MAINE DEFEATS BOWDOIN IN LAST GAME OF STATE SERIES

Light Bowdoin Team Outplayed By Score
of 27-0

BOTH TEAMS FIGHT HARD

Smarting somewhat from the defeat at the hands of Colby, Maine entered the last contest of the State series with a determination to clinch second place in that series by defeating their hard fighting rivals from Brunswick in something like a decisive way. The score of 27-0 may or may not be considered decisive, as some supporters of Maine rather expected the final tally to be considerably greater. Those who counted on seeing Maine run up a large score evidently had not reckoned with the fight that Bowdoin always displays in her games with Maine, and here we have the reason for the final score. Even tho she was outweighed considerably man for man, Bowdoin never allowed her fighting spirit to weaken. And as with the team so with the men who stood by while their team was defeated. Not once did their cheers reveal anything but faith in their team, not once did their leader need to urge them on.

Across the field boomed the Maine yells, and echoing back from the new grandstand into the ears of the eleven defenders of Maine's athletic honor did much toward placing victory where it belonged. Never have Maine rooters responded more heartily to a cheer leader than they did to "Bush" Hansen's efforts Saturday. Surely Maine spirit was not lacking nor was Maine's cheering section in any way insignificant.

The game had its interesting moments, especially when the crowd was at a loss to know which team had recovered a fumble. Other incidents such as a brilliant forward pass now and then by Maine, a long run by a Maine back and the unexpected outcome of Bernheisel's attempted forward pass, gave the crowd a few thrills. On the whole, however, the game itself was rather uninteresting.

The work of a few players should not be overlooked. Capt. Baker played a hard, steady game and recovered several fumbles. Martin attacked the Bowdoin line fiercely and was able to gain at all times. Bernheisel distinguished himself by his work in forward passes, and also in carrying the ball. Kirk and Kriger proved themselves equal to the occasion at all times, both getting thru for long runs. The team on the whole, however, did not have the aggressiveness nor the unity that should be formed in a team the last of the season, and because of the lack of these elements, better football, and a larger score were impossible.

Following is the game by periods:—
Bowdoin kicked off and Maine started in by miffing the punt and a Bowdoin man got it on Maine's 30-yard line. Bowdoin made a slight impression on the Maine line and fizzled on an attempt at placement kick that was captured by Martin on the 15-yard line. Maine ran the ball to Bowdoin's 48-yard line by line-plunging and Ruffner punted to Bowdoin's 16-yard line. Bowdoin soon punted 30 yards to Kriger, who dropped the ball, but Ruffner recovered it.

Maine lost two yards on a fumble and Bowdoin was penalized for offside. The next play was fumbled and recovered on Bowdoin's 34-yard line. Martin made four yards through the line but failed to make first down and it was Bowdoin's ball. Bowdoin made three yards through the line in three downs and punted to Kriger on Maine's 35-yard line.

Kriger went around the end for about 25 yards and Maine was held on the 40-yard line until Ruffner punted. Bowdoin didn't move the ball far and finally punted to Spiers on Maine's 43-yard line. He ran it back to the middle of the field. Martin made three yards around the tackle. Maine was penalized 15 yards

for holding and Bowdoin as much for offside. Allen, on a tackle play, got into Bowdoin's territory as far as the 40-yard line. Martin made five through skin tackle and Spiers ran to the 20-yard line on a fake kick formation.

The quarter ended with no score, and Maine's ball on Bowdoin's nine-yard line, first down.

SECOND QUARTER

Bowdoin sent in Floyd for Chapman. Martin made five yards outside of tackle and Ruffner put the ball over for a touchdown and kicked the goal. Score Maine 7, Bowdoin 0.

Bowdoin kicked off to Donahue, who dropped it but recovered on the 15-yard line. Somebody fumbled to Bowdoin, who held the ball but couldn't gain and then handed it back after a fizzled dropkick.

Foster went in for Wood.

Ruffner punted to Bowdoin's 45-yard line. Bowdoin had varying success at plugging the line and tried a forward pass that was smeared by Wark and Allen. Spiers went around the end for four yards. Martin and Kriger took the ball to the 25-yard line and Kriger left the field rather shot to pieces, being replaced by Kirk.

Ruffner tore through to the 15-yard line, but not far enough to keep the ball. Bowdoin punted out of trouble to Kirk, who was stopped on the 45-yard line. Maine was offside, giving Bowdoin five yards and they got the ball on downs. They made five more and then punted to Kirk, who dropped it. Ball recovered by Martin on the seven-yard line. Peterson went in for Moulton.

Spiers made the ten-yard line on a fake kick and Ruffner got twelve through left tackle. Bernheisel replaced Spiers at quarter. Bernheisel was nabbed for a loss on an end run.

Ruffner punted to the middle of the field and after a couple of Bowdoin men tried to pick it up "Baldy" Baker sat down it.

Mannix went in for Shumway as Bowdoin's quarter.

Bernheisel lost a yard on an end run and Maine was penalized for holding, putting the ball back to the 35-yard line. Gorham replaced Ruffner.

Gorham went back to the center of the field on an end run and Bernheisel got away for fifteen yards. Bradford in for Leadbetter. Bernheisel tried a forward pass that was blocked. He tried another across the line to Donahue who caught it behind the goal posts, scoring a touchdown. Gulliver failed to kick the goal. Score Maine 13, Bowdoin 0.

Bowdoin kicked off to Bernheisel who brought it back ten yards. Through some misunderstanding of signals no one stopped the next pass and Kirk retrieved it on the twenty-yard line.

Kirk punted to Bowdoin's 45-yard line where it was fumbled and recovered by Donahue. Bernheisel made a forward pass to Kirk over the line which gained the 35-yard line. A double pass, Kirk, Bernheisel and Martin went to the 30-yard line and the half was over.

Score Maine 13, Bowdoin 0.

SECOND HALF

Leadbetter and Shumway went back into the game. Gulliver kicked off to Bowdoin's seven-yard line and the ball was run back to the 20-yard line. Bowdoin gained a yard or two and then punted to Kirk, who ran the ball back from the 37 yard line to the center of the field. By steady hammering and in spite of an offside set back the Maine team took the ball to Bowdoin's ten yard line.

