ANNUAL BANQUET, BOSTON ALUMNI ASSOCIATION, HOTEL BELLEVUE, JANUARY 30, 1915

The early history of the Boston Alumni Association is well known to the alumni at large. The oldest of the various alumni associations, it has constantly tried to maintain the lead in all movements for the best interests of Maine, and when occasion demanded was ever willing to take the initiative. Thus realizing the need of more information among the alumni, the issue of one edition of THE CAMPUS for the alumni was suggested and carried out this year for a second time.

This Association this year observed the Universal Maine Night for the first time, and it is expected that by next fall, the custom will have become well established.

Each year the Musical Clubs come to Boston under the auspices of the Boston Association, this year on February 13 at Huntington Chambers Hall.

The athletic teams are always welcomed and last spring at the New England Intercollegiate games, the Boston Alumni of Maine organized the only cheering section representing any of the competing institutions.

The following have served as presidents of the Association:

Hon. L. C. Southard, '75.
Dr. H. F. Hamilton, '76.
H. S. French, '86.
E. E. Palmer, '99.
S. D. Thompson, '01.
W. N. Cargill, '00.
E. R. Berry, '04.
E. O. Goodridge, '85.
S. P. Graves, '03.
F. L. Eastman, '88.
H. E. Sutton, '09.

The past year has been an active one with many opportunities for the members to meet. During February the Maine Musical Clubs gave a concert in Jordan Hall. After the Intercollegiate games in June the members held a reception to the track team at the Copley Square Hotel.

On November 6, the Association held a smoker at Young's Hotel, with Hon. L. C. Southard, '75, presiding. This was the same date that Maine night was observed at Orono, and each year this universal celebration will be carried out.

January 2, while the undergraduates were in Boston for the holidays, a New Year's Smoker was held at the Hotel Bellevue. S. P. Graves '03, a member of the Mass. Legislature was chairman, and introduced as speakers, W. W. Redman '15, president of the Mass. Club at the University, J. E. Doyle '15, E. Lambie '10, Dr. Harvey, '01, and Mr. Spear, of the faculty. Over sixty were present during the evening, which proved a great success.

Frequently during the year, luncheons have been held on Thursday noon, at which visiting Maine alumni have been present.

The present officers are: H. E. Sutton '09, pres., J. H. McCreedy '03, vice-pres., E. J. Wilson, '07, secy-treas., F. L. Eastman '88, G. H. Stewart '93, and J. H. Ricker '94, executive committee.

Annual Banquet

Plans are now under way for the largest banquet ever held by the Boston Association. For the first time during a number of years, the banquet will be held at the Hotel Bellevue, Boston, on Saturday evening, January 30, at 6.00 P. M. From 6 to 6.30 there will be a reception to guests, and at 6.30 dinner will be served, with many special features.

A large number of the older alumni have signified their intention to be present in order to meet Dr. Fernald, who will be present as the special guest of the evening.

An excellent program of speakers has been secured, including Dr. Fernald, president emeritus of the University, Dr. Aley, D. H. Perkins '00, Supt. of Schools,

Portland, Maine, and president of the Western Maine Alumni Association; J. W. Gerrity, '09; and Hon. Channing H. Cox Speaker of the Mass. House of Representatives. Hon. L. C. Southard '75, will act as toastmaster.

By starting the dinner promptly at 6.30 P. M. it is planned to finish the speaking early so as to allow a social hour before starting for home.

Special music is being arranged by W. G. Brewer '13, former leader of the Glee Club, and the cheering will be directed by Phil Sheridan '15.

WESTERN ASSOCIATION

The Western Alumni Association originated at a meeting of the eleven charter members on November 23, 1901, at Kinsley's Restaurant in Chicago, when it was decided to form an association to be known as the Western Alumni Association of the University of Maine. The charter members were as follows:

A. J. Caldwell, Class of '78.
O. C. Farrington, Class of '81.
William Webber, Class of '84.
G. G. Barker, Class of '86.
A. D. Page, Class of '86.
H. E. Stevens, Class of '97.
A. D. T. Libby, Class of '98.
R. H. Manson, Class of '98.
A. L. Cobb, Class of '01.
F. M. Davis, Class of '01.
C. A. Mitchell, Class of '01.

At the present time there are about fifty alumni in Chicago and suburbs, and a total of about three hundred west of Pittsburgh. The present officers of the Association are as follows:

President—Charles A. Morse, '76.
Vice President—A. R. Lord, '07.
Sec'y and Treas.—S. B. Lincoln, ex-'05.
Executive Committee—C. A. Morse, '76, V. E. Elstrom, '03, I. H. Moore, '09.

