No. 5

CLASS BASKETBALL THIS SEASON

The interclass basketball season will be held this winter in the gymnasium as usual, and it is hoped that the same keen interest and friendly rivalry that was in evidence last year will be displayed this season. Some of the teams have lost heavily through enlistment, but good material is still available and some snappy games are promised.

The class of 1918 has lost Doc Niles, George Adams, and Jerry Reardon, all of whom are in service. The only veteran of that class still in college is Art O'Brien. 1919 has lost Don Cody, and Ken McQuarrie, but Adams and Taxi Cross are still with us as is Myron Mitchell who was a big factor last year. The 1920 team has suffered severely by the ravages of war, for Art Couri, Ralph Moody, and Mulvaney are all in service, Zip Waite being the only man left from that team. What the class of 1921 can produce remains to be seen but it is safe to say that she will have more material to pick from than the three upper classes.

SOPHOMORES ELECT COMMITTEES

The sophomore committee election was held Friday afternoon in Alumni Hall. Maurice H. Stevens of Presque Isle and Miles F. Ham of Augusta were elected to the Student Council with 78 and 79 votes respectively. The other votes were as follows: H. D. Crosby, 58; D. W. Couri, 53; W. S. Tolman, 8; J. H. Davidson, 1; E. P. Hacker, 7; G. A. Potter, 6.

Burleigh R. Waterman of Portland, Donald S. Laughlin of Portland, Erwin T. Turner of Topsham, Robert S. Stearns of Wayland, Mass., and Sherman Rossiter of Worcester, Mass., were chosen for the sophomore hop committee by 73, 71, 70, 76, and 75 votes respectively. Other men on the ballot received votes as follows: R. F. Woodman, 63; C. W. Peterson, 63; P. J. Flavel, 67; V. Beverly, 64; W. C. Avery, 12; L. R. Thurston, 68; A. B. Lingley, 13; C. A. Wilder, 7; H. Butler, 11; and L. E. Deering, 11.

For the Calendar committee, Leslie Bannister of Cornish, Percy A. Powers of Lincoln and James C. Adams of Cherryfield were elected with 71, 80, and 83 votes respectively. Other votes were: Edwayne P. Diehl, 63; Henry E. Whalen, 64; R. H. Stodder, 58; S. P. Whitney, 6; and A. C. Stone, 7.

Charlie Ziegler '19 is the only undergraduate accepted thus far for the third training camp of the R. O. T. C. to begin at Ayer, Mass., January 5, 1918.

GIRLS WANT LETTER PRIVILEGE

The following letter was received by the "Campus" from a co-ed:

This year, more than ever before, the girls of the University are showing an interest in athletics. The large number of women students has made possible the formation of several basketball teams, and a wealth of fine material has been found. Class spirit runs high and the future promises to bring forth some snappy interclass contests.

The girls, in no less degree than the men, are eager for Maine athletic teams to bring glory to the University. Their presence at the games, their support of the bank tax, testifies to that. Is it strange, then, that Maine women should desire to "do their bit," for Maine and their respective classes? And if, after long hours spent in working out for their class teams they, too, ask for the privilege of wearing the coveted numerals, should it not be granted to them?

Colby this year gives a "C" to any girl who, during the year, hikes one hundred miles. Bates women who play on three first teams for one year win their numerals; at the end of the second year they are given their letters. Maine men, you are no less progressive than your fellows at Colby and Bates! Do you hold your co-eds in less esteem than your rivals do? Maine women do not regard the numerals or the "M" lightly. They regard them as the prize of earnest effort and loyal devotion to class and college. Basketball, base ball, field hockey, tennis, trackmeets, and cross country hikes offer a wide field of opportunity. Theirs is the will to do. Yours is the power to grant the reward. Maine men, how will you act on this question?

(Continued on Page Three)

MESSAGE READ TO MAINE SOLDIERS

The following is the text of the message read by President Aley at Camp Devens, Ayer, Mass., Friday, to the Maine men who are training there.