MAINE WINS CROSS COUNTRY CHAMPIONSHIP

Capt. Bell Leads Team to Victory
With Score of 26

COLBY SECOND WITH 39

The third annual cross-country race for the intercollegiate championship of Maine was run off last Friday over the five mile Bowdoin course. The result showed that Maine's well-balanced team is still invincible, winning with a score of 26; Colby was second with 39; Bates third with 65; and Bowdoin a bad last with 91.

The Bowdoin course, over which the race was contested, began at Whittier Field. Starting from the grandstand the runners cut across the campus to McKen Street. After about a mile in the direction of Portland, they cross the railroad tracks to the right and follow along the Androscoggin River. Here there is an unusually stiff grade known as Standpipe Hill which is by far the hardest part of the course. Then they cut through the links of the Brunswick Country Club and back to the field over the Portland-Brunswick road. They finish after a lap around the track.

The weather was perfect, the air being cool and soppy with no wind. At two o'clock referee Ostens of the Boston A. A. started the runners on their journey. Captain Crosby of Bowdoin started fast and set the pace for the first quarter-mile when Bell and Dempsey took the lead. Two miles out, when the pack started across country, Crosby was attacked with cramps which forced him to leave the race. He was running in fourth place at the time. When, after a gruelling climb, the top of Standpipe Hill had been reached Captain Bell of Maine was in the lead. Close behind him Dempsey, Preti, Herick and Wunderlick, all of Maine, were closely bunched. Wenz and Levine were near, while Lane and Doe of Bates and Cutler of Bowdoin were the only other men within striking distance of the lead. In a sandy gully, less than three miles from the start, Preti, Dempsey and Herick were all attacked with cramps, but Preti and Dempsey recovered quickly.

The feature of the last two miles was the race between Bell and Wenz. Crossing the golf links these two drew away from the rest of the pack. Far behind, Dempsey, Preti and Wunderlick succeeded in running Levine, Webster, Meg and Trevola off their feet. M. Thompson of Colby was taken with cramps here and had to fall back. Shortly afterwards Libby of Maine, who had been running a great race up to that time, had to stop for the same reason. Bell entered Whittier Field thirty yards ahead of Wenz. Slowly and steadily this lead was cut down to fifteen yards and at the finish he had just strength enough left to beat Wenz in the last rush for the tape. However, Wenz finished only three seconds behind. Not far behind him were Dempsey, Preti, Lane of Bates, Wunderlick, Levine, Doe, Meg, Webster, Trevola and Coffin, in that order.

Two of the biggest surprises of the day were the showings of Lane, a freshman at Bates, and Wunderlick, a U. of M. freshman.

Although all of the U. of M. men ran well the result was not as favorable as was expected. They all agree, however, that the course was easy, mainly because of the fine training they have had over the difficult Orono course. Following is the order of the men at the finish and their times.

Name	M.	S.
1 Bell, Maine, 28 min., 37 sec.		
2 Wenz, Colby, 28 min., 40 sec.		
3 Dempsey, Maine, 29 min., 17 sec.		
4 Preti, Maine, 29 min., 24 sec.		
5 Lane, Bates, 29 min., 25 sec.		
6 Wunderlick, Maine, 29 min., 48 sec.		
7 Levine, Colby, 29 min., 44 sec.		
8 Doe, Bates, 29 min., 51 sec.		
9 Meg, Colby, 30 min., 16 sec.		
10 Webster, Colby, 30 min., 23 sec.		
11 Trevola, Colby, 30 min., 24 sec.		
12 Coffin, Maine, 30 min., 25 sec.		
13 Cutler, Bowdoin, 31 min., 22 sec.		
14 Thompson, Colby, 31 min., 25 sec.		
15 Cates, Bates, 31 min., 25 2-5 sec.		
16 Sayward, Bowdoin, 31 min., 47 sec.		
17 Mitchell, Bates, 31 min., 49 sec.

MAINE NIGHT WAS A GRAND SUCCESS

Largest and Most Enthusiastic
Audience Ever Assembled at
Maine

MANY NEW FEATURES

Never before at any previous Maine Night in the history of the University has more enthusiasm and better Maine spirit been shown than was manifested last Friday evening. The Gymnasium was taxed to its capacity with an audience which would have done itself credit at the greatest Maine Night of the greatest University in the country. The perfect cheering of the student body led by E. F. Hanson was the kind that makes Maine men proud of their college. The University band, which is admitted to be the best and largest college band in the state, played as it never played before. As for the stirring speeches, no one will deny that they were the best he ever heard delivered in the Gymnasium.

President Ale introduced the president of the meeting by relating two little incidents when he was mistaken for Mr. Perkins. Mr. Perkins remarked he had had some experiences of the same kind but he wouldn't repeat them.

He said that the meeting was to boom Maine. This had two meanings, but either one that was boomed, the college or the state, it boomed the other.

Ross Varney '15, spoke for the student body. He said that the danger of growth and expansion came under two heads. First, The Lost Man—by this he meant the man that didn't mix, that nobody knows, that goes and lives alone. The larger percentage of last men. The second danger was the formation of factions or the splitting of the student body by class politics. Such factions must be suppressed.

One plan, the only plan, is to build a common house that shall contain a large hall in which to hold meetings and that shall contain places for the college activities a lounging meeting and a place where the lost man can go to get acquainted. It also, through the mixing of the students, would give the death blow to factions.

Mr. Perkins in his next introduction said that the Bangor course was all important to the college man and without it no diploma would be worth while. With that he introduced Mayor Utterback of Bangor. He said he felt the growth and development of Bangor and the state was due in proportion with the growth of the college. He opened the city to Maine men and said that the progress of the college had awakened the interest, trust and development of the State. Being a Middle Western man, he said, the Booster system there was a campaign through the neighboring states in which they advertised their own state as the only place on earth and at the same time state the ideas of all the places they were in. He ended in a fine tribute to Indiana his home state, and President Ale, a native of the same state.

To represent the faculty "Scissors" Weston was called on, Mr. Perkins wondering if he was as sharp as ever.

Prof. Weston said that the faculty was always a bother and that if some Burbank could pair the miracle of the thornless cactus with a facultyless university he would be revered by a host of students to the third and fourth generation. The membership of the faculty has changed. Once the recognition of a member of the faculty was instinctive, scholarly shoulders, near sightedness, and so forth, but now until the freshman caps are out it is impossible to tell faculty from freshmen without a manual like "How to tell the Birds from the Plants."

