## Commencement Week Program Announced

Prominent Speakers Obtained: Much Activity Planned

Hon. Martin Willie Littleton of New York City and Lemuel Herbert Murlin, D. D. LL.D., president of Boston University, are to be the principal speakers of the Commencement Week program at Maine this year. Maine is very fortunate in having very able men for Commencement Week each year. Last year Hon. Samuel W. McCall, who has since become Governor of Massachusetts, delivered the address at Orono.

Mr. Littleton is a prominent lawyer of New York, having been admitted to the Bar in 1891. He practiced at Dallas in 1893-6, and since that time has been practicing in New York. He was prosecuting attorney for Dallas from 1893-6, and was later assistant district attorney for Kings County, N. Y. Mr. Littleton was a member of the 62nd Congress from the 1st district in New York, and was a delegate to the Democratic convention in 1904, being selected as the man to place the name of Alton B. Parker for President before the convention in behalf of the State of New York. Mr. Littleton will deliver the Commencement address which should be the big feature of the Commencement Week program.

Lemuel Herbert Murlin will give the Baccalaureate address this year. He has been connected with several colleges and institutions of learning since his college graduation and has held many positions both in these institutions and in the church. Among the colleges and universities with which he has been connected are DePauw, Garrett Biblical Institute, University of Pennsylvania, Clark University, Cornell, Fort Wayne College, as well as universities in Europe. He was at one time president of Baker University in Baldwin, Kansas, and has been since 1911 president of Boston University.

The Commencement Week program this year will commence on Saturday, June 10, at 5 o'clock with the annual meeting of Phi Kappa Phi in the Library, and will end Wednesday, June 14, with the annual Commencement Ball in the gymnasium.

The program is as follows:

- SATURDAY, JUNE 10.**
- 5.00 p. m.—Annual meeting of Phi Kappa Phi, Library.
- 6.00 p. m.—Annual banquet of Phi Kappa Phi, Hannibal Hamlin Hall.
- 8.30 p. m.—King Oratorical Prize Contest, Chapel.
- SUNDAY, JUNE 11.**
- 10.30 a. m.—Baccalaureate Sermon by Lemuel Herbert Murlin, D. D., LL.D., President of Boston University.
- MONDAY, JUNE 12.**
- 9.30 a. m.—"Fanchon the Cricket," by the women of the class of 1916, campus.
- 2.00 p. m.—Class Day, campus.
- 2.30 p. m.—Annual meeting of Alumni Advisory Council, Library.
- 4.00 to 6.00 p. m.—Open house at the fraternity houses and the girls' dormitories.
- 8.00 to 10.00 p. m.—President's Reception, Library.
- 9.00 p. m.—Fraternity reunions.

### PHI EPSILON PI.

North Hall will again be occupied by a fraternity. The Phi Epsilon Pi has taken this house for its home next year. The fraternity plans to have it well furnished about the first of September, ready for its members when they return next year.

Prof. C. P. Weston, who spoke in chapel Friday, gave a short comparison of the attitude of the people of England and of Germany toward the King and to the Kaiser as it appeared to him in his travels through the respective countries. The efficiency and military atmosphere of Germany was brought out in contrast with the showy and madiaeval attitude of the English.

Dartmouth has been offered the erection of two magnificent dormitory buildings under the condition that the institution be made co-educational.

## Track Club Cabaret A Big Success

Fine Entertainment Offered At Third Annual Affair

Friday evening in the gymnasium the Track Club gave its third annual cabaret which proved to be the most successful entertainment ever given by that club. All the tables were filled by a large crowd including guests, students and members of the faculty.

Mrs. Ella J. Mason had charge of the bill of entertainments for the past three years. The acts this year were of such a variety of style that everybody was bound to find something to suit his taste. The names of several performers were kept secret until the presentation, thus adding to the novelty of the acts. The program was as follows:

1. A Costume Dance.....
2. An Original Sketch, with Topical Songs.....
3. Readings.....
4. Flower Dance and Posing.....
5. Solos.....
6. Double Quartet.....
7. Modern Dancing Exhibition.....

