CROSS COUNTRY TEAM WINS NEW ENGLAND CHAMPIONSHIP

Coach Smith in a Statement Pays Tribute to the Team

PRETI THE FIRST MAN IN

By defeating Tech by the close score of 66 to 69, the University of Maine won on Saturday, the New England cross country run for the second consecutive time. To add to the distinction already gained Maine had the honor of having the first man to finish, this man being Frank P. Preti. Technology was second with a well balanced team and none too much credit can be given to Captain Bell who practically clinched the race by finishing second.

Coach Smith was very much pleased with the work of the team and has expressed his tribute to the team in the following statement.

"The boys did fine and I am pleased indeed with our victory. Roger Bell made an excellent captain and kept his men fighting all the time. Preti, Dempsey, Herriek, Coffin and Wunderlick all deserve a big share of the credit and worked extremely hard to bring this championship to us. Maine displayed fine spirit and fight Saturday—in fact this has always been our chief asset in Cross Country. Bell and I worked out several plans to accomplish the desired result, the fundamental principle of these plans being the establishment of a spirit that would not take no for an answer and that would not crack under the hottest kind of competition."

Continuing Coach Smith speaks of the benefit that this and previous championships in cross country have brought to Maine.

"On account of winning the New England Cross Country Championship for two years in succession Maine has gained more advertising and athletic prestige thru this branch of sport than she ever secured from ten State championships or through any other known medium of advertising. I hope that every body at the institution will realize this point as I am inclined to think that many of us are even too sleepy to open our eyes and look around. The "regular newspapers" never noticed Maine very much until we won the New England Cross Country Championship last year and placed 2nd in the New England Track Meet last spring—in fact State Championships have never and never will get us very much aside from general satisfaction and some small town newspaper advertising, and the only way that we can get in the big show is by showing class among real opponents."

I am proud of the fact that I started Cross Country at Maine and that during its four years of existence we have never met a single defeat and that during this time we have won three State Championships and two all important New England Championships—making five championships in four years, two of which marked our first entrance into the land of the living."

The surprise of the meet was the running of Dartmouth. The New Hampshire school was supposed to have a weak team and although Capt. Durgin, its first finisher, was only in 10th place, its fifth man finished 23d, bunching five men in 13 places. Colby and Brown had a stiff fight for sixth place at the Maine college winning by one point.

The distance was 4-8-10 miles and the course proved to be ideal for hill-and-dale running, as it was possible for the spectators near the finish to get sight of the matter so the protests were not ailing the race.

The result was in doubt some time after the finish. Tech protested several Maine runners, owing to the fact that they were given sponges and pieces of lemon to suck during the race by non-

contestants. It was also claimed that some of the Maine men were helped up a hill by outsiders.

After the rules were consulted it was found that although the intercollegiate rules forbid the giving of nourishment to runners during the race, the New England rules make no statement on the matter, so the protests were not allowed.

All the teams went off fast at the start and stayed well bunched for the first mile. At the mile mark, Francis of Worcester Polytech was leading with Preti and Bell of Maine. Shriver of Williams, Wenz of Colby, Cook and Brown of M. I. T. at his heels. A stiff wind had been blowing in the runner's faces and at this point the men began to string out.

At the second mile Francis had fallen back, but the others stuck in about the same order. The Dartmouth team, which had started off fast, was running well bunched, with Durgin leading and looking strong at this point. Dempsey of Maine here worked his way up with the leaders. At the end of the first lap Preti, Brown and Shriver were running together, with Cook and Wenz right behind. Preti and Brown opened up a lead on the second lap, while the next five men were well strung out.

Half a mile from the finish Brown, who had been running on Preti's heels, weakened and fell back to ninth place. Preti kept on, finishing strong with a comfortable lead. Shriver, Bell and Cook struck the finish together, when Shriver let out a spurt which carried him to the tape five yards ahead of Bell, who had the same lead on Cook. Wenz, the next man, was 200 yards behind.

Richards of M. A. C. and Dempsey of Maine had a hard battle for sixth, but the agricultural runner was the stronger.

The summary:

Pos.	Runner	College	Min.	Sec.
1	Preti, Maine		25	15 3-5
2	Shriver, Williams		25	37
3	Bell, Maine		25	38
4	Cook, M. I. T.		25	40
5	Wenz, Colby		26	12
6	Richards, M. A. C.		26	22
7	Dempsey, Maine		26	24
8	Aiken, M. A. C.		26	32
9	Brown, M. I. T.		26	33
10	Durgin, Dartmouth		26	40
11	Tucker, Dartmouth		26	44
12	Gerald, W. P. I.		26	44 1-5
13	Francis, M. P. I.		26	45
14	Granger, Dartmouth		26	47
15	Heavens, Amherst		26	55
16	Myer, Dartmouth		26	56
17	Bradley, M. I. T.		27	03
18	Coop, Brown		27	04
19	Benson, M. I. T.		27	07
20	Wall, M. I. T.		27	07 2-5
21	Herriek, Maine		27	10 1-5
22	Waterman, Brown		27	19
23	Lewis, Dartmouth		27	22
24	Litchfield, M. I. T.		27	23
25	Thompson, Dartmouth		27	24
26	Pratt, M. A. C.		27	23
27	Kelton, Williams		27	37
28	Kelce, Brown		27	38
29	Safford, Williams		27	39
30	Levine, Colby		27	41
31	Wegg, Colby		27	42
32	Wester, Colby		27	49
33	Glover, M. A. C.		27	54
34	Coffin, Maine		27	54
35	Smith, W. P. I.		27	55
36	Wunderlick, Maine		28	02
37	Pratt, Williams		28	05
38	Moriarty, Brown		28	07
39	Pease, Dartmouth		28	15
40	Taylor, Brown		28	25
41	Newton, Williams		28	26
42	Russell, M. A. C.		28	20

MAINE LOSES THE LAST GAME TO THE ARMY

Fights Stubbornly for Three Periods but Weakens in the Fourth

INJURIES WEAKEN TEAM

Maine closed her season with a 28 to 0 defeat at the hands of the Army. But before looking at the score one should first consider how well Maine held the Army to one touchdown for three periods. The team that faced the Army was badly crippled. Kirk had not been in fit condition for two weeks and it was expected that before every play, that that play might be his last one. Gorham, the only other halfback was taken sick on the trip and it was thought on Friday that he would not be able to get into the game. He did however but was far from in the best of shape. To add to this tale of woe, Purington and Kriger were not able to play at all.

