No. 16

INTERSCHOLASTIC PRIZE SPEAKING

THE first annual interscholastic prize speaking contest, which was held in the University chapel Friday evening, May 22, was in every respect a gratifying success. Representatives were present from twenty-five of the foremost fitting schools of the State. These representatives, in most cases chosen as the result of competition in their home schools, were further sifted by two preliminary contests held at the University Friday afternoon. On account of the excellence of all the contestants, it was with some difficulty that the judges finally selected ten, who appeared in the evening on the following program:

Prayer,

REV. MR. WOODWELL.

Clark's Eulogy on Daniel Webster,

FRANK WILLIAMS, Leavitt Institute.

The Chariot Race from Ben Hur,

HORACE C. MARSDEN, Pennell Institute.

How the La Rue Stakes Were Lost,

OTIS STEVENS, Presque Isle High School.

The Unknown Speaker,

GEORGE A. COWAN, Hampden Academy.

MUSIC.

Trial Scene from Les Miserables,

RALPH W. E. HUNT, Westbrook Seminary.

The Roman Sentinel,

AGNES L. JORDAN, Mechanic Falls High School.

Spartacus to the Gladiator,

CORNELIUS O'LEARY, Bangor High School.

MUSIC.

The Debating Society,

JOE K. GOODRICH, Skowhegan High School.

The Swan Song,

LUCY J. O'CONNELL, Edward Little High School.

The State of Maine,

CHARLES E. DAVIS, Bridgton High School.

MUSIC.

AWARDING OF THE PRIZES.

The first prize, \$20 in gold, was awarded to Ralph W. E. Hunt of Westbrook Seminary. The second prize, \$10 in gold, went to Joe K. Goodrich of Skowhegan High School.

The judges were Edward H. Kelley, Bangor; N. R. Smith, Orono; and J. F. Gould, Oldtown. Music was furnished by the college band.

The speakers succeeded in interesting and entertaining a large university audience and without exception won enthusiastic applause. Frank Williams, the first speaker, delivered Clark's Eulogy on Daniel Webster with a power and earnestness that befitted his subject. Horace C. Marsden rendered the Chariot Race from Ben Hur with vividness and force. Otis Stevens, by sympathetic appreciation and simple, natural presentation of his selection, carried the audience with him from beginning to end. George A. Cowan spoke with vigor, clearness and ease. Ralph W. E. Hunt, by a happy combination of natural ability and careful training, succeeded in gaining first place in the decision of the judges. Agnes L. Jordan pleased all by her charmingly natural manner and clear, simple delivery. Cornelius O'Leary presented an old favorite with new force and impressiveness. Joe K. Goodrich, the winner of the second prize,

convulsed the audience by his various and imitable impersonations. Lucy J. O'Connell showed unusual dramatic realization and rare ease of presentation. Charles E. Davis, although the last speaker, held the undivided attention of the audience by a clear and forcible delivery that showed him to be especially adapted to public speaking.

All who attended the contest were impressed by the uniform excellence of the speaking and were enthusiastic in their commendation of those who participated. The twenty-five schools that sent contestants were all creditably represented and it is hoped that the interest shown in the contest this year will continue and grow in years to come, for it is evident that such contests must prove of great benefit both to the University and to the schools.

SUMMER SCHOOL

The Summer School of the University of Maine will begin June 29, for a term of five weeks and at present every indication points toward a good attendance.

The summer term of the University is held to meet the needs of teachers who desire to utilize a part of the long summer vacation to broaden and deepen their knowledge; of undergraduates of this and of other colleges, who wish to shorten their course by taking work during the summer in advance of their classes, or who wish to pass off college conditions; and of recent high school graduates who have entrance conditions to make up.

The success of its first session held in 1902 demonstrated its usefulness, and the demand for such a summer term, and it is confidently expected that this year will show a marked increase in attendance.

A more healthful or agreeable place for summer study would be hard to find. The location of the University with its beautiful campus, the attractive surroundings of mountains, lakes and rivers, and the delightful coolness of the atmosphere make it an ideal place for summer residence.

In this summer term the instruction will be given by college professors or instructors, each of whom is a trained specialist in his department and many of the courses offered will be such as may be counted toward a college degree.

All of the teachers have had experience in secondary school work as well as in college, and many of the courses offered are planned especially to be helpful to high school and grade teachers. At the present time there seems to be a special awakening of interest in the teaching of science in our high schools. Every effort will be put forth by the departments of Physics and Chemistry to be helpful to the science teachers.

The faculty of instruction for the summer term includes seven members of the University faculty and Irene M. Morse, professor of modern languages in the University of Wyoming. Instruction will be given in History, Latin, German, French, English, Mathematics, Astronomy, Physics, Chemistry and Botany.

The tuition for the entire term of five weeks, covering all charges for instruction, in any number of courses that the student may elect, will be ten dollars for residents of Maine, and fifteen dollars for non-residents.

PROF. GROVER RESIGNS

The news that Prof. Grover had tendered his resignation became public early last week and was received with universal regret. During the last year, in addition to his college work, he has had charge of the hydrographic survey of Maine which was carried on by the Hydrographic Bureau of the U. S. Geological Survey, and in which he has become greatly interested. His resignation is made in order to enable him to accept a position in the Hydrographic Bureau in which he will have charge of all of its work in New England. It is understood that he will continue to make Orono his home for the present, at least.

Prof. Grover fitted for college in Gould's Academy, Bethel, Maine, where he graduated in 1887. He entered the University of Maine the following fall in the Sophomore class, and

graduated in 1890 in the course in civil engineering. During his college course he ranked close to the head of his class, was an editor of the *Cadet*, adjutant of the cadet battalion, a speaker at the Sophomore and Junior exhibitions and Commencement exercises of his class, and prominent in all lines of undergraduate activity. After graduation he was engaged in railroad construction work, and returned to the University in 1891 as assistant in civil engineering. He was promoted to assistant professor in 1894, spent a year's leave of absence in advanced work at the Massachusetts Institute of Technology in 1895-96, became associate professor in 1897 and professor in 1898, upon the resignation of Prof. Hamlin.

Prof. Grover has been a successful teacher, thorough and popular. During the period in which he has been at the head of the department, it has continued to have more students than any other in the University; its material equipment and the technical courses have been considerably increased, and the elective work broadened. The men who have graduated during his administration have been well equipped and are making successful engineers. Every individual has felt that Prof. Grover was personally interested in his work as a student and in his success as an engineer.

