PROFESSOR CHASE SPEAKS IN CHAPEL

At chapel assembly, Friday morning, Professor Chase talked about the History of Civilization. Professor Chase said:

There is probably not one person here who has not been impressed many times in his life by the beauties of nature. The uplift of beautiful scenery, the beauties of night-moonlight upon the water—those scenes about us which arouse the tenderer passions.

Occasionally it may fall to our lot to see a beautiful sunrise—or a sunset with gorgeous colors of red and gold and which impresses our imaginations. It is uplifting and in some ways we are made better by it and regret when we realize it will fade away, and we feel that we would like the power of Pshua of old that we might command the sunset to stand still.

Occasionally a man is so inspired that he is able to put upon canvas his vision. It becomes a permanent treasure that he may enjoy and that others may enjoy. Sometimes he sees a human face that becomes an inspiration—perhaps a mother's face—Raphael was able to catch the inspiration of a mother's face that no other artist could find. Or it may be that artists feel but cannot express. There are artists who do not have the power to express such works as Miltoins. We are told that Dante had a vision when he saw the face of a child of nine years, and this vision became the inspiration of his life work, and so we have an accumulation of the expression of the highest thought, and it is ours.

There are two ways in which we may enjoy these treasures. We may study them as things outside of us, objectively, or we may study them to make them a part of ourselves—and that is culture.

Civilization is the accumulation of the heritage of the past. Civilization does not change to any great extent in one hundred years. What, then, makes us so different than the savages? That which we have acquired and gained (of higher and material things) in the past. Wilson said "We should be poor indeed if we were to lose the heritage of ancient times."

At ancient Athens was held an annual torch race. Men holding torches were stationed at intervals in a line. As each man completed his course he held out the torch to the next in line. Those who passed thru with the torch still burning won the race.

We hold the torch of civilization and it is our duty to keep it burning while we run and to pass it on, burning brightly, to those who come after us.

The 3-cent postage stamp appears to be doomed after July 1. Small favors thankfully received.

Don't forget that there is a dance given by the M Club in the gym Friday evening, February 7. Good music and a good time.

LIEUT. COLONEL ON EVE OF ARMISTICE

Major Sumner Waite U. of M. '11 has been recently awarded the Belgian War Cross "for faithful and meritorious service during the operations of the 37th Division of the U. S. Army in Belgium." The coveted War Crosses were distributed by Lieutenant General Benheim, who commanded the first Belgian Division during the memorable rush through the Houlthust forest and were given in the name of the King of Belgium. Major Waite who is now a member of the General Staff of the 37th Division commanded by Major General Farnsworth, has since the opening of the great offensive taken part in the following engagements:

Chateau Thierry, May 1st to July 14, 1918; second battle of the Marne, July 15, to July 18; Baccarat Sector, Vosges, July 22, to Sept. 17; Meuse, Argonne Offensive, Sept. 26 to Oct. 1st; Parmes Sector, (remains of the St. Mihiel Salient) Oct. 8th to Oct. 16; forcing the crossing of the Lys, Oct. 31st to Nov. 4th; forcing the passage of the Escaut, Nov. 10th and 11th, the day armistice was signed and hostilities ceased.

During the interum between offensives the troops were engaged in moving from one point to another either by rail, bus or marching or by a combination of all three. The total casualties of the 37th. Division during these fierce engagements which continued for nearly six months with unabated fury were 4,444 which speaks well for the Hun marksmanship.

Major Waite did not actually obtain the rank of Lieut. Colonel for shortly before the signing of the armistice he had been recommended for the promotion but as the sudden ending of the war is supposed to have eliminated any immediate advancement, he will doubtless be content with honors received.

Major Waite or "Scrapper", as he was known in college, was active in both athletic and literary lines being a member of class track teams, varsity football, executive committee of the Athletic Association as well as a member of the "Campus" Board and editor-in-chief of his class Prism. He was a member of Phi Gamma Delta and is a brother of John Philip Waite '20.

