COACH SMITH TALKS ON STATE MEET

Offers Some Plain Facts Concerning Maine Team

STRENGTH IN FIELD EVENTS

Coach Smith in an interview gave as his opinion that Maine has a very fair chance in the State Meet tomorrow.

He said in part: "Of course with the loss of Rice in the sprints the task of winning the state meet is a much harder one. In my personal opinion he could have taken ten points. I consider a track meet in a way a game of chance, depending upon the condition of the men and what they do and not upon past performances. If French goes good he is a far better hurdler in the highs than Royal ever was, but in his case it is a matter of the break. As I consider that Colby's strength lies in the sprints, hurdles and distance events, we will have to make up a lead that Colby will get in the early events. Should French and the distance men hold Colby to an even break I believe that we can make up the lead in the field events."

"Bowdoin has a good chance of giving us interference in the events where we need strength. We are strong in the broad jump, should take a second at least in the high jumps and Hutton and Williams should come thru with something in the pole vault. Bailey in the discus should, if he is going right, win some points, while Allen and Bailey should take points in the shot put."

In the sprints there is a very remote chance of Lawry or Leacock placing. King in the quarter is an unknown quality and what he will do depends upon his strength and confidence in competition. Dempsey is an experiment in the half. He likes the distance, has speed and strength but he still worries me some."

"In the mile we have Wunderlick and Bell and while Wunderlick ran a good race against Bates, it seems to me that Bell must improve and run a much more aggressive race than he did last Saturday. In the 2-mile I have confidence in Preti to win and would not be surprised to see Herick score."

Coach Smith was very emphatic in saying: "The result depends upon the way in which we hold Colby's lead down and the track events and upon the work of French Bailey and Hutton."

The above statements in a way give the chances of Maine's winning better than any doping. Maine should score heavily in the field events. Joyce of Colby is their only man who can hope to place and to do this he must defeat Leadbetter, Moulton, or Bailey in the discus. Bates has Heaney, who may place in the broad jump, and Drew in the pole vault. But Maine's chief opponent in the events where she wants strength is Bowdoin. Leadbetter may be counted on for about 9 to 9 points, Moulton on some one place in the discus, and White in the high jump is looked upon as the winner.

French with good luck in getting his hurdles should make at least a split with Royal. He is broad jumping better than any man in the state. In regard to his mark of last Saturday Coach Smith said: "Maine's runaway is the fastest in the state and I hardly expect French to make so good a jump at the state meet, a fast runaway might add a foot for a good man."

Captain Bailey would give no opinion as to the outcome but would only say, "I know that all the boys will fight their hardest to bring another championship."

Sixteen men will take the afternoon train Friday with Coach Smith and Manager Philbrook. The men are: Captain Bailey, Lawry, Leacock, French, Rowe, Hutton, King, Dempsey, Hutton, Williams, Gulliver, Preti, Bell, Wunderlick, Herick, and Palmer.

DISCUSSION LEAGUE HERE

Free Tuition Offered Winner of Contest Here May 19

Free tuition for four years at the University of Maine will be awarded to the winner in the final contest of the State Interscholastic Discussion League, to be held here next week. The league is conducted under the auspices of the English Department of the University.

The final contest will be held next Wednesday evening at 8 o'clock in the Chapel. Any student, under 20 years of age, in any high school of the state, is eligible to compete. The seven men who will speak next Wednesday evening have been selected by a process of elimination.

The entire series consists of a local contest in each school, a county contest, held the third Friday in February, a district contest, held the third Friday in April, and the final or state contest here.

In the local contest, the winner and an alternate are selected to represent the school in the county contest.

In the county contest, the two best and one alternate are selected for the district contest, and in the district the same number is chosen for the state contest. In all the contests the same subject is used. This year the subject is, "The Recall."

The seven men who have qualified for the final contest next Wednesday, are: Arthur N. Brooks, Portland; William C. Ellsworth, Farmington; Resper Irving Clinton; Howard Wilson, Belfast; Irving R. Donovan, Bangor; Lloyd Hatch, Dexter; and Edward L. Hunter, Freeport.