Although it has been stated in the papers that the Army was crippled and that her best men were not in the lineup, she had among her players, picked from the whole country, two men at least who were mentioned last year for All American teams. One of these men was Oliphant at quarter and to him must go some 75% of the credit of winning. He was the only man on the Army team who was able to make gains of any great distance.

The lineup:

ARMY	MAINE
Kelly, le.	Donahue, le.
Parker, lt.	Rudman, lt.
Jones, lg.	Allen, lg.
McEwen, c.	Baker, c.
Herriek, rg.	Gulliver, rg.
Larkin, rt.	Wark, rt.
Tully, re.	Reardon, re.
Oliphant, qb.	Bernheisel, qb.
Mitchell, lb.	Gorham, lb.
Van Fleet, rhb.	Ruffner, rhb.
Coffin, fb.	Martin, fb.

Score by periods: Army, 0, 7, 0, 21—28; Maine, 0, 0, 0, 0.

Referee, Thorpe of La Salle. Umpire, Luehring of Chicago. Head linesman, Cadet Pritchard. Time of periods, two of 10 minutes and two of 12 minutes.

Army scoring: Touchdowns, Oliphant, 3, Tully. Goals from touchdowns, Oliphant.

Substitutes: Army—Prickett for Kelley; Timberlake for Jones; Goodman for McEwen; McEwen for Goodman; Holmes for Herriek; Weyand for Larkin; Grigham for Tully; Britton for Bringham; Harmon for Oliphant; Coffin for Harmon; Walker for Mitchell; Mitchell for Walker; Cooth for Mitchell; Harmon for Coffin; Oliphant for Harmon. Maine—Moulton for Rudman; Kirk for Gorham.

VICTORY CELEBRATED

Students Make Merry in Bangor and at the Bijou

Bangor was again the scene of student festivities last Saturday night when a part of the student body celebrated the victory of the cross country team in the New England Meet. About three hundred students were in the parade which formed at eight o'clock. They marched up Main street, having a plentiful supply of red fire and returned doing the snake dance. They were ably assisted by "Uncle Sam," who was advertising Union Leader tobacco for the Estabrook store.

As usual on occasions of this sort, the Bijou theatre was attended for the second performance, the whole middle section being reserved. The band occupied the stage and had a prominent part in the program. In addition to the regular performance, there was a fake cross-country run by Redman, French, Whittier, and Smiley and also an act by Smiley, Whittier and Hanson. Pictures of the cross country team were shown.

Hanson '15, led the cheering in his usual efficient manner. That Manager Boggett's courtesy to the students was appreciated was proved by the hearty cheers which were given for him.

Special cars conveyed the crowd back to Orono.

FOOTBALL SEASON IS REVIEWED CALMLY

Harsh Criticism Unwarranted in the Opinion of the Campus Writer

COACH HAD PROBLEMS

With the defeat by the Army football team at West Point, Saturday, the University of Maine football season came to a close and a resume of the season's play cause many to believe that the season was one that did not bring the satisfactory results. Losing the Maine State championship series for the first time in four years has caused many to question the coaching system, and then going to West Point to meet the Army in last Saturday's game has brought much criticism on the schedule. Many criticisms have been noted in the papers of the state relative to the coaching, the condition of the men, the schedule and according to one paper of the lack of "even nodding acquaintance with the open game." The facts of the case are that the sporting writers have not had an intimate acquaintance with the coach, the system or the players.

Mr. Cochems came to Maine to coach the team this fall with a highly enviable reputation as a player at the University of Wisconsin and a coach, filling the latter position at the University of St. Louis and other Western institutions of high standing. Parke H. Davis the celebrated compiler of football statistics states that E. B. Cochems in 1901, alone and unaided won the championship of the Western Conference for the University of Wisconsin and was especially brilliant in his work against the University of Chicago on November 28 of that year, when he made the ninth, longest run ever recorded in football, carrying the ball 100 yards for a touchdown on the kick-off. Cochems has also been heralded as the real inventor of the forward pass.

The material offered the coach this fall seemed to offer all sorts of possibilities and it seemed that out of the fifty men who aspired for a berth on the eleven that once again would the championship honors come to Orono. There were two holes that were very hard to fill caused by the loss of Paul Murray, probably one of the greatest tackles that ever appeared on a Maine gridiron, and Harold Cobb, varsity quarterback of last season and a punter whose ability was unquestionable. In that eventful no score tie with Yale last year, it was Cobb's toe that was the greatest protector of the Maine goal line.

Sawyer, last year's captain and All Maine guard for three years was the third loss that was later to evidence itself and Cochems saw that he had his work cut out for him to maintain the standard set by Coach Reilly, his predecessor.

His most important mission was then to develop two star linemen and also to train a field general. The question then resolves itself into whether or not the material at hand was of the Murray, Cobb or Sawyer calibre. Another question for the student body to consider is whether or not the University offered the new coach a punter. So much for the coach and the material.