As a member of the general faculty, he has been among the most influential and useful. He has been a member of several of the most important committees, has seen to it that his own department progressed, and has been in hearty sympathy with the broadening of old and the establishment of new departments. There is no man on the faculty whose resignation would be more regretted by the students, or whose work as a member of the general faculty would be more missed than that of Prof. Grover.

The CAMPUS, on behalf of the undergraduates, desires to express regret at his resignation, and best wishes for his happiness and success in his new duties.

The freshman-sophomore debate came off on the evening of May 26. The question was,

Resolved: That Reciprocity Would Be Detrimental to American Industry. The freshmen had the affirmative, while the sophomores supported the negative. After a very enthusiastic debate the judges decided in favor of the sophomores. During the evening the scrap which formerly took place upon Ivy Night was hotly contested until the last freshman disappeared, and the seniors called it off in favor of the sophomores.

The last Sunday meeting of the Y. M. C. A. for the college year was held in the Art Guild, May 24. Miss Drinkwater of Bangor was present as soloist. The speaker was Mr. Helm, one of the travelling secretaries of the Student Department. He spoke mainly of the extent of the Association in its different branches and concluded with some interesting remarks on the people and institutions of China.

Prof. O. F. Lewis and Tutor Shute of the University of Maine and Miss Bertha L. Soule of the Bangor High school left in the afternoon train, Friday, May 22, to attend the annual meeting of the Maine Modern Language Association, composed of the teachers of modern languages in the colleges, academies and high schools in the State, held at Waterville, May 23.

At a recent meeting of the Athletic Association, the Maine Intercollegiate Athletic constitution as published in the last issue of the CAMPUS was accepted. The following officers of the Athletic Association for the ensuing year were elected: President, Roy H. Flynt; Vice President, Frank L. Flanders; Secretary, George K. Huntington; Treasurer, Perley F. Walker.

The work on the Handbook for next fall is well under way and everything points to a successful issue. It is intended to send out at least 200 of these books to prospective students and thus increase, if possible, their interest in the University of Maine.

THE CAMPUS

Published on the first and fifteenth of each month during the college year by the students of the University of Maine.

Business Mgr.

GEORGE K. HUNTINGTON, 1905, Asst. Business Mgr.

Terms: \$1.50 per year, strictly in advance; single copies 10 cents.

Address all business communications and make all checks payable to Ira M. Bearce, Business Manager, Orono, Me.

Contributions from undergraduates and alumni are earnestly solicited. They should be addressed to the Managing Editor.

Entered at the Post Office at Orono, Me., as second-class matter.

PRINTED BY BANGOR CO-OPERATIVE PRINTING CO.

STUDENTS' DIRECTORY

Football Manager, C. G. Chase; Captain, C. L. Bailey.

Baseball Manager, T. C. Herbert; Captain, L. C. Mitchell.

Track Team Manager, Vaughan Jones; Captain, P. H. Harris.

Basket Ball Manager, R. M. Conner; Captain, V. E. Ellstrom.

Campus Business Manager, Ira M. Bearce; Managing Editor, Roy H. Flynt.

Prism Business Manager, J. H. Sawyer; Managing Editor, R. H. Flynt.

Glee Club Manager, A. D. Case; Leader, C. A. Kittredge.

TRAINS—Leave Orono for Bangor at 6.46, 8.57, 9.57, 10.52, A. M.; 12.45, 1.42, 2.46, 4.02, 7.12, 11.49 P. M.

Leave Orono for points north of Old Town at 4.05, 7.06, A. M.; 3.35, 5.14, 6.43, P. M.

Leave Bangor for Orono at 3.45, 6.45, 8.30, 11.32 A. M.; 1.15, 2.20, 3.15, 4.50, 5.30, 6.20, 11.00 P. M.

Leave Bangor for the south and west at 7.15 A. M.; 1.35, 4.40, 8.00, 12.25 P. M.

Leave Bangor for Bar Harbor at 6.00, 10.00 A. M.; 4.55 6.00, P. M.

ELECTRICS—Cars leave Bangor at 5.30 A. M. and each half hour until 9.00 P. M.; after 9.00 P. M. on the hour until 11.00 P. M. Cars arrive at U. of M. fifty minutes after leaving Bangor. Cars pass the campus going north, 10m. of and 20m. past the hour; going south, 20m. of and 10m. past the hour.

The college library is open from 8.00 to 12.00 A. M. and from 1.30 to 5.30 P. M. but only matters of special importance should be submitted during the latter hours.

EDITORIALS

THE attention of the CAMPUS has been called to the lack of appreciation on the part of the students of the courtesies that are due the press. This applies more particularly to the newspapers of Bangor which have been most liberal in their notices of events and happenings at the University of Maine and it is not only fair, but even our duty to extend to them whatever favors we are able.

It seems to be a prevailing spirit among the students that any amount of free advertising and press notices are really due without any return on their part. For instance, the managers of our various athletic teams are not careful enough to see that the newspapers are supplied with complimentary tickets without the asking. Then the committees of the various college functions do not always take pains to see that invitations are extended to the papers.

This matter was first called to notice on the date of the Junior "Prom" when, through some oversight on the part of the management, one of the prominent papers of Bangor failed to be supplied with invitations, and as a result a decidedly brief account, occupying about an inch of

space, was allotted the "Prom" instead of the customary notice. It is hardly fair on our part to blame the management of the paper when the fault really lies on our side. At a recent social function which took place on the campus, on account of the lack of proper invitation, there came near being a repetition of the same condition of affairs.

Of course this is the result of an oversight on our part, but that does not help the matter, and it is our duty to see that in the future the press receives just recognition in return for the many courtesies that they are continually extending.

IT seems advisable at the present stage of the base ball season to state in the columns of the CAMPUS just what, under the existing condition of circumstances, and in its opinion is the attitude of the University of Maine in regard to the figuring of the State championship in base ball.

