INTERCOLLEGIALE TO BE HELD EARLY IN MAY

Graduate managers of 20 colleges met last night and discussed the athletic situation for next spring. It practically has been decided that the intercollegiates will be held earlier, because many colleges will close early. A date suggested is about May 11.

There will be no indoor intercollegiate track meet this year although many of the colleges will enter their athletes in the Meadbrook games at Philadelphia. It is planned to hold the Pennsylvania relay games as usual.

War tax on admission was discussed and it is expected the managers will hear an official ruling from Washington today. The colleges paid the war tax to all football games last fall.

Representatives of some of the smaller colleges advocated further restriction in expenses and the managers advised economy in training tables, soups and coaches. It was the general sentiment of the meeting, however, that intercollegiate athletics of all kinds be encouraged.

Among those present were Fred W. Moore, Harvard; H. G. Pender, Dartmouth; Harry A. Fisher, Columbia; M. J. Pickering, Pennsylvania; R. A. Miller, Pittsburgh; F. W. Marvel, Brown and T. J. Faherty, Holy Cross.

TRACK COACH TO BE ELECTED

At a meeting of the U. of M. Athletic Board on December 19th it was decided to have a track coach to take charge of the work in that sport at the beginning of the spring semester. The intention of the Board is to arrange for the coach to return to the university so that this track coach may at the same time assume the duties of physical director. The board decided to announce the nominations for next year's varsity managers immediately after the Christmas recess. In closing the students who participated in the Freshman-Sophomore baseball series this fall were awarded their numerals.

1921 SCORES!

On Tuesday morning, Dec. 18, the student body upon entering chapel were rather surprised to see a new banner suspended from one of the rafters. A large Turkish towel (so-called the emblem of purity), daubed with the numerals "1921," had been hung by the local supporters of this, until recently unheard of class, over the section occupied by '22. As the banner was not officially noticed until just before chapel hour Dean Hart advised the Sophomores to sit tight and thus prove their sense of humor.

OAK HALL MEN MOVE TO HANNIBAL HAMLIN

In order to conserve coal and other supplies as far as possible and as it was found that all the men occupying rooms in Oak Hall could be placed in Hannibal Hamlin Hall, President Alec has requested that the change be made. He has issued the following statements:

"As you know, it is very necessary for the University to save in every possible way. It has been found possible to put all the residents of Oak Hall into Hannibal Hamlin Hall. We realize that this will cause some inconvenience and be in some cases unsatisfactory; however, that you are all willing to make whatever sacrifice is necessary in order that the University may save the expense of maintaining Oak Hall. Just so far as is possible we will be given the opportunity to select your rooms and rooms.

See Mr. Frank E. Oak at the Treasurer's Office in regard to exchanging your old key for a Hannibal Hamlin Hall key.

238 UNDERGRADUATES NOW IN SERVICE

The latest figures on the undergraduates that are in the service give a total of 238 men in all branches of the service. This total includes only the Seniors, Juniors and Sophomores for there have been no Freshmen who have been reported to the office as yet who have gone into the army or navy. Of these men 76 are Seniors, 01 Juniors and 157 Sophomores. 166 belong to some fraternity on the campus and the remainder 72 are unaffiliated.

The Senior Skulls of Maine answered their request by a detailed account of their cherished bag scrap. The result of our cherished bag scrap. The result of their former flag was the idea was gladly accepted by our western brother collegiates.

The Skulls are looking forward to other classes of the institution has been adopted by the University of Michigan, after a careful national wide search for a substitute for their former flag.

Early in the college year the Student Council of the University of Michigan, had resulted from their former flag, wrote a letter to all the colleges and universities of the United States asking for a description of the manner and method in which the Freshmen and Sophomore class scraps were conducted.

The Senior Skulls of Maine answered their request by a detailed account of their cherished bag scrap. The result is that the idea was gladly accepted by our western brother collegiates.

The following clipping is from their college paper, The Michigan Daily, describing the contest:

In the midst of a driving snow storm, with the temperature hovering around 20 degrees, the freshmen defeated the sophomores in the bag rush yesterday afternoon by a 9 to 4 score.

From the start of the game the freshmen had things to their advantage. The first rush carried several of the bags toward their goal line and after that they continued a slow but steady progress.

At the end of the first period two bags were more than half way toward the first year men's goal and the sophomores were able to account for only one bag.

LETTER FROM COBB, '19

SOMEWHERE IN FRANCE

The following letter will be of interest to all upper classmen as written by "Herb" Cobb '19 from "Somewhere in France" where he is with the 10th U. S. Infantry Band.

Hello Jawn:—France, 1917. How's old college life? I'd sure like to see thee again. “Hacé” (Currier) and I am writing on the big table in the center of our $1.75 stove which same stove is about the size of two spittoons but has an awful appetite for wood which costs a cent a stick. The whole outfit costs us $1.26 a day each.

I wish you fellows could see this town—most of the stone houses are 200 years old; narrow stone paved streets, all crooked as a corkscrew. The inhabitants pretend that they don't understand English which is foolish of course—everyone understands English. All the kids wear wooden sabots, size twelve, and they sound like a troop of cavalry coming down the street.

Have you ever tried to stretch a $20 trip over three months? That's all I had when I started on this “seeing Europe” tour. If we had money we could only buy one sack of “Hull” at a time.

Today we were issued steel helmets, believe me they look funny at first but they are quite serviceable for we tried one out with an ax.

We are living on English rations consisting of rice, jam, hard tack, and tea. We have eaten so much hard tack the boys are all sea sick so was able to get in on all the sports.

After spending several days upon the water, we disembarked at a port in that country. After travelling several hours through a very picturesque part of the country, we arrived at our destination. We had boxing exhibitions, tug of war, obstacle races, and many other forms of sport on the way across which helped to break up the monotony of the trip. I was fortunate enough not to get sea sick so was able to get in on all the sports.

The trip across the Atlantic was uneventful as far as submarines and the devices for their destruction were concerned and many of the boys were disappointed on this account.

The weather, with the exception of one day, was very fine, which added to the enjoyment of the trip.

Yours, Herb.

SENIORS NOMINATE

The election will take place on January 5.

The attendance at the radio class which is being conducted in Bangor by the university has reached a total of thirty members. Already several of the early members have passed the governmental examinations and entered their country's service.