He quoted The White Man's Burden from Kipling in closing as a tribute and shield to the faculty. The gaps between the student body and the faculty are nearly completely bridged, and the more intimate the two parties become the better for Maine.

E. J. Wilson '07, spoke on behalf of the Boston Alumni Association, The Universal Maine Night. His main idea was that tonight at Young's Hotel in Boston some of the 500 Maine Alumni there are

Continued on page 4

TEAM LEFT FOR WEST POINT THURSDAY

Expected To Put Up Good Game
Against the Army

SEVENTEEN MEN MAKE TRIP

The football squad left Thursday noon for West Point, N. Y., where they are going to learn something about "The Old Army game." But perhaps they can show a few points at the game themselves. It has always been said that a man from Maine has a little something on any other man from any other state in a horse trade. Why not football? What that team will get handed to them Saturday will make the Bowdoin game look like pie. They are up against a team, that, undefeated so far this season, is confident, perhaps over confident. That team is picked from the very top of the cream of young men from every state in the Union. What the forecast of the score to be is, cannot be definitely agreed upon. West Point has been so out of our sphere that a close line on their work cannot be kept.

The members of the squad are not saying anything but have been working hard all this week and are determined to go down to play for all that is in them.

If they win it will be the biggest thing that ever happened to this University. If they lose it won't matter as nobody expects them to win and the very fact of their going down to play the Army is as good an advertisement as Maine could hope for.

The student body is behind the team to a man and expect them to show the same fight which they have shown all season.

This will be the last game for many of the greatest players Maine has ever known. Capt. "Dave" Baker, "Bill" Martin, "Hi" Donahue and "Dutch" Bernheisel will probably play their last game tomorrow. Such men as these may be expected to finish their careers in a worthy manner.

The other men, those who have more time to play will have other football victories ahead of them. There is "Charlie" Ruffner, "Clint" Purington and "War horse" Kirk and all the others. They have shown that they can ably fill their own shoes or somebody else's.

Following are the men who will make the trip and who are expected to give a good account of themselves.

Baker, Gulliver, Wark, Allen, Martin, Ruffner, Bernheisel, Kirk, Moulton, Donahue, Rudman, Gorham, Reardon, Spiers, Greeley, Purington, Kriger.

A. T. O. Has Banquet

Many delegates from their respective chapters and alumni from Beta Upsilon chapter of the Alpha Tau Omega fraternity were present at the annual initiation banquet given last Saturday evening. The banquet was held at the Colonial House in Bangor.

Those present at the banquet were: Ernest W. Danforth '92, Somerville, Mass.; Thomas J. Young '93, Solon, Me.; Albert J. Whipple '04, Sorrento, Me.; Arthur Amadon '13, No. West Company; J. H. Carlton '13, Boston, Mass.; H. O. Burgess '13.; Ralph Whittier '02, Bangor, Me.; P. L. Bean, Orono, Me.; C. R. McKenney '14, Orono, Me.; P. R. Crowell, Boston, Mass.; E. Ayer, '13, Brockton.

The delegates from other chapters were: Walton H. Scott '16, Beta Zeta Chapter of Vermont; G. W. Smith Jr., Gamma Sigma Chapter of Mass.; Harold W. Rand of Colby.

The initiates were: Lawrence Mul-loney '16, Martin Murphy '18, Alton Libbey '18, Vogle Abbott '18, Howard Annis '18, Frank Wilson '18, Vern Snow.

Alumni Notice

Pittsburgh, Pa., Nov. 9, 1914.
MAINE MEN! LISTEN!
MAINE 27, BOWDOIN 0.

There will be a meeting of Maine men Saturday evening, Nov. 21, at Hotel Henry. A good substantial dinner will be served and there will be a plenty of material to burn up afterwards. Make no engagement, plan to come and don't forget the date.

C. D. Smith, Secretary.

BANGOR CO-OPERATIVE PRINTING COMPANY

EDITORIALS

Maine men the world over will receive
with appreciation the book of Maine
traditions recently published

Tales of Bolivars by Edward Everett Chase of
the class of 1913.

Children The traditions of Maine
are many and interesting.
They are also the backbone of the Uni-
versity. All efforts to preserve them
should receive unqualified support.

Mr. Chase has prepared a fine book
for us which he calls the "Tales of Bolivars
Children." In it he presents in a vivid
and interesting manner pictures of life
at the University of Maine. There is a
charm about the book which compels one
to read it with interest and joy.

Congratulations are in order for the
cross-country team which won the State
Championship of Maine for
the light blue last Friday.
Cross Country Up to the time of going to
press Maine has not lost a
single hill and dale race. It is a record
to be proud of.

Cross-country, as the newspapers put
it, placed Maine on the athletic map. The
winning of the New England champion-
ship was by far the biggest victory ever
won by a team from the Pine Tree State.

Glee Club Men Chosen

To date fourteen of the sixteen members
of the Maine Glee Club have been chosen.
They are as follows: J. L. Whittier '16,
C. H. Goldsmith '15, E. G. Ham '16, C.
H. Whitney '15, E. C. Hurd '17, J. T.
Beck '18, E. F. Hanson '15, R. P. Pierce
'15, H. E. Watkins '17, W. C. Barrett
'18, R. H. Varney '15, K. C. Currier '16,
J. H. Smiley '17, L. F. Pitman '17.

The music has been given out and the
first rehearsals have already been held.
With such an early start there is every
reason to hope for a fine club this year.

Football Season Near End

The University of Maine football
season will be closed next Saturday when
Maine meets the Army eleven, at West
Point. This contest probably will be
the most gruelling of the season, being
the Army's final preparatory contest for
the annual game with the Navy eleven.
Maine, with nothing to lose and every-
thing to gain, will fight hard and try to
improve her position in the national
football standing. This standing was
gained in a nothing-to-nothing tie with
Yale last year, but somewhat tarnished
by this year's defeat at New Haven.

Dr. Barnitz to Speak

Wirt W. Barnitz, Litt. D., who spoke
at Chapel two weeks ago on "The Attitude
of Japan in the Present European War,"
will speak before the Forestry Club at
their next regular meeting on Wednesday,
Nov. 18. The meeting will be held in the
Club room of the Library.