The judges will be O. G. Dunn, Treasurer of the University; George W. Stevens, of the Economics Department; and Rev. Dr. Lyman, of the Congregational church of Orono. Each contestant will be given ten minutes for his main speech and four minutes for rebuttal. The judges will choose the man who has made the most effective discussion, being free to determine for themselves what constitutes effective discussion. The winner in this final contest will be awarded a prize equivalent to tuition for four years at the University of Maine. This will be paid yearly in credit on the University books to the winner, provided he becomes a student here.

'17-'18 DEBATE TUESDAY

Freshmen and Sophomores Discuss U. S. Armament Next Week

The annual Freshman-Sophomore debate will be held in the Chapel next Tuesday evening, May 18, at eight o'clock. As previously announced in the CAMPUS, the question is: Resolved, that, beginning with the year 1916, the United States should build at least four battleships and a proportionate number of auxiliaries and submarines each year. Mr. E. E. Keyes of the English Department is coaching the teams. The members are: Sophomores, Earle L. Emery, Charles E. Crossland, and Philip H. Cobb; Freshmen, John M. O'Connell, Lee Vrooman, and Donald W. Norton.

Mrs. Aley Gives Reception

A reception was given in honor of Mrs. Buskirk of Bloomington, Indiana, by Mrs. Robert J. Aley on Wednesday afternoon from 3 to 5.30 P. M. at the residence of the president.

Miss Mary F. Hopkins is suffering from an attack of erysipelas.

MAINE WINS SECOND GAME OF SERIES

Eight Runs in Sixth Puts Bowdoin Out of Running

DRISCOLL A FEATURE

Maine won from Bowdoin in the second game of the state series on Monday.

Bowdoin with some new men blew up in the sixth and Maine batted around the order, Hackett getting two hits in the inning, and netted eight scores. There was some talk of Bowdoin protesting the game on account of a decision in this inning, but Captain Eaton gave out a statement in which he said that the game would stand as played.

Driscoll pitched a good game striking out 14 men and held Bowdoin to 5 hits.

The score.

"Bob" Hutton and "Doc" Niles are tied for the position of chairman of the Cap Committee. "Jerry" Reardon, D. W. Norton, and Francis Head are the other members. The Poster Committee consists of James Spiers, chairman, Robert A. Mackay, John H. Magee, Malcolm E. Barker, and Joseph W. McGrath.

The Rising Day Committee is: E. H. May, chairman, Harry L. White, L. T. Merriman, G. S. Hutchins, and H. S. Rowe.

MAINE WINS BATES MEET

Twelve First Places Taken by Captain Bailey's Team

Maine won from Bates in the dual track meet Saturday, by a score of 87 to 39. Maine showed a well balanced team winning first place in every event but the hundred and two-hundred yard dashes, and Lawry and Leacock were close seconds in these events.

The usual record was made in the hammer throw. Bailey made a throw of 173.6 ft. This throw bettered the intercollegiate record by some 9 and a fraction feet and some claim that it is only a tenth or a foot or so less than the American College record. If one takes Reporter Doyle as authority, however, it is 3 ft. and 1 in. below a record made by Shattuck of California during the past year.

"Pat" French continued his fine work and besides winning both hurdles with ease, hung up a new college record in the broad jump. His best leap was 23 2-5 feet, a jump some two inches better than that of those of Worthington and Nordell of Dartmouth, who are considered the best in New England. Some might discount this performance as Rowe fumbled over 22 feet without training in the same pit. But whether the pit was low or not Keaney, the Bates man was only able to take third when he has done 21 feet 7 inches in competition before this spring.

The work of "Jock" Williams in the pole vault was very commendable. Tying at 11 feet 3 inches with Hutton he won his letter in the jump off going 11 feet five. His work is all the more praiseworthy, as it is the result of four years persistent work. Herick's work in the two mile was of the same character. He followed Preti for seven laps in fine style. Kingsprung a surprise by winning the quarter in the very fair time of 55 1-5 seconds. He won easily and considering the condition of the track his time was very good and shows that he must be considered as a contender for points in the state meet.

