## Commissioned Officers of the U. of M. Regiment

Within the last week seven of commissioned officers of the Maine R. O. T. C. unit have withdrawn from this university in order that they may attend the Fourth Officers' Training Camp

which will be conducted at Camp Devens Ayer, Mass. The following are the men: H. G. Lackee '18, S. W. Collins '19, H. A. Ellsworth '18, C. P. Larrabee '19, E. A. Riley '20, R. B.

King '19, D. N. Libby '18 who have to report on May 15th for a fourteen weeks' training, upon the successful completion of which they will be entitled to commissions in the United States Forces.

### CAMPUS SOON TO BE ARMY CAMP

The first quota of the draft men who are to be trained at the University of Maine this summer will arrive in Orono on or about June first. There will be two hundred men in the first quota and in each succeeding quota. Each group will remain two months.

The men are sent directly here from their draft boards and are selected from those men who have had experience in machine work or have natural inclination along this line. They will be in charge of four regular army officers: a Captain, two lieutenants, and a medical officer.

The men will work eight hours a day in the laboratories, with about one hour of regular drill work. For instruction work they will be assigned as follows: 40 carpenters, 40 electricians, 40 smiths, 40 upon general machine work, and 40 upon automobile engine work.

It is the desire of the national government to continue training men here until the end of the war.

Alpha Delta Chapter of Phi Kappa Sigma Fraternity wishes to make public that it has at this date no affiliations with Theta Nu Epsilon, and that this chapter will not allow its members to become associated with Theta Nu Epsilon in the future.

### SUPPORT THE RED CROSS DRIVE HERE

The American Red Cross will start a drive to secure another one hundred million dollars on May 20th. As the University of Maine desires to do her part in raising this money and as by that date all the students will have left the campus a local campaign was commenced on May 6th with the end of asking each Maine student to contribute to the U. of M. quota. Students are asked to give from five cents to a dollar but everyone is urged to give. Men have been appointed by Prof. C. B. Brown who has charge of the drive on this campus, to canvass each fraternity and dormitory. No explanation is necessary in regard to the tremendous value of the work of the national Red Cross.

### MAINE MASQUE

The Maine Masque will give another presentation of the English comedy, "A Pair of Spectacles" Saturday, May 18, in the Assembly Hall. Altho the Masque lost its leading man, S. W. Collins, another candidate is ready to attempt to give as good a characterization of Mr. Goldfinch as Mr. Collins did. This will be postively the last chance to see the Masque in action this year.

### PRIZE SPEAKING CONTEST

The Interscholastic Prize Speaking contest was held Friday May 3rd at 8 P. M. in Assembly Hall. Arthur Joseph Henry of Rumford Falls with "New England Civilization" as his subject, carried off the honors for the men.

Miss Vesta I. Nelson of Bangor, with a selection from Shakespeare's "Taming of the Shrew" was awarded the prize as the best speaker among the girls.

Among the others who competed were: Chester Curtis, Harrington; Mabel F. Bassett, Leavitt Institute; Arline Bussel, M. C. I.; Elizabeth Leland, Bar Harbor; Ethel G. Marshall, Hebron; Caro C. Trueworthy, Brewer; Luella B. Tucker, Old Town; Norine E. Whiting, E. L. H. S., Auburn.

The contest was very close as is shown by the averages attained:

Miss Nelson, 95.5%; Miss Marshall, 94.6%; Miss Trueworthy 92.2%; Miss Leland, 90.5%.

The Judges were: Rev. Joseph B. Lyman, Prof. Warren W. Reed, Prof. Harry Conser, Miss Ava H. Chadbourne.

Music was furnished by Miss Ava H. Chadbourne, Miss Gladys Merrill, and Miss Annie Reed.

One swallow may not make a summer, but a dozen or so may make a bad morning!

## FINE REPORT FOR MAINE REGIMENT

A report received from the War Department shows that the Military Department of the University of Maine is rated higher than ever before in its history, chiefly as a result of the annual inspection held March 18th and 19th, 1918.

Major M. H. Cook, Adjutant General's Department, who made the inspection, reports as follows: "The 'Maine' unit, Reserve Officers' Training Corps, is an Infantry Regiment, fully organized, with Field, Staff, Non-Commissioned Staff, Band, and two Battalions. The Regiment gave a Review, followed by Inspection; Company Drills in Close Order; Bayonet Exercises; Signalling (Semaphore); Physical Drill; Extended Order Formations, including Combat by Platoon; Guard Mount; and Advance Guard. All the above was given in a highly creditable manner. Discipline is very good, as evidenced by steadiness in ranks and attention given to saluting at all times.