Last year the University of Maine, in attempting to determine which college was in all fairness entitled to the championship, brought forward the claim that in the absence of a league the only thing that could be done was to figure the percentage of all games played between Maine colleges and recognize as champion that team whose percentage should rank the highest. This year its opinion remains unaltered, and, in the figuring of the championship for the season of 1903, it claims that all games should be taken into consideration and does not agree with the view that certain games are exhibition for which reason they may be barred out of the estimate. The fact that the different colleges of the State play an unlike number of games renders the above reasoning somewhat unsatisfactory. Bowdoin plays nine games, and if it loses but two its percentage will be larger than either Bates or the

University of Maine can be, providing either of these colleges loses but two, for Maine has eight games and Bates only seven. There seems to be but a single way to solve the existing problem concerning the determination of the State championship and that is, to go back to the league of the past with three games for every college with each of the other three.

The reorganization of the former base ball league is strongly advocated by the University of Maine, not as a means for obtaining false honors, for it has no desire to avail itself of any technical quibble to claim laurels that it is not in all fairness entitled to, but as an outcome from the present state of turbulence in which there is a considerable diversity of opinion, and in which each college does its own figuring and proclaims itself champion.

SOME time during the year 1897, there was received at the Experiment Station at Orono a sample of small pebbles from some person in northern Maine with the request that the officials there should name them and state if they were of any value. On account of their heaviness they were thought by the owner to be something out of the ordinary line of pebbles. He said they were to be found in unlimited quantities in the bed of a stream running through his place. In this case none of the assistants could name the stones and they were put aside and the correspondent was notified to the effect that they were probably not of any value and could not be identified without making an analysis of them. The correspondence was destroyed so that the name of the correspondent was lost.

At that time Ora W. Knight of Bangor, State assayer, was connected with the Experiment Station as assistant and thinking that some time

he would make an analysis of the pebbles, saved the specimens, although unfortunately he did not preserve the owner's name. He simply marked them from northern Maine. In January of this year, in looking over some of his numerous specimens, he happened to see this lot in a bottle and remembered the circumstances connected with the case. He made an analysis and found them to be excellent specimens of cassiterite or tin stone. When found, as there were, in the bed of a stream, it is called stream tin.

On account of the present high price of tin the specimens are particularly interesting at this

time. Tin has been found in several localities in this State in paying quantities. In Winslow a shaft was sunk and work carried on for some time in 1880, but for some unknown reason was suddenly stopped and rumors of its being bought up by other tin mines to curtail the production were freely heard at that time. Very fine specimens have been found at Paris in Oxford county. Tin ore has also been found in Hebron, Greenwood, Bluehill and Mt. Desert.

The location of the Lost Tin Mine of northern Maine is at present an unsolved mystery.

—*Bangor Commercial.*

SCHOOL OF LAW

JUSTICE EMERY INITIATED

A notable event both for the members of the chapter and for the fraternity itself was the initiation of Justice Lucilus A. Emery into honorary membership of the legal fraternity of Gamma Eta Gamma, Wednesday evening, May 20. The occasion was a happy one and a dignified ceremony in the chapter hall followed by an elaborate banquet and post prandial exercises, the brilliancy of which has rarely been equalled at a similar occasion, marked an epoch in the history of this fraternity.

With such speakers as Justice Emery, Prof. George E. Gardner of Boston University Law School, Dean W. E. Walz of the University of Maine School of Law, and Gen. Charles E. Hamlin, the speaking could not be but intensely interesting. Generally at an occasion of this sort the feast comes first—but, although a delicious menu had been prepared and was excellently served—it had come last at the gathering.

The distinguished jurist was received by the fraternity at the chapter hall early in the evening, and shortly before 9 o'clock an adjournment

was made to the Penobscot Exchange where a sumptuous banquet had been prepared.

Before introducing the first speaker, Toastmaster C. Vey Holman, Esq., who acted most gracefully in that position, read letters of regret from Gov. John L. Bates of Massachusetts, Senator Eugene Hale, Congressman Roberts of Massachusetts, Ex-Gov. Samuel E. Pingree of Vermont, Chief Justice Andrew P. Wiswell of Maine, Hon. Louis C. Southard of Boston, and James Tower Keene.

After these expressions of regret had been read, Toastmaster Holman introduced the first speaker, Justice Emery. The list of toasts and the speakers is as follows:

The Supreme Court of Maine—Justice Emery.

The Godfather of the Fraternity—Prof. George E. Gardner.

The State of Maine—Gen. Charles Hamlin.

The University of Maine—Dean W. E. Walz.

The Bar of Massachusetts—Frederick Manning Hall, Esq.

Beta Chapter—Henry L. Wadsworth.

Alpha Chapter—Charles H. Reid, Jr.

Justice Emery was received with round after

round of applause. Silence came after a time, though, and the distinguished speaker proceeded most eloquently with his subject. He made special mention of the relation of the bench to the members of the bar. In closing he referred in most gracious terms to the fraternity, saying that he was very glad that he had been taken into membership.

Prof. Gardner who came down from Boston at much personal inconvenience to be present at the gathering, was accorded a flattering ovation when he was introduced. There are few men who possess the power of a speaker as does Prof. Gardner, and he was listened to with great interest. He spoke eloquently of the society, and referred in eulogistic terms to Justice Emery, Dean Walz, Gen. Hamlin and Mr. Holman.

Gen. Hamlin, who followed Prof. Gardner, and Dean Walz, were heard with pleasure. Their toasts were popular ones, and aroused much enthusiasm. Frederick Manning Hall, Esq., and Henry L. Wadsworth, both of Boston, responded eloquently to their toasts. Charles H. Reid, Jr., of Bangor, who spoke for Alpha Chapter, was accorded a rousing greeting, and he handled his subject most happily.

Those present, besides those already mentioned, were: Harry Lord, Henry C. Turner, George Heyes Winn, U. G. Mudgett, George V. Thombs, J. H. Morson, George Lougee, O. L. Keyes, W. V. M'Lean, Frank W. Ball, S. H. Jenkins, G. Bryant, Edward E. Clarke, Ansel Bridges, A. S. Crawford, Jr., D. J. Linehan, T. R. Geary and Patrick H. Dunn.

DEAN WALZ ENTERTAINS

Dean Walz of the Law School of the University of Maine entertained the members of the Conversation Club and a few others at dinner in the Bangor House, Thursday night, May 21. Besides the clubmen, who are members of the faculty of the University, there were present as guests Justice Emery of the Supreme Court, C. Vey Holman, Esq., Prof. John S. Sewall and Edgar M. Simpson, Esq., twenty-two persons in all being seated.