VARSIITY TRACK GOING STRONG

Saturday afternoon, under the direction of Coach French, the first real track practice of the year was held. About fifty men were out. "Pat" was there with his old time "pep," and we can be certain that track is now to be placed in the high position that it formerly held.

Maine will have a relay team at the B. A. A. games, March 1. Word has not been received yet, regarding Maine's opponent. In all probability, Bowdoin will run against Maine.

Entrise for the inter-fraternity meets should be in by Feb. 5th. Everyone with any ability should enter these events in order to afford the coach a chance to size up his material.

Obstacles, properly handled, become opportunities.

"PAT" FRENCH TO COACH RELAY

Frank A. (Pat) French, '17 arrived on the campus Saturday morning, having secured his release from the Navy. After finishing his course, he enlisted in the Navy, and served as Chief Yeoman at the Little Building in Boston. French has been appointed to coach

"PAT" FRENCH, TRACK COACH

the University Track Team, and if he has any material to work with, he will surely turn out a winning aggregation. He will remain a month or two, in order to get the team in trim for the State Meet and B. A. A. Games next spring.

He is especially qualified for the position, having starred while in college as a sprinter, relay runner, hurdler and broad jumper. As an all round athlete he is unsurpassed, as he also played football and baseball in his last year in college. He has hosts of friends here at college and elsewhere, all of whom wish him success in his new work.

SIGMA NU INITIATION

Monday evening, Jan. 27, Delta Nu Chapter of Sigma Nu, held their annual initiation at their Chapter house. The following men were initiated: Reynold Warren Graffam, Lawrence Gilmore Purington, and John Thomas Quinn.

Lieut. Edward Alden Riley '20 has returned to college having received his honorable discharge from the Infantry Replacement Troops Unassigned, Camp Lee, Va.

The annual banquet of Alpha Kappa Chapter was held at the Bangor House, Saturday, February 1. Emily Kritter 1921 was toast mistress.

Several of the Alumni were back. Marguerite Merrill '18 Ferne Ross '18, Thelma Kellogg '18; also Grace Tripp ex '20, Olive Tracy ex '20, Blanche Jennys Clerke ex '20.

THE U. OF M. BAND IN FRANCE

In the following letter copied from the Rockland Courier Gazette "Scrapper" Hall Phi Eta Kappa '20 tells of the whereabouts of the 103rd Infantry Band known to all Maine men as the U. of M. Band and how the boys spent Thanksgiving.

From the Rockland Courier Gazette:
Chaufford, France,
Nov. 29, 1918

We have been pretty much on the move all the time and had very little time to ourselves. Saturday afternoon we hit this town and completed an 11 day hike. We hiked from Verdun to Chaufford, a distance of about 220 kilometers. It was awful after all the time the boys had put in the "lines". Nevertheless they stood it in fine shape and came thru with flying colors as they always have in the past. The first two nights out of Verdun we slept out of doors. The rest of the time we were billeted in towns along our route. For the most part we were lucky and drew good quarters and were nice and comfortable.

The seventh day out we passed thru Liffol Le Grand and the whole town turned out and gave the regiment one great reception. Liffol is where we were quartered last winter for about four months. All the old fellows in the outfit call Liffol their home. They surely made life a lot easier and happier for us last winter and twas good to go back to them again for we will probably never have another chance to see our old friends there.

The band led the regiment in the march and we played going thru towns. It was much easier carrying our horns and playing than it would have been carrying our packs.

Chaufford where we are now is only a small town of about 400 inhabitants. No telling how long we are here for but we think it will be only a short time. The fellows are getting cleaned up, new equipment and a little close order drill.

We deserved to go home first, for we were in the lines constantly from the day we first entered until the war stopped. This division held the record of all the allied army for the longest trench service.

