MUDDY AFFAIR FOR SOPHOMORES

On the evening of Rising Day, May 10, the annual rope pull between the two lower classes of the university took place, at the old frog pond, between Orono and the campus.

At eleven o'clock the two classes assembled for roll call, 1920 on the steps of the Library, 1921 at Alumni Hall, where the rules of the event were outlined by members of the junior masks, who were in charge. Fifty men from each class were to pull.

Following roll call the members of each class chosen to pull on the rope, marched to the pond, each with their allotment or hemp. The Sophmores arrived at the scene of battle where two huge fires were blazing in advance of their opponents and chose their position on the river side of the pond. Soon the Freshies were heard advancing and when they arrived upon this side of the water the two ropes were joined and footholds were dug. At the crack of the gun, victory seemed to be with both sides for members of both teams suddenly found themselves seated upon the ground with a limp rope in their grasp. Upon investigation it was found that the rope of the Freshies had given way under the strain.

The ropes were again joined and the gun went off. Again both sides settled into the muddy banks. It was now decided to use only one rope, events and Sophmores progressing rapidly following the arrangement. At the crack of the gun the rope gave for an instant to 1920, but in the same breath began to slide rapidly thru its hands—1921 had started for the roadway above! Before reaching the muddy pond many of the unfortunates extricated themselves, yet several mighty Sophmores rode ingloriously thru the mud to the opposite shore. The losers, however, were sportsman like and splashed across to the side of the Freshmen, who were no longer to be trodden underfoot, when pleasantries were exchanged and hard feelings forgotten, about the blazing logs.

THANKS GIVEN TO MRS. E. J. MASON

Thru the columns of the "Campus", the members of the Junior Mask wish to thank Mrs. E. J. Mason for her untiring efforts and active interest in the Cabaret Show, conducted by the Masks at Junior Week, and desire to publicly state that the credit for the success of the performance depended chiefly upon her. Great credit should also be given to Harry White '18 for his help in promoting several of the acts.

Maine Nosed Out in 12th.

BOWDOIN WINS IN WEIRD GAME

In a weird game which was featured by dashes of fine ball playing intermingled with flashes of truly jass baseball Monte Cross's warriors lost to Bowdoin on Whittier Field last Saturday by the score of 6 to 5 but would concede defeat only after twelve innings. Half a dozen times Bowdoin started to protest the game due to the many irregularities which came up during the game. Waterman and Small of Maine, having been told that the game had been cancelled due to rain, did not attempt to catch the morning train and when order by Coach Cross to come as soon as possible left four after their team mates had started. They reached Brunswick when the 3rd inning was half thru and Waterman immediately went to the bat and batted out of order. This act started the first of the protests which featured the game.

In the fourth inning, hits by Wentworth, Faulkner and Carlson gave Maine the first tallies of the game. Then there was nothing doing until the eighth, when Waterman and Faulkner went into the air and between them made a sufficient number of errors for Bowdoin to score three runs. A base on balls followed by a hit by Carlson gave Faulkner an opportunity to score and even things up in the ninth. With two men out in the 10th, Derocher deliberately passed A. Hall, Cook, Finn at the head of Bowdoin's list and then struck Casper out.

The 11th was a hair raiser. With one out Captain Wentworth of Maine hit the ball on the nose and before it stopped it had hit center field fence, the first time the trick has been done this year. He took third on the clout. Waterman followed with one equally long to left field. Both men scored, although Waterman would have been out if F. Hall had not dropped a pretty throw relayed from Racine to Finn. But just to show that there was no hard feeling, Faulkner made an error following Racine's double in the same inning which gave Bowdoin two scores and again the tally was a tie.

Maine shifted pitchers in the 12th

A women's chapel was held in Coburn Hall Wednesday. Dr. Agnes Page of Albany, New York, gave a most interesting and instructive lecture on the history of nursing. She recommended seven hospitals which she considered the best in which to take the training course.

and Bowdoin scored the winning run. Cook drew a pass. Finn sacrificed, Casper took first and Cook third on an error by Waterman. Leydon struck out and then F. Hall hit to center field and Cook scored the winning run. Finn played a sensational fielding game for Bowdoin. The score:

EDITORIAL

A thing that needs prompt radical revision is our present system of auditing student organization accounts. Frequently one hears charges that many money transactions, connected with student activities, have been carried on in, to say the least, an unbusinesslike manner and the average student feels his helplessness to change this situation. An effective and efficient auditing system is demanded for two reasons: first, to protect the student body or the student organization and second, to protect those students who handle the money for these organizations. Under the present arrangement a treasurer has little power or means to prove to the students at large that he has done his work honestly and, on the other hand, the student organizations receive no absolute proof that their money transactions have been honestly and conscientiously carried on.