The season showed in the preliminary games that Maine had a seemingly well-drilled machine that had high scoring powers, featured by well night perfect interference. The ability to advance the ball invited compliments from all the state papers and the battle with Colby, which had the best team in the history of that institution was awaited with interest. Maine vanquished Fort McKinley, Norwich, University of Vermont, Boston College and was the recipient of a 20-0 coat of whitewash in the game against Yale at New Haven. This brought Captain Baker's eleven to the state series with a team that lacked a punter, that did not have the defensive powers of last year's aggregation that had two new men, namely Peterson and Moulton to fill the places of Sawyer and Murray. Bernheisel, Spears and Needleman, the last two being freshmen, were tried out as quarterbacks and Bernheisel looked the best bet for the State series. As for the other colleges of the state, Bowdoin and Bates presented weak elevens while Colby

FRESHMEN AGAIN DEFEAT SOPHOMORES

Freshmen Make The Only Touchdown

PLAYED ON A MUDDY FIELD

On a muddy field made additionally uncomfortable by a cold wind, the freshman football team easily defeated the light sophomore eleven 6 to 0 in their annual game, Saturday. A small but enthusiastic gathering representing each class watched the contest and cheered its men from the side lines.

From the first minute of play it was evident that the Freshmen had the better team, but the Sophomores fought gamely, and the game was not admittedly lost until the final whistle was blown. The 1917 team won the toss and chose the west goal with the wind behind them. The Freshmen kicked off over the fifty-yard line and the game was started. For the first ten minutes of play the ball was kept in the vicinity of the sophomore's thirty-five yard line, and neither team gained an advantage. The ball changed hands five times, and then the heavier Freshman team gained steadily. Making an average of five yards to a down the ball was rushed to the five yard line and on the third down it was carried over the goal line for a touchdown. Donegan made an ambitious try for a goal but owing to a miscalculation on his part the ball cleared the bar on the wrong side. End of quarter. Score—6 for the Freshmen.

The second quarter started with the ball in possession of the Freshmen on the Sophomore's 40-yard line. Here the ball went to the Sophomores. They punted repeatedly, but without making any gains. The Freshmen after again securing the ball, punted over the goal line on a fourth down. Again the Sophomores punted back, and recovered the ball. By steady rushing they succeeded in carrying the ball as far as the 20-yard line in which vicinity it remained until the end of the period.

The third quarter started with many new men entering the game for both teams. No long gains were made by either team during the period, each side attempting forward passes which in nearly every case failed.

In the last period, the Freshmen had things pretty much their way, but failed to score on account of frequent fumbling. Special mention should be made of the fine playing of Capt. Higgins '17. For the Freshmen, McRae was the individual star.

Lack of space makes it inadvisable to include all the men in the line-up, since nearly every man of both classes played in the game.

FRESHMEN	SOPHOMORES
O'Brien, le.	re, Sherman, Cobb
Estes, lt.	rt, McKown
Morse, lg.	rg, Waterhouse
Dodge, c.	le, Hiller
Priest, rg.	lg, Gilpatrick, Nash, Watkins
Green, rt.	lt, Brasseur
Murphy, re.	le, Freeze
McRae, lb.	rhb, Pierce, Sawyer, Higgins
Hutchins, Jones, rhb.	llb, Stevenson
Donegan, Niles, qb.	Lacross
Lewis, Libbey, fb.	fb, Gray Brown
Score, Freshmen 6.	Touchdown, Donegan.
Referee, Mace.	Umpire, Welsh.
Time, 12 minute quarters.	

Prof. Thompson's Recital

Professor G. W. Thompson of the German department gave a complimentary organ recital to faculty and students last Sunday at All Soul's Church in Bangor. After a brief vespers service the following numbers were given:

- Overture to William Tell. Rossini
 - Prestissimo. Denée
 - Valse Cereante. Lachauume
 - Scherzo Symphonique. Miller
 - Midsummer Idy. Johnston
 - The Storm. Lemmeus
 - 1 Evening Pastimes. 2 Approach and break of the storm. 3 Prayer for deliverance. 4 Song of thanksgiving.
- It is indeed a privilege to hear Professor Thompson and one which is appreciated.

EDITORIALS

There will be no issue of THE CAMPUS
next Friday because of the Thanksgiving
recess.

THE CAMPUS is anxious to serve you in
every possible manner. It desires to draw
you into closer relationship with your
Alma Mater. It desires to rejuvenate you
by reuniting the men of those memorable
and happy college days.

To further this work among you an
alumni editor has recently been added to

The CAMPUS staff and the
Alumni! secretaries of your several
Attention! Alumni Associations have
been asked to send us a
monthly letter for publication.

However if we are to be of the greatest
service to our alumni the individual must
shoulder a part of the responsibility.
Our alumni column will be enlarged as
soon as we can persuade the alumni them-
selves to let us know what they are doing
and where they are.

We feel justified in asking you to do
two things—get enrolled on our sub-
scription list and second to get in touch
with the secretary of your alumni associa-
tion. Thus let the "other fellow" who at-
tended college with you know how fortune
is favoring you.

GET BUSY AND DO IT—NOW!

Another New England Championship!
Men, do we fully realize just how much the
great victory which
The Cross-Country our cross-country
Championship team won last
Saturday means
to our University?

First, and all important, there is the joy
of winning—the satisfaction which we all
experience in having the better team.

Next, and of vital importance, comes
the honor of it. In the case of the Uni-
versity of Maine a victory such as this
means more than the winning of the
Championship. It means that we are a
coming institution, a growing University,
and a formidable contender in future
athletic contests in our section.

