# THE CAMPUS

Vol. III.

ORONO, ME., OCTOBER 1, 1901.

No. 1

## THE CAMPUS

Published on the first and fifteenth of each month during the college year by the students of the University of Maine.

### EDITORIAL STAFF.

#### MANAGING EDITOR.

ENOCH J. BARTLETT, 1902.

#### ASSOCIATE EDITORS.

M. GENEVIEVE BOLAND, 1902.

FRANK W. KALLOM, 1902.

ALVIN M. WATSON, 1902.

RALPH M. CONNOR, 1903.

SANFORD C. DINSMORE, 1903.

JOHN H. HILLIARD, 1903.

THOMAS E. LEARY, 1903.

CLIFFORD G. CHASE, 1904.

ROY H. FLINT, 1904.

### BUSINESS STAFF.

P. EDWARD MCCARTHY, 1902,

Business Mgr.

ISAAC E. TREWORGY, 1903,

Asst. Business Mgr.

Terms: \$1.50 per year, strictly in advance; single copies 10 cents.

Address all business communications and make all checks payable to P. E. McCarthy, Business Manager, Orono, Me.

Contributions from undergraduates and alumni are earnestly solicited. They should be addressed to the Managing Editor.

Entered at the Post Office at Orono, Me., as second-class mail matter.

PRINTED BY J. P. BASS & Co.

## STUDENTS' DIRECTORY.

TRAINS—Leave Orono for Bangor at 6.46, 8.57, 9.57, 10.52, A.M.; 12.45, 1.42, 2.52, 4.02, 7.12 P.M.

Leave Orono for points north of Old Town at 7.21 A.M.; 2.28, 5.04, 6.53 P.M.

Leave Bangor for Orono at 4.35, 7.00, 8.30, 11.30 A.M.; 1.15, 2.05, 2.50, 3.10, 4.45, 5.30, 6.30, 11.05 P.M.

Leave Bangor for the south and west at 7.15 A.M.; 1.35, 8.09, 11.45 P.M.

Leave Bangor for Bar Harbor at 6.00, 9.30 A.M.; 4.50 P.M.

ELECTRICS—Cars leave Bangor at 5.30 A.M. and each half hour thereafter until 9.00 P.M.; after 9.00 P.M. on

even hours until 11.00 P.M. Cars arrive at U. of M. fifty minutes after leaving Bangor. Cars pass the campus going north, 10m. of and 20m. past the hour; going south, 20m. of and 10 m. past the hour.

MAILS—Leave Orono for points south and west at 6.30 A.M.; 12.40, 6.40 P.M. For points north at 6.30 A.M.; 2.10 P.M. Arrive at Orono from points south and west at 7.40 A.M.; 3.30, 7.10 P.M. From points north at 1.10, 7.10 P.M.

The boats of the Boston & Bangor S. S. Co. leave Bangor for Boston, stopping at Rockland and intermediate landings, on Mondays, Wednesdays, Thursdays and Saturdays at 12 M.

The college library is open from 8.00 to 12.00 A.M. and from 1.30 to 5.30 P.M.

The college office is open from 8.00 to 12.00 A.M., also from 1.30 to 5.00 P.M., but only matters of special importance should be submitted during the latter hours.

## EDITORIALS.

OUR campus is once more the scene of life and activity. Another summer vacation with all its sports and enjoyments is but a memory and we are facing another college year as it stretches out before us offering its possibilities of success and failure. With the return to college comes the renewing of old friendships, new duties, new interest in athletics and perhaps best of all, the new friends and influences which we are sure to meet. As we stroll across the campus to take a look at the familiar objects of our college home we note the important improvements which have been made in the building and apparatus during the summer, and as we see on all sides the bright ambitious faces of the largest entering class in the history of the institution we feel that the future success of our Alma Mater is indeed secure.

In the midst of these bright anticipations comes the thought that we are soon to lose the man who has been foremost in the important college enterprises for the past few years.

These enterprises have been important to us as students for they have drawn the attention of the best and most highly cultured people, not alone of Maine, but to a certain extent, of the New England states, to the work of this university. And what does this mean to us? It means that the investment we make when we devote four years of our life to the securing of a college education is greatly increased, for as the institution becomes more widely known and its graduates are found to be more and more trustworthy and capable, our chances for a successful start in our life work is greatly increased. Whether the man, who in a short time will be chosen to act as president of this institution, will be successful in as great a degree with the college in its future enterprises time alone can tell but we do know that as a friend, as instructor, as college president, Dr. Harris has ever been ready with his aid to make the institution successful, and we feel that we voice the sentiment of all interested in this university when we say that his resignation causes the deepest regret.

TO the class of 1905 The Campus extends a hearty welcome, not only to the courses of instruction offered, to the buildings and to the campus, but to the various interests and amusements which college life affords. You are a large class and judging from appearances you are a strong class, a class capable of furnishing the best of material for every college enterprise. Without doubt you have entered college with the intention of getting all out of your course that is possible, and a very praiseworthy ambition it is too, but don't make the mistake that many a smart man has before you, don't expect to get all your education out of your books. You will doubtless realize in time that much is to be learned from your associations with your instructors and college mates, in short the college life of which you are now a part will prove one of your best

instructors. The amount you get out of this part of a college course will depend entirely on yourself.

If you devote yourself wholly to your books, although you may be a successful student, you will find the time will come when you will wish you had taken an interest in the various organizations in the college. If possible turn out for football practice, or if not that, try for the musical or instrumental clubs, try your hand at writing for The Campus and do your best to win a place on the editorial staff, attend the meetings of the debating society and the various lectures given; if you are sure you can do nothing in any of the organizations you can at least support the athletic teams with your pocketbook and enthusiasm and subscribe for your college paper. In short you can show in many little ways that you are a real live man and that you are earnestly trying to make the most of your time spent in college and at the same time make the college the better for your presence.

❖❖❖❖❖  
**NOTICE.**

This number of The Campus is sent to each member of the entering class. Unless notice to discontinue the paper is given to the business manager, Mr. P. E. McCarthy, 201 Oak Hall, it will be sent you for the year at the regular subscription price of \$1.50.

Let us suggest to you, members of 1905, that you allow us to send you the paper. It is not only your duty to support your college paper but you need it. It will give a record of all the principal events during your college course. Save your copies, have them prettily bound and they will make you a tasty volume and years later when you are an alumnus of this institution, it will be a source of satisfaction to you.

**NOTICE.**

Archer Grover has been elected Treasurer of the Athletic Association.

Strickland and Robinson, '03, were on the campus recently. They will not attend college this year.

A. L. Jordan, '03, is at work for the Portland Electric Co. and will not return to college this year.

E. B. Ross, '02, made a long visit at the Pan-American Exposition during the summer vacation.

Averill, '04, is ill with the typhoid fever.

Holmes, '02, and Davis, '02 have finished playing ball on the Old Town team and returned to college.

Connor, '03, is still working at Rumford Falls but expects to return to college about the middle of October.

The excursion to Moosehead on Sept. 21 was patronized by a few students.

Miss Estelle Perry, '03, will not return to college this fall. She is teaching in Penobscot.

Miss Perying of Gardiner is taking Mr. Crawford's place as stenographer and typewriter in the office.

Miss Copeland of Bangor has entered the sophomore class.

The new rooms of the University Art Guild were open for the first time to the members of the Guild and their friends Friday evening, Sept. 20th.

The collection of pictures and casts have been removed from the Mount Vernon House and placed in the new building provided for it. The collection presents a very pleasing appearance and is worthy the attention of the students.

Mr. W. Porter Beck, formerly tutor in Physics, has gone to Colby where he has charge of the Physics department.

The bowling alley seems to be the favorite place of amusement at present; it is used continually throughout the day.

Eldridge, '02, met with a slight accident in football practice which will keep him out of the game for the present.

T. E. Leary, '03, made an extended visit to Buffalo, Niagara, Montreal and Quebec during his summer's vacation.

Every room in Oak Hall is now occupied and several have even three students.

The first chapel was held Sept. 19. In the afternoon a short service was held in memory of our late President. The service, as used at the President's funeral, was read and special music furnished.

