Y. W. C. A. PRESENTED OPERA SATURDAY

Saturday night the girls of the University presented an operetta called "The Dress Rehearsal." Nothing it has ever before been given on campus. It was very well played before a large audience.

All the parts were well suited to the persons acting them. Achsa Bean made a hit as Mrs. Jarvey—the one time Juliet; the part of Mrs. Jones was well taken by Minerva French, Minnie Norrell made a very pretty fairy godmother. Dot Stetson should receive honorable mention for the extremely graceful way in which she danced in the part of maid.

Mabel Thompson was very good as Mademoiselle, especially in her solo—"What is Love." Edith Scott as Cinderella did very well. It would not do to leave out Kathleen Snow, the greedy girl; the spiteful sisters; the romantic girl or Miss Prudence Pinchbeck, as these parts were admirably taken.

The dancing was pretty and showed the work of Miss Odiorne.

Madeline Bird deserves much praise for her work in coaching "The Dress Rehearsal." All the voices blended unusually well and the acting was splendid. Miss Bird was accompanist.

The Dress Rehearsal will be given next Saturday evening in the Orono Town Hall. There will be a dance after the performance. Admission for the play and dance will be thirty-five cents. Good music will be furnished for the dance and there should be a good crowd as the play is well worth seeing.

CIVIL ENGINEERS MEET

A regular meeting of the University of Maine Society of Civil Engineers was held Thursday evening, May 8th, in Wingate Hall. Students of the University had been invited to attend this meeting, and the invitation met with such a general response that about seventy five engineering and academic students greeted Dr. Hunt of Bangor, who was the speaker of the evening. Dr. Hunt was a member of the Maximilian Expedition to Crockerland and spent four years up there. He gave an interesting illustrated lecture showing two hundred excellent slides which pictured before us the life of the Eskimo and the different species of fur-bearing animals found up in the frozen north. Dr. Hunt related how he was obliged to eat dog biscuit for eighteen months. This is one of the many handicaps endured by him. There were various humorous and pathetic incidents in his lecture which certainly appealed to those present. At the close of the lecture peanuts and smokes were enjoyed by all.

RHODE ISLAND HERE ON MAY 15

The University of Maine Baseball Team will play Rhode Island State on Alumni Field. Thursday May 15. The game is called at 3.00 P. M. Rhode Island State has a good team this year and should furnish a fast, interesting game. Blanket Taxes will admit to the game.

The annual Track and Field Meet of the Maine Inter-Collegiate A. A. takes place Saturday, May 17th at Alumni Field, Orono. The trials will be held at 10 A. M. and the finals at 2.15 P. M. This is the first state meet held since the spring of 1916. At this time Maine was returned a winner. From the outlook on paper this year's meet will be closely contested between Maine and Bowdoin with the chances of victory slightly in favor of the former.

This meet unlike others of former years will be a triangular meet as Colby is not represented on the track this year. It promises just as much class and competition as in other years however.

Maine's strength will be in the sprints, distance runs, pole-vault, and weight events. Bowdoin is strong in the sprints, hurdles, middle distance and distance runs while Bates appears strong in the quarter, half and weight events. The only records at all likely to be equaled or broken appear to be the high hurdles and shot-put. Captain Allen of Maine has a good chance to break his former record of 46.45 ft. in the shot; while Willard Savage of Bowdoin, if in old time form should have a chance of equaling or breaking the record over the high timbers.

CLOSE GAME PLAYED ON WHITTIER FIELD

Maine lost to Bowdoin at Brunswick last Saturday by a score of 9-7.

In the first inning Maine came thru with four runs but in the 6th Bowdoin overcame the lead. Zeigler relieved Johnson in the seventh and held Bowdoin to 2 hits. Both teams hit hard but Bowdoin's hits were bunched and came at an opportune time.

IMPORTANT MEETING OF THE AGRICULTURAL CLUB

All students in Agriculture should attend the important Faculty and Student get together meeting in Winslow Hall Wednesday evening, May 14.

Nothing can bring you peace but yourself.

SOPHOMORES WIN INTERCLASS MEET

The annual interclass meet, held Saturday on Alumni Field, resulted in a victory for the Sophomores, with the Freshmen a close second. The absence of Charlie Wansker from the competition in the sprints was probably the reason for the defeat of the Class of 1922. The points were mostly divided between the two lower classes, each of which had a well balanced team. The Seniors did not go into the meet with much force and consequently only secured three points, the Juniors scoring one point.