Speaking for the student body THE
CAMPUS heartily congratulates the cross-
country team on its splendid victory and
extends most sincere thanks to Coach A.
N. Smith for his work towards their suc-
cess.

Hazing has been finally abandoned to
Hamilton College by action of the stu-
dents after an existence nearly as long as
the college itself. Its passing marks the
end of this custom in American colleges,
it is believed. Hamilton if not the last
institution to abandon hazing leaves but
very few to mourn its loss to the ranks
of the "hazing" colleges. The custom
may still thrive in some of the western
institutions, but in the east it has been
wiped out, as far as is known.
(Ex. Boston Herald).

THE ETHER STUDIED

Physics Department Giving Unique
Course On Subject

The study of the ether as it relates itself
to the sciences, Biology, Physics, Chemis-
try, Astronomy, Botany and Zoology, is
receiving attention in the department of
Physics this fall in a most unique manner.

The circumstances relative to the intro-
duction of the course are as follows: At
the first meeting of Ph. 17, Radiation,
Professor Woodman told his class that,
as there was no outside work in direct
relation to the course as such, he would
like to have the students prepare a theme
relative to the ether, but scarcity of sub-
ject matter, as shown by the report of the
class a week later, seemed to render this
impossible. For this reason Professor
Woodman has arranged a course of weekly
lectures to be given by the professors and
instructors connected with the Physics
department on the ether as it concerns
their separate lines of work.

The first lecture, given by Mr. French,
on "History of the Theory of Ether" was
taken from Whittaker's text and proved
very interesting as a basis for the work.
Mr. Holmes, next reviewed Hooper's
book relative to "Ether and Gravitation"
and Dean Stevens, the following week,
spoke on "the Relative Motion of Matter
in Ether." Last Friday Professor Mc-
Kee, of the Chemistry department, gave
his views on "The Chemist's Conception
of the Ether."

Dean Hart's subject has not, as yet,
been definitely assigned but will probab-
ly relate to the way astronomers regard
the ether. The distinguishing feature of
this course is that no one person will con-
tinuously preside over the work, but that
each will be given an opportunity to show
wherein the ether has, or may have, con-
nection with their own specific subject.
Among the other speakers who will take
up the work in the near future are Dr.
Chrysler, who will probably refer to the
connection of the ether with Botany, Pro-
fessor Boring with Zoology, and Professor
Craig whose subject has not yet been
definitely assigned.

This class meets Friday afternoons at
4:00 o'clock in room No. 316, Aubert
Hall, and the Department takes pleasure
in issuing a general invitation to all in-
terested in the work.

COMMITTEES ELECTED

Two Separate Committees for the
Freshman Banquet thought
Necessary

At a recent meeting of the freshman
class it was decided to hold the annual
banquet on the night of the sophomore hop.
This year the class of 1918 have broken
away from the usual custom of having one
committee of five, and have elected two
committees, consisting of three members
each, to make the plans for the banquet.
This is the first instance of the entering
class departing from the custom of former
years. At all meetings it has been the
desire of the class to follow as closely
as possible in the footsteps of their pre-
decessors.

The following committees were elected:
Banquet committee: Campbell, Gross and
Haines; Program Committee, Barrack,
May and Hutton.

TO BE ON SALE SOON

Sophomore Calendar is to be Dedi-
cated to Prof. McKee

Work on the sophomore calendar is pro-
gressing satisfactorily and plans have been
completed by the committee so the calen-
dar will be on sale shortly after the Thanks
giving recess. The cover of the calendar
promises to surpass that used in the past.
It is to be made of embossed leather and
will contain a view of the Library.

The calendar is to be dedicated to Prof.
Ralph H. McKee of the chemistry de-
partment, in recognition of Dr. McKee's
splendid work in advancing the technical
side of chemistry not alone in the Uni-
versity but in stepping out into the pale,
practical life, learning the problems of the
manufacturer and aiding him in their
solution.

Sigma Chi Entertains

The Sigma Chi Fraternity gave a most
enjoyable house party last Friday evening,
November 13th. The guests of the even-
ing were Misses Mildred Dow, Beatrice
Curtis, Marguerite McGonigal, Margaret
King of Ellsworth, Dorris Wilkins, Louise
Cousins of Bangor, Cornelia Phelps,
Gladys Treat, Constance Randall, Helen
Pike, and Marion Plummer. Mrs. Frank
E. Whitcomb and Miss Josephine Camp-
bell were the patronesses.

ROUND TABLE ENTERTAINS

Audience Pleased by a Varied
Program

The Ladies of the Round Table gave a
very enjoyable entertainment in the gym-
nasium Friday evening, Nov. 13th.

The especial feature of the evening was
without doubt the Spanish solo dance
given by Miss Stebbings. Much skill
and gracefulness was displayed in this
dance. As Miss Stebbings is the physical
director of the women of the University, a
great deal of credit should be given to her
for the excellent folk dance given by thirty
of the young lady students.

The piano duets given by the Messrs.
Blanchard brought forth much favorable
comment as did also the two vocal solos
by Mr. Dolan. The chorus sung by the
girls glee club was also very commend-
able and showed a great improvement
over that of last year.

After the entertainment a social hour
was spent. Punch and sandwiches were
served and several dances were enjoyed.
Except for poor weather conditions the
affair was a success in every way, about
300 being present. The program follows:
Piano Duet..... Messrs Blanchard
Folk Dance..... Thirty young ladies
Vocal Solo..... Mr. Dolan
Chorus..... Girls' Glee Club
Piano Solo..... Mr. Blanchard
Spanish Solo Dance..... Miss Stebbings
Vocal Solo..... Mr. Dolan
Piano Duet..... Messrs Blanchard

GIRLS TAKE FIRST TRAMP

Spend Night in Barn—Chickens
and Horses Ensemble

I think we will all agree the hike to
Black Cap was a success although a most
strenuous ordeal and almost too much for
the first season. It is the longest that will
be attempted on foot before spring.
The start was made from Mt. Vernon at
2 o'clock Saturday afternoon, going by
way of North Main St., crossing the ferry
and taking the river road to a point about
opposite the Basin Mills, across by a two
mile road to the main road to Eddington
and then straight out.