This is an important question and one that calls for action on the part of the faculty committee on auditing student accounts. A standard form of books should be established for every student organization on this campus. All reports of committees should be made within ten days after the function calling the committee into being is past. All standing committees or organizations should have their accounts audited at least twice a year. Important audited reports should be published in the "Campus" as publicity is one of the most effective checks on business transactions. These sugges-

tions are made to the student body for further thought and consideration. If you are interested in protecting either your name or your money you should demand an adequate system of student auditing!

NOTICE

In order to remove any doubt that may exist in the mind of the student body as to who was present and in order that no student may be unjustly suspected, it is announced that the following students had an informal talk and came to a formal agreement with President Aley on the evening of May 9th, 1918: S. M. Dunham, F. E. Donovan, M. A. Mitchell, R. C. Moulton, R. H. Barber, W. C. Shoemaker, H. G. Doherty, P. I. Flavell, R. D. Stephens, E. C. Lawry, J. F. McCabe, R. J. Paganucci, J. T. Cote, L. M. Cornell, G. A. Faulkner, C. B. Clark, I. McKechnie, E. K. Wilkins, A. B. O'Brien, F. R. Vaughn, S. N. Holt, S. E. Jones, L. E. Merrow, J. S. Barron, E. E. Christian, E. T. Myers, F. A. Besse, and C. W. Stewart. V. E. Abbott was unable to be present, while V. C. Beverly was excused from the meeting.

PLATTSBURG CAMP
SOON TO OPEN

Major F. R. Lang of the Military department, has authorized the following statement in regard to the summer training camps for selected members of the Reserve Officers' Training Corps:

R. O. T. C. Camp

The War Department is to establish summer training camps for the instruction of selected members of the Reserve Officers' Training Corps, for a period of one month beginning June 3, 1918, as follows:

Location	No. of students to attend
Plattsburg Barracks, N. Y.....	3000
Fort Sheridan, Ill.....	2500
Presidio of San Francisco, Cal.....	1000

Members of the "Maine" R. O. T. C. will attend the Plattsburg Camp. Members of the advanced course, Reserve Officers' Training Corps, who are drawing subsistence from the Government are obligated to attend the camp, and the Professor of Military Science may designate such other members as he considers qualified to attend. It is necessary that men desiring to go, who have not already done so, register in the military office immediately.

Subsistence will be furnished at the camp, and transportation will be provided by the Government, or mileage at the rate of 3½¢ per mile from the university or homes to Plattsburg, and mileage at the rate of 3½¢ per mile from Plattsburg after completion of the course to homes of the members.

Editor of "Campus" (anxiously):
"I want to get the 12.50."

Freshman: "It's ten to one, you won't get it."

U. of M. Band

R. O. T. C. MEN
CAN ENTER CAMP

The summer training camp for members of the R. O. T. C., who are not eligible for commissions is to be held at Plattsburg, New York. The work will begin on June 3, continuing for one month.

All members of the R. O. T. C., including those at Maine, who have completed one year of military, are eligible for the camp. The United States Government will furnish sustenance to attendants and railroad fare from home or university and return. Each man will be required to furnish his uniform and provide himself with certain military manuals, reporting at Plattsburg in uniform.

All men who are eligible should make every effort to attend, as it will not only improve their work in the R. O. T. C., but will put them in line for commissions as officers in the military forces of the country.

Camps similar to that at Plattsburg are to be held at Fort Sheridan, Illinois and the Presidio of San Francisco, Cal., plans being made for a total attendance of six thousand or more.

A meeting was held Monday afternoon at which Major Lang discussed with those interested, plans for sending as large a delegation as possible from Maine.

GIRLS' PLAY GIVEN
ON MAY 10

The pantomime "Into the Nowhere" and the one act play "The French Maid and the Phonograph" were given at Alumni Hall, Friday evening. Both were well done. Much credit is due both the girls and Professor Daggett who has coached them. Owing to bad weather and because this date was Rising Day, the audience was small.

It's awfully risky for a pretty girl to go into a dark hall with a man—and that may be why she likes to do so.

The world owes you a living, but it's just as well to go out and collect the debt.

MAINE MAN WRITES HOME

The following is a letter from Henry Petersen, written just as the big drive started in France.

March 26, 1918

Dear—:

Back from the trenches and feeling fine as can be expected under the circumstances; tired not physically, but mentally, a week of rest will place me in excellent condition. Much depends upon the next few weeks, I think, as to the duration of the war. The great German offensive has begun at last and I rather guess the first three days have proved to be rather costly to them. The papers say nothing positive or concrete other than the offensive has begun.

The women are to be seen everywhere preparing the fields for the planting. We think we are doing our part when we eat no sugar, burn no wood—in other words when we snub our consumption.

Women everywhere are taking the places of the men be it on the farm or in the factory. It will be a long time before you have to come to this, but these are some of the things which impress one of the terrible wake of war. Now I must say "assez" and tell you to work the books hard. Love to all.

