Military Hop will be Held For April 13th

1900 Entertains With Competitive Dancing—J. J. Lappin Is Chairman.

Plans for the annual Military Hop, which will be held April 13th, are well under way and are expected to make it the most enjoyable event of its kind ever held on the campus.

The program will consist of three parts: The opening of the Hop, the main dance, and the closing service. The opening of the Hop will begin at 7:30 P.M. with a short address by the president of the college, followed by a roll call of the various organizations present. The main dance will take place from 8:30 P.M. to 12:30 A.M., and the closing service will conclude at 1 A.M.

Main attraction will be the famous Delta Tau Hill Orchestra, which has been invited to perform. The orchestra will play a variety of music, including popular songs, dance music, and classical compositions.

Tickets are available at the office of the Student Council for $1.00 per person. No tickets will be sold at the door. All proceeds will go to the fund for the new dormitory.

The Food Court will be open during the Hop, serving a variety of food and drinks throughout the evening.

Maine Alumnus off for Industrial Secretary

Mr. Ridge Talks On Opportunities For Maine Men In Teaching Foreigners.

Ridge, Industrial Secretary of the Institute of International Education, today discussed the opportunities for Maine men in teaching foreign languages.

Ridge stated that the demand for foreign language teachers is growing steadily, and that many colleges and universities are offering positions to qualified candidates. He emphasized the importance of possessing a good knowledge of the language one is teaching, and the need for continuous improvement in teaching skills.

Mr. Ridge also discussed the importance of understanding the culture and customs of the country whose language one is teaching. He said that a teacher who can convey the cultural context of a language is more effective in teaching.

Ridge encouraged Maine men to consider teaching foreign languages, pointing out that it is a rewarding and fulfilling profession. He noted that teaching can provide a good salary and many opportunities for personal growth and development.

Maneuvers to be Big Part of Military Hop

New System of Target Practice Instructs Freshmen; Firearm Practice to Include Capture Tests.

This year's Military Hop bids fair to well take care of as regards the military part of the program. The maneuvers to be held will include the inauguration of a new system of target practice, which will be conducted under the direction of Major Stepphenson.

Two companies are to take part in the maneuvers, the 1st battalion, commanded by Captain Arthofer, and the 2nd battalion, commanded by Captain O’Donoghue. There will be a competition between the two companies to determine which one is the best.

The drill will include the study of procedures under direction of Major Stepphenson. The drill will also cover various other subjects, which will be taught by the officers in charge of the maneuvers.

The maneuvers will be an excellent opportunity for Maine men to gain experience in military procedures and to develop their skills as soldiers.
SUNDAY EVENING
(Continued from Page Three)
dor of the motion, said that the great eyes were on the wall, the "No quitter" emblazoned here. The word "quitter" takes more nerve than the hardest football game. While you have not to get the ball in a quitter's, in a physical sense, yet the greatest quitters are not in the physical world but in the mental and spiritual world. Great athletes may be bowed to as geniuses in the center of life. The most severe condemnation in the world is given to what you do, but for what you fail to do in the story of the life. We are responsible for whatever we have "been."

The man who takes the great chances and finds the lightest for the next step because we don't know whom else they will do, they are those who plunge into sin. Yes, make out a case for charging up inquiries? The man who works only for himself and for dollars only is living the smallest life possible figure. Only once in a while and you will get the reputation spread before your prospective employer, and what will it get you?

You know all you must be honest in to get along in the world. Then who is honest and steady? Any an- don who takes a grade in a class which does not belong to himself and steady. Whether the crib is an inch thick or a mile long heeds its name of "any." Man will steal a grade and will make light of the great all of the men concerned in it had husbands and scholars in college. The only excuse for a man who makes light of grades is a desire for lower grades. A higher percentage of those who do must apply to study will succeed will graduate and get higher ranks. God aid you on the way to graduation. You can't beat God. It takes some long time to learn to be his early Christian work Efford said he said there are no such as the friend. If you can't roll a cigarette, and what does it saves a soul has covered a multitude of sins. A good atmosphere helps you want it. A good atmosphere helps you.

Musical Clubs Return
From New York Trip

After a most successful trip on which they performed before large crowds in
Boston, and New York City, the boys of
the university, enthusiastic over their
reception, announced that they were to
receive another engagement.
The trip was arranged by the Twenty
Eight, a corporation of/functions of any
organization representing the
women's club.

Among the stops was the first, followed
by the Portland Regional, the Western
Maine Alumni Club, and the twenty-eight,
which was given in Portland. The
organization left for Boston where the
annual concert and meeting was held.

Dramatization of "Job" to be Given Friday

Play By Dean Stevens Will Be Presented at Avery Hall

A play that promises to be one of the finest attempts in the dramatic line of recent productions in the State of Maine to be The Problem of Bru- cial Nature of the Drama will be given on the evening of March 8 under the auspices of the College of Arts and Sciences.

Every effort is being made by the cast and production committee to make one of the most splendid productions possible. All of the scenery and effects are planned, and no care has been spared for any of the accessories and beautiful con- stuming of the members of the cast.

The plot and scenic effects will be the directo- ry form of the play. Prof. G. W. Thompson and Prof. Holmes are in charge of the musical end of the work. Prof. Hubbard is chairman of the committee on providing. Prof. Karen is recreation of the cast. Prof. Woodruff is stage manager. Prof. Reed, carpenter. Prof. Holmes, electrician.

There is no to admission charges and the public is invited. The play is to be given in the Assembly Room of the College.

A synopsis of the play follows:

The Madison College Drama Club will present: "The Great Overture: I Know That My Redeemer Liveth.

The next place I went into must have been pretty swell because the waiters all do so and I went in there to see one of them smoking just like they do in the movies. I couldn't read the menu because the language was foreign so I ordered a steak and hotel and got an awfully nice meal, but I didn't want to appear very well and I ate it. I heard him ask me the waiter for the wine list and I thought I ought to do, and I did, and I didn't see anything on it less than five dollars so I just asked them the price. I was not feeling well. Where I had finished eating I said to the waiter, "How much?" He said, "Yes, sir, I'll bring you the bill." I didn't know what he was talking about until I opened the bill and it turned out that you have to put in a nickel or a dime or a quarter according to the call before you can get the operator. I didn't have a nickel or a dime or a quarter and I had my hands full looking for the operator. I went out and I ate over it and I read the directions on it. Then I put in my nickel to get a cup of coffee. I held my cup under the spout and pressed the lever. but just then a man brushed my elbow and swung