There was very little stopping on the
way and by 6:30 a camp fire was started,
packs untied and supper eaten. About
an hour later the hike proceeded toward
sleeping quarters. The first farm house
on Black Cap was reached by 9:30. The
climb was steep and rough, but the night
was black with a brilliant moon and stars,
and the comet was plainly visible. Over
the lake at the foot of the hill the lights
of Bangor shined brilliantly across the
horizon.

As the night was too cold for sleeping
outdoors, at about eleven, blankets were
taken into the barn and the remainder of
the night was spent on the hay. There
were also horses in the barn. In the
morning breakfast was cooked in the
kitchen of the farmhouse and the trip to
the top completed. By 7:50 the return
trip was started and finished a little after
noon. The girls finished the hike in
elegant shape for one of this length.

The next hike will take place on the
14th of November the first Saturday after
the football games. It is to be the same
trip to Pushaw staying the afternoon,
night and morning of Sunday at "Perk-
O-Rock," that was taken early in the
season.

OLD HOME NIGHT PLANNED

An Unusual Program Promised by
the College of Arts and Sciences

The next opportunity which the stu-
dents in the College of Arts and Sciences
will have to get together in a social way
for a general good time will be held in the
Chapel Saturday evening, December 12th.
The entertainment will be known as OLD
HOME NIGHT and the Committee on
Arrangements, headed by Mr. Ross H.
Varney, '15, for the men, and Miss
Elizabeth Hanly, '15, for the women, is
preparing a program which promises to be
very interesting. In an interview with
Dean Stevens the CAMPUS representative
got the impression that this OLD HOME
NIGHT is to be SO GOOD that its leaders
do not care to say a great deal relative
to the details of the program, the one
essential idea being "DON'T MISS IT." Other
notices will appear in the CAMPUS
from time to time as the date approaches.

Military

On account of the increase in number of
the Maine cadets, Lieutenant Clark has
been obliged to order more rifles of the
War Department. As soon as these
arrive the rifles will be distributed. This
year the men will not be held responsible
for the cleaning of the guns. This work
will be attended to by the university.

BOSTON ALUMNI ASSO.

Celebrate First Universal Maine Night

The following editorial was published in the Boston Alumni edition of the CAMPUS January 30, 1914.

UNIVERSAL MAINE NIGHT

How many of us can go back to Orono each fall for "Maine Night?" From observations, having missed but one during the past thirteen years, it is very evident that a very small percentage of alumni except those in the immediate vicinity of Orono, are able to return.

Is it the expense, lack of time, inactivity of Maine spirit? The answer of many would be that the great distance from Orono requires more time to cover than they can spare.

A solution to the problem would be to have "Maine Night" at home, or a "Universal Maine Night." The general scheme might be for all alumni who can return to Orono, do so by all means. For those who cannot go, let each Alumni Association call its members together on the same night, exchange greetings with Orono, and have a good program arranged similar to the one held in Orono, and even where there are only one or two alumni in a place, let them arrange a "Maine Night" of their own, on the same date. This would tend to stimulate the interest of Maine men, and make "Maine Night" an event for many instead of a few as at present.

This suggestion was received with enthusiasm by a large number of the alumni, and approved by Dr. Aley as a practical means of bringing the alumni closer together among themselves and with the University of Maine.

In order to test the success of having a universal celebration of Maine Night, the Boston Association called its members together for a meeting at Youngs Hotel, Boston, and from the large attendance and enthusiasm shown, there can be no doubt that by next year, Maine alumni all over the country will join together to celebrate Maine Night.

Hon. L. C. Southard '75 was chairman of the evening and much of the success of the evening was due to his efforts. Mr. Southard said in part: "One of the great benefits of these informal gatherings of the alumni was the opportunity they offered for making acquaintances, while in college, a student really gets acquainted with hardly anyone except those who are at the University with him, but after graduation, it is necessary for him to get acquainted with the members of the large alumni class, if he is going to derive the greatest happiness from his college life, and associations. There is no better way to do this than to attend the meetings of the Alumni Association, and attend Commencement exercises.

Heywood S. French '86, was introduced as the new member of the Maine Inter-collegiate Athletic Board amid acclamations, and he indicated his determination to use his influence to continue the prestige of the University's representatives in constantly striving for clean as well as successful sport.

Other speakers were S. P. Graves '03, E. R. Berry '04, F. B. Ames '13, W. D. Towner '14 and P. Sheridan '15.

The report of the dedication of the new grandstand was received with enthusiasm. The University, Pres. Aley and all the rest were cheered with short and long "Maines" interspersed with the other Maine cheers.

Much of the success of the evening was due to the efforts of H. E. Sutton '09, Pres. of the Boston Association who arranged the program, which with the excellent speeches, music, cheering and free mingling together made the event one of the most successful ever given by the Boston Association.

PROF. MCKEE HONORED

Is Elected a Member of the Perkins Medal Committee

For the second consecutive time, the American Chemical Society has chosen Prof. Ralph H. McKee, of the department of chemistry, as a member of the Perkins Medal Committee which is to select the recipient of the medal for 1914. The Perkins Medal, the highest honor which can come to a chemist with the exception of the Nobel Prize, is given to a man who has distinguished himself along industrial chemistry lines. Hyatt, the discoverer of celluloid was the last man to receive the medal.

