Farmers’ Week

The tenth annual Farmers’ Week is held under the auspices of the College of Agriculture and the Experiment Station this winter. The week is designed to stimulate interest in higher poultry, to demonstrate the value of poultry as food, and to raise the quality of poultry products.

Farmers are invited to attend the following demonstrations and lectures:

1. ACE/ St 110L. Aimee Sibley Ewing will lecture on the poultry instruction of the college and the work as carried on throughout the State. There will be a meeting of the State Agricultural Department on Saturday both the Maine associations.
2. The constitutional vigor and quality of birds as breeders. The certificates will be awarded on the basis of the highest quality programs.
3. The constitutional vigor and quality of birds as breeders. The certificates will be awarded on the basis of the highest quality programs.
4. The constitutional vigor and quality of birds as breeders. The certificates will be awarded on the basis of the highest quality programs.
5. The constitutional vigor and quality of birds as breeders. The certificates will be awarded on the basis of the highest quality programs.

Demonstrations will be held at Winslow Hall for the poultry house. On all sides are cages and other equipment to be shown the value of poultry as food. In all cases the chickens will be raised in accordance with the best scientific methods.

The certificates will be awarded on the basis of the highest quality programs.

The University of Minnesota football team of 1916 has adopted the honor system for Minnesota football, thus taking the first step in what is believed to be a country wide movement to solve the summer baseball problem. The step is a wise one, and the men should strive to retain it, as it is the only way to maintain the dignity and importance of the sport. The University of Minnesota has shown itself to be a leader in the cause of honor, and it is to be hoped that other universities will follow its example.

President John H. Clapp of Amherst has expressed himself as approving of the Union. President Calhoun of Brown University called attention to the necessity of military preparedness. The President of Harvard University has stated that, "The United States is a country of 124 millions of people, and it is our duty to protect ourselves against attack by any nation that may wish to do us harm."

The President of the University of Wisconsin has stated that, "The United States is a country of 124 millions of people, and it is our duty to protect ourselves against attack by any nation that may wish to do us harm."

The President of the University of Minnesota has stated that, "The United States is a country of 124 millions of people, and it is our duty to protect ourselves against attack by any nation that may wish to do us harm."

"Tax" touches the spring that releases the punch—the fire wire for the dynamite.

Smoke "Tax" for solid enjoyment, too, for the tobacco is rich and fragrant. Choice of choice Barley, freed from harshness and "tobacco flavor"—From the far West—From the West. A Royal welcome!"