C. A. Morse, President of the Western Alumni Association, is Chief Engineer of the Rock Island Railroad, and formerly Chief Engineer of the Santa Fe Railroad. Mr. Morse is located at the general offices of the Rock Island Railroad, in the La-Salle Street Station, Chicago.

C. H. Morse, '76

One of the most active of the alumni is Mr. C. H. Morse '76, President of the Western Alumni Association. Much of his time and effort has been directed toward the development of a strong Maine alumni body in Chicago, and he is ever ready to assist any movement for the best interests of his Alma Mater.

Maine is always proud of her successful graduate, and the work of Mr. Morse speaks well for the ability of the man, and is a credit to the University of Maine.

DR. FERNALD GUEST OF BOSTON ALUMNI

The members of the Boston Association are looking forward with sincere pleasure to the opportunity of entertaining Dr. Fernald as their guest at the annual banquet.

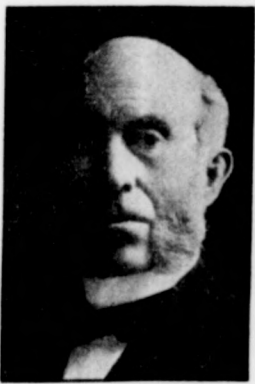

Dr. Merritt Caldwell Fernald, one of the most beloved men who has ever been connected with the University of Maine, is now in his 77th year of health and happiness, bearing with him, as always, the sincere greetings of every University of Maine man.

Dr. Fernald has lived a life of the truest service to his fellow-men, especially young men. Extremely successful as a student he was graduated from Bowdoin College in the year 1861, when he received his first degree, that of Bachelor of Arts. Choosing the duties of a teacher for his life work Dr. Fernald spent seven years among the high schools and academies of his home state, being Principal during this time, of the high school in the town of Levant, Maine, where he was born; Gould's Academy, Bethel, Me.; Houlton Academy and Foxcroft Academy. During this time Dr. Fernald returned to Bowdoin College, where he was granted the degree of Master of Arts.

Dr. Fernald first became connected with the University of Maine in the year 1868, when he was chosen Professor of Mathematics and Physics. He remained in this capacity for eleven years, after which he served as Acting President three years, President for fourteen years and Professor Emeritus for twelve years, making in all 40 years of faithful and untiring service, to which the University of Maine owes a very great part of her present success.

Dr. Fernald was called back to his Alma Mater at Bowdoin twice during this period of time to receive honors at her hands, first in the year 1881 to receive the degree of Ph. D., and second in 1902, that of LL. D. Dr. Fernald also received the degree of LL. D., from the University of Maine when he retired from active connection with the institution in 1908.

THE CAMPUS of May 22, 1908, in writing of Dr. Fernald's connection with the University said:—"Dr. Fernald is a man who

has been and is still greatly loved by all the students who know him. His nature is so kind and gentle that every person who comes in contact with him feels that he can be sure of his sympathy. His Chapel Morning is the morning when every student realizes more than on any other the true purpose of the Chapel exercise."

first Maine men to become members of this club.

ANDROSCOGGIN ASSO.

The Androscoggin Valley Alumni Association of the University of Maine is perhaps the youngest of the active Alumni Associations of the Alumni of our University. It came into existence at a gathering of the Alumni and former students held at the Lake Grove House in Auburn, Maine, on the evening of November 6th, 1912. On this evening a set of by-laws was adopted and officers elected as follows: Walter L. Emerson, '09, President; Charles Bartlett, '97, Vice President; Charles B. Hosmer, '11, Secretary and Treasurer; and an Executive Committee of Dana S. Williams, '00, Geo. A. Whitney, '93, and H. D. Whitney, '03. I might add in this connection that due to their location and ability to co-operate together these same officers have been retained down to the present time, with the exception of Charles Bartlett, whose untimely death we regret. Geo. A. Whitney has replaced him as Vice President and Hale Sawtelle has taken Mr. Whitney's place on the Executive Committee.

In conformity with our by-laws, meetings have been held at least twice each year. We have had some most interesting meetings and in each instance have had the pleasure of entertaining some prominent member of the faculty of the University. During our brief existence we have entertained, Dr. Aley, Dean Boardman, Dean Hart, Prof. Jones and Prof. Wingard. Many interesting things have been brought up for discussion and these meetings are becoming more and more indispensable to the members of our Association. One question was raised at a meeting of our society as to what practical benefit the Alumni Associations can be to the university; this, we feel gratified to say, was so seriously taken by the faculty member present that it was acted on by the faculty later and the result of the deliberations sent to all alumni of the institution. In this way we feel we may have been of some benefit to the other Alumni Associations as well as learning our own best functions.