Mr. A. B. Comins has resigned his position as steward of the Commons and Mrs. Jeannette A. Knights has succeeded to his duties. The Oak Hall boarders are loud in their praise of the board she is giving them.

A recent vote of the faculty allows work done at the Marine Biological Laboratory at Woods Holl to be taken as an equivalent for work in Biology at this university. Prof. Drew has had charge of one of the laboratories at Wood's Holl during the summer vacation.

A. S. Ward, '05, has a barber chair at 103 Oak Hall.

The efficiency of the water supply has been increased by the purchase of a motor for use at the pumping station.

Prof. W. M. Munson has returned from his year's leave of absence and taken up the work of his department. During the last Commencement he received the degree of Ph. D. from Cornell University and was elected a member of the honorary fraternity Sigma Xi.

Among the new apparatus purchased during the summer vacation is a 150 h. p. Babcock and Wilcox water tube boiler for the heating station, and a Reichsanstatt photometer and a ballistic galvanometer for the department of physics.

The rooms of the Mount Vernon House have been papered this summer much to the satisfaction of the girls who occupy it entirely this year.

The Y. M. C. A. hand book which was distributed at the beginning of the term is a very complete and useful little publication, not only to the entering class but to the upper classmen as well. It contains a brief sketch of all the college organizations, a complete map of the campus and the present athletic records together with many other items of interest not easily found in any other college publication. It would seem difficult to improve either the design or printed matter in this year's edition.

### CLASS OF 1905.

Up to Sept. 25th 127 students have registered in the entering class. Of this number 92 are registered in an engineering course; 15 of these students come from Massachusetts; one from Connecticut; one from New Brunswick and one from Florida. This is the largest class that ever entered a Maine college. The names of the new students are as follows:

Curtis E. Abbott, Locke's Mills; Harry A. Adams, Portland; George P. Allen, West Gray; Ralph H. Alton, Lynn, Mass.; Bertram E. Ames, Lynn, Mass.; G. O. Armstrong, St. John, N. B.; Herbert A. Bachelder, East Winthrop; Charles S. Bailey, Auburn; E. F. Bailey, North Anson; Florence Balentine, Orono; Harry J. Bean, North Anson; Edwin F. Bearce, Auburn; George W. Beattie, Old Town; Carroll Bell, Whiting; Harry D. Benner, Waldoboro; George K. Borikoff, Wakefield, Mass.; Harry G. Blaisdell, Bangor; Ralph G. Blodgett, Warren, Mass.; Archer N. Brown, Stillwater; Alfred W. Burt, Warren, Mass.; George A. Carle, Portland; Claude E. Caswell, Gray; A. S. Chalmers, Bangor; B. H. Chattot, East Surry; Walter B. Clark, Houlton; Harold S.

Churchill, North Buckfield; Lincoln R. Colcord, Searsport; Arthur W. Collins, Fort Fairfield; Ernest S. Cotton, Cumberland Mills; Benj. M. Cowan, Biddeford; E. Lester Cowan, West Hampden; Harry D. Cowles, Athol, Mass.; Harry Crocker, Old Town; Joseph W. Crowe, Rumford Falls; E. Earl Curran, Bangor; Henry K. Dow, Old Town; Robert R. Drummond, Bangor; Ralph H. Fifield, Dexter; Frank L. Flanders, Belfast; H. C. Foss, Farnington; Prentiss E. French, Turner; William E. P. Fullam, Portland; F. H. McGregor, Montague; Charles M. Hamlin, Orono; Clarence N. Harlow, Brewer; Bartle T. Harvey, Orono; Ralph W. Haskell, Westbrook; Andrew J. Hayes, Oxford; Roy E. Higgins, Brewer; Edward K. Hilliard, Old Town; Horace A. Hilton, Bangor; Thomas V. Hodges, Boston, Mass.; Andy S. Hoyt, Dover; George K. Huntington, Lynn, Mass.; William A. Kendrick, Lynn, Mass.; Frank W. Kay, Sturtbridge, Mass.; Orman L. Keys, Stetson; C. D. Kittredge, Milo; Charles L. Lang, Harrison; Frank E. Learned, Waterville; John G. Longfellow, Monmouth; F. H. McGregor, Bangor; W. J. Macfarlane, Pittsfield; William S. Maddocks, Old Town; Hiram B. Malcolm, Gardiner; Walter B. Manson, Gardiner; Lloyd Martin, Old Town; John May, Rockland; Francis W. McNamara, Oldtown; James H. McClure, Bangor; John A. McDermott, Biddeford; John N. Merrill, Jr., Skowhegan; Lester H. Mitchell, West Newfield; P. R. Moody, Biddeford; Clare J. Moody, Winterport; Harry D. Mosher, Bowdoinham; Cornelius P. Murphy, Old Town; Ernest E. Noddin, North Anson; Charles A. Pennell, Gray; Newall R. Perkins, Skowhegan; Wm. E. Phipps, Yarmouth; Merrill Plummer, Addison; John F. Pooler, South Brewer; Mabel I. Powell, Orono; C. Homer Prouty, Northboro, Mass.; W. F. Quinn, Munson, Mass.; Jas. L. Race, Boothbay; Benton R. Read, Charlestown, Mass.; Clarence Reed, Waldoboro; Alfred W. Roberts, Anson; Elmer G. Rogers, Topsham;

Wilson, Deering; Carl A. Woods, Knox Station; Ralph E. Wyman, Woodfords.

### CHANGES IN THE FACULTY.

The following list includes the faculty promotions, changes and new appointments for the coming year.

Assistant Professor Orlando F. Lewis has been promoted to be professor of modern languages.

Gilbert A. Boggs has been appointed instructor in chemistry.

Philip W. Harry has been appointed instructor in modern languages.

Harold S. Boardman has been appointed instructor in civil engineering.

Fred H. Vose has been appointed instructor in mechanical engineering.

George H. Davis has been appointed tutor in electrical engineering.

John E. Burbank has been appointed tutor in physics.

Frank H. Mitchell has been promoted to be tutor in chemistry.

G. A. Thompson has been appointed tutor in English.

Archer L. Grover has been appointed physical director.

H. W. Britcher has been appointed assistant zoologist in the Experiment Station.

Lewis R. Cary has been appointed assistant in biology.

In the School of Law the following changes have been made.

F. J. Martin has been promoted from lecturer to instructor in law.

H. Clark has been promoted from lecturer to instructor in law.

William R. Pattangall has been appointed instructor in law.

Edgar M. Simpson has been appointed instructor in law.

Gilbert A. Boggs was graduated from the University of Georgia in 1898, and was a graduate student at the University of Pennsylvania from 1898 to 1901, received the degree of Ph. D. in 1901.

Philip W. Harry is a graduate of the Johns Hopkins University in 1898. He has been a graduate student at that institution for two years.

Mr. Boardman is a graduate of the University of Maine, and was employed here as tutor in civil engineering from 1897 to 1899.

Mr. Burbank is a graduate of Bowdoin in the class of 1897. He has spent two years in graduate work at Harvard University where he received the degree of M. A. He has been assistant in physics at Bowdoin College, and had entire charge of the department of physics in the year 1899-1900 during the absence of the head of the department in Europe.

Mr. Thompson received the degree of B. A. from the University of Illinois in 1898 and the degree of M. A. at Harvard in 1901.

Mr. Britcher is a graduate of Syracuse University where he received the degree of B. C. E. He has pursued graduate studies in biology at Johns Hopkins University and has been assistant in biology at that institution and at Syracuse University.

Mr. Pattangall was a member of the class of 1884, University of Maine, and received the degree of M. S. from this University in 1897. He was admitted to the bar in 1893, and was a prominent member of the Maine Legislature in 1897 and 1901.

Mr. Simpson received the degree of B. A. from Bowdoin College in 1894. He was admitted to the bar in 1897, and has had several years' experience in teaching.