Upon learning of the intended visit of our President, Robert J. Aley, to Camp Devens, we, the student body of the University of Maine, gladly take this opportunity to send a message to all Maine men there.

Each and every member of the student body of the University of Maine realizes with the greatest pride that our Alma Mater has been a leader among the colleges of this country in giving her sons to the service of the nation. At the same time, we fully realize that you men with the true

(Continued on Page Four.)

MAINE HOLDS RECORD FOR MEN IN SERVICE

The University has the honor of sending the largest number of men into the service of the four Maine colleges. On the lists of men in service which have been compiled, there are three hundred and ninety-six names of graduates and undergraduates. This number does not include all, for there are hundreds of men in service, unknown to the college authorities. By the end of the year the number of men whose whereabouts are known will be raised to about seven hundred.

Students began to leave college when the war broke out in the summer of 1914. A thin stream of men continually left the college for about two and one half years to enlist in some branch of the armies of England or France. Many joined the French Ambulance service and others joined the French Army. Still others enlisted in the Canadian forces.

The men that left in those years were only an indication of the hundreds that answered the call when the United States entered the conflict. In the latter part of March the students began to realize that the United States was sure to enter the war and many of them began to drop their college work and enlist.

On the declaration of war the real movement of the men to the service began. Between the first of April and commencement it is estimated that over half of the male undergraduates had left college either for service or to go on farms thruout the state. The greater part of the men enlisted in the Naval Reserve, others joining the regular Navy. The remaining men who enlisted were distributed over different branches of the service.

(Continued on Page Two)

FINAL REGISTRATION FIGURES ISSUED

James Gannett, registrar, has issued registration data which is complete and final. The compilations are as follows: Graduate students 8, seniors 97, juniors 131, sophomores 176, freshmen 330, special 24. Total 766.

College of Law, seniors 14, juniors 2, freshmen 6, specials 11. Total 33.

Two year pharmacy course, second year 6, first year 7. Total 13.

In the two-year home economics there are only two students as none were admitted to that branch after 1915.

In the two-year agricultural course there are eleven in the second year and six in the first, making a total of 17.

(Continued on Page Three.)

GIRLS' GLEE CLUB SELECTS MEMBERS

The Secretary of the Girls' Glee Club has published the following list of the girls who have "tried out" and obtained membership to the Girls' Glee Club this year.

At the last meeting in the spring Miss Evelyn Snow was elected leader, Miss Etelle Sawyer manager, and Miss Marguerite Merrill secretary.

Last year, the club was larger than it had been previously and the four concerts given in Orono, Oldtown, Bangor, and at the State Hospital were all considered a success by those who heard them. With new reinforcements from the class of 1921 there are bright prospects of even a more successful season this fall.

First soprano: Thelma Kellogg '18, Anne Curran '19, Mildred Dow '19, Etelle Sawyer '19, Enid Taylor '19, Corinne King '20, Doris Mace '20, Marguerite Roberts '20, Lilla Hersey '21, Anna Keating '21, Gladys Maxfield '21, Florence Salley '21, Pauline Smith '21.

(Continued on Page Four)

MENS GLEE CLUB SELECTED

Donald M. Libby '18, leader of the men's glee club has announced the names of those who have been chosen for the club this year. The officials of the club were besieged this year with more candidates than ever before so that the final selections, having been made from a large field, represent the cream of student voices at Maine.

The club will be as follows: First tenor, R. G. Cornforth '19, R. D. Courtney '21, H. N. Dole '19, H. D. Meriweather '21, P. R. Bailey '21, D. H. Hathorn '21, C. P. Bryant '20, N. P. Wood '21, and N. P. Pompeo '21.

Second tenor: R. S. Burnham '21, E. P. Diehl '20, R. M. Matherson '21, H. N. Pierce '19, J. N. O'Connell '21, W. C. Avery '20, D. M. Libby '18, R. H. MacDonnell '19, H. S. Cross '19.

First bass: E. W. Anderson '21, R. G. Kennison '21, A. W. Barry '21, H. C. Crandall '21, S. M. Currier '20, L. M. Orcutt '20, G. M. Trafton '21, G. D. Newhall '21, D. C. Osborne '21.