In conclusion I might add that though our Association is necessarily small in point of numbers, we have been able by it to maintain an enthusiastic support for the University by its former students in this locality and we expect our meetings to take on yearly a greater and greater significance.

CHAS. B. HOSMER, '11, Secretary.

KENNEBEC ASSOCIATION

It is with regret that we learn that this Association is not active. No meetings have been held for the last six or seven years and there does not seem to be any disposition on the part of the members of this Association to rally when a call is given for a meeting. It seems as though an Association which has on its membership such men as Ex-Congressman Samuel W. Gould, a trustee of the University of Maine; Hon. William T. Haines, ex-Governor of Maine, and for many years before he became Governor, a trustee of the University; J. H. Burleigh of Waterville, Civil Engineer; E. E. Greenwood, Civil Engineer of Skowhegan; Harold E. Cook, Judge of Probate Court of Kennebec County and President of the Association; S. J. Foster, Treasurer of the Association; Hon. William R. Pattangall, Ex-Attorney General of Maine; John E. Nelson, Esq., of Augusta; Mark J. Bartlett of Waterville and Leroy R. Folsom, Esq., of Norridgewock, ex-County Attorney for Somerset County, and quite a large number of younger members of the Alumni, who live in Kennebec Valley, might and

1915 COMMENCEMENT

Plans for this year's Commencement are under way, but definite announcement of the Commencement program can not be made at this time. Commencement Day will be Wednesday, June 9, and the exercises of the week will begin on the evening of the Saturday preceding and continue through Wednesday, as last year.

In addition to the regular Commencement committee, a special committee of the faculty has been appointed to continue the work of improvement begun last year, and there is also a standing committee on Commencement appointed by the Alumni Advisory Council.

The "First Seven" classes are planning a reunion similar to that held so successfully in 1910, with Hon. L. C. Southard, '75, as the head of the campaign. Its success may be anticipated from the fact that one man in Honolulu and another in Portland, Oregon, have already announced that they are planning to come.

The classes of 1880, 1885, 1905, and 1910, already have movements under way for reunions, and in each case they plan to take in with them members of the two classes immediately preceding and immediately following their own. The success of this movement may be estimated from that of the 1909 reunion last year.

Plan to come to Commencement. WATCH FOR THE COMMENCEMENT BULLETIN which will be mailed in May. Be sure the General Alumni Association has your correct address, as second class mail matter is not forwarded.

1914 COMMENCEMENT

New features of the 1914 Commencement were: An oratorical prize contest; a vesper service; a review of the cadet battalion by the Governor of the State, and his staff, followed by a competitive company drill, performances by the Maine Masque and the musical organizations; an alumni-university baseball game; new events in connection with the 1909 reunion and some new senior events.

The Commencement exercises opened formally with the annual initiation of new members, and banquet of Phi Kappa Phi in Hannibal Hamlin Hall on Saturday, June 6. The King Oratorical Prize Contest, which followed and was held in the Chapel, was won by R. F. Thurrell, '15. His oration was entitled "Fraternity Ideals."

The Baccalaureate Address on Sunday, at 10.30 A. M., was given by Guy Potter Benton, D. D., LL. D., President of the University of Vermont. The Vesper Service at 4.30 P. M. was conducted by Rev. Henry L. Griffin, D. D.

The features of the exercises of Monday were the Review of the Cadet Battalion by His Excellency, Governor William T. Haines, followed by a competitive company drill. In the afternoon the Class Day Exercises took place and the various fraternities kept "open house." The Condukeag Canoe Club was appropriated by the Class of 1909 for a banquet, the other visitors being entertained at the performance of the Masque of "The Learned Ladies."

The Alumni-University baseball game, a concert by the musical clubs, Alumni and Alumnae Luncheons, the President's reception, and various fraternity reunions took place on Tuesday.

The Commencement Exercises closed on Wednesday, June 10. The address was given by Hon. Thomas R. Marshall, LL. D., Vice President of the United States. The class ivy was then planted with the traditional exercises after which the Commencement Dinner was served in the Gymnasium.

ALUMNI OF THE UNIVERSITY OF MAINE --- GREETING:

Again we desire to express our sincere
appreciation to all who have assisted in
making this issue possible. We would
particularly include Prof. John C. Mellett
and Mr. R. P. Clark for their time and
effort.