STUDENTS EARN EXPENSES

Large Number of Maine Students
Earn Part of Expenses

From data collected during the last two
years it is found that from one-third to
one-fourth of the students at the Uni-
versity of Maine are dependent solely on
their own efforts for the money necessary
to cover their college expenses. The re-
turns from questions sent to 179 men of
the classes of 1913, 1914, and 1915 in
the departments of chemical, mechanical
and electrical engineering showed that an
average of 32% of these men were earning
their own money. The greater portion of
this money is earned outside of college
during the vacations, although there are
two or three instances where men are earn-
ing their entire expenses as they go along.
Statistics show that at least 80% of Uni-
versity of Maine men earn as much as
they conveniently can, both during the
college year and during vacations.

The faculty of the University has for
the last few years appointed an Employ-
ment Committee composed of three of its
members who are always glad to help any
needy student in his search for work.

Among other occupations which are
followed by the students are: waiting on
tables and washing dishes in the dormi-
tories, doing janitor work about the
university buildings and churches in and
about Orono and Old Town, pressing and
cleaning suits, reporting for newspapers,
cleaning rifles in the military department,
selling college emblems, banners, seals,
jewelry, etc., and doing agency work for
clothing concerns. One student is paying
more than half of his expenses selling hot
frankfurters to other students during the
study hours each evening.

UNITED STATES OF AMERICA

STATE OF MAINE

A PROCLAMATION BY THE GOVERNOR

In recognition of a custom established
by our forefathers, and the regular and
helpful observance of the same through
many generations, and in conformity with
our statutes, with the advice and consent
of the Executive Council, I do hereby
appoint and set aside

THURSDAY, NOVEMBER 26TH, 1914

AS A DAY OF

PUBLIC THANKSGIVING AND PRAISE
TO ALMIGHTY GOD

in recognition of His power, goodness and
mercy.

Maine has been favored by Nature
during the seasons of 1914, resulting in
more than average crops, and with an
unusually favorable season for harvesting
them. While we have suffered some set
back in manufactures and trade, the pros-
pects for the future, aided by the most
terrible war in history, now raging in
Europe, seem encouraging.

I wish to urge upon our people the
contrast of our peace and prosperity with
the distress and suffering in Europe, and
ask that they contribute liberally for the
relief of the unfortunate, but unblamable
victims of the war.

The Red Cross Society stands ready to
receive and transmit promptly all contribu-
tions for their assistance. Remember
that Charity is the greatest of all virtues.

Let us all join in home and church in
praise and thanksgiving to Almighty God
for these blessings of peace, prosperity and
happiness.

GIVEN at the Executive Chamber,
at Augusta, Maine, this sixth
day of November, in the year
of our Lord one thousand nine
hundred and fourteen, and of
the Independence of the United
States of America the one hun-
dred and thirty-ninth.

WILLIAM T. HAINES,

Governor.

By the Governor,

J. E. Alexander,

Secretary of State.

Eight Sophomores have been chosen
from their class at the University of Maine
in token of merit shown in declamation,
to compete in the class contest, December
11. They will deliver eight-minute speech-
es, and the winner will receive a prize of
\$15, given by the University. Those who
will compete are Leola B. Chaplin, Fran-
cesca M. Lougee, Mary Sargent, Philip
H. Cobb, Sumner C. Cobb, Fred D.
Crowell, Noel D. Godfrey, and Walter C.
Jones.

PROF. BRISCOE GIVES
EXTENSION COURSE

Practical Forestry Work Studied in
Summer Camp in Maine Woods

STACYVILLE FINE LOCATION

How can I reforest my wasteland?
How can I manage my woodlot so as to
get an income from it and at the same
time not destroy its productiveness?
How can I estimate my timber for sale?
How can I protect my woodlands from
fire, insect depredations and fungus
diseases?

These and many other questions of the
same sort that are constantly coming
up in the minds of thoughtful farmers
and land owners all over the state, are
answered in the two weeks' camping
course in Forestry. This course was in-
augurated last year by Prof. Briscoe of
the Forestry Department under the
auspices of the State Forestry department.

The camp is located near Stacyville,
on the main line of the Bangor and Aroos-
took railroad, about one hundred miles
north of Bangor. It is seven miles from
the railroad and on the East branch of
the Penobscot river, in the heart of some
of the best timber in the State, and
looking a magnificent view of the pictur-
esque and stately range of mountains
which includes Mt. Katahdin, as its crown-
ing glory.

No other place east of the Mississippi
combines so many advantages both in
the way of delightful climate and beautiful
surroundings, and abundance and variety
of woodland growth. All sorts of woods
operations may be studied within a radius
of some three or four miles from this lo-
cation, from the cutting of railroad ties to
large logging operations for lumber and
pulpwood and the harvesting of hemlock
bark for the manufacture of tannic acid.

For this course there are no entrance
examinations or requirements of any kind
excepting that the student be in good
health and not less than eighteen years
of age. No tuition is charged, the living
expenses while in camp are distributed
pro rata amongst the students and this
is the only necessary expense. The in-
structor in charge reserves the right to re-
ject any applicant and to dismiss any one
from the camp for cause at his discretion.

This course is especially adapted to
owners of forest land, timber cruisers,
guides, patrolmen, and men thinking of
taking up forestry work as a profession.
It is primarily intended for all who wish
to get a general knowledge of the ideas and
methods of forestry, in a short time and at
a minimum expense.

The course also provides an opportu-
nity for young men, who are just finish-
ing at high or preparatory schools and are
yet uncertain as to whether or not they
wish to make forestry their profession and
life work, a chance to find out very definite-
ly what the work is like. It will help to
stimulate the interest of such men as are
physically and temperamentally fitted to
take up the profession, and it will save
men who are absolutely unsuited for the
work much trouble and expense, and per-
haps even a year's time in college.

Faculty Notes

Professor G. W. Thompson will give a
complimentary organ recital to the Fac-
ulty and students of the University of Maine
Sunday afternoon, Nov. 5, at four o'clock,
in All Souls Church, Bangor, Me.

Dean Merrill is at Washington, D. C.,
attending the convention of the Deans
of Agriculture.

Pres. Aley and Dean H. S. Boardman
are attending the annual meeting of the
National Association of State Universities
at Washington, D. C.

Professor Simmons is attending the
American Farm Managers Association,
which also convenes this week at Wash-
ington, D. C.