Dartmouth has an active Outing Club which is planning to construct a ski jump and toboggan slide for the use of its members. Various trips are being planned for and a ski meet with McGill University Ski Club during the Winter Carnival in February.

ALUMNI NOTES

Charles A. Johnson, 1910, is Instructor in Mechanical Drawing and Machine Design at the University of Pennsylvania.

Guy M. Blaisdell, 1911, is in the plant engineering department of the New England Tel. and Tel. Co., Room 606, 50 Oliver Street, Boston, Mass. His mail address is 15 Cushing Avenue, Dorchester, Mass.

H. S. Taylor, 1904, is resident engineer of the Spanish River Pulp and Paper Mills, Limited, Sault St. Marie, Ontario, Canada.

Charles C. Whittier, 1899, is General Manager for Robert W. Hunt & Co., Ltd. consulting engineers, 905 McGill Building, Montreal, P. Q.

LOCALS

Brief Items of General Interest About the Campus

Omer Daviau '18, spent the week end at his home in Waterville.

Clarence Whitney, Law '15, witnessed the Maine-West Point game at West Point and spent the week end in New York City.

"Shorty" Peabody '16, spent the week end at Exeter, Maine.

"Bill" Martin '15, is visiting his home at Carlyle, Penn., after the West Point game.

"Spin" Wonderlick is making a short visit at his home in Boston.

"King" Dempsey spent the week-end in Dorchester, Mass., after the Cross Country race.

Lynn Thomas Rand '12, was guest at the Sigma Chi House over Sunday.

T. B. Bonney '16, has been engaged as coach for the East Corinth Academy basketball team for the season.

Friends of Ralph Coffey '14, will regret to learn that he is in the hospital for an operation.

Mrs. Eugene Thayer and Miss Merrill of Bangor were guests of Frank Thayer at the Theta Chi house recently.

Mr. Cushing of Millinocket was the guest of Wm. J. Corrigan and William Mackin at the Theta Chi house during the past week.

R. J. McCarty, '18, has been engaged as coach by the Oldtown basketball team for the season.

Alton W. Richardson, '16, who is doing post-graduate work at the University, is taking the place of Ralph Coffey as principal of the East Corinth Academy, while the latter is in the hospital.

Laurence Allen of Oldtown was a recent guest at the Theta Chi house.

Philip B. Sheridan, ex-'15, has entered the real estate business in Salem, Mass. The new firm, Frye & Sheridan, has offices on Essex street. one of the most important streets of the city. "Sherry" is an active member of the Boston Alumni Association.

George Bernheisel, William Martin, and Norman Donahue, '15, all went to their homes in Pennsylvania after the Army-Main game at West Point Saturday.

J. E. Doyle '15, has returned from Bucksport where he has been teaching Commercial Arithmetic, Commercial Geography and American History in the E. M. C. S. The E. M. C. S. football team, which Mr. Doyle coached, won its most important game Saturday, beating Higgins Classical Institute by a score of 88 to 0.

C. S. Erswell, '15 is teaching in the Orono High School.

J. E. Doyle '15, will be the guest of William Mackin, '18, during the Thanksgiving recess, at Millinocket, and Joseph McCusker, '17, will be the guest of William Corrigan '17, of the same city. Among other things a hunting trip to Corrigan's brother's camp is planned, and Theta Chi is confidently expecting a good supply of venison from this source.

Phi Eta Kappa

H. H. Nash ex-'13, was on the campus several days this week. Mr. Nash is connected with the Extension Dept. of the University, having charge of the Farm Demonstration Work in York County.

R. H. Greenwood '11, has a responsible position with the General Electric Co. in Schenectady.

Mrs. F. A. Merritt of Brooks was the guest of her son Raymond recently.

B. H. Gribben spent Saturday in Portland with his parents.

F. H. Lancaster '12, is with the American Bridge Co. in Brooklyn, N. Y.

H. Oscar Burgess was the week end guest of D. S. Welch.

R. H. Varney '15 and O. E. Fairchild '16, attended the community efficiency conference at Augusta last week.

You Smoke a 'Better' Tobacco—Why Not Smoke The Best?

THE tobacco you now smoke you consider "better tobacco than you ever smoked before." Naturally, you kept trying until you found a "better" one.

But it stands to reason that since there is a difference in tobaccos, you may be missing still greater pleasure in a still better smoke—in the BEST smoke, in fact.

Tuxedo is the best smoke because no better tobacco leaf grows.

Tuxedo
 The Perfect Tobacco for Pipe and Cigarette

Tuxedo is treated by the famous original "Tuxedo Process" for removing the sting and bite of the natural vegetable oils.

Tuxedo was born in 1904. Its first imitator appeared two years later. Since then a host of imitations have sprung up.

No other tobacco can give the unique pleasure of Tuxedo because no other maker has yet been able to equal the Tuxedo quality.

YOU CAN BUY TUXEDO EVERYWHERE

Convenient pouch inner-lined with moisture-proof paper 5c
 Famous green tin, with gold lettering, curved to fit pocket 10c

In Glass Humidors, 50c and 90c

FREE Send us 2 cents in stamps for postage and we will mail you a souvenir tin of TUXEDO tobacco to any point in the United States. Address

THE AMERICAN TOBACCO COMPANY
 Room 1209 111 Fifth Avenue New York

WALLACE IRWIN
 writer and lyricist
 "Tuxedo is always welcome. A pleasant smoke, a mental tracer—the ideal tobacco."

HENRY HUTT
 famous artist
 "A pipeful of Tuxedo puts new life into me. The mildest and purest tobacco grown."