No doubt you are wondering how I spent yesterday (Thanksgiving). At 8.30 A. M. the band left in trucks and went over to the 2nd battalion where we played for a sort of a rally. The major made a little speech and then the chaplain gave a little talk. We ate dinner at 1.30 P. M. with Co. F. Here is the menu: mashed potatoes, roast pork and gravy, bread, butter, jam, stewed peaches, doughnuts and coffee. From there we went to our 3rd Battalion and played for a similar time. The boys of Co. G. had their dinner at 5 P. M. and they invited the whole band over. We played while the fellows ate. It was a pretty sight. The mess hall and tables were lit up with candles and it looked like a great banquet hall and then to think of the boys being away in a strange country where the people didn't understand the meaning of the day.

After the boys finished we had our meal. It was great—the best I ever had in the army.

The Business Manager with his assistants is directly responsible for all the business and finances of the paper.

EDITORIAL

Finances always are a potent factor in the running of any institution and Maine is no exception. Individual effort and united work serve in a great measure for the advancement of the institution but these factors cannot be utilized to their fullest power or even to any great extent without the necessary financial backing.

The University of Maine is at an important point in its history. A great future is before us awaiting only its utilization. In order to properly deal with this future, the institution needs facilities which will at least place it on a par with other competing colleges and universities. The University of Maine is a public institution, representative of the State of Maine and its status in the eyes of the world reflects upon the State of Maine whatever its condition may determine. It is therefore, in a certain sense, a public responsibility.

There is before the present Legislature of Maine a measure for the appropriation of funds for Maine for the next two years. The estimates therein have been carefully prepared and represent a true statement of the actual needs of the institution. It is no padded budget made up with the often prevalent idea of naming a sum far in excess of the desired sum with the hope of obtaining thereby the desired sum by a cut in the budget. It contains no provision for extravagant expenditure. No new buildings are badly needed at this time. In fact, two years ago, money appropriated for two new buildings was turned back because of unfavorable building conditions and lessened need due to a decrease in attendance. The armory was turned aside for the same reason. Now when only money for actual needs is asked for, money for strengthening of certain departments, for restoring buildings and grounds, and for the purchase of equipment to keep pace with developments, it is only right that this money be granted.

EDITORIAL

The Maine Masque is an institution which has in the past reflected a great deal of credit upon the University of Maine. It has made Maine favorably known wherever it has made trips, has given valuable training to its participants and has been an activity of un-

questionable value. It is too bad to let such an institution to die out or even lie dormant for a short period, for time lost in this manner undermines the organization and can never be recovered. We are unfortunate this year in not having Professor, now Lieutenant, Windsor P. Daggett in the faculty whose services have in the past been invaluable to the Masque. However, there must be persons in the university who are capable of starting this activity and making the success of former years. Now is the time to begin.

BALENTINE NOTES

The upper class girls are glad to see so many of the older girls back for the Tri Delta initiation and banquet. Ferne Ross '18; Marguerite Merrill, '18; Grace Tripp '20, Lena Page '20 and Olive Tracy '20, arrived Friday, Thelma Kellogg '18 and Blanche Jennings Clarke ex-20 are expected Saturday.

Beulah L. Duran '22 is spending the week end at her home in East Corinth.

Ruth Small and Phyllis Brackett are visiting Miss Marion Brackett of Bangor.

Martha Woodbury is spending a few days with her aunt in Bangor.

Miss Edith Peabody was the dinner guest of her sister, Miss Gertrude Peabody.

Mrs. James S. Stevens entertained Elva Gilman, Minerva French, and Helen Pulsifer at dinner Saturday.

The co-eds have recently had a new privilege thrust upon them—the use of the Library in the evening. It is quite needless to add that references are being done very conscientiously by all.

The Junior Hash Engineers take this opportunity to announce that they are slowly recovering from a prolonged attack of prelims.