ALUMNI NOTES

Fred H. Bogart, 1901, is Vice-President
and Manager of the Sterling Metal
Products Company Inc. manufacturers
of ball bearings and universal driving
shafts for the automobile trade, Lancaster,
Pa.

C. S. Benjamin '11, now employed as a
chemist for the Thomsen Chemical Co. of
Baltimore, Md., and has presented the de-
partment of chemistry a complete set of
specimens of the firms products. These
comprise over 100 bottles containing
various types of commercial chemicals for
laboratory and industrial use.

COLLEGE OF ARTS AND SCIENCES—Major subjects in Biology, Chemistry,
Economics and Sociology, Education, English, German, Greek and Classical Archaeology,
History, Latin, Mathematics, and Astronomy, Philosophy, Physics, and Romance
Languages. Special provision for graduates of normal schools.

COLLEGE OF AGRICULTURE—Curricula in Agronomy, Animal Husbandry,
Biology, Dairy Husbandry, Forestry, Home Economics, Horticulture, Poultry Husbandry,
and for Teachers of Agriculture. Two years course in Home Economics for Teachers.
School Course in Agriculture (two years). Short winter courses. Farmers' Week.
Correspondence and lecture courses. Demonstration work.

COLLEGE OF TECHNOLOGY—Curricula in Chemical Engineering, Chemistry,
Civil Engineering, Electrical Engineering, Mechanical Engineering and Pharmacy.

COLLEGE OF LAW—(located in Bangor). Three years' course preparing for ad-
mission to the bar.

MAINE AGRICULTURAL EXPERIMENT STATION—Offices and principal
laboratories in Orono; Experimental Farms in Monmouth and Presque Isle.

GRADUATE COURSES leading to the Master's degree are offered by the various
colleges.

SUMMER TERM of six weeks (graduate and undergraduate credit).

Exchanges

Magazines and papers are to be collected each week from all the dormitories by the Dartmouth Christian Association and sent to the Vermont State Prison, the Seaman's Friend Society of Boston, and to numerous lumber camps in the north of New Hampshire. The Boston and Maine Railroad has consented to ship the magazines free of charge.

Dartmouth has adopted a system of numbering the players in their football games. This enables the official to pick out the man who fouls and still hold the spot and it is of advantage to the spectator also. Yale is also considering the adoption of this plan.

All Dartmouth freshmen who are deficient in their studies are to have the aid and advice of upperclassmen who will act as tutors if the freshmen so desire. This aid is offered by the Christian Association and is entirely voluntary. It is to be run primarily for those who cannot afford to pay for tutoring, but it is expected that all who can pay will do so.

Theta Zeta chapter of Lambda Chi Alpha was recently established at Dartmouth. This is the eighteenth fraternity to be established at Dartmouth.

Professor Tubbs of Bates College is giving a series of lectures on military history at the request of the students.

Coch Fuller of Colby has offered a silver medal to the best "sub" on the football team, which will be awarded at the close of the season.

A plea has been sent forth to the students of Worcester Polytechnic Institute to volunteer to help the athletes who must necessarily lose some of their work.

Monthly marks are sent out to the students of Worcester Polytechnic Institute if their rank in any subjects is either "D", "E", or "F". No marks are sent out for the subjects in which a man has a rank of "A", "B", or "C."

Worcester Polytechnic Institute has no hand of its own but canvasses the student body for funds to hire a band for its important games.

Kansas inventors have been invited by the Kansas State Agricultural College to send their inventions to the engineering laboratory where they may be tested and advice may be given.

Gamma Epsilon chapter of Beta Theta Pi has recently been installed at the Kansas State Agricultural College.

A number of girls of the University of Vermont are making needed articles of wearing apparel for the relief of the soldiers taking part in the European war.

The Rifle Club of the University of Vermont has petitioned the Athletic Association to make the rifle team a university team, and has asked for support.

Following is an excerpt from an article printed in the Old Penn Weekly Review of the University of Pennsylvania:—The Standard Oil Company conducts a school in New York for the training of college graduates to enter its service in the Far East. Those who are successful in being submitted to the school receive \$17.50 a week while pursuing their studies. After that time, provided they have successfully graduated, they go on the pay roll at \$2000 a year.

Naturally there are many college men who seek this appointment. For the last session there were 400 applicants. Of these 41 were chosen, and when the school closed three months later, 19 of the original 41 were left.

The Interfraternity Council of the University of Vermont voted October 26 that: "No fraternity man should be with or talk to a freshman except on the campus between the hours of 8.00 A. M. and 6.30 P. M. until November 2, those rooming with freshmen to vacate.

"On November 2 at 10.00 A. M. talking to the freshmen commences and from November 3-5, inclusive, is the period for rushing. From midnight November 5 to 6.00 P. M. November 6 shall be a neutral period. Any bids given before November 2 are of no value.

"On Friday, November 6, at 2.15 P. M. the freshmen will be assembled, and each man, called up in individual order, given his invitations. He will then be sent into a room by himself where he will open his envelope, make his choice, and return the invitations to a member of the conference on hand for the purpose.

Dr. Jordan, formerly connected with the Maine Experiment Station and now head of the station at Geneva, N. Y., has been spending a few weeks with former friends in Orono and vicinity. Recently Dr. and Mrs. Jordan entertained some forty friends from the University at a dinner at the Clark Cottage in Hampden. Special cars were arranged for the accommodation of the guests.

INCREASED INTEREST IN FORESTRY IS REPORTED

That the people of Maine are showing an increased interest in forestry is the text of a report made by Professor John M. Briscoe, of the forestry department at the University of Maine, to the forest commissioner of the state, Blaine S. Viles. In this one year alone the interest has increased to such an extent that the money provided for the University's work in forestry has proved insufficient. The department is facing a deficit, because the \$1,000 increase made by the legislature will not meet running expenses.

Thirty-two students are now taking the course in forestry, and there are thirty-four students of agriculture who are taking work in forestry as an elective subject helpful to their own pursuits. Four graduates in 1913 and four more in 1914 won the degree, Bachelor of Science in Forestry.

An instructor in forestry has been added to the department's teaching faculty. New courses have been added to the curriculum and the old courses have been strengthened to meet the demand made by the growing number of students. Extension courses, in the shape of lectures, for normal schools, public schools, granges and clubs, have been offered. A summer school camp and a State forestry nursery have been established.