The talent was not all from the University and made a distinct hit. The variety act of topical songs filled with jokes and knocks on the faculty, attendance committee, the co-eds, the college buildings and Coach Smith given by Miss Brown, Dick Whittier and Jim Smiley was one of the hits of the show. The amusing trio sang parodies of the latest song hits such as Along the Rocky Road to Dublin, and When I Leave the World Behind. Whittier showed an extreme dislike for the co-eds in his parody on I'm Simply Crazy Over You, and was rebuked by Miss Brown's reply in the parody of When the Right Girl Comes Along.

The string quartette played medleys made of Just a Warning for You, If You Only Had My Disposition, When Old Bill Bailey Plays His Ukalelie, The Girl on the Magazine Cover, and William Tell Overture, which were well received. The program closed with singing the Stein Song. The members of the quartet were: C. M. DeWitt, Edith Ingraham and Marion Hanley, mandolins; Francis Head, banjo mandolin; Fred Haines, banjo; Thurlie Whitehouse, mandola; Ruth Brown, guitar; Harry White, piano, and William Cobb, drums.

The costume dance by Harry White and Miss Faye Smith was very pretty and graceful, as were the exhibitions of modern dancing by Fred Keating and his partner, Miss Secor and Mr. Jardine and his partner, Miss Stinchfield. Both couples danced the most graceful and less extreme of the modern steps.

The readings of Miss Cheney and the solos of Miss Clark were very much enjoyed as was the Flower Dance and a posing by Miss Sylvia Tracy. The program lasted about an hour and a half and was followed by dancing, music for which was furnished by the college orchestra.

The regular delicacies of the order were: Ice cream, lemonade, ginger ale, sandwiches and coffee. A number of specials for those of more delicate taste were prepared and served by Chef Art Smith.

The committee in charge was as follows: Mrs. Mason, Boss; W. B. Haskell, Ladies' Maid; M. C. Peabody, Short Change Guy; R. W. Bell, Nothing at All; I. C. Macdonald, Dish Washer; H. S. Jenkins, Terrible Pest; "Art" Smith, Chef.

War indirectly has touched the campus. The Du Pont Powder Company, after the greedy habit of munitions factories, has reached out and taken unto itself two of the rising young chemists from our Agricultural Experiment Station. The men thus favored are both graduates of Maine, Edward E. Sawyer, '12, and Walter H. Rogers, '15. They started for Wilmington, Delaware, Saturday and began their new duties May 1.

Harvard has ordered an Aero Corps under the military department of that institution. Its purpose is to train men for the service with the United States army or navy.

## Athletic Association Presents Standing

"M" Letter to Students, Mr. Buck Places Conditions Before Us

### A PLEA FOR ACTION

To the Students of Maine:

Through the columns of your paper I wish to call your attention to a matter that should be of vital importance to each and every one of you. While primarily you attend the University to obtain an education to fit you for your work in later years, I want to ask if you would feel perfectly satisfied at graduation if you looked back upon four years at the University and could recall no activities in which you had taken some part. I feel almost safe in answering this question for ninety-nine out of each one hundred of you, and my answer would be emphatically, NO!

Now then, of all the activities, is there any one that can take the place of Athletics at our University, or in fact any University or College? I believe the same ninety-nine would again answer, NO! If this is true then you should make the maintenance of Athletics a personal matter and wake up to the fact that more personal interest and support must be shown. If each of you would step forward and assume your proportion of the burden, then that burden would be light when compared with the results obtained. When our teams are engaged in a contest it is hard to conceive of better spirit and loyalty,—but when we go to the books of our treasurer another story is told. There can be none of you who fail to realize the expense of properly equipping and coaching our athletic teams, and then the expense attending our contests away from the University. Prior to the year beginning September, 1914, we did not follow the financial end as we should have done, which resulted in our starting the fall semester of that year with the Association in debt something over twenty-two hundred dollars. We had had the pleasure of seeing our teams victorious on the athletic field but what a sad awakening. With the loyal support of the student body and by practicing the strictest economy all debts of the Athletic Association were paid and we began the fall semester of 1915 with a balance of \$26.30 in the treasury.