Bill Allen put the shot 43 4-5 feet, a new college record. Another performance in the weight events worthy of praise, was the way in which Gulliver threw the hammer. His throw of 145 feet would have caused a great deal of comment if it had been made four years ago before Bailey began making his long list of records. Gulliver, like Williams and Herick, is another man with acquired and not inherent ability, an object lesson for many in college who are content with watching others from the stands.

The half, mile and two mile were won as a matter of course by Maine men, the only feature being the winning of the mile by Wunderlick. Bell, who had been layed off during the week ran below his usual form but few doubt but what he will come back and beat Wunderlick tomorrow.

The summary:
100 Yard Dash—Won by Small, Bates; Lawry, Maine, second; Butler, Bates, third. Time 10 3-5 seconds.

1 Mile Run—Won by Wunderlick, Maine; Bell, Maine, second; Lane, Bates, third. Time 3 mins. 43 secs.

120 Yard High Hurdles—Won by French, Maine; Quimby, Bates, second; Head, Maine, third. Time 17 2-5 seconds.

440 Yard Run—Won by King, Maine; Syrene, Bates, second; Boyd, Bates, third. Time 55 1-5 seconds.

220 Yard Dash—Won by Small, Bates; Leacock, Maine, second; Butler, Bates, third. Time 24 2-5 seconds.

880 Yard Run—Won by Dempsey, Maine; continued on page 4

MAINE WINS FROM BATES, WED. 4-3

Game Won by Reardon's Lucky Catch of Fowl

BATES' HITS UNTIMELY

The University of Maine defeated Bates 4 to 3 in Wednesday's game. Maine scored in the first, third and fifth on sacrifice hits and errors. Bates had many chances to score but did not hit truly. The fielding feature was Reardon's catch and throw of Butler's foul fly in the third, doubling Duncan at the plate and virtually saving the game. The score:

BAND TO PLAY

Has Three Engagements for Memorial Day Exercises

The Cadet Band of twenty-five pieces has been engaged to furnish the music for the Memorial Day exercises at North Brewer on Sunday, May 30, and at Hampden on Monday, May 31, for the Grand Army Post exercises. The music for these exercises in previous years has been furnished by citizen bands. The Cadet Band is to play on the same basis as these other bands.

Thirty members will take the trip in uniform to Waterville tomorrow to the track meet with a new collection of snappy and popular music. These will show the other college bands in the state the versatility of our band.

At the rally Thursday evening in Alumni Hall the full band played.

SPECIAL TO WATERVILLE

Train Leaves Orono Tomorrow Morning at Eight O'clock

A special train will leave Orono for Waterville tomorrow morning at eight o'clock. This train will stop at Bangor, Newport Junction, Pittsfield, and Burnham Junction, arriving at Waterville in time for the trials. The third car from the rear of the train will be reserved for ladies and their escorts, while the baggage car will be reserved for the Track Club, which will cater. The fare for the trip will be \$1.60 with the privilege of a stopover until Sunday at midnight for one dollar extra. Tickets should be procured at the Orono ticket office as there will be no tickets sold on the train.

The return trip will start about six o'clock, the exact time depending on the results of the meet. The same stops will be made on the way back and the train should reach Orono between eight and nine o'clock.

On to Waterville and the State Meet! The Special leaves Orono, tomorrow morning. Every Maine man on to who boards that train and Waterville goes down to the meet is showing the right sort of spirit. It is a duty which we owe the teams to get behind it with all the spirit and enthusiasm which there is in us.

Last Saturday we won an easy victory. Tomorrow will tell a different story. We hope and even expect to win. But we realize that if we are to bring the Championship home, it must be through the united effort of the entire student body. Are you going to do your part by going along or are you going to be among the "dead ones" who stay behind?

We know some fellows who are going to walk to Waterville to see that meet. That is Maine Spirit of the right sort. Go to Waterville,—by the special if you can, but in any case go.

The Class of 1916 is to be congratulated upon the excellence and variety of its Junior Week Program. From beginning to end the occasion was one of unusual success. When the Junior Class cut chapel in a body, Wednesday, they seemed to start class spirit going in the right direction.