Scholarship Opportunities

College men who earn a large part or all of their college expenses will doubtless be greatly interested again this year in the free scholarships offered under the direction of Mr. H. W. Frey to self-supporting students. For the past six years over 1200 students have won free cash scholarships worth \$100 to \$1000 apiece.

President Wilson, together with five prominent college presidents, has endorsed this plan of awarding free scholarships to ambitious students. A certificate of such endorsement is placed in the hands of every student whose application for enrollment as a candidate is accepted.

These scholarships are not competitive in any sense of the word, but are available to any student of good character. Each student is apportioned an exclusive radius. The scholarship is won, not for classroom proficiency, but for practical work during the summer months or in spare time through the college year.

College employment bureaus from Maine to California recommend this plan as a sure means of meeting college expenses for self-supporting students. The work possesses a dignity and distinction which invariably appeals to the ideals of college men. It is always congenial and eminently satisfactory financially. Over 150 Scholarships were awarded students the past summer, Mr. Arthur Kenkel, of Valparaiso University, winning a \$1000 scholarship by 10 weeks work.

Any self-supporting student can secure full particulars without obligation by dropping a postcard at once for "The Adventures of T. Courtney Perkins" to The Review of Reviews Scholarship Fund, 30 Irving Place, New York City.

Opportunity For Eastern Maine

For the first time in the history of the organization, the Maine State Pomological Society meets in the Bangor City Hall, November 17-19 inclusive. It will offer an unparalleled opportunity for the farmers of Hancock, Penobscot, Piscataquis, and Washington Counties to exhibit and attend.

The meeting is arousing state-wide interest and will prove of incalculable value to those in attendance. The Society is planning an excellent program. In addition to the display of the best fruit grown under Maine farm conditions, there will be demonstrations in grading and packing and lectures by practical growers on real problems in fruit culture.

We hope that the growers of Eastern Maine will feel under obligations to support this show and make it of such a success that the Society will not hesitate to convene again in Bangor. There will be exhibits of individual plates, boxes of the best varieties, and barrels of the standard commercial varieties.

The Extension Department of the College of Agriculture will lend all possible assistance to farmers who intend to exhibit. It is planned to assist those who apply either in selecting the plates before the show, sending a man into a community to assist a number in grading and packing, or sending information concerning the Premium List and materials for box packing.

No state pomological society convention has ever aroused such interest and it is expected that a record-breaking crowd will see the best exhibit of fruit ever shown in this State.

"Ducky" Jones '14, is travelling for Swift & Co.

PLAY NOVEMBER 14

Fresh-Soph Game to Be Closely Contested

On Nov. 14, the same day that the Varsity team plays West Point, the Maine freshmen will meet the sophomores on Alumni Field for the annual class football game. The game will begin at one P. M. in order that later everybody may watch the score board for the big game.

As it has not yet been decided just who will go to West Point and who will stay at home, the full lineup cannot be given. It is certain however, that there will be some very good material left for the home game, even after the Varsity subs have been chosen. Thus far the freshmen have shown up exceedingly well and they now feel confident of victory, but Manager Hill has all kinds of faith in his huskies and does not for a moment anticipate defeat.

Rifle Shooting As a College Sport

Over five thousand college marksmen is the record for the college year ending June 30th, 1914. Through the combined efforts of the National Rifle Association of America and the National Board for the Promotion of Rifle Practice, rapid strides are being made looking to the introduction of rifle shooting as one of the recognized sports in the colleges throughout the country and the movement has been still further stimulated by a recent act of Congress authorizing the free issue of rifles and ammunition to college and university rifle clubs.

This work was begun several years ago by the National Rifle Association backed by the War Department with a result that at the present time there are 42 colleges and universities having well organized and active rifle clubs. National championships are now being carried on annually both indoor and outdoor. The annual competition for college teams is now being organized for the indoor season. These matches are shot on indoor ranges with 22-caliber rifles. The championship for 1914 was won by the Michigan "Aggies" and the outdoor championship was won by the Mass. "Aggies."

As an evidence of the fact that the athletic authorities of a great many colleges and universities, are recognizing marksmanship as a part of their athletic curriculum, many of them are giving the college letter to those students who make the rifle teams.

A feature of this work which is worthy of mention is the fact that there have been no serious accidents of any kind on rifle ranges since the work was introduced, a claim that could hardly hold good in connection with other prominent school sports such as football and baseball. Furthermore, only a small percentage of students can take part in baseball and football matches, while the number of students who can enter the shooting competitions is only limited to the capacity of the range.

In addition to competing against each other in rifle matches, college clubs are given annually a medal for a members' competition by the National Rifle Association. Decorations are also presented to club members by the War Department for qualifying as expert sharpshooter and marksman. The college which made the best showing in the number of students qualified for the fiscal year ending June 30th, 1914, was Cornell University. The rifle club which made the best showing in the number of qualifications was the Minnesota University Rifle Club, which qualified 96 marksmen, 11 sharpshooters and 19 experts.

At the camps of instruction for college students held during the summer, rifle shooting was one of the courses of military training laid down. At these camps 31 students qualified as experts, 114 as sharpshooters and 219 as marksmen. The National Rifle Association of America presented a cup for an intercollegiate team competition and also a medal for the student making the highest score at each camp. The cup was won by Cornell University whose four men scored 854. The University of California was second with 809 and the University of Minnesota third with 782. The high score men in each camp were as follows:

Burlington, H. C. Newberry of Colgate University; Asheville, Wm. W. Search; Ludington, Theron G. Bethven, University of Minnesota; and Presidio of Monterey, Haeourt Blades, University of California.

Information concerning the organization of such clubs may be secured from the Secretary of the National Rifle Association of America, 1108-9-10 Woodrow Building, Washington, D. C.

The installation of motors and paper and pulp machinery in Aubert Hall is being rapidly completed.

Grand Opera Stars Choose TUXEDO

The Favorite Tobacco of
 the World's Best Singers

THE world's great singers, the bright stars of grand opera, must have confidence in the tobacco they smoke, must choose a tobacco that has no harmful effect on their throats.

Leading singers at the Metropolitan Opera House during the current season—Slezak, Jörn, Gilly, Didur, Griswold, Witherspoon—find Tuxedo the one tobacco they can smoke with thorough enjoyment and absolute safety.

Tuxedo
 The Perfect Tobacco for Pipe and Cigarette

Tuxedo cannot sting, bite or irritate the delicate membranes of the mouth or throat.