Second bass: P. F. Webber '19, L. E. Tibbetts '19, P. R. Wonson '21, P. S. Armstrong '21, C. V. Blood '21, L. A. Page '21, C. V. Vining '21, H. A. Blethen '21 and A. C. Sturgis '19.

These men will hold rehearsals until the club becomes finished. A schedule is being arranged and the men will make the annual trips as in other years.

Joseph McCusker '17 will attend the 3d training camp.

EDITORIALS

WHEN WILL THE WAR END?

With the recent German naval successes in the Baltic, the terrible Austro-German offensive on the Italian front, and the internal chaos in Russia, prospects for a quick termination of the war become dubious and the whole situation becomes dark and gloomy for the Allies.

Simultaneous with these blows, comes to the United States the first list of American soldiers killed and wounded. Our everyday luxuries are being taxed by the government and in some cases are being curtailed entirely. We are besieged with requests for funds to carry on the deeds of mercy so well started by the Y. M. C. A. and the American Red Cross Society. In short, the first pangs of war are striking us, and warning of what may follow. The Atlantic Ocean, which we have always believed to have formed a wide breach between ourselves and European politics has been bridged and we find ourselves, not hermits, but very much a part of the other hemisphere.

America is in the war, not nominally, but actually, and the millions of Americans who were prone to observe the war with indifference and who assured themselves that our entrance into the conflict went no farther than the formal declaration, are awakening with a start and quivering in their shoes. Thousands of our boys are in Europe and other thousands are training on

this side. People are ceasing to believe that the draft-army is an organization for internal disturbances, and it is safe to say that every man now in uniform will see service overseas.

But this is not all. There will be more armies, and thousands of young men who are now in civilian clothes, at work and in college, will wear olive drab and undoubtedly some of those who are today enjoying football, dancing, theatres, and the like, will be fighting for existence in the blood-stained, shell-torn trenches of France.

RELAY CANDIDATES TO BE CALLED

Candidates for the 'varsity relay team will be called out next week by Captain Charlie Ziegler '19. Ziegler and "Pooch" Donovan '19 are the only members of last year's championship team who are still in college. The loss of "Pat" French and King, the other two members of the team will be felt, but it is hoped that the new material will prove valuable. Last year's team set up the new Maine Intercollegiate record of 3 minutes 8 1-5 seconds, breaking the previous record held by Bowdoin by over 3 seconds. Bowdoin is out to come back this year, but it is a certainty that no Maine college team will come anywhere near the new record, nevertheless we want to continue along winning lines at the B. A. A. meet. "Emmie" Lawry '19 and "Jap" Davis '19 have worked on the boards for two years and should make a strong bid for regular places this year. It is hoped that the large number of candidates will respond to call. Let us start a "clean up" year.

Winner of Big Maine Banner Goes South

Mr. R. H. Lovejoy (Maine 1918) accompanied by his wife, has just completed an automobile trip of 1109 miles from North Anson, Maine to High Point, N. Carolina in a new "flivver" supplied him by the National Survey Company whose maps Mr. Lovejoy will sell in "Dixie" this winter. Mr. Lovejoy was the leading member of the Maine delegation which won the Intercollegiate Salesmanship Contest of the National Survey Company in the summer vacation of 1916, bringing to the University the large banner which now hangs in the Administration Building. He intends to follow up his success in this work permanently, but plans to have a leave of absence to complete his college course next year.

Members of the three upper classes were given a happy surprise Friday when none other than Pat French '17 appeared on the campus in the garb of a chief petty officer of the navy. Pat is stationed at Portland and has been connected with the Naval Reserve football team there as assistant coach.

MILITARY ASSIGNMENTS ISSUED

Students taking Military Science and Tactics will be held responsible for the following, and will be examined in same at the end of semester. The numbers refer to paragraphs in the MANUAL OF MILITARY TRAINING—MOSS (latest edition). It is expected that about 15 pages be read weekly, and that students be prepared for quiz at any time, whenever weather conditions make outdoor work impossible. Upper classmen should be prepared to conduct recitations.