The Prize Speaking was of an excellent order and worthy of a much larger audience than was in attendance.

The "Amazons" is perhaps the most successful production which the Masque has ever put on.

The "Prom" always the crowning event of every Junior Week, was more than the usual brilliant success. It reflects great credit upon the committee and those loyal members of the class who worked night and day decorating for the affair. For those who stayed at home from their work we have the greatest pity. They can not begin to realize what a narrow existence they lead.

Mr. Spear and his co-workers deserve the praise which they are receiving for the production of the Minstrel Show. Such interest as that which Mr. Spear has shown in student activities is bound to be appreciated by the student body.

The spirit of hospitality shown thruout the week was admirable. Our guests were entertained in a fitting manner. Old friendships were renewed and new ones made.

The University as a whole is better because of such occasions as this Junior Week.

The Annual Interscholastic Track and Field Meet comes next Saturday. At that time we are to be

The Interscholastic Meet school men of the state. From these

lads will come the future men of Maine. It is up to us as Maine Men to show them a good time in every possible way. Let them see Maine Spirit at its best through

that true democracy and genuine hospitality for which Maine is famous.

The idea of serving refreshments in Alumni Hall during intermission at the big dances, is an idea which should be encouraged. It is more convenient and more democratic than the old idea of cutting two or three dances either side of intermission in order to go to the various fraternity houses. Any move which tends toward democracy and more "mixing" is a move in the right direction.

"Fraternities are not solely for the benefit of their own few members, but are for the benefit of the University as a whole," said Miss Foster in her speech of Wednesday night. If all fraternity men would look on the matters in this light, fraternities would be a much greater force for good than they are today.

Whatever may be the place of rag time music, it certainly should not replace the old University songs which have been sung by generations of Maine Men. We agree with Miss Thompson in that rag-time is too prominent here at Maine.

LOST FIRST GAME, 6-1

Bates Bunched Hits in Fourth; Maine's Only Run in Third

Maine lost to Bates, Saturday, in the first game of the State Series by a score of 6 to 1. Maine was unable to hit Moore, Bates pitcher, at any time when his meant runs. Even when the men did hit the ball, it seemed to go to some Bates player in a most uncanny way.

Bates, on the other hand, gathered 11 hits, all but three of which seemed to just twist out of the reach of the Maine players. Bates won in the fourth. Lord got a life on a scratch hit that caromed off Driscoll's shins and was safe at first. Butler drove a fly to left field. Hackett misjudged the ball and the score was tied. Fuller walked, stole second Butler having advanced on a wild pitch, and scored with Butler, when Driscoll got his finger on the saliva and threw Davis' easy grounder over Gilman's head. Two more hits added two runs and the score stood 15 to 1.

Frost went into the box in the fifth and held Bates scoreless until the ninth, when they added the last score of the game.

STUDENTS SUPPORT PRES.

Paper Circulated by Clark Sent to Washington

David Lee Clark, of the English department, circulated a paper this week among the students and Faculty, asking those to sign who believed in the attitude of President Wilson toward the present European situation. Mr. Clark circulated this paper as an alumnus of Columbia University. These papers are being circulated in general among the colleges of the country. The paper was sent to Washington, in order to show the officials how the colleges of the country are standing behind their efforts for a peaceful settlement of all United States complications arising from the war.

Whittier Goes to Simmons

Mr. Earle O. Whittier, who for several years has been a chemistry instructor at the University, has just resigned to accept a position which places him in charge of the chemical laboratories at Simmons College, Boston. Mr. Whittier is a Maine graduate of the class of 1911 and has been here as instructor since then.

Emery on Maine Law in Law Review

The current number of the Maine Law Review, the monthly publication of the students of the College of Law, contains an interesting article by Lucilius A. Emery on "Some Inconsistencies in the Constitutional and Statutory Law of Maine." Legislation in Maine from 1820 to 1915, relating to the exemption of wages, is reviewed in an article by James Boyle, L. L. M., a member of the Maine State Bar. The Alumni column notes that three alumni have been recently elected to municipal offices in Bangor.