If you try Tuxedo for a month and cut out other smokes, you will find that you are getting the utmost satisfaction and enjoyment possible out of your smoking, and at the end of the month your general health will be improved. Try Tuxedo This Week!

YOU CAN BUY TUXEDO EVERYWHERE

Convenient pouch, inner-lined with moisture-proof paper 5c
 Famous green tin, with gold lettering, curved to fit pocket 10c
 In Glass Humidors, 50c and 90c

FREE Send us 2 cents in stamps for postage and we will mail you a souvenir tin of TUXEDO tobacco to any point in the United States. Address

THE AMERICAN TOBACCO COMPANY
 Room 1209 111 Fifth Avenue New York

LEO SLEZAK
 "Tuxedo means tobacco superiority. It easily holds first place in my opinion on account of its wonderful mildness and fragrance."

KARL JÖRN
 "Tuxedo is the ideal smoke in my opinion. If you find your energy sagging, try a pipeful of Tuxedo. It's a wonderful bracer."

DINAH GILLY
 "Pipe smoking gives added pleasure when the pipe is filled with Tuxedo. Tuxedo provides more keen enjoyment than any other tobacco I know."

Dinah Gilly

MAINE—BOWDOIN

Continued from page 1

Campbell went in for Stone. Martin went through guard for five yards. Maine was penalized for holding, putting her back to the 20-yard line. Bernheisel passed the ball over the line to Reardon who scored, making the tally 19, and Ruffner kicked the goal adding one more.

Bowdoin kicked off to Kirk on Maine's five-yard line. Kirk got away and ran through to Bowdoin's 45-yard line where he was dropped by Shumway. Maine plugged down to the thirty-yard line where a forward pass, Bernheisel to Reardon was spoiled by Shumway, who captured the ball after it had touched Reardon's hands, on the eight-yard line.

Bowdoin punted to Bernheisel who ran it back fifteen yards to the 25-yard line.

Allen made five yards on a tackle play, taking the Bowdoin team along with him. H. Foster was replaced by Peacock. Drummond for Floyd, Bradford for Leadbetter.

Kirk tore through for ten yards, Martin and Ruffner split five more between them and the next play was a delayed fumble captured finally by Baker on the three-yard line. It looked like a touchdown but Maine stuck and handed over the ball to Bowdoin, on downs, greatly to the delight of the Bowdoin rooters. Bowdoin punted 20 yards to Bernheisel.

A forward pass, Bernheisel to Donahue failed. A double pass, Bernheisel, Kirk and Martin also failed.

Another forward pass, Bernheisel to anybody failed and it was Bowdoin's ball on her 22 yard line. She got five yards in three downs and punted to Kirk who fumbled and it was Bowdoin again on her 48 yard line. Bowdoin punted to Kirk again, who, with the able assistance of Baker managed to retain possession of the ball on the 20-yard line. Stanley went in for Wood.

A blocked forward pass behind the line set Maine back five yards and then Martin got away for sixteen yards. End of quarter. Maine's ball on her 23-yard line.

Score, Maine 20, Bowdoin 0.

FOURTH QUARTER

Kirk lost two yards and went down for the count. He was replaced by Gorham. Martin got away for a thirty-five yard run and then in four plays Maine got to the twenty-yard line. Rudman replaced Peterson. Maine advanced to the six-yard line in the next three downs and Bernheisel started around right end, having received the ball from Martin.

Peterson went in for Gulliver. Bowdoin kicked off to Reardon, who, receiving the ball on the 15-yard line and ran it into Bowdoin's territory to the 35-yard line.

Mace went in for Reardon. A forward pass was no good because there was no one to look after the ball after it left Bernheisel's hands, but Ruffner, punted to Shumway who was nailed by Mace on the 20-yard line.

Bowdoin got nine yards and lost the ball to Allen on a fumble. McCormick for Shumway. Allen made five yards on a tackle play. Austin for B. Moulton, Ruffner made five around left end.

A forward pass, Ruffner to Bernheisel brought the ball to the ten yard line and another pass resulted in a touchback giving Bowdoin the ball on the twenty-yard line.

Bowdoin punted outside on Maine's 34-yard line. A double pass Martin, Bernheisel, Donahue gained eight yards. A forward pass, Ruffner, Bernheisel failed, Gorham carried the ball to the 22-yard line. Ruffner tried a drop kick which started good but struck the goal post and bounded out.

Bowdoin punted outside on her 42-yard line and Martin got the ball back to Bowdoin's 33-yard line where the ball was at the end of the game.

Frat. Initiations

Beta Theta Pi

The annual initiation of Beta Eta Chapter of Beta Theta Pi was held Thursday evening, November 5, 1914. The following thirteen students received membership: W. H. Allen '18, Brownville Junction; Harold T. Andrews '18, Portland; William T. Donegan '18, Portland; J. Harford Gray '18, Lubec; Julian F. Greeley '18, Portland; Frederick T. Haines '18, Portland; Francis Head '18, Bangor; Charles E. Jones '18, Bangor; George S. Longley '18, Auburn; Burt Richardson '18, Pasadena, Cal.; Harland S. Rowe '18, Springvale; Watson F. Stanley '18, Springvale; Stephen T. Webster '18, Augusta. After the initiation a banquet was served in the chapter hall. W. R. Pattangall '84 acted as toastmaster. Among the speakers were: R. K. Jones '86, M. L. Gilman '15, C. L. Newton, Wesleyan '02, and H. T. Andrews '18. The following Alumni were present: H. A. Rich '09, G. D. Pearce '11, K. N. Fox '10, W. R. Pattangall '84, R. K. Jones '86, C. P. Weston '96, W. E. Barrows Jr., '02.

Theta Chi

Gamma Chapter of Theta Chi Fraternity held its 7th annual initiation banquet at the chapter house Saturday evening, November 7th. O'Hara's orchestra furnished music. S. P. Danforth, '15, acted as toastmaster, and the following toasts were responded to: Greetings, C. R. Norton, '16; "1915", J. E. Doyle, '15; The Grand Chapter, R. C. Heath, '08; "1916", A. W. Nickerson, '16; From the Standpoint of the Alumni, P. R. Seamon, '08, "1917", C. C. Penney, '17; The Old Days in Gamma, R. O. Hatch, '10; "1918", E. W. Campbell, 1918.