During the present semester when inquiring why the Blanket Tax is being paid by such a small percentage of the student body, I have been told that there is a feeling among the students that the Association is out of debt, with money in the treasury and that the blanket tax is not needed. To those who have such an impression I want to call attention to a few figures bearing upon the finances of the Association. Following is a very close estimate of expenses of the Association for the remainder of the present semester, providing the full baseball and track schedules are carried out:

Apr. 29, Bowdoin game at Brunswick, 14 men including coach and manager; car fare.....\$ 70.84  
Hotel bill..... 42.00  
—————\$ 112.84

May 10, Bates games at Lewiston, 14 men, including coach and

## First State Game A Maine Victory

Ten Innings Needed to Bring Winning Runs Across

BRUNSWICK, April 30—It was up to Capt. Otis Lawry, the man Connie Mack is after—to win the first championship game for Maine here Saturday afternoon. Bowdoin had been rather shading the Orono aggregation all through. "Gramp" White, the Bowdoin freshman pitcher, had held Maine to three hits and struck out 12 men.

Maine went in for the last chance, two runs behind. There didn't seem to be a ghost of a show for the visitors. But baseball games are not won until the last man is out.

On passes and a wild pitch Maine had the bases full but two men were down. Capt. Lawry was up. He waited for a pass and it was three balls and two strikes.

The next ball told the story. "Gramp" was in a hard hole—and Lawry was also in a tight place.

White apparently chose to grieve it and trust to his fielders. It would have been better judgment to have passed the clever Maine captain, perhaps.

Anyway, Lawry laced out a single that tied the score, two runs coming in.

Bradford, Bowdoin's best catcher, got in ugly split on his finger and was obliged to retire, Chapman taking his place.

Maine went after the game hard in the tenth. Rowe singled. Pendleton dumped down a neat bunt. Ruffner made good as a pinch hitter by putting down another. A passed ball let in what proved to be the run which won the championship game for Maine. Driscoll of Maine proved effective in pinches, allowing but six hits.

"Captain" "Rabbit" Lawry of Maine was a star on the bases, on one occasion he attempted to steal home from third and would have made it but the batter reached for a wide curve, fouling the ball.

## Tennis Schedule For Tournament

Three tournaments are scheduled for the tennis team this year. The first is the Bowdoin dual tournament at Brunswick, probably on May 12, the day before the State Intercollegiate Track Meet in that city. Another dual meet against Colby at Waterville is scheduled for May 20. Thursday, Friday and Saturday, May 25, 26 and 27, are the dates set for the Maine Intercollegiate Lawn Tennis Association tournament at Orono.

Plans for an inter-fraternity meet are also being discussed this spring. Manager L. John Freese, '17, is in charge of the arrangements.

The students who are veterans of last year's tennis team are G. W. Kilburn, '17, captain; C. M. DeWitt, '16; W. T. Faulkner, '16; H. E. Rollins, '16; L. J. Freese, '17; A. F. Moul, '18, and E. V. Cram, '18, who played two years ago.

Pennsylvania has raised basketball to a major sport. Columbia is the only other eastern university that ranks basketball in the major class.

## Maine Easily Defeats Colby 83-43

Blue Team Shows Strength in Nearly Every Event

### WUNDERLICK INJURED

The University of Maine track team defeated Colby in a dual meet, winning by the score of 83 to 43. With pleasant weather and a dry track everything was favorable for fair competition.

Maine took twelve first places allowing Colby to score first only in the quarter mile and the discus throw. Merrill and Joyce won these events in order.

C. A. Rice, the University sprinter, won both dashes without any difficulty. His time in the 100 was 10 1-5 seconds and in the 220 was 22 2-5 seconds. The first heat ran by Rice was the prettiest of the day, and was the only occasion when he really let himself out. In the finals Rice was followed by Ziegler and Lawry for second and third places respectively. Colby succeeded in scoring only point, third in the 220, won by Ferrill.

Although Bell of Maine won the mile it was the unluckiest race of the day for the University. Wunderlick, Bell's teammate, had to be carried from the field with a pulled tendon. This will probably keep him from competing again this spring.

The closest and most exciting race of the day was the half mile, won by Bell of Maine. Bell was running in third position when Thompson of Colby passed Dempsey for the lead. Dempsey was unable to regain his position so Bell took up the race, passed Thompson and beat him to the tape by some five yards.

The surprise of the day was Libby of Maine winning the two mile over his teammate Preti.

In the hurdles French secured both firsts with very little effort. He also won the broad jump, making him high point winner of the day.

In the weights Maine was successful in all but the discus. Stanley won the hammer throw with 129.4 feet, while Allen in the shot came within .7 feet of the State record.