The dinner was handsomely served, and at the conclusion of the feast the company assembled in adjoining rooms, for enjoyment of the literary features always on the program of the club's monthly meetings. The subject on this occasion was the endowment of colleges, and the discussion, opened by Dr. Fernald, was participated in by Justice Emery, President Fellows and by the company generally. The questions were debated, at some length, of whether or not a university should accept gifts of money which has been accumulated by questionable means; and whether large sums, instead of being bestowed upon single institutions, would not better be divided among many.

NOTES

Putnam, '02, visited his brother one day recently.

Junkins and Ball were recently initiated into the Gamma Eta Gamma fraternity.

Potter, who has coached the track team at Colgate University, will return for exams. the first of this week.

Winslow, '05, left for Nantucket Thursday, where he has a position for the summer as operator in a telegraph office.

Geo. E. Gardner, ex-Dean, was in Bangor a few days recently, to attend the banquet given by the Gamma Eta Gamma fraternity.

Judge Emery gave his last lecture on Roman Law, Monday of last week, closing with a few humorous remarks and also a word of advice to the prospective lawyer.

The Jefferson Club defeated the Roosevelts on Friday, May 22, by a score of 18-7. The features of the game were the pitching of Snow and the batting of Brown and Littlefield. A second game was played Tuesday, May 26, which from the official score book was announced 9-8 in favor of the Jeffersonians. According to the story of the Roosevelts, however, it should have read 10-9 in their own favor.

ALUMNI

The CAMPUS is in receipt of a copy of the constitution and by-laws of the Western Alumni Association of the University of Maine, and also an invitation to attend its annual meeting. The meeting will be held at Chicago, May 29, and one of the attractions will be "A regular Down East dinner of pork and beans with all the fixins'." Following is a list of the charter members of the Association: C. W. Rogers '76, A. J. Caldwell '78, O. C. Farrington '81, G. W. Sturtevant '81, Wm. Webber '84, G. G. Barker '86, A. D. Page '86, H. E. Stevens '97, A. D. T. Libby '98, R. H. Manson '98, C. C. Whittier '99, Thos. Buck '01, F. M. Davis '01, L. H. Harvey '01, F. L. Martin '01, C. A. Mitchell '01.

'86

G. F. Lull has accepted the position of superintendent of the By-Products Paper Co., Niagara Falls, N. Y.

'92

Wednesday afternoon, May 20, at four o'clock, Miss Nettie M. Kirkpatrick, formerly of Bangor, was united in marriage to Warren Evans Healey of Rockland. The ceremony was performed by Rev. Rollin T. Hack at the home of the bride's brother on Coyle street. The house was beautiful with apple blossoms and wild flowers, and many beautiful and costly presents testify to the popularity of Mr. and Mrs. Healey.

Ex-'93

T. R. Atkinson has accepted a position as western agent for the By-Products Paper Co., with headquarters at Fargo, No. Dakota.

'00

"Duff" Cushman is pitching for the Des Moines, Iowa, base ball team, and according to all reports is as speedy as ever.

The marriage of Leo Bernard Russell and Miss Rosa Mae Parker occurred at Skowhegan, on Wednesday, May 20. Mr. and Mrs. Russell will reside at Madrid, Me., and will be at home after June 10.

Ex-'01

Edmund I. Davis of Bangor, son of Mrs. Dan-

iel F. Davis, who has completed a year's course of study in the Scientific School of Cornell University, Ithaca, N. Y., left recently for Oregon, where he will have a position on a government survey during the summer. Mr. Davis has been in Washington for the past few weeks. He will return to Cornell in the fall to complete his studies for his degree. He was for two years a student at the University of Maine, having been a member of the class of '01.

'02

Cards have been received in Orono announcing the marriage of Enoch J. Bartlett, formerly of Munroe, to Miss Ardele Hasty of Brooks, on May 20. Mr. Bartlett graduated from the University of Maine in the class of 1902, and is at present employed by the Electric Vehicle Co., of Hartford, Conn. Mr. and Mrs. Bartlett will be at home in Hartford after July 15.

LOCALS

A beautiful new 1902 flag has been placed in the chapel.

I. E. Treworgy, '03, has returned from a short vacation spent at his home.

Camping parties to Pushaw lake are becoming very popular among the students.

At a recent meeting of the track team, Edwin A. Parker, '04, was elected captain for next year.

E. L. Gray, '06, has been obliged to leave college on account of a serious attack of the measles.

A large crew of men are at work beautifying the campus and putting it in condition for commencement.

All students having articles in the gymnasium lockers must see that they are removed before the end of the term.

C. H. Leighton, A. L. Phinney, R. H. Strickland and W. D. McIntire have left college, having secured positions wiring a number of buildings at Wellesley College.

A. E. Davenport, '04, will be unable to return to college to take his examinations owing to serious injuries which he sustained in the bicycle race at the Worcester meet.

During the past two weeks the Mt. Vernon House has received a new coat of paint which greatly improves its appearance. The wood work on Coburn Hall has also been painted.

There was a hot ball game on Webster park, Oldtown, on Thursday afternoon, May 21, when the Oak Hall team from the U. of M. defeated the Old Town High school nine by a score of 11 to 10.

Messrs. Sawyer, Bean, Dorticos and McClure

left in the afternoon train, May 18, for Brunswick, where they represented the University of Maine in the intercollegiate tennis tournament held May 19.

The University of Maine speakers for Memorial Day, Saturday, were as follows: Bangor, Dean W. E. Walz of the School of Law; Ellsworth, Professor H. M. Estabrook; Hampden, Professor Allen E. Rogers.

The evenings of May 25, 26 and 27, were the occasion of the senior teas given by Pres. and Mrs. Fellows. The pretty residence was tastefully decorated in the senior class colors and everyone had a most enjoyable time.

ATHLETIC DEPARTMENT

FOOT BALL

THE foot ball outlook at the University of Maine was never brighter than for the season of 1903. The fact that J. Wells Farley, Harvard, '98, and head coach at this University for the season of 1902, has been secured as coach at the University of Maine seems in itself good assurance that our team next fall will be good. The students of this institution have observed the evolution that took place in this "brutal sport" when Farley held the reins in the fall of 1901, and from a bunch of green material developed a champion aggregation.

