To the S.A.T.C.

Daniel Webster began his greatest speech with these words: "When the mariner has been tossed for many days in thick weather and on an unknown sea, he naturally avails himself of the first pause in the storm, the earliest glance of the sun to take his latitude and ascertain how far the elements have driven him from his true course.

At the close of the Greatest Storm, I advise you to take your latitude. I advise you to consider which way you are going to sail. I advise you not to pay too much attention to the choppy waves and surface foam and gusts of wind about you now but to look far across the sea and discern the current and the course of the great winds. I advise you not to be led about and about by a thousand flashlights but to take note of the North Star.

I, who am a little older, tell you that life is wonderful, more and more wonderful—if you will sail out any way on the Great Sea, taking note as you sail of the North Star.

William L. Bryan,
President, Indiana University.

RESOLUTION

Whereas, it has pleased the Almighty to remove from among us our beloved brother in Sigma Chi, Paul T. Johnson, and
Whereas, Rho Rho Chapter wishes to express its sorrow in his untimely death,
Resolved: that we inscribe upon the minutes of the Chapter this tribute to him,
Resolved: that his whole life has been governed by lofty ideals and the sense of true fellowship which are emblazoned in the soul of this fraternity whose friendship we value highly,
Resolved: that his heroic death will inspire us to give our fullest devotion to the cause which he furthered with his life.

WALTER CHASEWICK,
EDWARD SNOW,
For the Chapter.

MEN'S GLEE CLUB MEETING

The first Glee Club meeting was held in Wingate Hall Jan. 19, and included nine of the old men present. The meeting was called by the president, and the question of electing a leader and talking over plans for the coming year. The question of music was discussed and the music committee was formed.

MEN'S GLEE CLUB
BASKET BALL URGED FOR MAINE COLLEGES

Graduate Manager C. L. Stephenson of the Maine Athletic Association is conducting a campaign among the Maine colleges for the re-establishing of an intercollegiate basketball league in the state. Maine has already voted to have a basketball varsity ball team and has placed $500 at the disposal of the team for the purchase of the necessary apparatus. Colby, it is understood, is not opposed to the proposition, but opposition is expected from Bates, Bowdoin, and Bates does not favor the proposition. The matter will be brought before the manager's committee at Waterville next Saturday.

ATHLETIC DIRECTORS TO MEET IN WATERVILLE

A meeting of the athletic director of the Maine colleges has been called for next Saturday noon at the Elmwood Hotel, Waterville, for the purpose of re-establishing Maine Intercollegiate Athletics on a pre-war basis. Among the matters to be taken up at the meeting will be the arranging of the Maine Intercollegiate base ball league. There will be a meeting on the question of the scheduling of the Maine Intercollegiate base ball league in the spring. The track meet last year was scheduled to be held at Maine but was called off on account of war conditions. It is expected that the Meeting will be held at Maine this spring. Graduate Manager C. L. Stephenson will represent Maine at this conference. Base ball managers of the colleges will probably be present also.

THE PARADE

The annual "night shirt parade" of the freshman class was held on Thursday evening. The parade started at the Sigma Chi House and continued up through the campus collecting all men as it went along, until they were assembled in front of the "dorm." It then marched to Mt. Vernon where a few appropriate stunts were in order.

2012 PRISM BOARD BEGINS WORK

The 2012 Prism Board has organized and commenced work upon the next volume of the Prism. The book will be issued Junior Week as is the custom, and will contain an addition to the regular material new and interesting features to be announced later.缺席 of Vinton E. Gräben Editor-in-Chief, Walter S. Tolman is serving in this capacity. The Board consists of: Charles Evans Hughes, Hamilton Holt, Henry Morgantown, and Cleveland Amory, representing the work which guarantees its success.

THE UNFORTUNATE ONES

There are thousands of men in the A. E. F. who did not volunteer.

And plenty more who did go o'er

And left young Bob just as he stayed here

The most unfortunate of us all is

The man who came to the front and offered his all to his country's call.

And was ready to bear the brunt.

He storms and he frets but he never

Had his chance to work out for positions

Among the ranks of the forces.

And he waited in vain for aid;

And was ready to bear the brunt.

Yet again and again and again.

And the end of the fight is in sight

He's as far from the front as the first

If it is any wonder he thinks it's a blur

And his sorrowness cannot be dispelled.

For we have seen him in his finest dreams

To fight for the U. S. A.

Will never arrive altho he may strive

And hope against hope for the day.

The unlucky ones in this great war

Are not the ones who were killed.

Nor the returned ones, be they allies or Hun.

Nor what blood they have spilled.

The most unfortunate man today

Is the man who jumped at the chance

To fight for the H— from the tap of the bell

But who never saw service in France.

NOTICE—SO皋OROES

LETTERS OF A FRESHMAN

Orono, Me.

Hannah Hamlin Hall
Jan. 13, 1918.

Dear Folks at Home—

I got here at last and found the campus. I'm going to explain these college terms to you because I know you folks ain't had much opportunity to see the outside world like I am seeing it and as you people ain't got much time to study I want to make it clear.

Campus means where we go to school. It's like what we call the ben-yard only where Pa keeps hens the agriculture college keeps classes.

It never rained, no Ma, that don't mean for the draft, but for what classes I was going in. I have got a course in mathe-matics that means arithmetic only harder.

I am taking English to. I learned a new word today. It is "tergiversation" and it means "take back." I wish that tick only harder.

Matthew Mackis that means arithma-tics, one (if the upper classmen sent me must be a pacifist (that is another new word I learned, Ma) it don't mean pass ing, Ma, that's the way you unsing, Ma, it wasn't my fault Ma. unas sing, Ma, that's the way you keep away from me because I was too smart. I was making money, Ma. They had a Freshman Reception here. One of them that was pretty well dressed Ma came up to me and started to talk to me I told her I knew what her game was. She looked just like the one Pa said came up to him when he was in New York and got all his money.

I guess she felt just like that man in the store because she went away and I never talked with some of them others and I guess she told them to keep away from me because I was too smart for them.

I guess you didn't get my point when I said "I was seeing the outside world." The Sophomore class, sopho means secondary Ma and I guess they are second to none in foolishness and trying to look wise, made us get out in our night shirts and parade. I couldn't see why they made us parade Ma cause they wasn't any people there to see us. I wanted to look good so I wore the night shirt Aunt Harriet made for me. I guess I was the best looking one when we came to the girls dormitory (that's another new word I learned Ma I mean where the girls stay. It's just like where Pa keeps his hens cause I saw a lot of wire around it and I heard one of the fellows call it the coop) they picked me as the best looking one to sing for over again and the girls all chapped. Well dear Folks I guess I will stay now and study French. I learned a new word in that today too. It is "sustenue." It means unstringing to me. Well Pa not to get in that string because I need his help.

Your Loving Son

Affectionately

P. S. Tell Wildelia I will write her a long letter next week.

UNIVERSITY PAYS HONOR TO ROOSEVELT

The whole world is mourning the death of Ex-President Roosevelt. The University of Maine voiced her great sorrow in the exercises which were held January eighth. The R. O. T. C. battalion, commanded by Major Stephenson, was formed in front of Alumni Hall, where the exercises took place, at 2:30 o'clock. At three the salute of twenty-one guns was fired. The University band, under the lead-ership of C. C. Swift, played "Spangled Banner." The exercises were certainly a most impressive and fitting tribute to one of our greatest men.