### U. OF M. ART GUILD.

The establishment of the University Guild a little over a year ago was the beginning of what has proved to be an enthusiastic interest in art matters. When rooms were fitted up for the use of the Guild in the Mount Vernon House last fall, it was not expected that it would be found necessary to look for more commodious quarters before the end of the year; yet such has been the growth of the collection of pictures and other reproductions that provision for a separate building has become desirable, and now that the old gymnasium has actually been moved and fitted over to serve the needs of an art museum, the Guild congratulates itself on having made substantial progress toward what should prove to be an important phase of the University work and equipment.

The new building is located east of Wingate Hall and a little to the north; the main room is about 40 by 35 feet, the ceiling at a height of 20 feet affording excellent opportunity for exhibiting relief sculpture. A smaller room will serve as a cloak room and be useful for unpacking casts and pictures.

It is the intention to use this building for all the lectures on Classical Renaissance art. It will be open to the students and the public at least one day each week. The Young Men's Christian Association will hold its meetings here.

The cost of making the changes and repairs has amounted to over six hundred dollars, and this sum has been largely subscribed; the Trustees of the University voted at their last meeting to pay to the Guild within two years, three hundred dollars of the amount expended on the building. The Guild has added to the material equipment of the University a substantial structure which becomes the center of art interests not only at Orono, but, it may well be said, of the eastern part of the state.

The purpose held in mind in collecting works for the Guild is to illustrate, as well as reproductions can do, the greatest periods of the world's sculpture, the Greek and Italian, and the highest achievements of modern painting, especially the Italian Renaissance. To this end, the selections so far made have been either Greek or Italian in workmanship, and the arrangement of the casts and pictures exhibited on the walls of the museum will be governed by this idea.

Over a hundred dollars' worth of additional casts have been ordered recently, and when these and the art objects now in the Mount Vernon house have been put into place in the new building much will have been done to bring before the students of the University the refining and culture-giving influences of ancient and modern art.

The equipment of the Guild is about as follows: Photographs, prints and engravings of modern works, chiefly paintings, 1000; photographs of classical art, 350; casts of classical and renaissance sculpture, 20; framed pictures, chiefly illustrating the Italian painters of the 15th and 16th centuries, 45; framed pictures of Greek sculpture and architecture, 20, and lan-

tern slides to illustrate Greek and Roman art, about 800.

The establishment of the Guild and the work it stands for have appealed so directly to the citizens of Orono, Bangor and Old Town, not to mention the faculty of the University, that there is every reason to believe that the work of the past year and a half will be more than doubled within the same length of time, and that the art collection at Orono will soon be one of the most satisfactory for the historical study of art to be found at any American university.

#### Y. M. C. A. NOTES.

The association began its work this fall by conducting an information bureau in the Freshmen registration room. This was in charge of a special committee who assisted the new students in every way possible and also had them fill out blanks similar to those used last year by which religious statistics were obtained. The results were very encouraging and showed a much larger per cent. of members in evangelical churches than last year. Handbooks were distributed free to all new students who had not received one by mail and were distributed to all others at the first chapel. The book this year has the same attractive style as in the last few years. Its contents are essentially the same, with several additions among which is the list of rules showing "who shall wear the M," also a provisional football schedule.

The Northfield delegation this year was composed of H. E. Cole, R. F. Chandler and A. R. Benner, who report a very successful conference and came back with many valuable ideas and methods which they are already embodying in the work this fall. The association wishes to express its thanks to all who subscribed to the Northfield fund for the great help it has thus given them.

The reception given by the association to the

new students was held Saturday evening, Sept. 21st and passed off very successfully. The reception committee was composed of Dr. and Mrs. Harris, Dr. and Mrs. Fernald, Prof. and Mrs. Huddilston and Mr. H. E. Cole.

Lemonade and fancy crackers were served by Misses Blaisdell and Carr.

The speakers were Dr. Harris, Prof. Huddilston, Mr. Grover and the president of the association. A piano duet by Misses Gilbert and Atwell of Orono was also very much enjoyed. The reception was very pleasantly closed by all gathering about the piano and singing college songs, accompanied by Prof. Harrington.

The association held its first meeting last Sunday in their new room in the Art Building and are hoping to have meetings with addresses from some outside speaker about one Sunday each month with special music. Prayer meetings will be held as usual every Wednesday evening at 6.45 and lasting until 7.30 in the Y. M. C. A. room and the Bible study classes every Sunday afternoon at 4 o'clock in the library reading room.

#### FRESHMAN-SOPHMORE GAME.

The annual baseball game between the freshman and sophomore classes took place Wednesday afternoon, Sept. 26. The sophomores were defeated by a score of 13 to 1 after a hard fought game.

During the game the customary scrap occurred between the two classes for the supremacy of the grandstand. Even before the game was called the freshmen crowded into the grandstand and assumed the aggressive. Only a small part of the sophomore class was present for some reason, probably the most of them were preparing their lessons for the following day and did not care to spend their time in this manner, but, however this may be, the fact remains that about a dozen sophomores at-

tempted to storm the grandstand and for a long time the fight raged fierce. At length a flag was produced from some upper classman's pocket and the freshmen who held it were immediately sat upon by the sophomores but not until the freshmen had gained the open field. Here the tide of victory rolled backward and forward until at length the sophomores were winded and the freshmen reigned supreme. Happy Freshmen! They crowded the grandstand and with their untutored voices cheered their team to victory. The freshmen certainly do not lack class spirit, even the freshmen co-eds were present with their carriage robe gaily embroidered with 1905.

### REPAIRS AND IMPROVEMENTS.

During the summer vacation extensive repairs have been made on several of the college buildings. The old chapel has been divided into five rooms,—a recitation room and a seminary room for the department of modern languages, a recitation room and a laboratory for the department of philosophy, and a large lecture room for the department of history and political economy.

In Oak Hall the room formerly occupied by the Y. M. C. A., and the bath room, have been divided into five student rooms. A new bath room, in which there are tubs, shower baths, and basins, has been constructed in the basement.

The rooms in Wingate Hall, formerly occupied by the department of mathematics, have been fitted for an advanced laboratory and a private laboratory for the department of physics. The rooms of this department have been painted and re-wired and the new rooms fitted with solid tables for experimental work.

On the athletic field a new roof has been built over the grand stand making it much more comfortable for spectators during the games.

An entire rearrangement of the library and

reading room has been made. The entrance is now through the swinging doors opposite the main entrance to Coburn Hall. The old stack room, bright, airy and attractive is used for a reading room. Here, also, reference books are shelved, mail distributed, and text books sold. Additional chairs and tables have been provided, so that the overcrowding which has occasionally occurred during the forenoon is not possible. The old reading room, which has become the stack room, accommodates all the shelves that were in the old room and one new stack.

The newspapers are on file in the front part of the room formerly occupied by the secretary, and public documents shelved in the rear of the same room. The room formerly used as the President's office is now the librarian's work room; the adjoining room is a store room for periodicals waiting to go to the binder. The changes give a pleasanter and more commodious reading room, a separate newspaper room, a comfortable work room, a store room in which unbound periodicals may be consulted, and additional shelf room for nearly 5,000 volumes, making it possible to get rid of the familiar pile of books wherever a few inches of unoccupied floor space could be found.

### NEW COURSES.

A new course in mathematics, "Theory of Numbers," will be offered this fall by Mr. Siff.

The general course in advanced physics offered in the fall term will consist this year of Nipher's "Electricity and Magnetism." This course is designed especially for graduate students and for those undergraduates who make a special study of mathematics, physics or theoretical electricity.

Two new courses are offered in the department of philosophy, a course in experimental psychology and a course in pedagogy.

Considerable has been said at one time and another concerning this department of The Campus and doubtless some of its readers are already familiar with the periodical kicks coming from the editor. However that may be we repeat the same old story that the Alumni Department will never be a brilliant feature without the aid of the alumni themselves. As you know, the editorial staff of this paper is made up of undergraduates, men who have a very limited acquaintance with the men who have gone forth from this institution in earlier years, and unless the alumni themselves take enough interest in this department to furnish news of one another it can but remain as it is. Thanks to a few we are able to have a medium department. The Alumni Department could be made the most interesting part of the paper but not by one man. If you alumni will help us with items of news concerning one another we think that we can make the column in this department of interest to all.