DELTA DELTA DELTA

Friday evening, at the home of one of their patronesses, Mrs W. J. Sweetser of Orono the Tri Delta girls gave the Stars and Crescent degree of initiation. There were nine initiates:

Francoise Barrett, Ida Collins, Minnie Norrell of Caribou; Ardis Dolliff, Edythe Twitchell of Old Town; Alice Harmon, Constance Turner of Gardiner; Mabel Thompson of Houlton. Anna Granger of Calais.

FRESHMAN CLASS ELECTS OFFICERS

Wednesday afternoon, Jan. 29, the Freshman Class election was held. The following men were elected: President, F. E. Trecarton; Vice President, T. P. Swan; Secretary, Miss M. B. Wheeler, Treasurer, J. T. Quinn; The Executive Committee, A. Davis, L. W. Butler, A. K. Hathaway, L. W. Hutchins, D. C. Walsh; Basket ball Manager, J. D. McCrystal; Track Manager, H. F. Hill, Base Ball Manager, S. F. Hanson; Banquet Committee, H. L. Stetson, C. E. Allen, K. R. Oakes, P. W. Hodgdon, C. J. Vickery; Military Hop Committee, W. H. Rumery, F. S. Mulholland, I. W. Phipps, R. A. Getchell, W. A. Wadsworth.

COMMENCEMENT COMMITTEE

Dr. Alely has appointed the following for the Committee for Commencement: Dean James S. Stevens, Chairman, Prof. Lucius H. Merrill, Prof. George D. Chase, Prof. Richard T. Muller, Mr. Ernest C. Cheswell, Director A. W. Sprague.

THE MASS. CLUB

Last Thursday evening a meeting was held in the club room of the Library by out-of-state men and women and plans were formulated for the revival of the Mass. Club.

This club has been a prominent institution here at Maine for the last few years and the members of the upper classes will remember that their annual dance was looked forward to with much pleasure.

There ought to be some means whereby out-of-state people can become better acquainted with each other and this club has that for its purpose.

All out of state people should plan to attend a meeting in the club room at the Library Thursday evening at 7.30. Joe Beach is going to tell of his experiences in France. If attendance at this meeting warrants the club is going to have its picture taken next Sunday.

Now all you men and women get the pep and be represented in something that is all your own.

Just watch for the real dance with the real old Mass. band and best of all the real Mass. Jazz.

Donald Perry, Lee Vroman and Joe Beach sailed for Turkey Jan. 24th, the U. S. S. Pensacola carrying them and some fifty other men for work in the Armenian and Syrian Relief. David N. Beach, Y secretary at Maine has received some interesting details concerning their trip. The boat itself is a freighter and the workers are quartered in the forward upper hold. Their trunks are stacked at the forward end and their bunks are of the usual six-in-a-stack style on one side, with tables occupying the other side. The hatchway is the only means of getting up or down and the whole gives them rather less privacy and comfort than there was on the Mayflower. The ship is loaded down with five hundred units of food supposed to be enough for one worker for one year, Fords, tractors, plows, seed, spare parts, tools, and the endless gimracks which will be needed in the great work of putting Turkey on its feet again as far as the necessities of life go.

The ship expects to touch at Gibraltar, then do direct to Beirut, and thence by various smaller ports to Constantinople. The crew did not expect to return until the late summer, as they will be used in conveying the supplies and machinery to the strategic places along the short and in helping in other ways to make possible the success of the enterprise. But long before that the workers will be up to their ears in work trying to get the land there prepared for the spring planting, and in putting over other details of the work. Not the last difficult problem will be to bring those who have been deported back to their homes. There they will have to be cared for during the critical months before the new harvest and their new homes can give them some prospect of living once again on their own resources and by their own effort.

Mail for any of the representatives of Maine will have to be sent for the present care of the A. C. R. N. E. (American Committee for Relief in the Near East), 1 Madison Ave., New York City.

Maloney Jr.: The teacher told us about breathing oxygen into our lungs and breathing carbonic acid gas out.

Mrs. Maloney: Sure 'tis all right for ye young people to learn thim things, but Oi've been breathing air both ways too long to change.