With the coming of Farley to our University foot ball seemed to spring into the lead of our athletics and since his appearance the interest in this game has never flagged. Next fall the keenest enthusiasm in foot ball is bound to prevail, for with Farley and the team on one hand and the students backing them with plenty of spirit on the other, it cannot be otherwise.

Manager Chase has not been idle during the long interval between seasons and has prepared

a schedule the equal of which has never been arranged at this University. The schedule follows:

- Sept. 19. E. M. C. S. at Orono.
- " 26. N. H. State College at Orono.
- Oct. 3. Harvard at Cambridge.
- " 10. Colby at Orono.
- " 17. Colby at Waterville.
- " 24. Open.
- " 31. Bowdoin at Brunswick.
- Nov. 7. Bates at Orono or Bangor.
- " 14. Holy Cross at Bangor.
- " 20. Tufts at Medford.

This schedule is subject to the approval of the faculty, and it is possible that several changes may be made.

The second game with Colby, which is here-with scheduled for October 17, is not fully decided upon, as the game with Bowdoin, now scheduled for October 31, may be transferred to October 24, thus playing the second game with Colby, October 31. This arrangement will leave October 17 open.

A number of fitting school games will be played with Higgins, Bangor High and Coburn Classical, the dates of which have not yet been

determined. A game with Bar Harbor local team will probably be played as usual.

The season will close on Friday, November 20, with Tufts at Medford, instead of the usual game with Bowdoin. As the Harvard-Yale game takes place at Cambridge on the following day, the opportunity of taking this trip will not be lost sight of by a good many students. The game with Harvard will be played a week earlier this year than last.

NEW RULES

The Intercollegiate Rules Committee have at present a number of new rules under consideration which will be determined at their annual meeting. One of these rules concerns the playing of the center, the proposed rule giving him the right to snap the ball to any man on the team without having first passed through the hands of the quarter back. This rule has been suggested largely by college officials and others who are desirous of doing away with mass plays. Another rule that has been proposed, for the purpose of doing away with this same style of play, is the allowing of but four men back of the line.

BOWDOIN WINS MEET

Bowdoin won the Ninth Annual Intercollegiate Field Meet held at Brunswick, Saturday, May 16, by sheer hard work and grit backed by months of hard work. Maine lost, not through any fault of coaching or lack of hard work, but because she was up against better men together with a little hard luck. A number of the team were out of condition, while two men, on account of sickness, were unable to accompany the team to Brunswick.

In spite of all that has been said to the contrary, Maine was not confident of winning, far from it, and the best estimate that was made previous to the meet was by Captain Harris himself, who said that the team was not confident of winning the meet this year, and unless something unusual turned up, that Maine would have to be content with second place. Thus the result of the games at Bowdoin last Saturday was

not received with surprise by the students but rather with disappointment.

But it was not a walkover for Bowdoin all the way, those days have passed; it was a closely contested meet, and Bowdoin was made to do her best and to keep an eye to her laurels in every event. A few more second places for Maine, on which she counted and failed to get, would have made things different at the finish.

Out of credit to the men of our track team who contested at Brunswick, we can say that every man did his best and there were no quitters.

Bates captured third place, while Colby brought up in the rear with two points, 100 per cent. better than last year.

The summary:

Hundred-yard dash—First heat, won by Weld, Bowdoin; Thatcher, Maine, second; time, 10 4-5s. Second heat, won by Rounds, Bates; Parker, Maine, second; time, 10 4-5s. Third heat, won by Bates, Bowdoin; Jenks, Bowdoin, second; time, 10 1-5s. Semi-final heat, won by Jenks, Bowdoin; Parker, Maine, second; time, 11s. Final heat, won by Bates, Bowdoin; Weld, second; Jenks, third; time, 10 2-5s.

Two hundred and twenty-yard dash—First heat, won by Weld, Bowdoin; Watkins, Colby, second; Perkins, Maine, third; time, 24 2-5s. Second heat, won by Bates, Bowdoin; Harris, Maine, second; time, 24 1-5s. Final heat, won by Bates, Bowdoin; Weld, Bowdoin, second; Harris, Maine, third; time, 22 3-5s.

Four hundred and forty-yard dash—First heat, won by Towne, Bowdoin; Watkins, Colby, second; Perkins, Maine, third; time, 54s. Second heat, won by Gray, Bowdoin; Everett, Bowdoin, second; Porter, Maine, third; time, 54s. Final heat, won by Gray, Bowdoin; Towne, Bowdoin, second; Everett, Bowdoin, third; time, 53 1-5s.

Eight hundred and eighty-yard run—Won by Nutter, Bowdoin; Thompson, Bowdoin, second; Tolman, Colby, third; time, 2m. 3 4-5s.

Mile run—Won by Lane, Bates; Spencer, Maine, second; Shorey, Bowdoin, third; time, 4m. 54 3-5s.

Two-mile run—Won by Lawrence, Maine; Brown, Maine, second; Brown, Bates, third; time, 11m. 13 4-5s.

One hundred and twenty-yard hurdle—First heat, won by Thatcher, Maine; Webb, Bowdoin, second; time, 18s. Second heat, won by Currier, Maine; Tobey, Bowdoin, second; time, 17 4-5s. Final heat, won by Currier, Maine; Webb, Bowdoin, second; Thatcher, Maine, third; time, 17 1-5s.

Two hundred and twenty-yard hurdle—First heat, won by Thatcher, Maine; Dunfield, Bates, second; time, 29s. Second heat, won by Currier, Maine; Hill, Bowdoin, second; time, 28 1-5s. Third heat, won by

Rowe, Bowdoin; Libby, Bowdoin, second; time, 28 3-5s. Final heat, won by Rowe, Bowdoin; Currier, Maine, second; Thatcher, Maine, third; time, 26 4-5s.

Putting 16-pound shot—Won by Denning, Bowdoin; Small, Bowdoin, second; W. D. Bearce, Maine, third. Distance, 39 ft., 10 in. (New record.)

Throwing 16-pound hammer—Won by Denning, Bowdoin; Dunlap, Bowdoin, second; E. F. Bearce, Maine, third. Distance, 138 ft., 10 in. (New record.)

Throwing the discus—Won by Reed, Bates; Parker, Maine, second; Small, Bowdoin, third. Distance, 98 ft., 11 1/4 in.