Sewall '21 was the high point winner of the day, with 13 points, by taking first place in high and broad jumps and second in the 100-yard dash. Sewall is in good condition, and is working hard to make good in the Inter-collegiate next Saturday. Herrick of 1922 ran in fine form in half-mile and mile, winning two firsts for his class. One of the best races of the afternoon was the quarter mile, in which Meader '22 took first place, but he was closely pressed by Pratt '21, who had considerable handicap to overcome. Pinkham and Sewall, both of 1921 ran a pretty race in the hundred, the former taking first place.

RAIN HINDERS WORK IN SUNSET LEAGUE

The "Sunset Baseball League" has been greatly hindered by the rainy weather. If the weather is favorable for the next week the series will be well along. There have been four preliminary games played as follows: Kappa Sigma 8, Theta Chi 2; Phi Eta Kappa 15, Sigma Alpha Epsilon 2; Phi Kappa Sigma 5, Sigma Chi 2; Beta Theta Pi 12, Delta Tau Delta 2. There are three other games which were not played on account of the weather: Phi Gamma Delta vs. Lambda Chi Alpha; Alpha Tau Omega vs. Sigma Nu, and Beta Theta Pi vs. Hannibal Hamlin Hall. These games will be played this week. The championship cup is on exhibition at the college store and as it is a fine cup we feel sure there will be keen competition for it.

The Maine chapter of Sigma Nu gave a formal reception and dance Friday night, May ninth. Representatives from the Bowdoin and Dartmouth chapters were present. Dancing lasted until two o'clock.

EDITORIAL

—M—

The Maine Intercollegiate Athletic Association Track Meet will be held on Alumni Field next Saturday. This is an event which comes to Maine but once in four years so it is the only chance of the students now in college to see the meet in Orono.

Any sort of a real track meet is a rather expensive proposition and especially so a meet of the calibre of the State Meet. The expenses of the athletes from other colleges who compete is considerable and good officials cost money.

The track team needs your support which means your attendance at this meet. Show that you are behind your track team in another way. Get out to watch the practice every chance that you can get and show the team that Maine is interested in it.

There will be a rally Thursday night to get in trim for the Meet. Make it a real Maine rally and not just a meeting as some of the other so-called rallies have been this year. Bowdoin is going to have her band up for the Meet. But the Maine band will be on deck and we will leave the comparison to you.

And finally, the meet will be a close contest with fight all the way thru. Give the team that fight. Help them to come thru.

College opinion condemns indifference by obscurity; the student who does not enter into extra curricular activities remains unknown. Studies come first, and rightly so, but the student who does nothing else but get A's is as unknown and as unsung as the Freshman who obtains two F's and three E's at midyears and departs from college forthwith with considerable speed. That this should be so, is perhaps indefensible, but it is nevertheless true and what is, is to be made the most of by the wise or to be ignored by the others.

When the undergraduate becomes a Junior or a Senior he knows by association most of the members of his class, but of the classes below he knows only a select few. On the other hand, the Sophomore or Freshman knows few of his own class but quite a number of the upper classmen.

The explanation is that the Junior or Senior knows only those Sophomores and Freshmen whom it may be said stand out from the mass, who stand out and are prominent because they are active in extra curricular activities. The same in a like manner is true of the more recently admitted students—they come to know quickly the upper-classmen engaged in the various activities of the university and that typify college life in its best sense. Unless the student desires to remain a nonentity to others if not to himself, he must enter into some line or lines of college work wholly outside his regular scholastic line.

Few of us spend every waking hour at our books. It is a question of the sacrifice of time taken not from studies but from personal pleasure. The hours spent at the movies or with a magazine may be pleasant, but the yield of these hours is not to be compared with close associations, the lasting friendships, and the real satisfaction that grow out of enthusiastic, conscientious participation in some extra-curricular activities.

JUST BOY

—M—

I had not seen Tommy for many days, but I still had a vivid recollection of a dirty, grubby boy—a happy boy, gaudily attired in a likewise dirty Indian suit. His rumpled brown hair was stuck full of feathers that were strangely suggestive of his mother's poultry yard. His black eyes were shining intently as he lay stretched flat on the ground, aiming his home-made gun at an invisible, blood-thirsty enemy.