IMPORTANT BILL IN LEGISLATURE

On Wednesday, January 29th, Representative Perkins of Orono introduced a bill into the legislature for an appropriation of \$500,000.00 in favor of the University of Maine. \$100,000.00 of this sum will be used to pay off the present deficit in funds due to general increase in wages, prices and materials and the remaining amount will be expended in bringing the University into an up to date condition. This latter part will be split up into payments of \$200,000 for 1919 and \$200,000 for 1920.

In order that this bill may go thru without being cut down to a smaller amount, as President Alely pointed out in chapel on Thursday, it has been made equal only to the needs of the University. Also, other appropriation bills in favor of the University that were in order have been tabled for a few years to come.

The need of the University is certainly great. Beside the existing deficit, the general condition of the buildings, equipment and grounds are in bad shape. Buildings will be repainted and repaired; laboratories will be brought up to date; grounds and walks put in good condition.

This is certainly a step forward and every student should make it a point to do all he can to get this bill "put across."

THE Y. M. C. A. INVADES RUSSIA

The Y. M. C. A. invaded Russia in full force the last few months working with the Allied troops on Russian soil and also with the inhabitants loyal to the cause of the Allies.

The Y. M. C. A. is laying plans to cover the whole of Russia with secretaries as soon as conditions will permit. They want to spread the ideals of real democracy and to inject the new Christian spirit into Russian life.

If Russia is to be kept from being a perpetual menace to the world, this work must be done on a huge scale and will deserve the backing of the entire American people. There will be an opportunity for wide-awake college men and women in this great task. There will be plenty of opportunity for men and women with character and brains to do the biggest kind of service.

In this work the Y. M. C. A. will be assisted by the Y. W. C. A., the Salvation Army, and perhaps by some other organizations.

GIRLS' ATHLETIC COUNCIL CHOSEN

The Girls Athletic Council for the following year has been chosen. It consists of the officers: President, Achsa Bean; Manager, Hilda Hodgdon; Vice President, Dot Hart; Secretary, Emilie Ritter; Treasurer, Berenice Smith; and the following girls chosen from the classes: Billy Haskins '19; Etelle Sawyer '19; Frances Bartlette '20; Mary Pulsifer '20; Kathryn McCrystle '20; Lucy Kilby '21; Florence Morrill '21; Effie Weatherbee '21; Helena Bisonette '22; Corinne Furbush '22. It was decided to have membership tickets printed, which will allow the owners to attend any game or meet. These tickets will be \$.50 a year. Now it is up to the girls to show whether they want athletics or not. Buy your Pillow Tax!

Success is a fine disregard for difficulties.

LETTERS OF A FRESHMAN

—M—

H. H. Hall, Feb. 4, 1918

Dear Folks at Home:

Everything is going fine here except
my studies but those are only second-
ary to the momentous that are occur-
ing on the campus.

First of all some more numerals
were painted on the campus. Now Ma
I don't object to these things being
painted but I think it is only a waste
of money (economic, that's the way
you brought me up). But Ma I do ob-
ject to scrubbing them off. This makes
the second time Ma but I fooled them.
I was in Chemistry, that's a study of
Doc Easley and I knew they were
waiting for us at the entrance of the
building. I waited until everybody had
gone out and then I started to sneak
off. They saw me and started to run
after me. I fooled them Ma because I
jumped into the elevator and started
to go up to the third floor. When they
got up there I run it down to the
basement and got out of the window.
That's one time I put it over on them.
I was going across the campus and
they saw me. I started to run again
and I would have got away but sev-
enty-five came after me and when they
got me they cut my hair. Now Ma I
wouldn't object to getting my hair cut
but they didn't cut it right, they never
do anything right Ma. Nevertheless,
I am going to get even on Rising Day.
Rising Day means getting to be a Soph-
more but that isn't what's it for. Its
to let Freshmen get even at them
Sophomores and I have all ready got
the one picked out I am going to get.