GEORGE E. PHILLIPS
 Mayor of Covington, Ky.
 "A good pipe, and Tuxedo to fill it, and I'm satisfied. The tobacco in the little green tin has no rival as far as I am concerned."

LETTER MEN BANQUETTED

Pres. and Mrs. Aley Give Banquet to the Football Men

A banquet to the "letter men" of the varsity football squad was given by Dr. and Mrs. Aley at their home, Thursday evening, at six o'clock. This event, which is an annual occurrence of a few years' standing, is a most important one, in that it brings together, in a sort of farewell manner, the undergraduate football men, and those who, now that the season is over, have played their last game for their Alma Mater.

Besides the players, those present included Football Manager White, Mr. and Mrs. Wingard, and Coach Smith, trainer of the squad. It was a matter of regret that Coach Cochens was unable to be on hand, as well as four of the men who had taken advantage of the recent Army trip to visit their homes.

Several informal speeches were presented during the evening. The affair was brought to a close by the election of a new captain for the following year.

GIRLS GYM STARTS

Classes Large and much Enthusiasm is Shown

All the classes in Physical Training began this week, November 12. This also includes the 2nd class in dancing formed for girls outside the regular Physical Training Department. This class is on Tuesday from 5:05-5:30 P. M. There is still room for a few more in this division. Bloomers, middies, and gym or ballet shoes must be worn for this work. This is also true for the class in Heavy Gymnastics which begins Thursday at 4:10. All other classes must be garbed in the regulation Maine Gymnastic costume.

The series of Captain Ball games began Monday, the German team beating the Home Economics Regulars 25 to 22 in the prelims. The prelims are scheduled to be played off as follows:—

- Nov. 2. German vs. Home Economics Regulars.
- Nov. 6. History vs. Mathematics.
- Nov. 9. English vs. Physics.
- Nov. 13. Psychology vs. French.
- Nov. 16. Biology vs. Home Economics or Yr.

COURSES PLANNED

Department of Education To Give Extension Courses

At the Conference of Secondary School Principals held at Castine in July, 1914, it was proposed that extension courses in education, offered at various central points in the state by the educational departments of the several Maine colleges, would meet with a cordial response from teachers who desire to increase their professional equipment.

As a result of this proposal a conference of representatives of the departments of education of Maine colleges has been held and definite arrangements for the conduct of such extension courses during the present year have been made.

The course for this year will be Educational Psychology and will be offered in twelve periods. This course will furnish the basis for further work to be undertaken in succeeding years. The courses will be conducted by faculty members of the four Maine Colleges.

Work assignments with examinations on their completion will be required and a certificate will be given to those doing satisfactory work.

The fee for the course will be \$5100 exclusive of text books. No class of less than ten teachers will be organized and extra fees will be charged in case those taken in do not amount to enough to pay the instructors' expenses.

The four Maine colleges, U. of M., Colby, Bates and Bowdoin, will participate in this work. The following centers have been set in operation, Caribou, Presque Isle, Waterville, Westbrook, Belfast, Brunswick, Bethel, So. Paris, Auburn and possibly one in Rockland will be opened.

The instructors in charge of this work are Prof. A. J. Jones and Prof. Pierce from the University, President Roberts of Colby, Dr. Britton of Bates and Prof. McConaughy of Bowdoin.

Between 125 and 150 teachers have already enrolled.

The initiation of the following men into Tau Beta Pi took place in Wingate Hall, last Saturday night. H. C. Hodgkins, '15; H. G. Luther, '15; H. Cooper, '15; M. R. McKenney '15; W. H. Leavitt, '15; and Omar Tarr '16.

Exchanges

The educational department of the Dartmouth Christian Association is planning to give during the winter four violin and piano recitals illustrating the development of the sonata. These programs are to be entirely public and will include several of the world's famous sonatas.

Moving Pictures of the M. A. C. Tufts game were the feature of Tufts Night.

A room in one of the Halls at Tufts has been opened up by the College Office for the use of day-students who might wish to eat their lunches there.

Tufts has a dramatic club known as the Pen, Paint, and Pretzels.

Worcester Polytechnic Institute christened its new athletic field in the Rensselaer game. This was the first home game that Worcester Tech. has ever played on its own field.

At a recent faculty meeting two faculty rulings were passed requiring that athletes who represent Worcester Tech must be up in their studies.

The Tech Council of Worcester Tech is discussing the advisability of having a recognition pin.

A prize of \$50 has been offered to the man who can write the best manuscript for the Worcester Tech Show.

Within a period of ten days the Dartmouth dramatic association gave three complete productions.

Wilder Dwight Quint '87, has written a new history of Dartmouth, entitled "Story of Dartmouth." It is not exhaustive, but is a condensed compilation of the more documented histories that have been published. It includes accounts of compulsory chapel at 5 a. m. and again in the evening, with four services on Sunday, and various other accounts of faculty regulations and student customs of the earlier days.

An increase of 137 names in two days was recorded by the dial of the big clock in College Hall, which registers the daily gain of membership of the Dartmouth Christian Association in its campaign to double its membership for last year. This gave it a membership of 587.

The new Press Building being constructed will house the Dartmouth Press, the Hanover postoffice, the telegraph office, the dispatching office for the press club, and the Dartmouth Bookbindery, as well as affording room for several business offices on the upper floors.

Arrangements are being made for the deputation work of the Dartmouth Christian Association for this year. At least 50 trips during the year will be taken. Last year 51 trips were taken to 39 different towns where approximately 17,000 people were reached.

Forty per cent of the students in the Kansas State Agricultural College get no financial aid from home. The customary forms of employment are followed and several novel ones. One of these novel plans which has been adopted is the purchase of a cow by each of a group of men who receive their room and board in return for the milk.