To the Alumni

This second issue of an alumni edition
of THE CAMPUS by the Boston Alumni
Association is only a step toward an
ultimate goal—namely a regular issue of
alumni news—for and by the alumni.

We do not feel that this issue is satis-
factory to all. As THE CAMPUS is an
undergraduate paper, we accept their in-
dulgence with thanks in allowing us to
absorb one of their regular issues for our
own.

Without a regularly organized board
of alumni editors, it is quite impossible
to collect and edit items of the most
value.

When you feel that you would be
interested in an alumni publication, let
your wants be known, offer your support
and assistance in organizing, and not until
then will you have done your part.

Non-Graduates

There are hundreds of one-time stu-
dents who have attended Maine for a
time but for some reason did not go long
enough to finish their courses and receive
their degrees. As very little attempt has
been made in the past to keep track of
these, it is quite impossible to obtain
much information and it is the intention
of the general alumni association to collect
as much data as possible concerning these
non-graduates.

If you know of any one-time Maine
students advise the secretary of the near-
est alumni association or Prof. R. K. Jones
at the University. It is not necessary
for you to have a degree in order to be-
come a member of an alumni association—
as the saying goes "once a Maine man,
always a Maine man."

Commencement

Plan to go back to Orono for Commence-
ment, and after those plans are made,
don't change your mind. Every argu-
ment favors your going. Be certain that
they have your correct address at the
university office so that you will receive
all the details when they are published.

Universal Maine Night

"How many of us can go back to Orono
each fall for 'Maine Night?' From ob-
servations, having missed but one during
the past twelve years, the writer thinks
that a very small percentage of alumni
except those in the immediate vicinity of
Orono, are able to return.

"Is it the expense, lack of time, in-

activity of Maine spirit? The answer of
many would be that the great distance
from Orono requires more time to cover
than they can spare.

"A solution to the problem would be
to have 'Maine Night' at home, or a
'Universal Maine Night.' The general
scheme might be for all alumni who can
return to Orono, do so by all means. For
those who cannot go, let each Alumni
Association call its members together on
the same night, exchange greetings with
Orono, and have a good program arranged
similar to the one held in Orono, and even
where there are only one or two alumni in
a place, let them arrange a 'Maine Night'
of their own, on the same date. This
would tend to stimulate the interest of
Maine men, and make 'Maine Night' an
event for many instead of a few as at
present."

This was published last year. The
Boston Association observed Maine Night
in Boston. Did you do your part to
adopt the idea? What are you going to
do next Maine night?

The Blue Book

Those of the Alumni who were students
at the University of Maine in the years
1907, 1908 and 1909 recall with ease the
excellent literary publication, *The Blue
Book*, which appeared regularly in month-
ly issues in those years. Many of the
Alumni received their first literary recog-
nition through the medium of the former
Blue Book. Among the writers of that
period can be recalled the Misses Colecord,
Miss Minnie Chase, Lincoln Colecord,
Guy Durgin, D. S. Thomas, F. D.
Southard, T. I. Malloy and F. C. Brick.

Since the *Blue Book* was discontinued
in 1909, Maine has been without a
literary magazine of any sort. This latter
state of affairs has been decidedly de-
plorable, which makes doubly acceptable
the news that the old *Blue Book* is to be re-
vived. Popular student interest, coupled
with a plea from Professor Thompson
before a meeting of the College of Arts
and Sciences, has resulted in the formation
of a temporary board of editors, of which
Miss Elizabeth Hanly, '15, has been elected
editor-in-chief. Preparations for the first
issue are well under way, several manu-
scripts having already been submitted to
the editors.

The first number of the new *Blue Book*
will appear February 23, and without
doubt the conservative edition of 300,
selling at the popular price of 10c per
copy, will find ready acceptance among
the great number of students and alumni
who have so long awaited a publication
of this sort.

Alumni contributions will be received
with interest.

UNIVERSITY NEEDS MORE
MONEY FOR EQUIPMENT

Realizing that the rapid growth of the
student body has outstripped the facilities
offered by the state, the board of trustees
of the University of Maine has decided
to ask the legislature for more money.
First of all the trustees will ask for \$125,-
000 as the maintenance fund for the year,
the sum being an increase of \$15,000 over
the last fund. The larger number of stu-
dents is thought more than proportionate
to the increase. In addition to the in-
creased maintenance fund, the trustees
will ask for some special appropriations.