Running high jump—Won by Shaw, Maine; Clark, Bowdoin, second; Soderstrom, Maine, third. Height, 5 ft., 7 1/4 in. (New record.)

Running broad jump—Won by Parker, Maine; Rowe, Bowdoin, second; Shaw, Bowdoin, third. Distance, 21 ft., 3 1/4 inches.

Pole vault—Won by Shaw, Maine; Parker, Maine, second; Hawes, Colby, third. Height, 10 ft., 6 3/8 in.

MAINE AT WORCESTER

The University of Maine track team composed of Parker, '04, Lawrence, '04, Davenport, '04, Shaw, '05, and Currier, '06, went to Worcester Thursday, May 21, to compete in the New England Intercollegiate Meet on the following Friday and Saturday. In the trials on Friday, Parker qualified in the pole vault and broad jump and Davenport took third in his heat in the bicycle race. It began to look as though Maine would take more points than in previous years, but a combination of hard luck and faster men went against us and, together with Tufts, Maine failed to score.

Davenport unfortunately was in a mixup in the final heat of the bicycle race and sustained a broken collar bone, fractured nose and several scalp wounds. He was taken to the hospital and from the latest reports is as comfortable as circumstances will permit.

That Maine came out at the bottom of the list reflects no discredit on a single member of the team as every man worked for the same end and each one did the best that was within his power.

Amherst came off the winner with 51 points, one of the largest totals ever scored by a college team at these meets.

She was found among the point winners in ten out of the 15 events, and with seven firsts, together with a generous number of seconds and thirds to her credit, it was indeed an Amherst day. Following is the list of competing teams with their respective points won:

Amherst	51
Williams	31
M. I. T.	30
Dartmouth	15
Bowdoin	13
Wesleyan	13
Brown	7
Trinity	3
University of Vermont	2
University of Maine	0
Tufts	0

INTERCOLLEGIATE TENNIS TOURNAMENT

In the recent intercollegiate tennis tournament held at Brunswick, the University of Maine put up a much better showing than was expected in consideration of the fact that her representatives had played together but comparatively little and never before in competition with other institutions. Messrs. Dorticos, Sawyer, Bean and McClure represented the University of Maine and succeeded in getting into the second round with Bowdoin in both the singles and doubles. Bowdoin won both contests in this round, leaving it unnecessary to pull off the finals.

The results of the first round in the doubles were as follows:

L. Dana and Fessenden, Bowdoin, defeated Richardson and Bryant, Colby, 6-3, 6-0.

Pratt and S. Dana, Bowdoin, defeated Jones and Soule, Colby, 6-0, 6-4.

McClure and Sawyer, University of Maine, defeated Kelley and Weymouth, Bates, 6-3, 2-6, 6-3.

Staples and Spooner, Bates, defeated Dorticos and Beane, University of Maine, 6-3, 7-9, 6-1.

The results of the second and final round were:

Pratt and S. Dana, Bowdoin, defeated Staples and Spooner, Bates 6-3, 6-1.

Fessenden and L. Dana, Bowdoin, defeated Sawyer and McClure, University of Maine, 6-2, 6-1. Singles—First round. L. Dana, Bowdoin beat Weymouth. Bates 2-6, 6-0, 6-1. Dorticos, Maine, beat Jones, Colby, 6-4, 6-3. S. Dana, Bowdoin, beat Kelley, Bates, 6-8, 6-6, 6-4. McClure, Maine, beat Richardson, Colby, 3-5, 9-7, 7-5.

Second round—S. Dana, Bowdoin, beat Dorticos, Maine, 6-2, 6-0. L. Dana, Bowdoin, beat McClure, Maine, 6-1, 6-1.

INTERSCHOLASTIC TRACK MEET

For the second time Bangor High School won the interscholastic invitation meet held on Alumni field, Saturday, May 23. The final score stood Bangor 35, Brewer 33, Westbrook 30. In spite of the strong wind that blew unceasingly throughout the day many records were smashed and several were materially lowered. Decker of Edward Little did some surprising work in the two mile, completely smashing the former record and beating the college record held by Lawrence by one and four-fifths seconds. The 100 yds. dash was the closest and prettiest race of the day and was easily won by Milliken of Westbrook Seminary who ran in 10 3-5 seconds, another record-breaking time. Rice of Bangor was the individual champion with 13 points. Brown of Westbrook Seminary was a close second with 11 points. Bangor was in doubt of winning the meet until the end of the final event of the day, the pole vault, which went to Jordan of Ellsworth, thereby saving the day for Bangor.

The trials were run off at nine o'clock in the morning and the finals at two o'clock in the afternoon. The summary:

100 yards dash—won by Milliken, Westbrook; 2nd Bass, Bangor; 3rd Patten, Brewer. Time 10 3-5 sec.

220 yards dash—Won by Milliken, Westbrook; 2nd, Hall, Edward Little; 3rd, Bass, Bangor. Time 24 2-5 sec.

120 yards hurdle—Won by Graves, Westbrook; 2nd, Sargent, Brewer; 3rd, Matheas, Bangor. Time 19 4-5 sec.

220 yards hurdle—Won by Davis, Brewer; 2nd, Graves, Westbrook; 3rd, Merrill, Brewer. Time 28 4-5 sec.

440 yards dash—Won by Pullen, Brewer; 2nd, Hall, Edward Little; 3rd, Toole, Bangor. Time 57 3-5 sec.

Half mile run—Won by Rice 1st, Bangor. Time 2 min., 16 sec.

One mile run—Won by Rice 1st, Bangor; 2nd, Decker, Edward Little; 3rd, Witherell, Westbrook. Time 5 min., 9 sec.

Two mile run—Won by Decker, Edward Little; 2nd, Rice 1st, Bangor; 3rd Toole, Bangor. Time 11 min., 4 sec.

Running high jump—Won by Redicker, Ft. Fairfield; 2nd, Jordan, Ellsworth; 3rd, Matheas, Bangor. Height 5 ft., 2 1-4 in.

Running broad jump—Won by Bass, Bangor; 2nd, Brown, Westbrook; 3rd, Jordan, Ellsworth. Distance 19 ft., 8 1-2 in.

Pole vault—Won by Jordan, Ellsworth; 2nd, and 3rd tied between Kiah, Brewer, and Sargent, Brewer. Height 8 ft. 8 in.