The interest in military work in this University is very marked, and the results being obtained are excellent. The average graduate is thoroughly qualified to be commissioned an officer in the military forces of the United States. The military spirit is developed and nurtured to a high degree; military duty is performed very zealously; the general appearance of the cadets at inspection was excellent. The set-up, soldierly bearing of the men, and condition of the equipment was exceptionally good. 531 men have received military instruction during the year, the upper classes being given the advanced military science courses prescribed by G. O. 49, W. D., 1916."

## WOMEN OF CAMPUS SEND MANY DRESSINGS

On account of the lack of material no more surgical dressings will be made on the campus. Since January the ladies on the campus have met each Tuesday and Thursday afternoon that the weather permitted in the halls of Balentine and prepared surgical dressings. Lately the government has taken over the purchasing of gauze and the campus chapter is unable to renew their supply. The college chapter is a branch of the Orono chapter. The amount of work and enthusiasm that the ladies have shown is most clearly marked by the fact that since January over 4800 dressings have been cut folded and packed at Balentine. Mrs. Harrington has had charge of dressing and the large halls and tables at Balentine have made excellent work rooms.

## EDITORIAL

There comes a time in the history of every social unit that calls for decision and action. It is when side by side two trends of thought have grown till at last by some seemingly small act, they are brought into collision. Then no longer can they exist together one must die. That time has come at the University of Maine.

Here for the past few years an organization, Theta Nu Epsilon or T. N. E., has gradually become powerful. The names of its student members are secret from the public at large. Its object as far as can be judged, is to obtain student officers for its members regardless of their fitness or ability, its ideal is an exact imitation of Tammany Hall; its hope is to completely control student affairs at Maine.

T. N. E. was founded at Wesleyan University in 1870 but its aims, policies, and actions were so harmful to the student affairs and organizations there that this "mother" chapter was quickly compelled to give up its character and its members were expelled from that institution. College after college has abolished local chapters and prohibited their existence. Thruout the United States T. N. E. is a publicly discredited organization.

Thus this organization is forced to work in the dark as it clearly fears to have knowledge even of its existence known. It has acted insidiously in many quarters, it has controlled elections, it has disrupted the fraternities on this campus. It poses as a secret

brotherhood of student leaders, while in reality it is a fountain of egotism for the ONE who is "taken in". It stands for the advancement of only its members and is opposed to real Maine spirit—the greatest good for the greatest number of Maine men and women. National fraternities have legislated against it because it saps their chapters' lives and prostitutes their brotherhood. In every way it has worked for the downfall of TRUE Maine spirit.

The time has come for a definite decision here at the University of Maine to which shall we be loyal—Theta Nu Epsilon or our Alma Mater? We must not be confused by the interjection of personalities. We must decide this question and decide it Now. Is a small group of self-elected men to control the student activities and organizations for their own personal benefit? Is Maine spirit to give way to T. N. E. "spirit"? Why do they keep their membership secret? Think!

One aim here is for the good of old Maine, the other is to bleed financially and politically, the student body for the benefit of one group of men who do not even make known their alliance. Which aim do you uphold, Mr. Maine Man? Then defend it against attack by your words and actions! One or the other of these ideals must end! We cannot go back—one ideal or the other. Which is it—Theta Nu Epsilon or MAINE? Let each and every Maine man judge.

## NOTICE

Wishing to give the above matter the greatest possible publicity consistent with justice, the Editor will gladly publish any communication in relation to Theta Nu Epsilon. If such a thing is possible he would welcome an attempted justification or exposition of the aims, ideals, and actions of the members of Theta Nu Epsilon.

May 6th, 1918

To the Editor of the Campus:

Believing that the students of the University of Maine should know the attitude that Sigma Chi holds toward Theta Nu Epsilon, Rho Rho Chapter desires to make the following statement.

Several years ago the National Fraternity of Sigma Chi took definite action in regard to the relation that its members should maintain toward Theta Nu Epsilon. This action was to the effect that every member of Sigma Chi who joined Theta Nu Epsilon did so in violation of the laws of the National Fraternity and in so doing became subject to expulsion proceedings from Sigma Chi.

"Have you read Freckles?"

"No, thank goodness, mine are light brown."

"Can the Kaiser!" they say—but how about the Pure Food Laws?

## BLANKET TAXES

## COME THRU

After months of campaigning which were closed with a whirlwind finish just before the opening of the State Baseball Series, the Blanket Tax Committee has brought to a successful conclusion one of the hardest drives in the history of the blanket tax. A generous number over 500 taxes have been sold. Both the Committee and the student body deserve much credit, the Committee for their work and the student body for their generous response. The Committee at the beginning of the campaign pledged themselves to sell 500 blanket taxes and it was on this assurance that plans were made for a baseball season. It is probable that the Blanket Tax next year will be sold in the fall to cover both semesters and will cost about \$5.00. In the recent campaign, Sigma Chi, Sigma Nu, and Phi Epsilon Pi came across with 100% for their membership.