But now! Could this be Tommy—this respectable clad figure that shuffled sulkily down the road, revengefully kicking up the dust at every step? His hands were thrust deep into the pockets of a blue suit that showed signs of recent pressing. His uneasy feet were clad in high boots, now white with the thick dust, showing only occasional glimpses of a reluctant polish. His head with its smoothly combed and parted hair, was held stiffly above the starched white collar. His face was scarlet with vigorous scrubbing. The black brows ominously lowered, the square chin pushed forward, the red, pouting mouth—all plainly showed his disgust with the world.

As he passed me he gave no signs of recognition, only a muttered "Gosh! How I hate girls' parties!"

IS THIS YOUR TRUNK?

—M—

About a thousand pieces of personal baggage go astray, each month, according to a recent statement by an express official. Very probably, the trunks and suitcases of college students are among them, particularly at this season. Therefore, it is important that you start your trunk right, safeguarded with the proper kind of address labels and tags.

Most of the trouble is due to the fact that trunks, unlike the students, cannot speak for themselves, when the address label or tag come off. "Old marks" from previous trips are confusing to the expressmen and usually send the baggage some place where it oughtn't to go.

If you do not want your vacation ruined, or a romance shattered by a lost trunk, follow these general rules:

Remove or cancel all addresses of former trips.

Don't entrust your fineries to a single tag. The expressmen will not

accept your baggage unless you have a label on it, in addition to a strong tag.

Be sure it is a strong tag. One with a reinforced eyelet, and attached with a heavy cord or wire, is best.

Use good ink, never lead pencil, in writing the address, and do it legibly, giving all of these details: Name of shipper; Where from; Name of consignee; Local Address, street and number; Destination, City; Value—state in full; and Date of your shipment.

As an additional safeguard, place your name and permanent address on the inside of your trunk; on the lid, for instance.

Use these same common sense rules when you ship a suit-case, a handbag or other baggage, and you will see your best clothes again!

DO IT NOW!

—M—

That shabby suit, your Winter coat the rundown shoes, or any other article of wearing apparel you have discarded, will be as "velvet" to some refugee across the seas. Pack together all idle garments to-day. Don't wait until to-morrow. Get your parcel started by sending it to a local Red Cross Chapter immediately, because it has more than 3,000 miles to travel before it reaches its destination. The Red Cross has agreed to ship abroad 10,000 tons of clothing to the liberated countries of Europe as soon as that amount can be collected. "Over there" men, women and children are in rags, and every delay increases their suffering. Any warm garment that is whole and clean is acceptable. Warm underwear is a veritable luxury to the refugees and

Watch For the Date
May 15, 1919

hosiery has long been a thing of the past.

Get together whatever you can spare, but

"DO IT NOW!"

ARMY vs. NAVY!

—M—

A very exciting seven inning base ball game was played between the Army and Navy men of Phi Gamma Delta Fraternity Tuesday evening, May 6. The Army was victorious by a score of 10 to 8. The Navy men were greatly handicapped by the fact that Alumni Field was as dry as a chip. The Army men greatly out classed the Navy men but the Navy put up a good fight and died game. The "gobs" lost much time running bases. After hitting the ball they would "roll" to first while the "dough boys" would charge the base. The game was very interesting and many "neutrals" enjoyed the game and the accompanying remarks. The Navy was not satisfied with the result and has challenged the Army to another game which will be held soon.

—M—

Leon Coolbroth '18, Phi Gamma Delta, paid a visit a short visit to the campus last week. "Soup" was a member of our old Maine Band which went to the Mexican Border and later to France with the 26th Division. He has seen a great deal of action, doing stretcher-bearer work for nearly a month in the front line trenches. He intends to return to college next year and finish his college course.

(Continued from Page One) MANY ENTRIES FOR STATE MEET MAY 17

In Zeigler and Wansker Maine has
two mighty fine sprinters, Averill of
Bowdoin should push this pair to the
limit in both dashes however.