Henry.

Gillette

Safety Razor

*Have You Seen the New Gillettes
Specially Designed for the Fighting Man?*

THESE models were designed by members of the Gillette Organization who have seen service with the Colors and know what the soldier is up against.

Hundreds of officers and men are buying them—the U. S. Service Set in metal case, and the new Khaki-covered sets for Uncle Sam's soldiers and officers.

The Gillette is the one razor for the man who is doing things—the one razor with world-wide use and reputation.

When a man wants new Blades he can get them at any Post Exchange or Y. M. C. A. Hut—here in America or Overseas.

Our Paris Office carries stocks—is constantly supplying the American Expeditionary Forces. Gillette Safety Razors and Blades on sale everywhere in France, England, Italy and the Eastern battle fronts.

*No One Has More to Contend With in His Shaving
than The Fighting Man*

AND nobody knows better the bracing effects of a clean shave.

His shaving water may be cold, it may be hard, his skin wind-chapped or tender from sunburn. Yet, on every Allied Front, and on every Allied battleship, he keeps himself clean-shaved—and he uses the Gillette Safety Razor.

The Gillette has solved and simplified every shaving problem put up to it by the boys in khaki or navy blue.

It has done service all over the map—from the deserts of Palestine to the icy spindrift of the North Sea—from Flanders to the remotest island in the East Indies—and has proved itself the real razor for service.

Complete, compact for the pack or the pocket—no strops or hones to clutter up the kit. Blades always sharp, always ready—and No Stropping—No Honing.

MAINE MASQUE AND BLUE BELLES

Grand Double Bill

The Maine Masque and Blue Belles will positively appear in the double bill of Pantomime and Comedy, Saturday evening, May 18, at 8.00 P. M. Notwithstanding the fact that members of the Masque have left college, "A Pair of Spectacles" will be made as entertaining as ever by the new actors who have joined the cast. Gribben and Nate True are still on deck, besides several others who played at the Bijou. Among the new men are A. H. Wunderlich '18, who will play Willard's part; Silas Merry '20, who will play the butler; Earl B. Tracy '20, who will play the Shoemaker; and W. S. Murray '21, who will play the Second Shoemaker. Director Daggett will play the part of Goldfinch, left vacant by Mr. Collins. These names are a guarantee that the performance will be well handled. With Phil Leary, Joseph Robinson, and Robert Cohen, and the other old men familiar with their parts, the few changes necessary will be easily made.

Many of these men are remaining or are taking part at considerable personal sacrifice, in the interests of commencement. Likewise the women are remaining for the pantomime out of loyalty. Unless everyone turns out to enjoy this Saturday night entertainment, the time will be thrown away.

The curtain will go up at 8.00 o'clock on the girls' pantomime, "Into the Nowhere." This daintily costumed costumed novelty set to music has not yet been seen by all the people in Orono and on the campus. This double bill should bring everyone out. If people will arrive on time, the entertainment will close by 10.00 P. M. There will be no delays.

The advanced sale of reserved seats will be at the U. of M. store. Seats will be 35 & 50 cents; no higher.

"Ain't it funny

That some folks you can't miss
And some folks you just miss a pile
And the folks you can't miss
You see lots, and the other folks
Once in awhile."

SENIOR PROGRAMS ARE NOW ON SALE

The Commencement Week programs have arrived and are on sale at the University store. The program is bound in leather with "Maine 1918" in neat design and contains the program for the events of Commencement, the class officers, the class roll and the Commencement committees. On page eight is a small service flag with the number 114 on the large star, this being the number of members of the class of 1918 in service. One member, Harold T. Andrews of Portland, was killed in action in the early part of this year. The number 114 is a most remarkable record for service.

The Commencement week committee is composed of: Sumner A. Hall of Portland, Herbert R. Lamont of Bath and Francis Head of Bangor.

KING PRIZE ORATIONS

Saturday morning, May 18, at 10 o'clock, the King Prize Orations will occur at Assembly Hall. There will be three speakers competing for the cash prize of \$25.00. The subjects for discussion are:

An Ideal of Democracy
Frank I. Altman
War Work and Religion
Thelma L. Kellogg
The New Emphasis on Education
Oscar L. Whalen

The judges are Rev. J. Edward Hand, Mr. Charles A. Flagg, and a third person to be announced later.

Commencement week has brought out the following announcements of engagements on the campus: Doris Williams to Frank Donovan; Helen Stinchfield to Ralph Whitehouse; Helen White to Ralph Wentworth.

Bernard Thompson '19 was married in Fort Fairfield, May eleventh. Mr. Thompson is in the Federal Service.

A cablegram from Henry Petersen '17, Sigma Nu, was received Saturday stating that he has safely come out of the trenches the second time.

Eleanor Flint '21 and Prudence Wadsworth '21 have recently been initiated in Alpha Omicron Pi.