## AGGIE CLUB MEETS

A meeting of the Aggie Club was held last Wednesday evening with an election of officers and a talk by Dean Leon S. Merrill. The officers elected were: Clifford Dennison '19, President; E. C. Fossett '20, Vice President; P. F. Harmon '19, Secretary; R. V. Williams '19, Treasurer; Executive Committee, F. L. Webster '19, Chairman, C. D. Wilder '20, E. W. Holden '20, C. A. Ward '21, E. G. Swett '21. The purchase of a Liberty Bond was voted on. Dean Merrill gave a very interesting talk concerning the Food Administration's work and how it is helping the country.

## ANNOUNCEMENT

Omega Mu Chapter of Phi Gamma Delta wishes to endorse the stand taken by Beta Eta Chapter of Beta Theta Phi fraternity in regard to Theta Nu Epsilon.

At the National Convention of this fraternity held in 1914, it was ruled that no member of Phi Gamma Delta should be allowed to be a member of Theta Nu Epsilon.

If it is known that any member of Phi Gamma Delta is connected with Theta Nu Epsilon, such members will be recommended for expulsion.

Mr. Herberts of New York City, a national officer of the Menorah Society, spoke at Assembly on Monday on "Menorah and Democracy". He said that democracy was a working religion for our daily lives and that the universities especially appreciated the opportunity for mutual co-operation between the Jew, the better understanding of whom the Menorah Society is trying to promote and the other races. Mr. Herberts urged that we aim to develop the best that is the Jew and keep in mind the great contributions of the Jewish race to civilization.

## ONE WEEK

The year had gloomily begun  
For Willie Weeks, a poor man's

He was beset with bill and dun  
And he had very little

"This cash," said he, "won't pay my

I've nothing here but ones and

A bright thought struck him and he  
said,

"The rich Miss Goldrocks will I

But when he paid his court to her,  
She lisped, but firmly said, "No

"Alas," said he, "then I must die!"  
His soul went where they say souls

They found his gloves and coat and

Gamma Nu chapter of Delta Tau Delta wishes to again announce that by a ruling of the National Fraternity "association and membership in Theta Nu Epsilon is prohibited under the penalty of expulsion from the fraternity." Furthermore the local chapter will enforce this penalty against any of its members who violate this national ruling.

An informal house-party was held by the Sigma Chi Fraternity last Friday night. Music was furnished by Rice's Orchestra.

Co-ed (at football game): "Why do they cheer when a player gets hurt?"

Freshie: "So you co-eds won't hear what he says."

The proceeds from the play which will be given Friday evening May 10, at 8 P. M. will go towards sending Y. W. C. A. delegates to the National Conference at Silver Bay. It is desired if possible that all the local Y. W. C. A. cabinet shall attend. There-

fore it is necessary that there be a large audience at the play Friday evening.

A funny old man told this to me  
('Tis a puzzle in punctuation, you see):  
"I fell in a snowdrift in June," said he,

"I went to a ball game out in the sea.  
I saw a jellyfish float on a tree  
I found some gum in a cup of tea  
I stirred the milk with a big brass key  
I opened the door on my bended knee  
I ask your pardon for this," said he.  
"But 'tis true—when told as it ought

to be."

Oh, what's the use of English  
When your brain is full of slang,  
And idioms flow fast and freely—  
They never cost a pang?  
That's original too.

Specially Designed for the Fighting Man?*

THESE models were designed by members of the Gillette Organization who have seen service with the Colors and know what the soldier is up against.

Hundreds of officers and men are buying them—the U. S. Service Set in metal case, and the new Khaki-covered sets for Uncle Sam's soldiers and officers.

The Gillette is the one razor for the man who is doing things—the one razor with world-wide use and reputation.

When a man wants new Blades he can get them at any Post Exchange or Y. M. C. A. Hut—here in America or Overseas.

Our Paris Office carries stocks—is constantly supplying the American Expeditionary Forces. Gillette Safety Razors and Blades on sale everywhere in France, England, Italy and the Eastern battle fronts.

### *The Minute a Man Puts on a Uniform*

The fighting man doesn't want to dawdle around. He wants to do a thing right—and get it over with.

That's why the boys in the Service, the world over, are using the Gillette—the "once-over razor."

The Gillette saves from five to ten minutes a shave—no stopps or hones to clutter up the kit—blades always sharp—always ready—No Stopping—No Honing.

The Gillette is the real service razor—100% efficient on any kind of beard or skin—under every possible climatic condition, in any part of the world—whether in hot or cold, or hard or soft water.

It's a shaving tool that gives a velvet-smooth

shave in record time. Ten million men use nothing but the Gillette.

The new U. S. Regulations say that every man called to the Colors must have a razor—a razor that will meet all the demands of a soldier's life.

Every man under the Colors needs a Gillette.

The mother, sister or friend of a boy in camp, or a boy who's going into camp, couldn't possibly make him a more useful or acceptable gift than a Gillette Safety Razor.