Among these are \$50,000, for barns and
dairy buildings; \$40,000 to complete
Balentine Hall, the new dormitory for
women; \$20,000, for a new administra-
tion building; \$20,000, for a mechanical
laboratory, and \$4,500 for the beginnings
of a greenhouse.

The board approved the high school
discussion league plan by voting a scholar-
ship in the University to the winner, pro-
vided he decides to enter the University.
This scholarship consists of tuition for
four years. The trustees also showed their
recognition of women's entrance into the
field of higher education by establishing
two discussion prizes for co-eds.

William A. Martin, of Houlton, was
chosen clerk of the board. The trustees
coming to Orono for the recent meeting
were S. W. Gould, of Skowhegan, presi-
dent of the board; E. J. Haskell, of West-
brook; Freeland Jones and J. M. Oak, of
Bangor; William H. Looney, of Portland,
and Mr. Martin.

Everett F. Rich, ex-1884, is treasurer
of the Bangor Savings Bank.

MEN FROM MANY SCHOOLS
IN U. OF MAINE FACULTY

Education in its literal sense implies
the seeking of wide acquaintance with
men and things outside the pale of one's
environment. Knowledge may be a-
chieved not only through the pursuing of
a variety of subjects, but through the
personal contact of men trained in in-
stitutions standing for different ideals.

The faculty of the University of Maine,
according to Dr. Robert J. Ale, presi-
dent of the institution, is as cosmopolitan
as that of the average university. This
statement appears to be conservative,
when one reviews the facts set forth in the
catalog, which shows that 63 per cent of
the faculty members have degrees from
well known public and private endowed
institutions of this country and Europe
other than the University of Maine.
This cosmopolitanism is regarded as of
great value in that it tends to give greater
breadth to the ideals of education.

Dr. Ale also states that an institution
is fortunate in having from twenty-five
per cent to forty per cent of the faculty
its own graduates, if these men have also
studied elsewhere. Graduates are valu-
able in the faculty not only for scholastic
attainments, but for their acquaintance
with the traditions and general adminis-
trative machinery of the university.
Thirty-six and two-thirds per cent of the
members of the faculty of the University
of Maine are its own graduates.

Out of a total of 150 faculty members,
55 have degrees from the University.
Harvard is represented by eleven men.
Other institutions ranking high in the list
are the University of Pennsylvania and
Bowdoin College, each with seven men;
Yale and Indiana University, with six
each; Columbia, Chicago and Ohio State,
with five each. Sixty-three institutions
are represented in the list of instructors
provided by the state for its University.

Seven foreign institutions are re-
presented on the faculty, the list including
Munich, Paris, Yassy, Toronto, Dorpat,
Besancon and Hochschule ur Boden-
kultus.

ALUMNI NOTES

"Sweet is the memory of distant friends! Like the mellow rays of the departing sun, it falls tenderly, yet sadly, on the heart."

There are no friends like our college friends, and in that united friendship is added strength for our dear Alma Mater. They come and go, and it is difficult to always keep in touch with them.

The following information has been prepared with great care, and should there be additional items, or if you know of other items kindly advise the Alumni Editor of THE CAMPUS, or the secretary of the nearest Alumni Association.

Dr. Clifford D. Harvey, Maine '01, has recently opened his office at 511 Talbot Avenue, Boston, Mass. Dr. Harvey was formerly Surgeon on the Staff of the Homeopathic Hospital, of Reading, Pa.

He was born in Orono in 1857, and moved to Milwaukee in 1877, where he taught for a year, and then moved to Princeton where he taught two years more. In 1879 he moved to Aitkin, Minn., where he studied law and was admitted to the bar in 1883. He practiced in that city for

ten years, served several terms as judge of probate for Aitkin County and two terms as county attorney. In 1893, Judge Merrill moved to Minneapolis and was engaged in much of the important litigation arising in connection with the lumbering industry of the state. During his residence in Aitkin, Judge Merrill became the author of what is known as the Anderson Bill, which inaugurated the gross earning system of taxation of railroads in Minnesota, and he was vigorous in its leadership for a period of ten years before it became a law. His activity in this connection forced upon him candidacy for the attorney generalship of the State, but the railroad opposition was successful in defeating him. Judge Merrill was married twice, in 1894 to Miss Emma Hurd who died a few months later, in 1900 to Miss Bertha Lillibridge who survives him. He left three young children.

R. M. Conner, 1903, who is with the United States Reclamation Service, has changed his address from Poplar, Mont., to Great Falls, Mont.

H. L. Russell, 1911, bridge constructor with the Boston and Albany Railroad, has changed his address to 161 Clifton Street, Malden, Mass.