#### NOTICE.

In the next issue of The Campus we plan to have as complete a list as possible of the 1901 graduates, giving their addresses and present occupations.

'85.

George W. Chamberlain has been for several years principal of Hunt School, Weymouth, Mass. Mr. Chamberlain has recently been elected secretary of the Genealogical Bureau of the Chamberlain Association of America. This association, of which Maj. Gen. Jordan L.

Chamberlain is president, interests itself in the "history and genealogy of all families sur-named Chamberlain."

Frank E. Hull, of Gardiner, Me., is engineer for the Kennebec Water Power Co., a corporation representing all the manufacturers on the Kennebec river. Mr. Hull has recently been making a survey of Moosehead Lake including an estimate for an increased storage of two feet in depth of water.

The First Congregational church in Newark, N. J., celebrated its fiftieth anniversary on June 30. An elaborate souvenir has been issued. It contains a picture of the church and portraits of its six pastors, the first of whom was the Rev. Charles Beecher and the last the Rev. George L. Hanscom.

'96.

Mr. C. P. Weston, formerly instructor in civil engineering, has been visiting on the campus. He will enter Columbia this fall for advanced work.

'97.

Mr. E. C. Upton, '97, formerly tutor in Modern Languages, will pursue a course of advanced work at Columbia this year.

Mr. Justin R. Clay was married Sept. 4th, 1901, to Miss Mabel Harriet Coombs at Hallowell, Me.

'99.

Mr. Percy L. Ricker, 1899, has been appointed to an office in the Bureau of Plant Industry, United States Department of Agriculture, with duties in Washington.

1900.

M. C. Hart is with the Iowa Central R. R. Co. His address is 204 E. Linn St., Marshalltown, Iowa.

Mr. W. E. Caswell, 1900, formerly assistant in Physics, has secured a position as draughtsman with the Portland Co. works.

Mr. C. H. Lombard, 1900, formerly assistant in Civil Engineering, has secured a position at Bristol, Pa., as civil engineer with the Pennsylvania R. R.

## MUSICAL CLUBS.

H. JOHN HINCHLIFF,  
Manager of the U. of M. Musical Clubs.

The U. of M. is indeed fortunate in having a lot of good material for the musical clubs in the entering class. At the first call for candidates a good number of men came out and had their voices tried. For first tenors the candidates were: R. R. Drummond '05, W. E. Scott; for second tenors, I. E. Treworgy '03, C. D. Kittredge '05; for basses, E. Sweetser '05, D. F. Smith '05, W. E. Fullom '05, B. E. Ames '05, F. B. Weick '05, John May '05, W. F. Rastall '03, R. H. Allan '05, R. H. Fifield, '05.

The following members of last year's club are back: Kittredge '03, Silver '02, Hall '04, Soderstrom '04, Brown '04, Flint '04, R. C. Baker '04, A. D. Case '04, Patrick '03, E. L. Baker '03, and Kallom '02.

These men, with the material from the freshman class, should constitute the best clubs U. of M. has ever had.

At the trial of candidates for the instrumental club twelve men responded and several others who were unable to be present signified their intention of trying later. Mr. E. L. Baker, leader of the instrumental club, will get the club under way as soon as possible.

Mr. J. H. Hinchliff, the manager of the clubs, feels much encouraged at the way the new men are showing up. The clubs are now on a good firm basis. There is plenty of good material with which to work and the men, both new and old, have taken hold at the beginning with a spirit which ought to bring success to say the least.

## CHANGE IN RULES.

No student having an arrearage in a modern language shall be allowed to register at the beginning of the fall term for advanced work in that language without the consent of the faculty.

No student will be allowed to play on any of the athletic teams, or enter at any field meet under an assumed name.

Ivy Day exercises shall be omitted in 1902 and thereafter shall be in charge of the junior class.

## GYMNASIUM APPARATUS.

The date on which the gymnasium with its fine equipment will be opened to the students is not yet definitely known. Institutions that have similar equipments for indoor athletics usually make physical training in the gymnasium supplementary to the out of door sports. A committee of the faculty have the matter in charge and doubtless will decide on a definite date soon.

The contract for furnishing the apparatus for the gymnasium was awarded to the Narragansett Machine Company and the apparatus is already in place. It includes: Chest weights, back and loin machines, sculling machine, neck machine, giant pulley, leg pulley, traveling parallels, breast bars, suspended horizontal bar, climbing ropes, horses, jumping boards, vaulting pole board, intercostal machines, paddle machine, wrist roll, abdominal mat, rowing machine, quarter circle, wrist machines, strap and cleat, vaulting bar, climbing poles, bucks, jumping stands, traveling rings and pipe beam.

This apparatus together with the bowling alley, base ball cage and running track makes the gymnasium the best in the state and one of the best in New England.

## DR. HARRIS RESIGNED.

For the benefit of the readers of THE CAMPUS who are not in college we give a very brief account of the resignation of Dr. Harris who has been president of the University since 1893. We do not vouch for the accuracy of this account as it is made up almost entirely from the newspaper talk but give what is generally understood by the students. In a later issue will appear a more complete statement in regard to the date of leaving, character of institution to which he is going etc.

About the middle of August the friends of the University were greived to receive the announcement that Dr. Harris was about to resign his position as president of the University of Maine. Later come the report that this was true. Since college has opened but very little has been added to this information. It seems that the resignation of Dr. Harris has not been accepted by the Board of Trustees as yet and how the matter will be settled is largely a matter of speculation. It is reported however that Dr. Harris will not remain at the University but will leave for good sometime in November to occupy the position of Director at Jacob Tome Institute, Maryland. This institute is an industrial school of a wide range and has a student body of about 500.

The reason for Dr. Harris' resignation is the financial inducements offered. It has been stated that his salary will be \$800 per month, about double what he receives here.

Nothing but regret is heard from all who are interested in the institution that Dr. Harris is to sever his connection with this university. It will be a difficult task to find a man who can fill his place. What he has done for the institution can not be measured in words nor dollars. That his work here has been successful can be seen by contrasting the Maine State College of eight years ago to the University of today.

The man who is to fill his place is not yet decided upon. After his departure some member of the faculty will act as president until the new president is appointed. The question of who this man is to be and of how successful he will be is of vital importance to us all and it is to be hoped that the trustees, as doubtless they will, will look the ground over carefully and not be too hasty in choosing the successor of Dr. Harris.

## MILITARY.

Work in the military department will begin immediately as General Runkle has completed the selecting and arranging for a new set of arms and accouterments. The work at first will consist only of setting up exercises and squad drill.

James A. Robinson & Son have on exhibition in their Main street show window samples of the new regulation uniforms recently adopted by the U. of M. The uniform consists of a braided military blouse with the letters "Maine" embroidered in gold on the collar; dark blue trousers with an inch and a quarter black stripes. The overcoats are cut surtout style with cape. The officer's overcoat is the same as a regular army officer's coat, buttoned with frogs.

They also show the swords, belts, shoulder straps, chevrons, etc., which are to be worn by the officers and non-commissioned officers. These uniforms were manufactured by the Pettibone Bros. Mfg. Co., of Chicago.

## ATHLETICS.

### FOOTBALL.

The outlook in football for this year is indeed promising. Among the large number of men in the entering class plenty of first class material is found and although it is too early to make any prophecies as to the success of the

LUTHER PECK,  
Manager of U. of M. Foot Ball Team.

CARLOS DORTICOS,  
Captain U. of M. Foot Ball Team.

team we feel that we may reasonably expect the best team that U. of M. has ever turned out. From last year's team we have back with us, Captain Dorticos, C. N. Rackliffe, A. R. Davis, Wesley C. Elliott, Harry E. Duran, J. H. Sawyer, A. G. Taylor, L. C. Bradford and A. R. Towse who are in the game with lots of enthusiasm. A few of the other men who turn out regularly and are doing good work are as follows: Barrows, '02, who last year coached the Bar Harbor team, Mosher, '02, Soderstrom, '04, Macfarlane, '05, Bearce, '05, Bailey, '05, Kingsbury, '04, French, '05, Wilson, '05, Beattie, '05.

