the Phi Kappa Sigma House on Sunday. In the afternoon Asa R. Mace '15 and George H. Bernheisel '15 accompanied them on an auto trip to Bangor where an accident to the machine caused them much trouble.

Mr. A. L. Somes and Mr. G. Harmon who are on a short hunting trip stopped at the house as the guests of R. P. Somes '16.

In preparation for the use of the new grandstand Saturday, a large number of students were taken over there by some members of the Faculty and a rather severe test applied. Aside from a few minor weaknesses it appeared very stable.

Parker Moulton '17 spent Sunday at his home in Bath, Me.

John Locke '17 passed the week-end at his home.

Miss Louise Phillips called on her brother Caldwell S. Phillips '18, at the S. A. E. House Sunday.

Frederick T. Graves '18, passed Sunday in Bangor.

Phi Gamma Delta

William Hall '08, visited the Phi Gamma Delta House this week.

Arthur Abbott '14, Fernando Norcross '14, Charles Cleaves '12, Ned Scales '11, Roy Stevens ex-'10, Elmer Baird, ex-'16, Charles W. Mullen '18, and Hosea Buck '93, attended the Colby-Maine game Saturday.

Henry Simms '18, entertained his mother two days last week.

Rev. Mr. Daniels of Guilford took supper at the house last week.

The Seniors gave the freshmen a smoker Sunday evening.

Members of the house were entertained at Balentine Hall last Friday evening.

The annual initiation was held Thursday evening, followed by a banquet at the Bangor House, Bangor.

Alpha Tau Omega

Burgess '06, who is employed as assistant engineer on the B. R. & E. was a recent visitor at the Alpha house.

Flanders '01, of Fulton, N. Y., was on the Campus recently.

Alton Libby '18, and Gerald Welch '15, spent the week end at their home in Oakland.

F. E. Wilson '18, has left Hannibal Hamlin Hall and taken up residence at the Alpha Tau Omega House.

The annual fall initiation of Alpha Tau Omega will be held Nov. 2 and 3.

COLBY-MAINE GAME

Continued from page 1

punted to Cawley, who was nailed by Baker on Maine's 45-yard line. A forward pass, Cawley to Royal, got them about 20 yards. Fraser made seven yards through the line and Cawley six more through the same place. Colby was penalized fifteen yards for holding. Cawley went around left end for a touchdown, starting from Maine's 25-yard line.

Fraser kicked the goal. Score, Colby 7, Maine 0.

Purinton kicked off to Fraser, who got the ball on the seven-yard line and took it back nearly 20 yards.

Fraser punted to Bernheisel on Maine's 34-yard line. Ruffner made three and Kirk two through the centre and Gorham made another 20-yard run to Colby's 40-yard line. Ruffner punted to Cawley on the 20-yard line. Fraser punted to Bernheisel who ran the ball back from the 14 to the 20-yard line.

Kirk, Gorham and Ruffner didn't get much in the next three plays and Ruffner punted to Cawley who was nailed on Maine's 40-yard line.

A forward pass, Fraser to Belger got seven yards.

Kruger went in for Gorham. A forward pass Cawley to Crossman brought the ball to the three yard line. Crossman dropped the ball which rolled over the line and a chance to score was lost. Maine's ball on the 20 yard line. Ruffner got away for 23 yards through center. Kruger took the ball to Colby's forty-five yard line and the half was over.

Score, Colby 7, Maine 0.

SECOND HALF

Gorham went in for Purinton. Lowney for Belger. Gulliver kicked off to Cawley who carried the ball back 30 yards to the 44-yard line. Fraser punted to Bernheisel on Maine's 20-yard line. Ruffner made seven yards through guard and Kruger fumbled and recovered making the 30 yard line. Maine was held for downs. Lowney made six yards around end and three more in the same place. Fraser went through guard. Cawley fumbled to Baker on Maine's 15 yard line. Bernheisel made a yard around end, Ruffner and Kruger five more and Ruffner punted to Cawley who was nailed by Gulliver on Colby's forty-three yard line. Lowney was tackled for a loss around the end by Gorham. A forward pass, Cawley to Royal was incomplete.

Fraser made two yards on a kick formation play and punted to Bernheisel who muffed it and Dacey got in on the 17-yard line.

Fraser tore off seven yards around the end and Cawley carried it four yards more and put it over for a touchdown. Fraser kicked the goal. Score, Colby 14, Maine 0.

Gulliver kicked off to Crossman who brought it back to the 34-yard line.

Fraser punted to Bernheisel on the 27-yard line. Kruger made three yards Bernheisel was nailed by Dacey. Kruger made four more and Ruffner punted outside at Colby's 43-yard line. Fraser punted to Kirk who was carried back from twenty-five to seventeen. Kruger made four yards on a shift play, the same play was used for the next four downs netting eleven yards. Kruger went through guard to the 37-yard line. Using the shift again Kirk ran to the center of the field. Kruger was stopped by Royal and Ruffner by Lowey. A forward pass, Bernheisel to Reardon failed. Ruffner punted to Cawley on the 15-yard line. Colby muffed but A. Fraser recovered it.

Fraser punted to Bernheisel on Maine's 46-yard line. Gulliver made three yards on a tackle run. Royal smashed the shift play and nailed Kruger. Maine's ball at end of quarter in center of field.

FOURTH QUARTER

Martin went in for Kirk. A double pass, Kruger, Bernheisel to Reardon failed. Ruffner punted to Cawley on the 20-yard line. Lowney was stopped by Martin. Fraser punted to Bernheisel on the 50-yard line. Martin and Ruffner made first down in three plays. Colby smashed the shift, Dacey got through and smeared a delayed pass. Ruffner punted to Cawley on the ten-yard line. Lowney was chased into the high grass on the 26-yard line. Lowney failed to step over Allen. Cawley made first down and the 27-yard line. Lowney got around the end for 18 yards, nailed by Rudman. Cawley fumbled a pass, recovered by Royal on the 34-yard line. A forward pass failed but Fraser passed the ball to Lowney making seven yards.

Cawley was shot in his tracks by Baker and then got away around the end and was stopped on the 12-yard line by Bernheisel. Kolseth went in for Dacey. Baker spoiled a forward pass. Fraser to Cawley and nailed Lowney on the next play. Golden went in for Lowney and Peterson for Gulliver. Fraser attempted a drop kick from the twenty-five yard line and failed.

Maine's ball on the twenty-yard line. Martin and Kruger gained twenty yards in three plays. Thompson replaced Kol-

seth. Martin and Ruffner made eight yards through guard. Spiers went in for Bernheisel. Martin made seven through center to Colby's 25-yard line, then hit the same place for ten more. Ruffner was nailed behind the line for a loss. Martin and Kruger made ten yards and Ruffner kicked what looked like a drop kick that went low. A Maine man got it on the 18-yard line. Maine was penalized for off-side. A. Fraser made ten yards on a double pass and Fraser punted to Spiers on the middle of the field. End of game.

Score: Colby 14, Maine 0.