Ora Oak, ex-1875, went to California in December, 1871. He has been in mercantile business most of the time, but is now on a dairy farm at Colton, San Bernardino County, Cal.

Tobacco That is Good For Your Nerves

TUXEDO actually soothes the nerves. It is just mild enough to keep your nervous system in poise, your muscles in tone. Unlike other tobaccos, Tuxedo burns cool and slow. There cannot be a speck of irritation in a pound of Tuxedo.

Great singers smoke Tuxedo just before a performance. Public speakers testify as to its soothing influence. Doctors recommend it to smokers whose throats are delicate.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

The secret of its superiority is the unique "Tuxedo Process" by which all the unpleasant features are eliminated from tobacco.

Another reason is that Tuxedo is made from the best tobacco grown—the choicest, mildest, mellowest leaves of the highest grade Burley tobacco.

Tuxedo is widely imitated—but no other manufacturer has succeeded in making a tobacco as good as Tuxedo. Tuxedo will give you the greatest pleasure and satisfaction that money will buy.

MAINE-COLBY DEBATE

Students of the University of Maine and Colby College will engage in a debating contest, April 9. Each institution will select a team of six men, who will be divided into groups of three. A Maine group will go to Waterville and take the negative against three Colby men, and three other Maine students will uphold the affirmative at Orono, against three Colby visitors.

The subject for debate has been announced, as follows: "Resolved, that in cities of 25,000 and over, in the United States, a tax on land alone should be substituted for the present real property tax, the substitution to be gradual and completed within ten years."

Decision was made on the subject after the University of Maine had submitted three questions for Colby's consideration. Arrangements for selecting the debaters are now under way. Mr. Earle E. Keyes, who has charge of the State Discussion Contest, also will conduct the preparations for the Maine team in the dual meet. He has announced that each class in the University will hold a preliminary debate and choose a team of six. These teams of six will debate with each other. The two winning teams will meet, and a final 'varsity' selection will be made from among them. Mr. Keyes expects to have the 'varsity' team selected before March 1, thus arranging for five weeks of practice before the date of the competition with Colby.

PITTSBURG ASSOCIATION

There are usually from 25 to 30 Maine men in the immediate vicinity of Pittsburg, but with the present industrial situation, there has been a slight decrease in numbers. Including Maine men living in cities and towns near Pittsburg there are from 50 to 60 in all.

The Association holds two regular meetings each year, the annual meeting in the Spring, and a semi-annual meeting or smoker in the Fall. Maine songs, stories and speeches as well as the old Maine yells have free play; Maine spirit is rejuvenated and for the time being, men become Maine boys again.

During the past Fall, the New England Society of Western Pennsylvania was organized and now has a membership of nearly 200. Henry E. Cole, Maine, '03, is Vice-President of the Society and C. D. Smith, Maine, '05, is the University of Maine representative on the membership committee. A banquet is to be held February 22, at which it is expected all Maine men will be present.

Warren McDonald, '12, who has been located in Sandusky, Ohio, is now in Pittsburg, and is an active member of the Pittsburg association.

The Pittsburg Alumni Association's fall meeting was held on Saturday evening, Nov. 21, at the Hotel Henry.

Pres. J. W. Brown, '99, was toast-master and the speaking program was as follows: "Football and Sportsman-ship," W. McDonald, '12; "Military Spirit and Military doings of the '90's at Maine," W. T. Brastow, '98, "Nationalization of Railways," A. G. Mitchell, "Economic Fortifications of Industry," B. F. Faunce, '01; "The Federal Reserve Banking System," H. E. Cole, '02.

In connection with the matter of attendance a feature of the meeting was a roll call, by the secretary, of all Maine alumni in Western Penna., and Ohio not present. As each name was called one or more of the members present volunteered to make personal effort to bring in the absent ones at the next meeting. The full list of those present follows: A. G. Mitchell, '75, W. T. Brastow, '98, J. W. Brown, '99, H. H. Clark, '99, G. F. Murphy, '00, B. F. Faunce, '01, H. E. Cole, '02, B. H. Chatto, '05, C. D. Smith, '05, F. W. Conlogue, '10, R. W. Crocker, '10, F. E. Merriman, '10, W. T. Boardman, '11, M. S. Gould, '12, W. McDonald, '12, L. S. Pinkham, '12, H. W. Hinekey, '13, L. B. Rogers, '13, R. O. Shorey, '13.

WESTERN MAINE ASSO.