These men under the management of Coach Farley are making great progress and are showing that he is by far the best football coach ever at this institution. Mr. Farley as most of the readers of The Campus already know played end rush on the '98 team at Harvard and the next year took part in the coaching at Cambridge.

There are quite a number of new men not mentioned who will develop into valuable players, perhaps not this year, but before they complete their course. The new men should not become discouraged for some of the best players do not begin to develop until they are sophomore or even juniors.

### U. OF M. 39; M. C. I. 0.

The first foot ball game of the season was played on the home grounds with the M. C. I. boys. The weather was everything that could be desired but owing to the late arrival of the visitors the game was not finished until nearly dark. The visiting team was composed of a clean, manly set of fellows who played very good foot ball for a preparatory school team. For U. of M. coach Farley tried several combinations and is satisfied from the men tried he can pick a team that ought to make a good showing against the other Maine college teams.

In the last few minutes of play the Coach tried A. R. Davis '02 in his old place as half back and the way he got into the game showed he was as full of snap and vim as ever. He will probably play in his old position a part of the games this season if his health permits. Several other candidates are practicing for half back and are showing up in good shape. A. G. Taylor '03 who played in several games last season will undoubtedly play one half in most of the games. Bradford '03 who also played in a few games last season, is doing good work and will be heard from this year. Parker '04 is also a good man at this position and may be played in some of the games.

For full back Captain Dorticos, '03 and Barrows, '02 will probably change up. Soderstrom, '04 and Macfarlane, '05 are working hard for the ends and stand a fair show of making them. For guards and tackles there are Duran '02, Elliott '02, Towse '03, and Sawyer '04 from last year's team and Webber '04 and Bearce '05 who are new men that will make the old men hustle for their places. Rackliff '02 will be found at his old position at center and may be depended upon. Kingsbury '04 and Bailey '05 are candidates for quarter back. Kingsbury is rather light but Bailey is of fair weight and understand the game in good shape. He will doubtless be a good man for the position.

The games of football to be played by the four Maine colleges as scheduled are as follows:

Sept. 26—U. of M. vs. Maine Central Institute at Orono.

Sept. 28—Bates vs. Exeter at Exeter.

U. of M. vs. Bangor High at Orono.

Bowdoin vs. N. H. State College at Brunswick.

Oct. 2—Colby vs. Brown at Providence.

U. of M. vs. Westbrook Seminary.

Bowdoin vs. Harvard at Cambridge.

Oct. 5.—Bates vs. Harvard at Cambridge.

U. of M. vs. Bar Harbor at Orono.

Oct. 9.—Bowdoin vs. Exeter at Brunswick.

U. of M. Open.

Oct. 12.—Colby vs. U. of M. at Orono.

Oct. 15.—Bates vs. U. of M. at Lewiston.

Oct. 16.—Bowdoin vs. Yale at New Haven.

Oct. 19.—Bates vs. U. of M. at Orono.

Oct. 22.—Bates vs. Yale at New Haven.

Oct. 23.—U. of M. vs. Tufts at Bangor.

Oct. 24.—Bates vs. Mass. State College at Amherst.

Oct. 26—Colby vs. Exeter at Exeter.

U. of M. vs. Westbrook Seminary at Portland.

Bowdoin vs. Dartmouth at Portland.

Nov. 2.—Bates vs. Colby at Lewiston.

Bowdoin vs. Amherst at Amherst.

U. of M. Open.

Nov. 9.—Colby vs. U. of M. at Waterville.

Bates vs. Bowdoin at Lewiston.

Nov. 16.—U. of M. vs. Bowdoin at Brunswick.

Nov. 23.—Colby vs. Bowdoin at Waterville.

Nov. 28.—Colby vs. Bar Harbor at Waterville.

#### BASE BALL.

The same experiment that was tried last fall was tried again this fall, that of having the coach with the team a week at the beginning of the year. Coach Magill has been on the campus for the last few days looking over the material for next year's baseball team. He was much pleased with the material in the entering class and feels sure that next year's team will be much stronger than it was last year.

One game was played at Old Town Saturday, Sept. 21. Quite a number of new men were played and some good players were brought to notice from the freshmen class. The Old Towns were the victors, they getting 9 runs and U. of M. 6.

## THE CAMPUS

### THE WASHBURN BOOK ABOUT MANDOLINS AND GUITARS.

Any one interested in the subject of mandolins and guitars can obtain a beautiful book about them free by writing to Lyon & Healy, Chicago. It contains portraits of over 100 leading artists including Abt and Siegel, together with frank expressions of their opinion of the new model Washburn Instruments. Descriptions and prices of all grades of Washburns, from the cheapest (\$15.00) upwards, are given, together with a succinct account of the points of excellence which every music lover should see that his mandolin or guitar possesses. Lyon & Healy, 20-40 Adams Street, Chicago.

### A CHARMING BOOK ABOUT OLD VIOLINS.

Violinists everywhere will hail with delight the beautifully printed book about Old Violins, just published by Lyon & Healy. It contains a list of solo violins offered for sale at prices ranging from \$35 to \$10,000 and also sketches of the great violin makers. Sent free upon application to Lyon & Healy, 20-40 Adams Street, Chicago.

Terms: \$1.50 per year, strictly in advance; single copies 10 cents.

Address all business communications and make all checks payable to P. E. McCarthy, Business Manager, Orono, Me.

Contributions from undergraduates and alumni are earnestly solicited. They should be addressed to the Managing Editor.

Entered at the Post Office at Orono, Me., as second-class mail matter.

PRINTED BY J. P. BASS & Co.

## STUDENTS' DIRECTORY.

TRAINS—Leave Orono for Bangor at 6.46, 8.57, 9.57, 10.52, A.M.; 12.45, 1.42, 2.52, 4.02, 7.12 P.M.

Leave Orono for points north of Old Town at 7.21 A.M.; 2.28, 5.04, 6.53 P.M.

Leave Bangor for Orono at 4.35, 7.00, 8.30, 11.30 A.M.; 1.15, 2.05, 2.50, 3.10, 4.45, 5.30, 6.30, 11.05 P.M.

Leave Bangor for the south and west at 7.15 A.M.; 1.35, 8.09, 11.45 P.M.

Leave Bangor for Bar Harbor at 6.00, 9.30 A.M.; 4.50 P.M.

ELECTRICS—Cars leave Bangor at 5.30 A.M. and each half hour thereafter until 9.00 P.M.; after 9.00 P.M. on

even hours until 11.00 P.M. Cars arrive at U. of M. fifty minutes after leaving Bangor. Cars pass the campus going north, 10m. of and 20m. past the hour; going south, 20m. of and 10 m. past the hour.

MAILS—Leave Orono for points south and west at 6.30 A.M.; 12.40, 6.40 P.M. For points north at 6.30 A.M.; 2.10 P.M. Arrive at Orono from points south and west at 7.40 A.M.; 3.30, 7.10 P.M. From points north at 1.10, 7.10 P.M.

The boats of the Boston & Bangor S. S. Co. leave Bangor for Boston, stopping at Rockland and intermediate landings, on Mondays, Wednesdays, Thursdays and Saturdays at 12 M.

The college library is open from 8.00 to 12.00 A.M. and from 1.30 to 5.30 P.M.

The college office is open from 8.00 to 12.00 A.M., also from 1.30 to 5.00 P.M., but only matters of special importance should be submitted during the latter hours.

## EDITORIALS.

THE football game last Saturday was satisfactory to the U. of M. in every respect.

A large share of our success was without doubt due to the thorough and up-to-date coaching that the team has received, and so again we come back to the old maxim that "it pays to buy the best." There has never been a time in U. of M. football history when there has been as much confidence placed in a coach and team as at the present, and there has never before been a team with the reserved strength which our present team possesses. It was a new sight to see eleven substitutes on the side lines and to know that we could fill nearly every position on the team with a substitute as good as the principal. As satisfying and encouraging as this fact is, it is nothing more than should be when we take into consideration the material and financial support which football has at this college. Although we have won one college game and did it easily let us beware of an undue sense of our importance for there are other games coming which will not be easily won.