Enjoy the Pure Flavor
of Your Tobacco

by rolling your cigarettes with Riz La Croix papers—the universal choice of smokers of experience, because of supreme quality, convenience and satisfaction.

RIZ LA CROIX

(Pronounced: REE-LAH-KROY)

FAMOUS CIGARETTE PAPERS

Their texture is so pure, light and thin—their combustion so perfect—that there is not the least trace of paper-taste in the cigarette smoke.

They never burst in rolling and hold perfect shape, because of tensile strength and natural adhesive-ness. Made of the best flax-linen—a pure, vegetable product—they are entirely pure and healthful.

JAMISON SPEAKS ON CLEAN MILK SUPPLY

Demonstrates Traction Engine on
University Farm Monday

NEW FARMERS' BULLETIN

"Clean Milk Supply, Why?" This is the subject on which Prof. O. A. Jamison will speak next Wednesday at Lewiston and next Thursday at Bangor. These lectures will be given under the auspices of the Maine Anti-Tuberculosis Association, and are a part of their public health campaign. At these meetings in Lewiston and Bangor, different organizations, such as the State Department of Health, will contribute to the program.

The traction engine, which appeared on the campus last Monday, was quite an attraction among the "Hecks." Others, too, came to view the novel affair. Demonstrations were given on the University farm Monday and Tuesday afternoons proving without a doubt that the farm horse in Maine now has a competitor. The engine shown here was of 12-horse power, and was manufactured by The Universal Tractor Mfg. Co. of Columbus, Ohio. It was too light for plowing, but the agents claimed that it could do almost anything else in the line of farm work except haul the Hoover Digger.

The Extension Service Department has just issued two "Timely Helps to Farmers" which should prove of much value. One, by Prof. Jamison, treats the subject of Cheese Making from a scientific, yet simple and practical standpoint, while the other gives in condensed but comprehensive form, the history, results, aims, and purposes of the Boys' and Girls' Agricultural Clubs.

Prof. Hitchings spoke before the Elmwood Grange at Parsonsfield, May 13. His subject was "Orchard Management."

Law School Notes

The Alumni Association of the University of Maine Law School are directing all their efforts to promote the largest reunion in the history of the school, June 7 to 9, in Bangor and Orono. Of the 230 living alumni, it is hoped to entertain more than 150 of them during Commencement week.

There follows a brief outline of the scheduled events, which start Monday, June 7, and last through Wednesday, June 9:

MONDAY, JUNE 7

Morning—Assembling at headquarters in Bangor until noon for registration. A special committee of arrangements will assist the visitors in securing accommodations.

1 p. m.—Buffet luncheon for visitors and ladies.

Fraternity and class reunions.

Evening—Supper and smoker at Conduskeag Canoe Club. Special cars leave Bangor at 5:30 p. m.

TUESDAY, JUNE 8

10 a. m.—Alumni meeting at Law School Reunion Picture.

12 m.—Reception by faculty at Law School.

2 p. m.—Maine-Colby ball game at Orono. Special cars leave from Bangor with band.

7 p. m.—Annual Alumni banquet at Bangor House.

Presentation of cups to best represented classes.

WEDNESDAY, JUNE 9

9:30 a. m.—Commencement exercises at Orono.

Commencement dinner.

Commencement ball at Orono.

Special cars for graduates and alumni.

Last week's debate on the honor system was decided in the negative.

The debate for this week is: Resolved; that the policy pursued by President Wilson in the recent Mexican situation was the right one. For the affirmative, George Ashworth, and Stacy Lanpher. For the negative, Howard C. Moody and Raymond Woolson.

Mr. William D. Owens, class of 1911, announces that he has opened law offices in the Haverhill National Bank building, Haverhill, Mass.

Mr. Owens graduated from U. of M. Law in 1911 and has since been studying in Harvard.

Joseph A. Loliberte class of 1906 has been appointed judge of the Northern Aroostook Municipal Court.

TUXEDO in a Class by Itself

Tuxedo was put on the market 10 years ago. It was the first tobacco ever made that absolutely will not bite the tongue. Since then imitators have sprung up, and after having failed to steal the famous "Tuxedo Process" have put out processes which they claim are "just as good."