The Western Maine Alumni Association includes all graduates and all former students residing in the following counties: York, Cumberland, Oxford, Androscoggin, Franklin, Sagadahoc, Lincoln, and Kennebec. The Annual Meeting for the election of officers is held on the third Saturday of each year, unless another day is fixed by the President, which is usually the case.

The present officers of the Association are: President, DeForest H. Perkins, '00, Secretary and Treasurer, Albert E. Anderson, '09.

The annual banquet is held in January, during the Christmas Holidays, so that we may have with us a good many of the undergraduates. Our last annual banquet was held January 17, at the Falmouth Hotel, at which about forty were present. Our next meeting was especially arranged for the pleasure of the University of Maine

graduates who are now teaching school in the State of Maine.

The Association has had the pleasure of having President Robert J. Ale, at the annual meeting for the past three years, besides E. J. Haskell, of Westbrook, Trustee of the University. At the special meeting in October, Robert J. Ale, Hon. William H. Looney, of Portland, newly appointed Trustee of the University, and E. J. Haskell, were present as guests of honor.

A. E. ANDERSON, '09, Secretary.

WASHINGTON ASSOCIATION

During the last five years the Maine alumni of Washington and vicinity have from time to time held informal social gatherings and receptions at the homes of certain members of the association. During that time the association has enjoyed the hospitality of Mr. and Mrs. Rogers, Mr. and Mrs. Ricker, Dr. and Mrs. Merrill, and at these gatherings has had the pleasure of meeting Pres. and Mrs. Ale, Dean Boardman, and other distinguished members of the faculty and alumni and of renewing the acquaintances and friendships of college days.

At a meeting held in December at the home of P. L. Ricker the members present subscribed \$50.00 to aid the athletic association of the University in the erection of the proposed new grand stand.

On Nov. 11, 1914, a meeting was held at the home of Pres. L. A. Rogers and after listening to informal addresses by Pres. Ale, Dean Boardman, Dean Merrill and others, the association voted that in the future each member of the association should pay annual dues of \$1.00, and it was suggested that any surplus funds that might be accumulated by the association might each year be given as a prize to some member of the undergraduate body at the University.

It was also voted that a committee of three be appointed by the President to make recommendations at the next meeting of the association in regard to the expenditure of such surplus funds. The following committee was appointed: Prof. N. C. Grover, C. W. Weeks, and Miss Margaret Merrill.

The following officers of the association were re-elected:—President, L. A. Rogers, 1896; Vice President, C. W. Weeks, 1905; Secretary and Treasurer, H. W. Bearce, 1906. After the election of officers the Treasurer indicated his readiness to receive dues for the current year and fifteen members present responded with the payment of \$1.00 each.

It is hoped that an annual prize of at least \$15.00 may be established by the association. The names and addresses of the members of the Association may be found in the 1914 Alumni directory. Alumni located in Baltimore, Md., are considered as eligible for membership in the Association.

H. M. BEARCE, '06, Secretary.

New Chemical Courses Offered

Prof. R. H. McKee, head of the Department of Chemistry, announces the following new courses to be given by his department during the Spring Semester of 1915.

Chemistry, 15, Organic Chemistry, is a course giving in one semester a general view of the field. This course includes three recitations and four laboratory hours a week.

Chemistry 20, Elementary Mineralogy, is a course designed primarily for sophomores and freshmen and is intended to give an acquaintance with and a knowledge of the common rocks and minerals. The identification will be largely by physical characteristics such as color, hardness, cleavage, etc. The only prerequisite is General Chemistry either in preparatory school or at the University. This course has four hours of laboratory work a week.

Chemistry 96, Mineralogy, is open to seniors and juniors who have had Quantitative Analysis. This course is also given in four laboratory hours a week.

New Buildings

Two new buildings have been added to the University of Maine this fall. Aubert Hall is a large three story edifice devoted to the departments of chemistry and physics. It is of most modern construction. Among other exceptional features of this building is a wireless station, a pulp and paper manufacturing plant, and a lecture hall. This latter is a decided improvement over all the other lecture halls on the campus. It is made so by the fact that the seating space is constructed on an incline which makes it especially well adapted for lectures which are to be demonstrated.

Valentine Hall, one wing of which has not as yet been completed, is a modern, well furnished, and especially commodious dormitory built for the women of the University. One feature of this building is a woman's gymnasium, well equipped with modern athletic appliances, and shower baths.

MUSICAL CLUBS

The Boston Alumni Association has just made final arrangements for the annual concert by the Maine Musical Clubs, in Huntington Chambers Hall, 30 Huntington Ave., Boston, Saturday evening, February 13.