THE prettiest part of the Colby game last Saturday was the perfect good feeling that seemed to exist between the two colleges. One instance of sportsmanlike conduct on the part of the Colby captain ought to be recorded. At the beginning of the second half Captain Saunders told his men that he wanted only clean, straight playing on their part, he said: "Those fellows are playing a clean game and I don't want any of your *dirty* work." The cheers that greeted this speech showed that the students highly appreciated this gentlemanly act on the part of the Colby captain.

Whatever the feeling of U. of M. Students toward Captain Saunders might have been before the game it is certainly a much different one now. No one who saw him toward the last of the game, trying to play his position when he could hardly stand, could fail to respect his pluck and determination. Losing the game was certainly no disgrace to Colby for hampered as she is with a lack of material and with almost no coaching it was much to her credit to make the good showing which she did. Colby as a college must have grit and pluck or she could never, with her somewhat small entering class, make the important factor in intercollegiate athletics which she does.

CONSIDERABLE has been written at one time and another in regard to the mooted question whether the world is growing better or worse as it progresses. Now this is certainly far too deep a question for THE CAMPUS to meddle with, and besides, THE CAMPUS has troubles of its own just at present, but it can take a look at a very small yet not unimportant part of the world, the abode of rest known as Oak Hall. Once upon a time away back in the early history of Oak Hall the good old custom was established that periodically, or even semi-periodically, there should be nights set apart for amusement and

rest for wearied brains, and, to save words, these entertainments were called "round ups." It is concerning, not against, these ancient customs which have descended to us that we wish to speak.

As long as Oak Hall stands we shall undoubtedly have occasional "round ups" which are all very well but let them be occasional. Better have one night with everybody out and chaos everywhere, than three half-hearted attempts per week, but whether we have one or forty, we should not forget for a moment that we are living in a very well finished modern dormitory, and not in a fire proof, steel finished building with wrought iron stairs and a twelve-inch drain pipe running the whole length of every corridor. Oak Hall floors are not water proof, and if freshmen need wetting there is plenty of room out of doors; neither is its walls or stairways incapable of being destroyed, but it is a better dormitory than nine-tenths of the New England colleges can show. Yet we are thoughtlessly causing it to assume the dingy, battered appearance of dormitories in other and older institutions. Look at the splintered stairs, at the scarred stair posts, at the marks on the wall casings, at the blackened floor. Every freshman's bed that comes tumbling down the once polished stairway makes new dents and splinters. Every football kicked about the corridors makes more scars and more repair bills and every pail of water thrown on the floors makes them just so much weaker.

Is it to be wondered at that we find a heavy bill for repairs at the end of each term? Is it surprising that Oak Hall is gradually losing the lustre and beauty of its inside finish? It is more surprising that it doesn't look worse than it does.

Now we students who live in Oak Hall are enjoying privileges not to be found anywhere else on the campus; we have one of the best buildings belonging to the institution and entirely to ourselves, and there is no restriction

of any kind held over us. Isn't it our duty then to have a thought of the damage we may do even when engaged in our amusement? If no sense of duty comes in our thoughts at least our pocketbooks should, for every bit of damage that is done is paid for and paid for well by the students themselves.

### MILITARY.

Military drill has at length begun in good earnest. General Runkle returned to college Oct. 1 and immediately began the study of the tactics with the officers. On Oct 7 the freshman class was lined up for the first time and the old time sights of squads of freshmen undergoing drill was again to be seen. A few days later the recruits were divided into three companies, these companies taking turn in drilling under the direction of the general. The sophomore and junior classes will begin drill Nov. 1. These men begin drill later because it was thought so many raw recruits could not be handled advantageously at the same time.

Most of the students who are required to drill have already ordered their uniforms; these are expected about Nov. 1. Some men, however, ordered their uniforms later, so the entire battalion cannot be uniformed probably before the middle of November.

The battalion will number about 265 officers and men, by far the largest ever drilled on the campus. The rules governing those exempt from drill are rather more rigid than they were under the old system of military regulation. The chapel choir is the only organization entirely exempt from drill. The glee and musical club men are relieved from drill only so long as they are doing work in the clubs equivalent to that of military drill. The football men will be required to drill as soon as the football season is over.

It has been nearly three years since there has been any military drill at this institution

so it is slow work getting military instruction started. The officers were first instructed, but from raw recruits, or at least men who have had but a very little experience in military matters, it is impossible to develop trained officers in the short time devoted to the instruction.

We have the material and instructor at hand to make an excellent battalion, a battalion to which every man in the institution would be proud to belong and whether we do this or not depends on us students so let us take hold of military as we do of other college interests and make it a grand success.

The officers of the three companies into which the battalion is divided are as follows:

#### COMPANY A.

Captain—W. H. Eldridge.  
First Lieutenant—E. J. Bartlett.  
Second Lieutenant—F. E. Pressey.  
First Sergeant—P. D. Simpson.  
Duty Sergeants—H. A. Smith, H. V. Sheehan, R. L. Cooper, B. W. Goodwin.  
Corporals—J. R. McCreadey, O. L. Goodrich, H. F. French, R. C. Davis, C. W. Lewis, H. K. Rogers, C. W. Stone, Jr., A. R. Towse.

#### COMPANY B.

Captain—E. S. True.  
First Lieutenant—W. C. Elliott.  
Second Lieutenant—J. C. Warran.  
First Sergeant—E. T. Hartford.  
Duty Sergeants—C. E. Everett, V. E. Ellstrom, H. K. Crocker, H. D. Whitney.  
Corporals—R. H. White, L. B. Crabtree, C. A. Loud, H. M. Soper, C. Dorticos, S. J. Foster, S. P. Graves, T. E. Leary.

#### COMPANY C.

Capt., A. C. Lyon.  
1st Lieut., A. F. Wheeler.  
2nd Lieut., E. A. Porter.  
1st Sergt., R. E. Mullaney.  
Duty Sergts., W. H. Rastall, M. C. Wiley, I. E. Treworgy, P. H. Harris, F. McCullough.  
Corporals, W. C. Loud, K. A. Sinclair, M. M. Blaisdell, A. R. Benner, R. F. Chandler, L. A. Chesley, L. M. Coffin, W. L. Cole.

Are you going over to Waterville?

A large party of students attended the Maine Music festival at Bangor; all report a most enjoyable time.

The freshmen are wondering when the sophomores are going to deliver those peanuts. The former won the ball game and it is no more than right that they should have them. This is a well-established custom and 1904 cannot afford to depart from it.

Officers ordering military suits should not neglect to get them one size too large.

The football schedules which were passed among the students recently are the compliments of the "Record Print," Bangor, and were very much appreciated by the student body.

Henry French, '02, spent Saturday and Sunday with relatives in Foxcroft.

A. S. Ward, '05, is doing a rushing business with his barber chair at 103 Oak Hall. He does his work in first class style and will surely meet with success.

There are 83 students rooming at Oak Hall at present; this is the largest number yet recorded.

A number of people from different parts of the state who attended the Music Festival at Bangor took the opportunity offered them and visited the U. of M. campus.

B. J. Woodman, ex-'04, has been appointed postmaster at Westbrook, Me., after one of the hottest contests seen in that place for some time. Mr. Woodman receives a salary of \$2000 per year and is the youngest postmaster in Maine.

Will Barrows has left college to coach the Bar Harbor football team for the remainder of the season.

A meeting of the sophomore class was held Monday, Oct. 7, at which the following officers were elected: President, P. L. Bean; 1st vice president, Miss Webber; 2nd vice president, T. C. Herbert; secretary, R. H. Flynt; treasurer, F. W. Talbot.

W. Porter Beck, who was formerly assistant in physics, attended the game Saturday.

F. H. Webster, '03, was obliged to leave college on account of illness.

The Y. M. C. A. held an especially good meeting, Oct. 6, in its new quarters in the Art building. This meeting was held as an introduction to the Bible studies, which will be taken up each Sunday for the remainder of the year. Rev. Mr. Penman of Bangor gave a very interesting address on the Bible and Madam Brooks also of Bangor sang several selections.

There are several mild cases of diphtheria in Orono village. As yet none of the students have been attacked.