Actual practice in teaching rural schools, city graded schools, and secondary schools is afforded the class in presentation of Home Economics of the Kansas State Agricultural College. Other features which are included in this course are: addresses on educational theory, methods of teaching, and the use of the voice.

The Dartmouth often prints statistics of its team as compared with the opposing team. These statistics include the name and class of the player, his age, weight, height, position, and preparatory school. The average weights of the two lines and the two back-field are also compared.

There are seventy-nine freshmen working out for the editorial staff of The Dartmouth. They have been divided into four squads who will work on separate issues.

"Tufts Songs 1915" is to be issued soon. It contains all the songs of the 1906 edition and about sixty new songs.

Red Cross Day was recently observed by the Bates co-eds, who are trying to rouse enthusiasm in the interest of the American Red Cross Association through the Social Committee of the Y. W. C. A.

The Bates Student frequently publishes short stories or poems written by some of the undergraduates.

The largest increase in the history of the University of Pennsylvania is announced by a net registration of 1,068 students, which is an increase of 744 over last year's enrollment.

In one of the prize-speaking contests at Dartmouth a new plan of selecting the successful contestants is to be tried. Two boards of judges are to make the choice. These boards will consist of five members of the faculty and of 100 undergraduates equally representing each class.

Dartmouth has recently published the first number of the seventh volume of the Alumni Monthly Magazine.

BIBLE CLASS STUDENTS

Informal Discussions Are to Be Held

University students attending the First Congregational Church at Orono, have organized as the Maine Students Bible Class with Mr. F. Newell Stevenson of the University faculty as the leader. Meetings of this class have been held every Sunday for several weeks. These begin at 11:45 A. M. and close promptly at 12:30. The topic for November is, "Hours and Wages," a special phase of the subject being taken up weekly. "Tariff revision by a scientific commission, taking the tariff out of party politics," is the theme of next Sunday's discussion. Members of this class are not expected to study and the meetings are very informal. Just come and join the discussion.

To Publish Book

Dean Stevens, of the College of Arts and Sciences, has compiled a book entitled The Theory of Measurements, or a manual for Physics Students. This book is the development of a lecture course on Least Squares that has been given for a number of years to students in the Physics Department of the college. The D. Van Nostrand Company, of New York City, who are the publishers, expect to have the work on the market about December 1st.

SEASON REVIEWED

Continued from page 1

with weight, speed and a veteran eleven presented a formidable aggregation. Bates was met and easily defeated and the Colby game came the next Saturday. Maine lost and the student body was indeed bitter in their comments of the coach and the team.

To attempt to place the responsibility of the Maine defeat is nonsensical. Maine did not have the veteran material that Colby possessed.

A previous story in THE CAMPUS stated that Maine had the football knowledge and the well drilled machine that Colby had but did not have the individual stars of the Fraser, Lowney, Cauley, Dacey or Royal variety. Therefore Colby won because Colby had the team, in fact the best team that Colby ever had and as Danny Dexter stated in the Lewiston Journal, "it was Colby's year." Maine showed flashes of the scoring power seen in the preliminary contests but could not stop the Colby backfield or the Colby forward passes, thrown by the wonderful Cauley. Maine was badly battered by the heavy Blue and Gray line and backs and Cochens had many cripples in his squad to start the week of the Bowdoin campaign. Bowdoin was defeated however, but the University eleven played a deplorable game of football. The interference was not intact and the fumbling was frightful. A goodly gathering of alumni witnessed the downfall of the White and went away with the conviction that the Maine team was not a well drilled aggregation and that the eleven was not up to the Maine standard of the last three years. The next question for the student body to consider is whether or not Maine showed to its best advantage in the Bowdoin game.

The closing game of the state series refuted the criticism that Maine did not even possess a nodding acquaintance with the open game. Forward passes were worked for long gains and this form of play was responsible for much of the scoring against Bowdoin.

The Army game needs no comment. Maine was outclassed in the last half because Maine was worn out. Injuries and the long trip to West Point must be considered by the critics and suffice to say that Maine was outweighed and outplayed.

Maine is hard hit by graduation this year, Baker, Bernheisel, Donohue, Martin, Wark, and Gulliver all sterling athletes who have made names for themselves in the football history of the University. Besides these men, Mace and Hamel seniors who have worked for the eleven for four years will graduate and the coach of next year will have the task of developing an eleven to restore the gridiron prestige of Maine.

Wallace Novelty Co., Inc.,
18-20 East 41st St., New York.

WANTED!

Alumnus has splendid opportunity for students working their way to earn all expenses while in residence. Preferred, experience or ability in salesmanship. Write for details, Grip Bow Co. Omaha, Neb.

American Clubmen Prefer "Bull" Durham Hand-made Cigarettes

These wealthy men are used to the best of everything, and are good judges of quality. They find the cigarettes they make for themselves, from "Bull" Durham tobacco, have a delightfully fresh, mild, unique fragrance and flavor that afford the greatest enjoyment and satisfaction. At all times it is correct and fashionable to "Roll Your Own."

GENUINE "BULL" DURHAM SMOKING TOBACCO

Made from absolutely the finest, choicest, mellow-ripe leaf grown in the famous "bright" tobacco district of Virginia-North Carolina, that supplies the world with cigarette tobacco. Much of the delicate flavor and fragrance of this leaf escapes from the ready-made cigarette. These rare qualities can only be retained in the bulk of tobacco in the "Bull" Durham sack, and enjoyed in the fresh-rolled "Bull" Durham cigarette.

FREE

Ask for a FREE book of "papers" with each 5c sack.

An illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a Book of cigarette papers will both be mailed to you, free, on postal request. Address "Bull" Durham, Durham, N. C., Room 1298.