The quarter finds Maine strong with
Pratt, but here Bates should influence
the outcome of the meet with Law-
rence the winner three years ago. In
the half Goodwin of Bowdoin and his
teammate Cleaves should make the go-
ing hard for any opponent. Hegarty
and Herrick of Maine should also be
up with the leaders. Goodwin should
lead the field in the mile while Her-
rick is apt to push him all the way.
Gregory of Bates will be among the
leaders in the two mile as will Bar-
nard of Maine. The hurdles are Bow-
doin's strongest events with Savage
Thomson and Foulke running against
Davis, Wood and Castle of Maine. In
the jumps Maine appears to be strong
with Wood, Pratt and Sewall. Averill

of Bowdoin should make a good bid
for the broad jump. The pole-vault
finds Maine again strong with Wood
and Herston. The weight events are
an uncertain quantity with the excep-
tion of Captain Allen being conceded
first in the shot.

The official list of entries for the
meet are as follows:

**MAINE DOES PART
 IN VICTORY LOAN**

It was announced in chapel Monday by Dean Hart that the University had taken its share of the Victory Loan which has just been successfully "put across" by subscribing \$12,550. He expressed it as a very satisfactory result.

The lucky man and woman to whom the two captured German helmets will be awarded will be announced soon.

These helmets were manufactured by the Germans for use when entering Paris and needless to say were never put to the use for which they were intended. One will be awarded to the man to whom the sale of the *largest number* of Bonds is credited and the other to the woman fulfilling the same qualification.

Mt. Vernon House was the scene of a very pretty party Friday evening. Turgeon and Fenderson furnished the music. Dancing was enjoyed from 7:30 to 11:30. The guests were: "Bone" Hodgkins, Charlie Corey, "Sleepy" Harris, Hal Murray, Stubby Adams, Ted Swan, Johnny Wadsworth, George Wyer, Clyde Vining, Rex Buzzell, Vern Wallingford, Phil Longley, Red Plumer, Swede Joy, Hal Jordan, Ray Tibbetts, Bill Murray, Leonard Butler, Cecil Sweatt, Ray Hopkins, Newm Young, Steve Griffin, Ken Smith, Lawrence Libby, Kewpie Baker, Hudson Tracy, Riff Burnham, Ed Bowley, Jack McCrystle.

**RED CROSS SENDS
 CLOTHING ABROAD**

Over 300,000 pounds of used clothing, in 2,100 bales, were started to Europe April 7th, as the first shipment of over ten thousand tons of clothing collected by the Red Cross on its recent country-wide drive. Two thousand additional bales lie at the docks awaiting transportation.

Two shipments will be sent out each week until the total of well over 10,000 tons has been shipped. Clothing is sorted, packed and baled for shipment in 150 pound bales. Fifty workers at the Brooklyn warehouse, where these garments are handled, keep them pouring through a funnel into the assorting chamber, where they are divided, made into bundles and enclosed in burlap. The electric press turns out a bale every five minutes.

The enormous success of this garment drive is largely due to the active and generous cooperation of editors, who not only gave space for its publicity, but used their personal efforts to make the notice conspicuous and attractive.

The American Red Cross wishes to express to them and to the public who responded so promptly, their cordial and appreciative thanks.

The co-ed operetta which was presented in Alumni Hall last Saturday evening will be repeated in the Orono Town Hall Saturday May 17. The U. of M. Orchestra will accompany the performance which will begin at 7.30. The admission including dance will be 35 cents. If you missed the performance last Saturday this is your chance to see it.

Phi Gamma Delta entertained at a very informal party Friday evening. Music was furnished by Atherton and Devoe.

Nerita Willey '22 and Ethel Packard ex '21 were visitors on the Maine campus this week end.

President Aley has been called to his former home in Indiana for a short period on account of the severe illness and subsequent death of his father. The student body is deeply grieved to hear of this news and expresses its sincere sympathy to Dr. Aley.

The Senior cane committee has announced that the senior canes have been ordered and will be on sale in two weeks. The design will be neat and attractive; the canes will be of cherry wood with a nickel ferrule bearing the letter M and '19. The committee in charge consists of J. E. Goodwin, W. C. Ellsworth, and R. D. Chellis.

Harry: When Martin's girl returned his frat pin to him, he immediately sent it to his new girl friend.

George: A case of sticking two girls with one pin.—Ex.