The summary:

- 100 Yard Dash—Won by Rice, Maine; 2d, Ziegler, Maine; 3d, Lawry, Maine. Time, 10 1-5 sec.
- 220 Yard Dash—Won by Rice, Maine; 2d, Ziegler, Maine; 3d, Ferrill, Colby. Time, 22 2-5 sec.

## EDITORIALS

This is the last issue of the CAMPUS which the present board will get out. The past year has been a critical one in the history of the publication. There have been many difficulties in our path and many problems to be solved of which the average student has had no knowledge. We wish at this time to express our gratitude to those members of the board and others who have helped us to make our paper worth while. We believe that the future of the CAMPUS is bright. The new board is as a whole one of the most efficient in years and the student body is to be congratulated upon having its paper in such able hands. For the new administration we ask a greater amount of co-operation than has been given us.

Of course it was a fine thing to win that dual meet Saturday and the men who helped to win it deserve all the credit in the world. However, the student body must realize as do Coach Smith and the track team that we are to have no easy time if we win the State Meet this year. Saturday's results were just about what were expected. We all must work and work hard if we are to come through this year. The next two weeks will tell the story. Plan to go down to the State Meet on the special and take the other fellow with you. Talk it up from now on.

Hosea Buck, chairman of the Athletic Board, and one of the most loyal of Maine Alumni, has written a letter to the undergraduates of the University. It is our pleasure to publish this letter in this week's issue. Hosea Buck knows more about Maine athletics than any other alumnus because he has done more for them than any other alumnus. He has a message for all of us concerning a matter of vital importance. We urge every man to consider the contents of this letter and to try and realize how little it is possible for most of us to do in helping our teams to win. The least that any of us can do is to pay the Blanket Tax. Do you want to pay yours and do your small part, or are you unwilling to do even this little for the good of our teams?

The University Band is going away on a trip the week of the State Meet. We are to have no band for the rally before the meet and no band for the ball game Friday afternoon. On Friday evening before the meet the band is scheduled to play for a concert and dance at Dexter. The plans are now for the band to just connect with our special train at Newport. Unless these plans are rather materially modified by the management of the band the popularity of the organization is going

to be somewhat less than it has been in the past. The first duty of the Maine Band is to Maine. We are proud of our musicians and as long as the interests of the University are not interfered with are glad to have them show the people of Dexter or of any other town how good they are.

The CAMPUS takes this opportunity on behalf of the entire student body, to welcome the guests of Junior Week to the University. We are glad at all times to welcome both old friends and new. At this time each year we make a special effort to entertain our friends to the best of our ability. We hope that your visit may be most enjoyable in every way.

The following men have been pledged to Sigma Delta Chi, the honorary journalistic fraternity: John Henry Magee, '18; Lloyd Irving Edgerly, '18; John Michael O'Connell, '18; James Harford Gray, '18, and Frank Currier Ferguson, '18.

William E. Nash, '17, will leave on Thursday to attend the annual convention of Sigma Delta Chi in connection with the newspaper week at the University of Missouri.

## STUDENT CHAPEL.

Last Thursday morning student chapel was held for the purpose of arousing enthusiasm among the members of the student body in regard to the coming State Track Meet, to be held at Brunswick, Saturday, May 13. Manager Haskell told the student body how hard the team was working, and how much they need every "Maine man" to back them up. The proposition of having a special train to Brunswick was brought up and will be more fully developed this week.

This question of making the blanket tax committee a college honor with its members elected by the student body was brought up. After a brief discussion those present voted in favor of this measure. This change will no doubt make those who serve on this committee feel that they are more than recognized by the entire student body, and not so much to be avoided.

## Sophomores Win Annual Debate

## Compulsory Military Training Discussed By Lower Classes

The Sophomores were the winners in the annual Freshman-Sophomore debate which was held in Alumni Hall on Wednesday evening, April 26, at 8.00 o'clock. Dr. Chase of the faculty presided. The question was, "Resolved, that military training should be made compulsory in all of our colleges and universities." The Sophomores supported the negative and the Freshmen the affirmative of the question. The judges were Rev. Mr. Lyman of Orono, Judge Dunn of Orono, and Prof. Matthews of the faculty.