Throwing discus—Won by Brown, Westbrook; 2nd, Kiah, Brewer; 3rd, Grady, Bangor. Distance 96 ft., 9 5-8 in.

Throwing 16-lb Hammer—Won by Matheas, Bangor; 2nd, L. Baker, Brewer; 3rd, Palmer, Bangor. Distance 82 ft., 9 1-2 in.

Putting 16-lb Shot—Won by L. Baker, Brewer; 2nd, Brown, Westbrook; 3rd, Palmer, Bangor. Distance 33 ft., 9 in.

UNIVERSITY OF MAINE 5; COLBY 4

University of Maine played her first game with Colby on Alumni Field, Friday afternoon, May 15, resulting in a close victory of 5-4 in the tenth inning. Errors on both sides at critical points were responsible for one or two runs, but Violette's two-bagger in the sixth which tied the score is what saved the day for Maine.

Coombs did the twirling for Colby for eight innings, but terrific speed, such as his, could not last throughout, and in the ninth "Bobby" Vail was given a chance to try out his arm. Unfortunately for "Bobby" it takes him longer than two innings to get warmed up and during the warming up process Maine was putting in some telling raps. It was the last of the tenth and Maine at the bat. Chase bunted and beat the ball to first; an error by Coombs put Mitchell on first, Chase taking second; Thatcher attempted to sacrifice, the ball going to Keene off first. Thatcher shot by like a whirlwind and was safe on the bag, everybody moving around one notch. The bases were full and all that was needed to win the game was just one little hit. Collins came up and hadn't the heart to dissappoint the many anxious Maine enthusiasts that were watching him with hearts in their throats. He interrupted the ball on its way down and it flew to short right just without the reach of Keene and Abbott, and Chase scored the winning run.

Frost did himself proud and won the admiration of the cranks and the confidence of every man on the team. Frequently when they had him in a hole and it seemed the inevitable must happen, he pulled out through his own cool head and perplexing delivery. He struck out twelve men and allowed eight hits, of which three were clean.

VANQUISHED AGAIN

The price of Maine's stock went up considerably after the second meeting with Colby at Waterville, May 20, in which Maine won out after a long pitchers' battle of sixteen innings—Jack Frost against Long John Coombs, and both game to the finish.

Maine won chiefly through clean hitting while Colby seemed unable to make connections when a single or two were badly needed. Brilliant plays as well as bad errors were common on both sides and enough excitement prevailed before the final ending to have supplied half a dozen ordinary games.

Maine tied the score in the sixth and after battling through a full game of nine innings scored the winning run in the 16th, through clean stick work. Mitchell started in with a single which was followed by another by Collins. Larrabee, Maine's heavy batter, was struck out, but Thatcher drove one to Vail, scoring Mitchell with what proved to be the

winning run. Bird, the next man up, struck out and the side was retired. Colby came in with a determination to do or die—and she died. Frost was working harder than ever and retired Abbott on an easy run. Vail for the first time in the game struck out and Coombs lifted a high fly to Mitchell, bringing to a close one of the greatest contests ever seen on a Maine diamond.

MAINE LOSES TO BATES

Bates defeated the University of Maine on Garcelon Field at Lewiston, May 23, by a score

of 3-1. The home team won through their own ability at the bat and not on errors by the visitors. Maine feels that the loss of the game reflects no discredit on her team as they put up an errorless game, but lacked the ability to hit Doe when a few singles were badly needed.

Mitchell was found for a couple two-baggers, and allowed six men to walk. Doe pitched a much faster game than at Orono two weeks before. He did not give a base on balls and was hit safely but four times. Both teams scored in the first inning and the game belonged to anybody until the seventh, when Bates laid hold of it with Allen's two-bagger with two men on bases. The score:

UNIVERSITY OF MAINE, 6; HARVARD, 2ND, 3

The Harvard, 2nd, team came to Orono May 28, and played its game for a second year with the home team. For a time it looked as though a pitchers' battle was to take place in which "Gussie" Mitchell was perhaps to have a little the worst of it. Maine came to the bat for three innings and Violette on a clean hit to left field was the only man to see first. In the meantime, with two men out, Carl Marshall had scored from second on Veazie's muff of a pop fly from Greenough. The Harvard team seemed to be finding "Gussie" but good support saved him some costly hits. In the fourth Maine very cautiously started the fun a-going with Nate Chase's infield hit, and a hair-raising three bagger by Collins when two were out and the bases were empty. Collins died there as Thatcher went out, short to first. Maine's time really came, however, in the fifth when with two men gone she rapped out four singles and a double, thereby netting four runs. The score now stood 4-1 and remained so until the last of the seventh when two errors, Veazie's sacrifice and a hit by Mitchell to left field, added two more runs to Maine's column. In the ninth Harvard, 2nd, took a brace and landed on Mitchell for three out of their total of six hits, which aided by an error gave them two more scores.

Thatcher, at short, played a great game, accepting seven chances without an error. His steal from second to third in the sixth was a feature of the game and called forth the appreciation of what audience there was present. Carpenter made a pretty catch of Veazie's fly to short center in the eight and received a hand from the spectators.

Mitchell struck out seven men and allowed one base on balls, while Hammond struck out but four of the Maine team and allowed nobody to walk. Both Collins and Fischel covered first in veteran style with 14 and 13 put-outs respectively. The score:

First base on balls—off Mitchell, Fischel. Hit by pitched balls—Hammond, Greenough. Struck out—by Mitchell 7, by Hammond 4. Time—1 h. 40 m. Umpire—Ned Murray.

IVY DAY

Ivy Day exercises of the Junior class took place in the University chapel, Friday afternoon, May 29. Friends of the entertaining class assembled at the hour appointed and listened with interest and mirth to the long and unusually interesting program that the committee in charge had prepared. Shortly after 2.30 the entertaining class, headed by the marshal, Edward R. Berry, marched in to the music of Pullen's orchestra and took seats reserved for them at the front of the hall. In a few well chosen words President Herbert stepped forward and welcomed the guests of the afternoon, after which the program was carried out. Prayer was offered by the chaplain, L. C. Smith, followed by an oration by Carroll S. Chaplin, in which he spoke with vigorousness and showed a clear understanding of his subject. The poem writ-

ten and translated to the German by Miss Florence E. Buck, was warmly applauded and met with favor if not the comprehension of the entire audience. Ralph W. E. Kingsbury amused all as he related the many adventures and characteristic traits of various members of the class. Philip Dorticos with ease and an entirely off-hand manner made the presentations of the afternoon in which he aroused the laughter of the spectators and provoked the chagrin of his unfortunate victims. The music intermingled throughout the speaking was particularly attractive and well executed, and a pleasant afternoon was enjoyed by the small but appreciative audience present.