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

This "Tuxedo Process" is the original and best process for removing all irritation from the natural tobacco leaf. This process is a secret, known only to the makers of Tuxedo. To get the best—get Tuxedo.

When you smoke, you smoke to get joy and repose—that comfey, gosh-but-life-is-good feeling. That's why you'll like Tuxedo. Tuxedo is all pleasure and a yard wide. Roll those old creamy puffs of Tuxedo, from your pipe or cigarette, around in your mouth! Get that aromatic fragrance! Get that smooth-as-cream tobacco richness! And it's all so mild and gentle you can smoke Tuxedo all day long if you like.

No other tobacco compares for an instant with Tuxedo. Get some and see for yourself. Tuxedo stands absolutely in a class by itself.

YOU CAN BUY TUXEDO EVERYWHERE

REVIEW OF PRISM

1916 Book Featured by Masque History and Junior Criticism

One of the most interesting events of Junior Week was the publishing of the *Prism*. All during Junior Week, you could hear all over the campus, "Well, what do you think of the *Prism*?"

It is different in many respects from the *Prism* of previous years, which fact alone attracts our attention. The freshman class write-up is in green.

The varsity teams have full page cuts, an especial mark of distinction. All the cuts and decorations are very artistic, the cover design being worthy of special note because of its uniqueness. Three college activities are here represented in the "student,"—the baseball man, the football man, and the track man. This cut symbolizes the "all-round college man."

The main feature of the *Prism* is the History of the Maine Masque. This is especially interesting because of the recency. It makes us realize how rapidly the Masque has grown in strength and popularity in nine short years.

The *Prism* is dedicated to one of the most loyal of the friends of the University. Dr. G. W. Thompson, Professor of German.

The Junior write-ups are extremely concise and come to the point in but a few sentences. The short and snappy ones with just the points of interest in them attract much more attention than the long-winded ones.

The "knocks" in the grind section have that personal sting to them which makes them felt and felt hard. No worn out jokes there! The more the personal element is brought out, the more the jokes are appreciated on the campus.

Every student is proud indeed to show the 1916 *Prism* to his friends back home.

TALK ON SOCIAL SERVICE

Miss Flennikin Tells Y. W. C. A. Benefits of Eight-Week Club

The big meeting of the Y. W. C. A. was held at Valentine Hall, May 12, when Miss Margaret Flennikin, field secretary for the colleges and universities in the northeast, addressed the local body.

Miss Flennikin spoke of a new form of social service for college women during the summer vacation. This form of service is the eight-week club. It is an organization through which the college woman shares with the girl in the country all the worth while things that college has put into her life. It has been tried for two years by college women and is proving to be a splendidly constructed piece of social service.

Girls who measure up to certain standards receive national recognition through a diploma signed by Jessie Wilson Sayre, and Mrs. Robert E. Spear, President of the National Y. W. C. A.

Last year 500 college women led these clubs in the United States. It is expected that 5000 will do this work this year. Almost all the leading colleges and universities in the Northeast are preparatory to have such leaders. In some the number is as large as 40.

Miss Flennikin also spoke of the Silver Bay Conference. This is an annual conference which seven or eight hundred college and normal school women attend.

Summer School June 28—August 6

The summer school session of the University opens June 28 and ends August 6. James Stacy Stevens, Dean of the College of Arts and Sciences, will be the administrative officer. Of the regular faculty; President Aley; Deans Hart and Stevens; Professors Chase, Colvin, Gray, McKee, Thompson, Stephens, Woodman, Willard, Pearce, Hamlin, Burghart, and Drummond; Instructors Stephenson, Kueny and Keyes will serve during the term. Eugene Louis Raiche and Helen Julie Raiche are the only outside educators to be employed. Both have previously been on the University of Maine summer school faculty.

The courses offered are practically the same as in the regular school year. Last summer there were students enrolled from six states besides Maine and also from South America.

Prof. Garret W. Thompson is to be chairman of the committee in charge of social affairs, while Prof. A. J. Jones is chairman of the committee in the interests of athletics.