The committee is particularly anxious to obtain the names of "prep" school men who may be interested in the University in order to extend invitations to them to attend this concert.

Tickets may be obtained at the annual banquet, or from any member of the committee, R. L. Cummings, '08, W. G. Brewer, '13, and W. D. Townner, '14.

The Masque Play

"The Amazons," by Pinero, is the play to be presented by the Maine Masque this year. The first trip of the year will be taken in February. This will probably include performances at Gorham, Biddeford, and Methuen and Haverhill, Massachusetts. A trip will be taken through Aroostook County during the Spring recess. A performance has already been arranged at Ashland. The members of the Masque for this season are: Fred L. Damren, Harry Lovely, and Elmer D. Potter, 1916; Sumner C. Cobb, Roland H. Cobb, Howard L. Jenkins, Howard B. Hiller, and Gerald J. Culhane, 1917; and Herbert Cobb, and Kerr, 1918.

Football Review

Altho the football season is past, a review of the team's successes and failures may not be out of place. E. B. Cochems, a graduate of Wisconsin, and football authority of note, was head coach, assisted by graduates from the University.

While Maine did not win the State Championship yet the work of the team was highly satisfactory. Nine games were played and only the Yale, Colby and West Point games were lost, while the Fort McKinley, Boston College, Vermont, Norwich, Bates and Bowdoin games were won by large scores.

Charles Ruffner, fullback, of Indiana, Pa., has been elected captain of the team for next season.

The coach for next Fall has not been selected, and while many of the best players will graduate yet there is sufficient material from which to select a team which should be able to uphold the high reputation Maine has won in football.

The schedule for next Fall is very similar to that of 1914, the only change being the substitution of Dartmouth for Norwich University, to be played Oct. 2. Maine alumni in Massachusetts are

anxious that the Dartmouth contest be played in Fenway Park, Boston. Dartmouth men also would like to see the contest in Boston. Arrangements have not been made, however.

1909 to Erect Gate

The Class of 1909 displayed its enthusiasm in a practical way at its reunion last Commencement by voting to raise by subscription a fund for the purpose of erecting upon the campus a suitable memorial to the Class, and it was finally decided that this should be in the form of a gate. This plan has been approved by the trustees.

During the reunion the sum of \$135 in cash was raised, and \$400 more was pledged by those present, to be paid within five years. It is hoped that members of the class not present at Commencement will materially increase the fund.

Howard G. Philbrook, 147 Milk St., Boston, is chairman of the committee which has charge of the memorial, and members of the class are requested to forward to him plans for a gate.

In the recent selection of an all American Intercollegiate Track Team by Alfred J. Lill, president of the Amateur Athletic Union, H. P. Bailey, of the University of Maine, was placed in the 16-pound hammer event.

should have a large and active membership.

The Alumni of the University of Maine outside of Kennebec Valley would like an explanation for the inactivity of this Association. If any of the Alumni within the Kennebec Valley can give any good reason for such inactivity, we outside would thank them for such explanation. If there is no good reason then there is no reason why this Association should not fall in line and do its part for the University of Maine.

"Bull" Durham an International Favorite

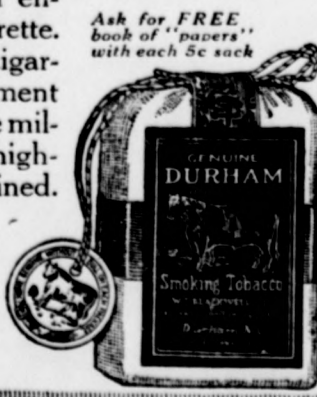

Men prominent in the social, business and public life of many nations find supreme tobacco satisfaction in the deliciously fresh, mild cigarettes of unique flavor they roll for themselves, to their individual liking, from "Bull" Durham tobacco. Their distinguished example has made it correct, smart, fashionable to "Roll Your Own" upon every occasion.

GENUINE "BULL" DURHAM SMOKING TOBACCO

There is no purer, milder tobacco in the world than "Bull" Durham—none other with such a sweet, mellow, irresistible fragrance. This rare, balmy aroma is as delicate and elusive as it is distinctive and pleasing, and can only be retained and enjoyed in the fresh-rolled cigarette. "Bull" Durham hand-made cigarettes afford wholesome enjoyment and lasting satisfaction to more millions of men than all other high-grade smoking tobaccos combined.

FREE An illustrated booklet, showing how to "Roll Your Own" Cigarettes and a Book of cigarette papers, will both be mailed to you free, on postal request. Address "Bull" Durham, Durham, N. C., Room 1298.