FRESHMEN

First Semester. (Mt. 1)

Objects and advantages of Military Training (1-23). Infantry Drill Regulations to School of the Battalion (24-294). Service of Security (1020-1079). Care and Description of the Rifle (1321-1343). Personal Hygiene (1451-1477). Military Department and Military Courtesy (1523-1575). Military Organization (1858). Map reading (1859-1877).

Second Semester. (Mt. 2)

Infantry Drill Regulations School of Battalion to end (195-710). Manual of the Bayonet (711-824). Service of Information (859-1019). Camp Sanitation (1241-1255). Rifle Training and Instruction (1344-1450). First Aid (1478-1522).

SOPHOMORES

First Semester. (Mt. 3)

Infantry Drill Regulations to include School of Battalion and Combat (24-550). Camp Sanitation and Expedients (1241-1255). Rifle Training and Instruction (1344-1450). Map Reading (1859-1877).

Second Semester. (Mt. 4)

Signaling (861-866). Service of Information and Security, Patrolling, Advance Guards, Rear Guards, Flank Guards, Trench and Mine Warfare, Orders, Messages, Marches and Camps (917-1240). First Aid (1478-1522).

JUNIORS

First Semester. (Mt. 5)

Company Administration and Discipline (867-916). Minor Tactics (917-1255), and a problem. Military Sketching (1878-1893). Military History as given in lectures.

Second Semester. (Mt. 6)

Guard Duty (1576-1857). Problem in Minor Tactics. Map Maneuver Elements of International Law based on lectures. Property Accountability and Methods of Obtaining Supplies (Army Regulations).

SENIORS

First Semester. (Mt. 7)

Military Sketching (1878-1893). Tactical problems, all arms combined. Military Courts (Manual for Courts-Martial). International Relations, based on lectures. Psychology of War, based on lecture. General Principles of Strategy, based on lecture.

Second Semester. (Mt. 8)

Guard Duty (1576-1857). Tactical Problem. Rifle in War, based on lecture. Military History and Policy, based on lecture.

MECHANICALS MEET

The University of Maine branch of the American Society of Mechanical Engineers met for the first time this year last Thursday evening. Officers were elected and plans were made for a lively and interesting year. Professor Sweetser was chosen chairman of the meeting and the following officers were elected: Honorary Chairman, Professor Sweetser; President, I. L. Newman '18; Vice President, I. S. Hanson '19; Secretary Treasurer, D. F. Theriault '18; Executive Committee, A. F. Barnard '18, R. L. Googins '19, K. B. Noyes '19; Reporter, R. T. Luce '19.

It was decided to invite all Sophomore and Freshman Mechanicals to the meetings of the society and although they are not at present time eligible to active membership, they will find the meetings interesting and instructive. Some interesting papers on engineering will be presented at each meeting by some member of the student body or faculty. There will also be smokes, eats, and a good social time.

(Continued on Page Three)

(Continued from Page One)

MAINE HOLDS RECORD FOR MEN IN SERVICE

The following figures show what a large percentage of the men have enlisted. From the graduating class of last year of one hundred and thirty eight men and forty-eight women, fifty-five are now in the service. This is an average of about forty percent which is high for any college in the United States. Of these, forty-eight are in service in this country and seventeen are serving in France either in the American Forces or under the colors of our allies. The remaining graduates who have joined the colors number eighty-nine, seventeen of whom are in France and the remainder in the United States. Of the class of 1918, fifty-four are in service in this country and eleven are overseas. The class of 1919 has the largest number in the service, their total summing up to eight-two men. Of these seventy-one are on this side of the water and eleven are "over there". Of the class of 1920, fifty-six men are in this country and eight are in France. These figures however, are not a fair estimate of Maine men in service, for it is impossible to estimate those whose locations are known. Names are coming into the office continually and in a few months it will be possible to give a more complete list of men from the different classes.