Upon the conclusion of the speaking, the class marched out and across the campus to the front of Alumni hall where the ivy was planted, followed by the singing of the class ode by the class.

SOPHOMORE HOP

In the evening following the exercises of the afternoon the sophomore class tendered a hop to its many friends in the gymnasium.

The hall had been tastefully decorated with bunting of blue and white and attractive and comfortable cozy corners arranged about in convenient places. Music for dancing was furnished by Pullen and the festivities were continued until past midnight, when special cars for Bangor and Oldtown carried home the tired and foot-sore dancers. The weather was warm and intermission furnished a delightful opportunity for a stroll among the trees and shady nooks of our charming campus, which was taken advantage of by many parties. All voted the third sophomore hop a decided success and look forward to many more brilliant social functions to be given by the same class.

The Swell Young Man

wants life, dash and ginger in his suit and overcoat. He wants more coloring, more fashionable curves and kinks than the older and more conservative dresser. We have caught the spirit of the young men's wants and have suits and overcoats as smart and swell as his heart can desire. "**Boston Made**" clothing are perfect in every detail of fabric, fit, style and workmanship. If you are not already one of our customers give us a trial on your next clothing wants.

ferns, and syringas, behind which were seated President Fellows, Dr. Nathaniel Butler, Rev. W. B. Dukeshire, and Rev. Mr. Woodwell.

During the prelude on the organ Professor Karl P. Harrington, the speakers and the graduating class marched in and took seats that had been reserved for them.

President Fellows opened the services by reading the 84th Psalm after which a quartette composed of Mrs. G. E. Fellows, soprano, Mrs. W. A. Nelson, contralto, Mr. Asa C. Morton, tenor, and Mr. Harry W. Libby, bass, rendered the anthem: "The Radiant Morn Hath Passed Away," by Rev. H. H. Woodward. The Scripture lesson was read by the Rev. Mr. Woodwell, followed by a solo by Mrs. Nelson, who sang Gounod's "Oh, Divine Redeemer!" with all the fullness of a rich contralto voice. Prayer was offered by Rev. W. B. Dukeshire; the quartette then sang "Hear Our Prayer," by Theodore Salome. The selections by the quartette were especially well rendered and it is doubtless if a similar occasion can be recalled on which the music was more gratifying throughout.

President Fellows then stepped forward and in a few brief expressions of pleasure at being privileged to welcome one so well known and honored throughout the state and country, introduced as the speaker of the evening, Nathaniel Butler, D.D., of Chicago.

Introductory to the subject of his sermon, Dr. Butler dealt with the general topic of education which he asserted had for its object the completion of finishing of men and women for complete social efficiency. Separating the new from the old education, he proceeded to show wherein the old fell short in its completeness and conclusively proved the superior advantages of the modern, technical and liberal arts education.

Dr. Butler said, "that the purpose of education is to fit us for social efficiency. The older forms of education dealt principally with the intellectual training. Physical, intellectual, social and spiritual education have been taught separately in the past, but the education of today deals with all four branches and throws rays of light on all sides."

He spoke chiefly on the religious side of education and took for his chief subject, The Assured Certainty of the Christian Faith. He said that "a great deal of precious time had been spent and wasted in trying to solve the Trinity, the Incarnation and other sacred mysteries, but all to no avail. All these mysteries should be accepted by us without hesitation, for they are given to us by God. We are surrounded by mysteries. The germination of the seed, electricity and gravitation are all known to exist, but we do not know what they really are."

Dr. Butler dwelt for a few moments on our belief in immortality. "We must truly say that we do not know really anything of man beyond the grave. The question is often asked, If a man dies will he live again? Jesus Christ died, was buried, but came forth again from the grave and arose into heaven and in this we have our proof of immortality."

His closing remarks were addressed directly to the members of the graduating class and he told them to go forth into the world ever thinking of God and always striving to do something for the betterment of the human race and the Christian faith.

Dr. Butler possesses a wonderfully clear and easy manner of expression and could be distinctly heard in any part of the large auditorium. His discourse was listened to with the closest attention throughout.

CONVOCATION

The convocation exercises took place, Monday forenoon, at 10 o'clock. The members of the graduating class marched into the chapel headed by Marshal Dorticos and occupied seats in the front of the auditorium.

The customary services that are used at chapel service each morning during the year were carried out, opening with the organ voluntary by Prof. Harrington. Seats upon the stage were occupied by President Emery Fellows, Rev. Frank Estabrooke of Cleveland, Ohio, and Prof. James Stacy Stevens who officiated in the capacity of master of ceremonies.

ten and translated to the German by Miss Florence E. Buck, was warmly applauded and met with favor if not the comprehension of the entire audience. Ralph W. E. Kingsbury amused all as he related the many adventures and characteristic traits of various members of the class. Philip Dorticos with ease and an entirely off-hand manner made the presentations of the afternoon in which he aroused the laughter of the spectators and provoked the chagrin of his unfortunate victims. The music intermingled throughout the speaking was particularly attractive and well executed, and a pleasant afternoon was enjoyed by the small but appreciative audience present.

Upon the conclusion of the speaking, the class marched out and across the campus to the front of Alumni hall where the ivy was planted, followed by the singing of the class ode by the class.

SOPHOMORE HOP

In the evening following the exercises of the afternoon the sophomore class tendered a hop to its many friends in the gymnasium.

The hall had been tastefully decorated with bunting of blue and white and attractive and comfortable cozy corners arranged about in convenient places. Music for dancing was furnished by Pullen and the festivities were continued until past midnight, when special cars for Bangor and Oldtown carried home the tired and foot-sore dancers. The weather was warm and intermission furnished a delightful opportunity for a stroll among the trees and shady nooks of our charming campus, which was taken advantage of by many parties. All voted the third sophomore hop a decided success and look forward to many more brilliant social functions to be given by the same class.