The first speaker for the Sophomores was R. H. Lovejoy. Mr. Lovejoy proved that it was not necessary that military training be made compulsory. He was followed by J. A. Goodwin for the Freshmen. Mr. Goodwin proved that military training must be made compulsory in line with the general preparedness movement. The second Sophomore speaker, R. C. Moore, showed that the system of compulsory military training was inefficient. N. W. Emery for the Freshmen proved that the compulsory system furnished the most complete training at the least cost. The last speaker for the Sophomores, D. W. Norton, showed that the proposed system was undemocratic. Frank Altman for the Freshmen showed that the system proposed was justifiable and that it always had been and would be a success.

The Sophomore alternate was E. W. McLain and the Freshman alternate, I. R. Donovan. Each speaker was allowed ten minutes for his direct address and three minutes for rebuttal.

A sophomore chapel committee at Pennsylvania composed of twenty men is working wonders towards improving the chapel attendance of the sophomores. Through a chain system each member of the committee is expected to pledge another to attend chapel. The pledged sophomore is required to pledge another. Thus an endless chain arrangement has been put into effect and will list until every sophomore makes his appearance at chapel.

## The Smoke of the Active!

There's one fashion that never changes—the refreshing, wholesome, youthful, spirited fashion of "rolling your own" for a lively smoke with good old "Bull" Durham.

In no other way can you get a cigarette so fresh and fragrant, so full of vigor, energy and action. The man who "rolls his own" with "Bull" Durham has the taste of a connoisseur.

## GENUINE

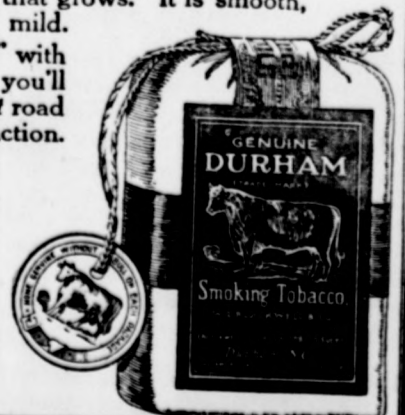

## "BULL" DURHAM

SMOKING TOBACCO

The wonderful mildness of "Bull" Durham sets it apart from all other tobaccos, and its unique mellow-sweet flavor gives distinctive enjoyment to a cigarette.

"Bull" Durham is made of "bright" Virginia-North Carolina leaf—the choicest that grows. It is smooth, rich, most satisfying—and mild.

Start "rolling your own" with "Bull" Durham now, and you'll put yourself on the one right road to genuine smoking satisfaction.

## Christian Association Meets at Hampden

Plans For Coming Year Discussed By Leaders

The M. C. A. retreat last Saturday afternoon and Sunday held at Hampden promises to be the beginning of the most practical and strongest organization in the history of the Maine M. C. A. When about forty of the most enthusiastic students of the University band together full of "pep" to make the association a vital factor in the University life it means "something doing."

The purpose of the trip was to organize some of the most active of M. C. A. workers to form plans to set the association on its feet for the coming year. The men started for Clark's bungalow Saturday afternoon, where they spent the evening and Sunday morning discussing plans for the season of 1916-1917. The association will have at least one powerful speaker here each month. It intends to help new men get started next year by having men to meet them at the station, to register, and many other helps. It will have classes in most of the towns within a radius of twenty-five miles. The association also hopes to raise a fund to send six men to the Northfield Student Conference, and to have rooms on the campus.

Sunday morning the cabinet was joined by several other workers of the University and together they attended the Hampden Congregational church. After church and a few short exploring expeditions the party assembled to enjoy one of Mrs. Clark's excellent dinners.

Throughout the whole trip the party was greatly enlivened and aided by Mr. George Irving of New York, editor of the North American Student, and Secretary Cranston. Both urged that, although the plans were not extravagant, it is necessary to raise funds to back up the work. The students, realizing this, responded nobly by signing notes for \$329 on the spot. A three days campaign has just been begun, upon the results of which a large part of the benefit of the M. C. A. to the student body depends.

## MAINE ORCHESTRA AT THE BIJOU THEATRE.

At the Maine Masque performance of "Lelio and Isabella" the following men were picked to represent the University orchestra at the Bijou Theatre, April 26: Winn Mayers, leader and piano; Ralph Whitehouse, first violin; F. J. Penley, second violin; J. L. Chute, violincello; E. I. Clapp, bass; L. H. Blood, first cornet; H. N. Dole, first clarinet; E. L. Coolbroth, flute and piccolo, and C. K. Lane, drums. The selections were played with a dash that showed careful rehearsing and good leadership by Mayers of the senior class. The program of concert selections will be repeated at the Junior Week appearance of the Maine players with the entire instrumentation.