GIRLS WANT LETTER PRIVILEGE

Now girls, you must remember that there have been numerous cases in our university where men have worked out for athletic teams for four years and have not even been awarded their class numerals. We know they would have walked 500 miles to get the coveted letter. Walking is good exercise but competition is what we consider as a method of awarding the "M". We do however, appreciate your spirit and believe that some sort of recognition should be given to you. Keep going after it, but as for the "M", well, that looks rather doubtful. We prefer to imitate Cornell, Princeton, and Yale rather than Colby and Bates. If the co-eds regard the letter as a prize of earnest effort and loyal devotion, how about the M sweaters that some of them have already been sporting?

POVERTY BALL

Hello:—

"Are you going to the Poverty Ball?"
"The Poverty Ball! what's that?"

"Do you mean to say that you don't know what the Poverty Ball is? Well, I will try to tell you just what it is. In the first place it is a "humdinger" of a time. It is a dance run by the "M" Club and is an annual event at the University of Maine. The proceeds go to the support of this organization. The Committee in charge of this year's dance is Voyle E. Abbott, '18, he of the luminous and fiery "Red" hair, Charles M. Ziegler, '19, otherwise known as "Humpy", and Verne E. Beverly, '20, better known as "Bev". They, according to some inside information, have arranged for a big time for all those who attend the dance Friday evening in the gymnasium. They tell me that the idea of poverty should be well carried out. Shake the glad rags and get into some of your old, worn and torn suits. The older the more they will conform to the idea of the dance. Drag them down from their rusty hooks and once again be the poverty stricken tramp even if it is just for the evening. I was told that stiff white collars will not be popular at the poverty ball, and a fine of five cents will be levied on them. The order consists of eighteen dances which will be tripped thru to the beautiful strains of "Sliver" Turgeon's Jazz Band. I can assure you all that you will have a good time and the price of admission is no more than enough to get the privilege of having at intermission some of King Spruce's doughnuts and hot coffee. As in years past, King Spruce will reign in his sanctum at the end of the hall and you must come early to partake of his treat as he is popular and his doughnuts and coffee disappear fast."

Don't forget the date, Friday evening, November the 23d. The time, 8 o'clock, and the place, Alumni Hall.

Come everybody and show the "M" Club that we think them worthy of good support. Thank you.

"Us Tramps"

INFORMAL DANCE AT SIGMA NU

An informal dance was held at Sigma Nu house on Friday evening, November sixteenth. Among those present were Mrs Estabrooke of the Mount Vernon house, the Misses Leta Weymouth, Hortense Harden, Dorothea Stetson, Olive Chase, Mary Pulsifer, Mildred Bisbee, Pauline Miller, Geneva Croxford, Silvia Tracy, Anna Harden, Evelyn Snow, Marvel Fabyan, Edith Scott, Marie Peterson, Marion Stubbs, and Ruth Morrill.

(Continued from Page One)

FINAL REGISTRATION FIGURES ISSUED

There are 92 registered for the summer term.

The totals, omitting the seventeen duplicates are as follows: Graduate students 8; college of agriculture 190; college of arts and science, 323; college of technology 353; college of law 33. Total 907.

The geographical distribution of students is as follows: Maine, 783; Massachusetts 81; New Hampshire, 15; Connecticut, 13; New York, 5; Pennsylvania, Vermont, Rhode Island, Wisconsin, and Florida each have one.

Students from foreign countries are as follows: China, 2; Hawaii, 1; Canada, 1; Norway, 1.

The total shows a falling off of 369 as compared with the registration last year. The college of agriculture has suffered the greatest loss, there being 135 less this year than last. It is interesting to note that this college, which was the original and only branch of the University when it was founded has gradually sunk below the other two in point of numbers. Massachusetts continues to hold second place as regards to the states. This is a remarkable attribute to the University since there are so many higher institutions of learning in the Bay State.

(Continued from Page Two)

MECHANICALS MEET

In past years the A. S. M. E. has been rather in the background, with an increase of interest this year which is bound to be the beginning of a better and more active society.