Impromptus. The initiates were J. R. de la Cruz, 1915, H. P. Andrews and G. E. Dole, 1917, E. M. Campbell, M. V. Crockett, S. M. Dunham, C. L. Foss, R. G. Hutton, J. Little, W. J. Mackin, R. J. McCarthy, C. D. Mellyro, H. G. Morse, D. T. Potter, and A. W. Startz, 1918.

The following alumni were back for the affair: A. W. Richardson 1906, R. C. Heath, W. R. McNamara, and P. R. Seamon, 1908, H. W. Smith, 1909, H. D. Leary, F. S. Sawyer and Roy Hatch, 1910, W. R. Thompson, George York and Ralph Coffey, 1914, and Guy Albee, ex-'10. J. L. Mullin of Beta Chapter and John D. Pellett of Theta Chapter were present as delegates of their respective chapters.

Phi Gamma Delta

The annual initiation banquet was held at the Bangor House, Nov. 5. The speakers were as follows: E. F. Hason '15, Toastmaster, W. C. Barrett '18, Charles W. Mullen '83, Prof. W. P. Daggett, T. W. Haskell '14, and Raymond Fellows. Other chapters were represented by: W. A. Jewell, Worcester Poly., C. C. Gammons of Dartmouth; R. T. Whitney Mass. Institute of Technology; E. I. Christy, Brown;

Other alumni members present were, H. H. Towle, T. F. Norcross.

Sigma Nu Initiates

Delta Nu Chapter of Sigma Nu Fraternity held its third annual initiation and Banquet at the chapter house on the Campus Thursday evening, Nov. 5.

The following men were initiated: Philip H. Cobb '17, Norway; Henry A. Peterson '17, Portland; Ralph E. Sawyer '17, Buxton; Leland J. Redin '18, Portland; Haller V. Priest '18, West Enfield; Donald F. Gibbs '18, So. Portland; Frank S. Kerr '18, Cambridge, Mass.; Newell B. Chamberlain '18, Cambridge, Mass.; Philip E. Foster '18, Bar Harbor; Edward H. Davis '18, Saugus, Mass.; Arlo C. Jordan '18, Portland; Clarence B. Springer '18, Portland; Frank S. games '18, Lynn, Mass.; Robert M. Littlefield '18, Ogunquit; Ralph Wentworth '18, Norway.

Delta Tau Delta

On Friday and Saturday evenings, Nov. 6th, and 7th, the Delta Tau Delta fraternity held its annual initiation and banquet. The initiates are: J. Merton McGrath '18 of Redlinville, N. H.; Abraham Fernald Jr., '18, of Mt. Desert, Me.; Walter H. Miles '18 of Hallowell, Me.; Francis T. McCabe '17, of Worcester, Mass.; Frank D. Libby '18, of Gardiner, Me.; James E. Spiers '18 of Portland, Me.; Roy M. Somers '18, of Portland, Me.; Clifford M. Winter '18 of Brooklyn, N. Y.; Sewell D. Vaughn '18 of Warren, Me.; Roland L. Greene '18 of So. Brewer, Me.; Raymond F. Cole '18 of Bangor, Me.; and Joseph T. Beck '18 of Augusta, Me.

The banquet was held Saturday evening in the reception rooms of the fraternity house. Among the alumni present were: J. W. Randall '09, G. O. Nauman '09; W. W. Harmon '10; Robt. Buzzell '12; W. L. Wilson '13; R. A. Wade ex-'17, A. F. Gilman, Ripon College, Wisconsin, K. C. H. Drechel, Franklin & Marshall Institute '94, L. J. Brown '14, F. A. Snell ex-'17, L. R. Morse, H. C. Elliot '06, A. A. St. Onge '14, R. W. Peaslee '14, C. A. Blackington '14, S. A. Lampher '10,

A. G. Baldwin '14 and R. E. Hall, Boston Alumni.

Brooks Brown '16, H. W. Hayford '15, and W. T. Pettet '15, motored to Dover and Foxcroft with St. Onge '14, for over Sunday.

MAINE NIGHT

Continued from page 1

gathered to celebrate Maine Night and that he hoped that the custom would be carried all over the country where there were a group of Maine alumni, to plan something to do for the college.

After the band played some selections Mr. Perkins called on Charles Roach of the grandstand building corporation, who told how the grandstands was built. He said that last spring they had cement, gravel and a little money, great plans and no way of putting them together to build a grandstand. By forming a corporation they were able to borrow money and by modifying the plans built the grandstand that we are proud of. They are now left about \$5,500 in debt. Mr. Roach said if the alumni would support it and if by good teams and games we could fill the grandstands, the receipts therefrom would reduce the debt to nothing quickly.

President Alecy spoke on the factors that make the university, that they consisted of the faculty, student body, alumni and the citizens of the state. The university is the union of these four factors and when they realize that their problems are one and pull together the result will be growth and prosperity to the college and state.

After more cheers and the Stein song the crowd marched to Alumni field, where a huge bonfire was lighted. "Bob" Thurrell '15, called on "Scraper" Waite, Bruce Pearce, "Jack" Carleton, Dyer, Hosea Buck, "Prexy" Monohon, "Ted" Haskell and Donahue.

"Scraper" Waite in his speech had more punch than has been shown around this place this year and the others backed him up. Prof. "Pete" Bean expressed his views plainly and to the point that it would take the backing of the whole student body to make the team win.

The Comradeship of "Bull" Durham

There is something about ripe, mellow "Bull" Durham Tobacco that appeals to clean-cut manhood the world over.

Wherever two "Bull" Durham smokers meet, each recognizes in the other a man to his own liking, a comrade in the world-wide brotherhood of "the Makings."

GENUINE "BULL" DURHAM SMOKING TOBACCO

(Enough for forty hand-made cigarettes in each 5-cent sack)

Millions of experienced smokers find the cigarettes they roll for themselves from pure, ripe "Bull" Durham tobacco better suited to their taste and more satisfactory than any they buy ready-made. The rich, fresh fragrance and smooth, mellow flavor of "Bull" Durham hand-made cigarettes afford healthful enjoyment and lasting satisfaction. Get the "Makings" today and learn to "roll your own."

FREE An illustrated booklet showing how to "Roll Your Own," and a Book of cigarette papers, will both be mailed, free, to any address in United States on postal request.