W. H. Eldridge, who was injured while playing football, has been able to attend his recitations during the last week.

A very pretty party was given by Mrs. Briggs at the Mt. Vernon House Friday evening. The interior of the house was tastefully decorated with autumn leaves. Dancing and whist were enjoyed up to a late hour.

The annual faculty reception was given Friday evening by Pres. and Mrs. Harris at their home. A large number of Orono and Bangor people were present.

The members of Phi Gamma Delta fraternity gave a very enjoyable dancing party Friday night at their fraternity house.

Miss Mary Wilhains of Bangor has entered the University as a special.

Dr. Fernald is attending the Congregational Ministerial Conference held at Portland this week.

By a vote of the faculty the bell is to be rung at the end of every recitation in the afternoon. Heretofore it has been the custom to ring it only in the morning, and those who had recitations in the afternoon were often late to recitation, as the time for recitation would slip by and they would be unaware of it. Last Tuesday, when the bell was rung for the first time in the afternoon, great surprise and wonder was manifested by a crowd who collected in front of Wingate Hall, thinking there was a fire or that the bell was out of order.

### MAINE NIGHT.

Following the enthusiastic college meeting held recently at which a larger sum than ever before was raised for the support of football this fall comes the announcement of "Maine night."

On Friday evening, Oct. 18, the night before the Bates game to be played on Alumni field, there will be held in the college chapel, under the auspices of the Athletic association, a meeting of the student body, faculty, alumni and friends of the university, at which, among others, Pres. Harris, Dr. Jordan, director of the New York Experiment station, Col. I. K. Stetson of Bangor, Hon. L. C. Southard, president of the Boston Alumni Association of the U. of M., W. R. Howard of Belfast, F. W. Farley, the football coach, and Carlos Dorticos, captain of this year's football team, will be asked to speak.

A general invitation will be sent to all the alumni in Bangor and throughout the state to return for this event, which it is planned to make an annual one, and to remain over to witness the Bates game of the following day. Special plans are being made to provide music for the occasion. While "Maine night" will be primarily for the students, past and present, of the university, the public will be welcome.

### NOTICE.

Owing to a mistake a copy of the last CAMPUS was not sent to all the members of the freshman class. We shall try to reach the remainder with this issue with the same understanding as before, that the paper will be sent at the regular subscription price unless orders are given to the business manager to discontinue it.

### MUSICAL CLUBS.

Work in the musical clubs is being carried forward as rapidly as possible and things look promising for a successful season's work. Mr. Hinchliffe, the manager, has been on a trip up in Aroostook county arranging a series of concerts to be given during the Thanksgiving recess. The clubs have been very popular in this section of the state, as in every other which they have visited, and are sure of a cordial welcome.

The men are turning out well for the instrumental club. At the last rehearsal there were twelve mandolin players present besides a good representation from the other instruments.

Rehearsals of the glee club are held regularly under the direction of Prof. Harrington and with a lot of work the glee club should make a very satisfactory showing.

A provisional club has been chosen consisting of the following men:

First tenors, R. R. Drummond, W. E. Scott, C. A. Kittredge, H. J. Hinchliffe. Second tenors, E. L. Baker, A. E. Silver, C. D. Kittredge, C. L. Soderstrom, G. Hall, E. O. Sweetser. First basses, R. C. Baker, A. D. Case, S. E. Patrick, F. Kallom, B. Ames, W. E. Fullom. Second bases, E. E. Brown, G. McFarlane, J. N. Merrill, C. D. Smith, R. Flynt.

'73.

F. Lamson Scribner, agrostologist of the U. S. Department of Agriculture, was chairman of the Jury of Awards on Agriculture at the Pan-American exposition at Buffalo.

'90.

Edward H. Kelley, managing editor of the Bangor Daily Commercial, has returned from a week's trip to the Pan-American exposition at Buffalo, and other places, including Niagara Falls, Montreal, Lakes Champlain and George and Saratoga. The trip was made with a party of railroad superintendents of New England.

'94.

H. P. Gould has been appointed a special agent in the division of pomology, U. S. Department of Agriculture. He was formerly connected with the Maryland Agricultural college at College Park, Md.

'96.

C. P. Weston is taking an advanced course at Columbia University. Address, 314 West 113th street, New York.

'00.

J. Arthur Hayes is chemist for the Martin and William H. Nickerson Paper Co., of Manymunk, Philadelphia, Penn. Address, 6608 Ridge avenue.

## MEMBERS OF 1901.

Following is a very nearly complete list of the 1901 graduates giving their occupation and in cases where it was available their address. A few members of the class we could not reach but hope to at a later date:

M. J. Bartlett is principal of Bingham High school, Bingham, Me. Address at Bingham.

C. W. Bartlett was on the campus last week. He is working for his father in North New Portland, Me. Address at this place.

W. R. Bartlett is principal of a high school at Elicot, Maine, and may be addressed at that place.

J. H. Bixby is draughting at Harrisburg, Pa.

O. M. Bixby is employed as draughtsman in the General Electric Co., Schenectady, New York.

W. H. Boardman is employed in Lebanon, Pa. Address, 1003 Cumberland street.

F. H. Bogart is draftsman with the Knok Automobile Co., Springfield, Mass. Address, 19 Northampton avenue.

Thomas Buck is taking advanced work in mathematics at the University of Chicago. Address in care of the University.

L. R. Cary, assistant in biology at the University of Maine. Address, U. of M., Orono.

A. L. Cobb is engaged in wiring for a concern in Chicago, Ill.

C. E. Crosby is employed as Railway Postal clerk. Address, Albion, Me.

F. M. Davis is at work for the Kellogg Switchboard and Supply Co., Chicago, Ill. Address, 237 South Leavitt St.

G. H. Davis, assistant in electrical engineering at University of Maine. Address, U. of M., Orono.

B. F. Faunce is drafting in the office of the Pennsylvania Steel Co. Address, 206 Pine St., Steelton, Penn.

E. E. Fitzgerald is assistant in Old Town High school. Address, Old Town, Me.

H. M. Folsom has entered a theological seminary in New York city.

G. L. Fraser is assistant in the Orono High school. Address, Orono, Me.

J. E. French is at work for the Brown & Sharp Manufacturing Co., Providence, R. I. Address, 307 California avenue, Providence, R. I.

G. E. Goodwin is serving the government as inspector at Pigeon Cove, Mass., and may be addressed at that place.

Emily Hamlin is at her home in Orono. Address, Orono.

C. D. Harvey is traveling for the Burbank Manufacturing Co., of Boston. Address, Lewiston, Me.

L. H. Harvey is assistant at University of Chicago, Chicago, Ill.

E. J. Howe is employed as draughtsman for Norcross Brothers, architects, Worcester, Mass. Address, 682 Main St.

H. P. Hoyt is draughting in Pittsburg, Pa. Address, 245 4th St.

P. R. Keller is in a draughting room at Pittsburg, Pa. Address, 245 4th St.

M. B. Merrill, principal of high school at Milford. Address, Stillwater, Me.

B. C. Martin is engaged as civil engineer with the B. & A. R. R., now working on the Ashland branch.

F. L. Martin is in charge of the advertising department of the Kellogg Switchboard and Supply Co., Chicago, Ill. Address, 237 South Leavitt St.

C. A. Mitchell is in charge of a temporary machine shop used in the construction of a central heat, light and power station at the University of Chicago. His address is Power Station, Hyde Park, Chicago, Ill.

P. L. Nickerson is in business with his father at Swanville, Me. He was married this summer to Miss Josie Strout of Orono, who is a sister of Howard Strout, '00. Mr. Nickerson may be addressed at Swanville.

H. C. Prittem is at work in the United States Chemical building in Portland. Address, 221 Cumberland St.

A. H. Robinson is on the staff of the Westerly Sun in Providence, R. I. Address in care of the Westerly Sun.

S. D. Thompson is employed as reporter on the Bangor Daily Commercial. Address in care of Commercial.

L. G. Varney is employed in the York Haven Power and Water Co., York Haven, Pa. Address in care of the company.

T. H. Ward is employed in the 146th St. and Lenox avenue repair shop of the Metropolitan Street Railway Co., New York. Address 332 West 145th street.