During the meeting Professor Sweetser drew curves showing the relative numbers of registration in the different engineering departments from 1910 to 1917. These curves showed in a very interesting way that the percent increase in the Mechanical Engineering Department is greater than that of any of the other departments, except the Chemical, which follows nearly the same curve.

MASSACHUSETTS CLUB MEETS

The first meeting of the Massachusetts Club was held Thursday evening in the club room of the library. The club has been in existence for several years and will be more active this year than ever before. Any student who hails from the Bay State is eligible to membership to the club and any student whose name is in a state other than Maine may become an associate member with every privilege of regular members. The purpose of the organization is to create friendship among out-of-state students and to encourage non-residents of the state to come to the university. It is planned to have prominent speakers, including members of the faculty, to talk at each meeting, and the most popular activity will be an informal dance in the gymnasium, to take place within a few weeks, if possible.

The officers for the coming year were chosen. Norman D. Pummer '19 of Dorchester, Mass., was elected president, Jasper A. Davis '19 of Beverly, Mass., was chosen vice-president, while Miss Marion Thomas '18 of Newburyport, Mass., was elected secretary, and Stanley N. Holt of Dorchester, Mass., will be treasurer. Miss Marjorie E. Gooch of Taunton, Mass., Miss Doris Littlefield of Stratham, N. H., Horace S. Courtney of Boston, Raymond J. Cook of Worcester, Mass., and H. A. Patterson will act as the executive committee. Lester C. Swicker of Townsend, Mass., Stanley N. Holt and Marjorie E. Gooch were chosen as a committee to stimulate new membership. Carl Johnson of Easthampton, Mass., Marion Thompson and Marjorie Gooch form the committee on entertainment.

RESOLUTIONS

Whereas—

Ralph Kneeland Jones served his University faithfully as Librarian for twenty years,

Whereas—

He served his fraternity diligently as District Chief and Trustee,

Whereas—

He followed his Chapter through many years of easy and hard times, therefore be it

Resolved, that the Beta Eta Chapter of Beta Theta Pi is deeply bereaved by his death and the loss of a true and influential brother and helper.

Signed,

Beta Eta Chapter of Beta Theta Pi.

ALPHA TAU OMEGA GIVES HOUSE PARTY

A very successful house party was held by the Alpha Tau Omega Fraternity in their house on North Main Street Friday evening, November 16. Professor and Mrs. William A. Jarrett were chaperons.

DEBATING SEASON STARTS

On Wednesday evening November 21, the first meeting of all Freshmen interested in debating will be held in 1 Estabrooke Hall at 7 P. M. All those interested should be present. A Freshman debating club will be organized, and those present who show ability, the Freshmen class team will be chosen, which will compete with the Sophomore team.

The winners will receive a cup donated by the Sophomore Owls, and a prize of \$30 will be awarded to the best individual debater of the evening.

Professor Russell Shows Work of Junior Volunteers

Professor F. L. Russell was introduced as speaker at the chapel exercises Thursday, November 15. He said that the Country would, by next spring, be facing a serious condition of the food question, due to a shortage of transportation facilities, fertilizer and labor. He demonstrated that it would be impossible to remedy this shortage in labor by men from other lines and offered the Junior Volunteer Movement as a solution. Professor Russell described the success of the Movement as tried last summer under unfavorable conditions in a very interesting manner. He urged the utilization of the Junior Volunteers on a large scale next summer as a relief to the farm labor problem.

MESSAGE READ TO MAINE SOLDIERS

Maine spirit are the real cause of this just pride. It is to you men who by your great and inspiring type of American loyalty have given the real proof to the people of America that the University of Maine is among the first to defend our country's honor. It is to you men, who have left this university's campus in order to give your all for Maine, the United States, and our Allies, that the students of Maine wish to send a pledge of unlimited support in the future. If during your service in the army the slightest opportunity of assisting you men at Camp Devens presents itself, every student on the University of Maine campus will be found eagerly doing their bit for your comfort with the old Maine spirit.

O. L. Whalen

E. C. Lawry