We had track practice the other day
Now tell Pa this does not mean a
track of grain but a board track. They
raise runners instead of grain. "Pat"
French coached me. He was good Ma
and I guess he knows a good runner
now because after I run around the
track I heard him tell a feller that I
was the best *tractor* he had ever seen.
Well Ma I have got to go to class
so I will close.

As ever,
Afeelus

Y. W. C. A. TO GIVE MUSICAL COMEDY

The Y. W. C. A. will give the Mu-
sical Comedy "A Dress Rehearsal" in
the near future. All girls wishing to
try out for parts are asked to meet
in No. 106 Valentine Hall, Thursday
afternoon at 4.45. At this time the
parts will be explained and names will
be taken of those wishing to try out
for leading parts. Try outs for the
chorus will be held later.

The first social event of the season
took place last Friday night when the
Junior Masks gave their annual Jun-
ior Assembly and reception to the men
in service. The faternity booths added
a pleasing feature to the dance and it
was certainly a pleasant contrast to see
the gym Friday evening and then re-
member how it looked in the fall with
the mess tables there. The patronesses
were Mrs. Robert Aley, Mrs. G. W.
Stephens, Mrs. J. S. Stevens, Mrs.
Charles W. Easley, Mrs. Russ Ham-
lin, Mrs. James N. Hart, Mrs. Kate
Estabrooke and Mrs. Jeanette Harr-
ington.

There will be a meeting of the Bi-
ological Seminar on Wednesday, Febru-
ary 5 at 4.15 P.M. in 22 Colburn Hall.
Miss E. Whitaker will be the speaker;
her topic being, "Recent Theories of
the Nature and Origin of Coal." An
invitation is extended to all members
of the University.

CLASS BASKETBALL BEGINS SATURDAY

The inter-class basket ball games
start next Saturday night, Feb. 8th
with the Seniors opposing the Fresh-
men and the Juniors going up against
the Sophomores.

Class basket ball should go big this
year with no admission being charged
for the two games each evening and
only \$.25 for the dance after the
games. The profit realized on the
dances will be turned in to the var-
sity team fund.

The first game will be started
promptly each night at 7.30 to assure
all of plenty of time for dancing.

Each class should have teams that
will be in the running all the time, and
the one backed the best is very liable
to come out the winner. Show your
class spirit—get out and yell!

The schedule:

Sat. Feb 8.

Seniors vs. Freshmen

Juniors vs. Sophomores

Sat. Feb. 15

Seniors vs. Sophomores

Juniors vs. Freshmen

Fri. Feb. 28

Seniors vs. Juniors

Sophomores vs. Freshmen

—M—

The "M" Club held their first meet-
ing of the year, Jan. 28 at the Beta
House. Plans were made for the com-
ing year and the following officers
were elected:

President—"Bill" Allen

Vice President—John Green

Secretary—"Squirt" Lingley

Treasurer—"Dan" Russell

Executive Committee—"Jerry" Rear-
don, C. L. Stephenson, and Verne Bev-
erly.

DEAN HART EXPLAINS "CUT" SYSTEM

There is misunderstanding of the
"cut" system this term, and Dean Hart
explained it in chapel last Tuesday
morning.

Until this year, cuts have been reck-
oned on the semester basis. Every
student was allowed as many cuts for
a semester as he was taking hours.
For every five (or fraction of five)
cuts taken above this number, the pupil
was obliged to take an extra hour be-
fore graduation. Fifteen chapel ab-
sences were allowed.

This year is divided into three terms
each term being equal in length to
two thirds of a semester. Considering
this fact, it is only fair that two thirds
as many cuts should be allowed for
two thirds the time. Thus under the
present scheme, the student registered
for fifteen hours, received ten cuts,
the student taking eighteen hours is
entitled to twelve cuts, etc. For every
five (or fraction of five) overcuts one
extra hour's credit will be required for
graduation. Ten chapel cuts are al-
lowed, with the same rules applying to
overcuts.