A committee to investigate the blanket tax for Minnesota has declared it impossible. Three reasons are given: First, the athletic board would not consent; second, there would be no saving to the student body; and third, a blanket tax could not be made compulsory on all students.

At the University of Michigan rules have been made prohibiting the sticking of college "posters" on suitcases or other baggage. It is claimed that this is against the conservation of present day ethics.

## Aggie Notes

### PRACTICAL HUSBANDRY.

The May issue of Practical Husbandry, the monthly magazine published by the Maine agricultural students, will feature an interesting article on "Landscape Gardening" by Professor F. A. Waugh of the department at Massachusetts Agricultural College. Prof. Waugh is a recognized authority in this branch of agriculture and as Maine lacks a major course in landscape gardening the article will be valuable information. Among the popular books that he has published are "Fruit Growing," "Landscape Gardening," and "The American Apple Orchard." Prof. Leckberg of the Mechanical Engineering department will have an article on "Gasoline Engines for the Farm." There will be several minor articles by the department instructors. The magazine has shown great improvement in the makeup and management under the introduction of the new features.

## Portland Plans an Attractive Celebration

Board of Trade Invites Students After State Meet

Are we to celebrate winning the State Track Championship, in Portland? was one of the questions discussed at the student chapel last Thursday.

That in the minds of some the only answer to this question is, yes, was seen when some 400 of the student body raised their hands to show their intention of making the trip. Driscoll decided, however, that this number was hardly large enough and that it be discussed for a week.

The merchants and people of Portland remembering the big gentlemanly demonstration that the Maine students made at that city last fall, celebrating the winning of the State football championship, wish them there this spring. The Board of Trade has offered to give a cabaret show in City Hall, a show that will be full of pep and pretty girls. They are doing this because Keith's Theatre will be showing stock and they think that City Hall is the proper place for Maine men to get together for some fun and cheering after the parade.

The special train into Portland must be arranged for in advance this year, and for that reason it is imperative that Maine men make up their minds as soon as possible. The question of whether Maine will be celebrating or not is, of course, a matter of speculation, but with Coach Magee having confidence enough to say that Bowdoin will fight for first place it seems that there should be some 700 or 800 Maine men who have confidence in the fighting qualities of men with records behind them to live up to and to excel, enough to enable them to decide that they will make this trip to Portland.

The extra fare for the round trip from Brunswick to Portland was seventy cents last fall.

Fifty undergraduates have enrolled in an "Independent League" at Dartmouth. The society has for its purpose the opposition to the introduction of military training into the college curriculum.

Only five institutions whose attendance is over six hundred do not admit women. These universities are Harvard, Princeton, Dartmouth, Gerard and Georgia.

## Last Glee Club Concert at Bangor

Solo Work of O'Neil Features the Program

Not for some years has the Bangor concert by the Musical Clubs been as successful as was the one of Saturday evening at City Hall. The gallery was well filled, there being no seats on the floor. Many who were not present at the concert came to dance later.

The receipts were much more than those of the last two or three years. Previously the concert was given under the auspices of some Bangor club or organization, but this year it was put on by the Musical Clubs themselves. Consequently the profit was considerably greater.

As for the concert itself, the general comment was that it was much better than similar concerts of the past. The cornet solos of H. D. O'Neil of Bangor took the audience by storm and he was forced to use all his prepared encores. J. H. Magee, also of Bangor, received general applause from his townspeople. His readings were highly pleasing, and his delivery was excellent. The Glee and Mandolin Clubs did the best work that they have produced this season, putting a lot of enthusiasm into each selection.

Although the clubs did not take an extensive trip this year, and the receipts and guarantees were not large, on account of the size of the towns visited, there will be no loss, but on the other hand there will be a fair-sized surplus on hand at the end of the year due to the good crowds at the Orono and Bangor concerts.

The theory of athletic coaching is a new course which has just been added to the Harvard curriculum. Beginning April 29, a series of lectures will be given dealing with the theory and practice of various college sports. Evidently Harvard intends to keep good her reputation for turning out coaches.