F. E. Watts has made a visit to the Pan-American Exposition and is now employed as draughtsman for The Holly Motor Co., Bradford, Pa. Address, 53 Rockland avenue, Bradford, Pa.

E. L. Watson is in the Maintenance of Way Department, Maine Central R. R. Address, 5 Noble St., Brunswick, Me.

R. G. Wormell is in the Maine Central machine shop, Waterville, Maine. Address in care of the shop.

## ATHLETICS.

### U. OF M., 6; BAR HARBOR, 0.

On Saturday afternoon, Oct. 5, at Lindall's park, Bar Harbor, the U. of M. and Bar Harbor elevens lined up for their second game this season. Nearly five hundred persons were in attendance and the game was snappy and well worth watching. As in the other game, U. of M. played with Bar Harbor, the idea was to get all the defensive work possible so possible chances to add to the score were neglected for the practice. There was quite an improvement noticeable in the U. of M. boys since their former game with Bar Harbor. The interference was bunched rather better and better team work was shown on the whole. As much as the team has improved there is yet a great deal for it to do before it carries away even its fair share of football honors this fall. There is lots of hard work needed and the team is by no means strong enough to afford to lose even a night's hard and conscientious practice. The line up:

COACH FARLEY.

U. OF M.	BAR HARBOR.
Cole .....	r. e. ....Jellison
Towse .....	r. t. ....R. Conners
McFarlane .....	r. g. ....McQuinn
Rackliff .....	c. ....Savage
Duran .....	l. g. ....Brawn
Elliott .....	l. t. ....Bernardini
Ricker .....	l. e. ....Roberts
Bailey .....	q. b. ....Carter
Parker .....	l. h. b. ....F. Conners
Taylor .....	r. h. b. ....Alley
Webber .....	f. b. ....Barrows
Touchdown, Taylor. Goal, Bean. Referee, Ned Murray. Time keepers, A. L. Stafford, E. L. Smith. Linesmen, H. M. Hodgkins, Ricker. Time, 15m. halves.	

## U. OF M., 5; BAR HARBOR, 0.

An exceptionally good game of football was played on Alumni field, Wednesday, Oct. 2, when U. of M. lined up against the Bar Harbor

team. Although the visitors were a little lighter than the U. of M. boys they had had more practice and so managed to keep the game close and interesting. The game was played throughout with the idea of giving U. of M. all the defensive practice possible so when they gained the ball they punted nearly every time and kept up their defensive work. This practice was just what the team needed as it was particularly weak on the defensive. Another weak spot was shown to be the interference which has been remedied to a considerable extent. Several changes were made in the U. of M. line up, giving more new men a chance to show their metal.

The visiting team played a smart, snappy game and their interference was particularly good, but the fact that this is the fifth season the team has been together partially explains their good team work.

The line up:

U. OF M.,	BAR HARBOR.
McFarlane .....	r. e. ....H. Carter
Towse .....	r. t. ....R. Conners
Sawyer .....	r. g. ....Small
Rackliffe .....	c. ....Savage
Duran .....	l. g. ....Brown
Elliott .....	l. t. ....Bernardini
Cole, Blaisdell, Beattie, l. e. ....	Roberts
Bailey .....	q. b. ....A. Carter
Taylor .....	r. h. b. ....Alley
Bradford, Parker ..	l. h. b. ....F. Conners
Dorticos .....	f. b. ....Jellison

Touchdown, Taylor. Referee, Ned Murry, Bar Harbor. Umpire, W. C. Mutty, Old Town. Time keepers, Ross and Smith. Linesmen, H. M. Hodgkins and P. E. McCarthy. Time, 15m. halves.

## U. OF M., 2nd, 32; BUCKSPORT, 6.

On Wednesday, Oct. 9, the U. of M. second football eleven played a game with the Bucksport seminary team. The visitors had rather a light team and could do but little against the heavier college men. The U. of M. second

eleven is very nearly as heavy as the 'varsity and in fact two of last year's 'varsity men played a part of the game. For the visitors, Kendall played a splendid game and is the backbone of the team; at one time he made a long gain through tackle, which resulted in a touchdown. For U. of M., Talbot, '04, showed up in fine shape behind the line. With more practice he should make a valuable man for the first eleven. With a few exceptions the line-men played a strong game and made several gains when playing on the defensive.

#### U. of M., 12; Colby, 0.

It was a happy and boisterous crowd of U. of M. students that paraded the streets of Bangor until a late hour Saturday night for the football eleven had played and won its first college game of the season and once more Colby was defeated. The weather was perfect and a good sized crowd witnessed the game. Nearly 200 people were present from Bangor besides good delegations from the nearer towns.

The game was full of ragged playing by both teams though U. of M. showed up much the better, playing a very good game on the offensive side, while Colby was slow to start at times, frequently losing ground through this fault. Colby has been much hampered by the lack of a coach and did not appear to have her signals by any means perfect. On defense Colby played a fairly good game but could not stop our gains.

Maine kicked off, Dorticos sending the ball well down the field, where a Maine man fell upon it. In the scrimmage Colby got the ball on a fumble and lost five yards at the first line up. Hawes punted, sending the ball to Maine's 15-yard line and Davis brought it back 4 yards. Webber went around left end for 10 yards; next through left guard and tackle for two yards. Davis gained one around right end and Webber two through the line. On the

next down Webber crashed through the line for a touchdown. Dorticos kicked the goal. Colby kicked to Davis, who made a splendid 25-yard run. On the first down Davis gained 10 yards through right end and tackle but was injured and retired from the game, his place being filled by Taylor. The first half ended with the ball in U. of M.'s possession on Colby's 5-yard line.

In the second half Saunders kicked to Webber, who brought the back 22 yards. Webber gained 6 yards through right tackle and 5 more around left end. Taylor made a two and five yard gain through the line, Maine failing to make the required distance punted and Blaisdell fell on the ball. Taylor made a yard around left and Webber went out of the game at this point, Dorticos going full back and Elliott tackle. In the next rush Keen, Colby's big tackle had the wind knocked out of him and Staples was substituted. Dorticos went through him for a yard and in the next play around the end for a touchdown. He kicked the goal, making the score 12 to 0 in favor of U. of M.

There was no scoring for the remainder of the game, both teams punting frequently. The game closed with Maine in charge of the ball on Colby's 25-yard line.

#### THE LINE UP.

U. of M.		Colby
Blaisdell . . . . .	re . . . . .	Saunders
Towse . . . . .	rt . . . . .	Cowing
Sawyer . . . . .	rg . . . . .	Clark
Rackliffe . . . . .	c . . . . .	Lawson
Duran . . . . .	lg . . . . .	Williams
Dorticos, Elliott. . .	lt . . . . .	Keen
Cole . . . . .	le . . . . .	Rockwood
Bailey . . . . .	qb . . . . .	Palmer
Bradford . . . . .	rhb . . . . .	Hawes
Davis, Taylor . . .	lhb . . . . .	Haggerty
Webber, Dorticos .	fb . . . . .	Biglow

Touchdowns, Webber, Dorticos; Goals from touchdowns, Dorticos, 2. Time 20 and 15; halves, Referee, Leighton. Umpire, Muttly. Linesmen, Dudley and Davis.

## THE WASHBURN BOOK ABOUT MANDOLINS AND GUITARS.

Any one interested in the subject of mandolins and guitars can obtain a beautiful book about them free by writing to Lyon & Healy, Chicago. It contains portraits of over 100 leading artists including Abt and Siegel, together with frank expressions of their opinion of the new model Washburn Instruments. Descriptions and prices of all grades of Washburns, from the cheapest (\$15.00) upwards, are given, together with a succinct account of the points of excellence which every music lover should see that his mandolin or guitar possesses. Lyon & Healy, 20-40 Adams Street, Chicago.

## A CHARMING BOOK ABOUT OLD VIOLINS.

Violinists everywhere will hail with delight the beautifully printed book about Old Violins, just published by Lyon & Healy. It contains a list of solo violins offered for sale at prices ranging from \$35 to \$10,000 and also sketches of the great violin makers. Sent free upon application to Lyon & Healy, 20-40 Adams Street, Chicago.