—M—

XI Chapter of Alpha Chi Sigma has
pledged the following men:

1919: Kenneth R. Farr of Oakland.

1920: Herbert V. Rapp of Turners
Falls, Mass., Lawrence A. O'Rourke,
of Saco, Philip C. McGouldrick of Au-
gusta and Walter S. Tolman of Port-
land.

Alpha Chi Sigma is an honorary so-
ciety composed of men majoring in
Chemistry and was founded at the
University of Wisconsin in 1902. The
Maine chapter was established in 1911.

Cheer up! No matter how many
names you're called, you're always the
same person.

THE UNIVERSITY STORE

The store was organized in 1911 and was incorporated as the University Store Company. It is managed by a board of five directors. At present the directors are: Robert J. Aley, C. J. Dunn, Hosea B. Buck, Charles W. Mullen, and Charles E. Oak. Robert J. Aley is President and Hosea B. Buck, Treasurer. The directors have never received any compensation for managing the affairs of the company.

When the store was organized, five percent preferred stock was issued in the hope that by its sale sufficient capital for conducting the business might be secured. This hope was not realized as only about \$1100.00 of preferred stock was sold. Working capital was secured from the bank upon the personal security of men interested in the success of the venture.

The store now owns itself and has good commercial rating. Its profits have been applied to reduction of indebtedness upon the grandstand.

At the annual meeting on September 21, 1918, due to the uncertainty of business conditions, \$2000.00 of the surplus was invested in Liberty Bonds.

REPORT OF TREASURER FOR YEAR ENDING JUNE 30, 1918

ASSETS

Surplus	2,509.02
	\$ 6,572.66

TRI SIGMA

BEGINS ACTIVITIES

Before this club was organized, a need had been felt for a club which would increase the students' interest in biology. Accordingly, this club was founded early in September 1916. As we look over the record of its past activities the club's success is clearly shown.

This year, the club will be favored by frequent lectures given by members of the faculty, also lantern slides will be shown upon interesting subjects. Meetings are to be held the first and third Thursdays of each month. Preparations are now being made for a banquet to be held sometime in the very near future.

The club bids to be the most useful aid in the practical side of the subject.

FOOTBALL SCHEDULE
IN PREPARATION

A fine football schedule has been arranged thru the efforts of Manager Miles Ham. The fact that the team will end its season this year at Orono is to be appreciated by the students of the U. of M. The team will then be able to break training and celebrate with the student body. The management asks that everyone be on the lookout during the coming vacations for new football material. New candidates will certainly aid to strengthen the team.

The schedule reads:

- Oct. 4 Middlebury at Middlebury, Vt.
Oct. 11 Open
Oct. 18 West Point Military Academy at West Point, N. Y.
Oct. 25 Maine at Bates College, Lewiston, Me.
Nov. 1 Colby at Maine
Nov. 15 Maine at New Hampshire State at Durham, N. H.
Nov. 27 Rhode Island State at Orono

"Only those are fit to live who do not fear to die, and none are fit to die who have shrunk from the joy of life and the duty of life. Both life and death are parts of the same Great Adventure."

Theodore Roosevelt.

Help Maine Athletics

The Track Club will conduct a dance in the gym, Feb. 14. Music will be furnished by a good four piece orchestra. Don't forget the date—Feb. 14.

WHEN you buy a pipe bearing the W D C trade-mark, you have the satisfaction of knowing that your money could not have bought a better pipe. The W D C is strictly American made. You can choose among a multitude of styles, sizes and grades at the best shops—\$6 down to 75 cents.

WM. DEMUTH & CO., New York
World's Largest Pipe Manufacturer

Look at the lines of this one. They flow, a delight to the eye, from the rich brown of the genuine French Briar bowl, through the sterling sheen of the ring, to the jet black lustre of the vulcanite bit.