Masque Back From  
Third TripFive Performances at Port-  
land Followed By Reception

The Maine Masque with "Lelio and Isabella," the burlesque interpretation of Romeo and Juliet, that was written for the dramatic club by Professor W. P. Daggett completed the third trip of the season playing at Norridgewock, April 24; Portland, April 25, and at Bangor, April 26. The grease paint artists are having exceptional success with this artistic comedy as the players drew crowded houses all the season except at the Bijou Theatre in Bangor. The six months rehearsing and the eleven performances including the Massachusetts trip has polished the actors so that the Junior Week appearance will be an exceptional treat for the students and visitors.

At Norridgewock the Masque made their first appearance at that place in the recently completed theatre as a feature in a series of entertainments. The attraction was well advertised, and the house was sold out with a large number standing. The audience was very enthusiastic with the efforts of the players from the first stunt of the comedians.

The following evening the comedy was given at Pythian Temple in Portland under the auspices of the Alpha Phi Society. The management arranged elaborate plans for the Maine Dramatic club and the appearance was made the feature college show of the season for Portland. The programs were costly with an advertising value of several hundred dollars. Governor Oakley C. Curtis and the professional and business men of Portland were the patrons of the college show. After the performance the Alpha Phi men gave a reception dance to the members of the cast which was attended by the younger society set.

"Lelio and Isabella" at Portland was one of the smoothest and most artistic performances of the season, and the work of the men playing the female parts was especially liked with Sumner C. Cobb, '17, as the leading lady and "college fullback" as the Daily Argus stated, and Fred L. Darnen, '16, as Pasquella. There was much interest shown in the work of the three Portland men because of their previous dramatic work before their entrance to college, and Sumner C. Cobb, '17, Artemas H. Harmon, '18, and Evans B. Norcross, '19, made a good impression. The character parts had their share of the applause, and the work of the comedians was full of snap and action.

The Bijou Theatre appearance was very artistic with all the advantages of a spacious stage, scenic effects, the complete and elaborate costuming, and the musical support of the University orchestra of fourteen pieces. The audience was the smallest of the season's trips because of the many social affairs and following a well advertised production.

The Junior Week appearance on Thursday evening will be one of the attractions because it will be the first appearance on the campus. With the entire season of rehearsals and all the trips completed the students will witness the results of Maine players in the type of a comedy that is holding the attention of the dramatic critics of the East. All plans are to make "Lelio and Isabella" the biggest and most complete production that the Masque has offered any Junior Week in its history. The full instrumentation of the University orchestra will furnish the concert and incidental music of the play. Leader Mayers has arranged the following program for the orchestra:

"Dolores", March.....Neil Moret  
"The Fortune Teller", selection..  
.....Victor Herbert  
"Martiniere", intermezzo.....Lorane  
Exit March, "Special Delivery"..  
.....Friedrich

Thus far returns made to the treasurer by the Blanket Tax committee show that but 282 students have paid their blanket tax for this spring semester. This number is a very small percentage of the student body. The figures as given above show what our financial condition at the end of the year will be unless your blanket tax is paid. I want to impress upon all of you that unless YOUR blanket tax is paid in sufficient amount to guarantee completing the year free from debt we will not be able to carry out the full track schedule.

The Athletic Board is not going to put the Association in debt again this spring and it is now right up to you—Students of Maine—to come across or see the spring schedule cut short. We have good material in both baseball and track and under the present coaches it is conceded by many that our chances of bringing two more championships to Maine this year, are very, very good. We started out last fall for a clean-up year and I want to ask you now if you are going to allow your failure to pay your tax of five dollars stand in the way. We want to send to the New England Meet at Springfield every man who can show one or even one-half of a point for Maine. It costs \$28.50, approximately, per man for this meet. Are you going to make it necessary for the Athletic Board to figure how few men will be sent to Springfield when with our chances of capturing the meet the Board should be planning to send every man who can show something for Maine? Do you realize keeping one or two men out of that meet may lose the meet for Maine?

I am giving you these figures and making this appeal for your financial support at an early date in order that you may think seriously and decide before it is too late, that you want to be loyal to your Athletic teams and pay into the treasury of the Association the reasonable tax of five dollars. Upon your attitude during the next two weeks depends to a great extent our athletic showing for this spring.

Go to your room, give three "short ones" for Maine, and then see that your five dollar tax gets into the hands of your Treasurer at the earliest possible moment.

Yours for Maine,  
Hosea B. Buck,  
Chairman Athletic Board.
