## SOPHOMORE HOP

On Friday night, May 5, the Sophomore class of the University of Maine, held their annual hop in Alumni hall. About 500 people were present and the occasion was most enjoyable. From 8 to 9 o'clock a reception was held with Dr. and Mrs. G. E. Fellows, Prof. and Mrs. A. E. Rogers, and W. L. Sturtevant for the class, as the receiving committee. After the reception a dance order of 16 numbers was enjoyed. The hall was decorated very attractively with long streamers of bunting, radiating from the centre of the building. There were palms and potted plants in profusion, and several cozy corners, loaded with cushions, added to the general effect. The affair was wholly informal and much praise is due the committee for the perfect management and the omission of none of the minor details that are so important.

Edward B. Davidson was floor manager, and was assisted by Bennett R. Connell, Guy E. Hayward, Walter E. Farnham, Reginald R. Lambe, Earle W. Philbrook, Fred L. Cobb, Edward T. Harlow and Porter L. Swift. Refreshments were served during the dance which lasted until a late hour. Pullen's orchestra of Bangor, furnished music. After the hop, special cars were run to Bangor and Old Town, for the accommodation of the large delegations from those cities.

The committee of general arrangements was J. H. Burleigh, chairman; H. G. Philbrook, L. J. Reed, W. W. Black, G. L. Wildes, C. E. Burns.

## THE SUMMER TERM.

The summer term is to be opened in June for what will be its fourth year. The bulletins and

announcements regarding it have covered the courses, faculty-roll, and other matter of general interest, but there are a few features of the session which may not be generally understood by the average student, and which may be of interest to those who have any idea of attending.

The school which started four years ago with a dozen students has grown rapidly, not only in number of students, but in reputation. It is becoming known outside the State, and inquiries are coming in regarding it, from new places, almost continually. There seems to be no doubt but that the present term will open with an even greater increase in numbers than in previous years. The faculty list has been increased and the number of courses will be greater than has been offered in previous years. Altogether the future, and especially the immediate future of the summer term, looks very bright.

It is probable that the number of regular students who will take the courses in the summer term, will be much larger this year. The fact that the summer session offers an opportunity to pass off arrearages has appealed to many, and there are others who have been anxious to take up additional work, but who have not been able to get it under their regular schedule.

There is another feature of the summer term that is not fully appreciated by most of the regular students, and that is the good time and thorough enjoyment that goes with the work in the courses.

Anyone who has stayed on the University campus in summer, will bear witness to the fact that the five weeks of the summer term do not go slowly. The interests, aside from study, are many and varied. There are buckboard trips into the surrounding country, steamboat excursions on the Penobscot, and, while there

are no organized athletic teams, canoeing and tennis are at their height. In fact the student soon finds that there are more ways of killing time than he has time to kill.

The following list of lectures is to be added to the curriculum. They will be given for the most part by the members of the summer term faculty, on convenient evenings. While they are intended primarily for the students, the general public will be invited to attend them.

- June 28, The Development of Modern Germany.....  
DR. G. E. FELLOWS.
- July 5, Modern Theories of Matter.....  
PROF. J. S. STEVENS.
- July 6, The Use of the Observatory.....  
PROF. J. N. HART.
- July 11, Schiller.....  
PROF. J. P. WORDEN.
- July 13, Some Characteristics of Poetry.....  
PROF. H. M. ESTABROOKE.
- July 18, Longfellow and his friend, Freiligrath.....  
DR. J. P. WORDEN.
- July 20, Teaching of Pedagogy.....  
W. W. STETSON, State Supt. of Public Schools.
- July 27, How to Use a Library.....  
PROF. R. K. JONES.

#### Y. M. C. A. CONVENTION.

The thirty-third State convention of the Young Men's Christian Association was held at Bath, May 5-7, and was attended by one hundred and thirty-six delegates from the local, railroad, army, college and preparatory school associations of Maine. There were several speakers present from outside the State, including Rev. S. D. Gordon of Cleveland, Ohio, and C. C. Michener of New York. The several addresses by these two speakers were the best enjoyed portions of the program of the session.

Mr. Charles W. Gilkey, student secretary of the East, had charge of the conference for the students, which was held Saturday afternoon and evening. A large delegation was in attendance from the preparatory schools and colleges, Hebron sending eight men, and the others from three to seven. The University was represented

by five men: H. L. Churchill, '06, C. H. Johnson, '06, R. S. Sherman, '06, H. F. Bickford, '08, and S. E. Abbott, '08. W. L. Sturtevant, '07, and R. S. Coffin, '07, Blake McKenney, special, were present, being with the Bangor city association delegation.

#### JUNIOR WEEK

But a short time now remains before Junior Week will be here. The schedule for the week has been completed and all the more important details concerning the different exercises have been arranged. The Juniors have worked hard to get the scheme through and it can be said to their credit that they have succeeded admirably thus far. A schedule has been arranged that is attractive in every feature.

The faculty has given its support to the committee in charge of the arrangements in every way possible. The Ivy Day exercises and Junior exhibition have been taken from Commencement Week and placed in the program for Tuesday of Junior Week. The Ivy Day exercises will occupy the early part of the afternoon and at their conclusion will come the Military Parade by the University battalion. The Junior exhibition will be held Tuesday evening in the chapel.

The program for Wednesday will open up with the trials in tennis for candidates in both singles and doubles. The tournament will be played off for the college championship and the winners will be awarded the medals given by L. C. Southard. In the afternoon will come the Bowdoin-Maine game on Alumni field. A Junior spread is scheduled to be held in the gymnasium at five o'clock. It will be something of a new departure and it is earnestly hoped that it will prove a success. The entire college is invited to participate in the affair together with friends of the students that are on the campus.

After the spread, speeches and toasts by members of the faculty and the student body, will enliven the occasion and help break down the restraint if any exists, that everyone present may be made to thoroughly enjoy the occasion.

In the evening an open air concert and sing will be held on the lawns in front of Alumni hall. The band and glee club will be in charge. Thursday morning will come the tennis preliminaries and in the afternoon the Tufts game. The fraternities will have open house and informal receptions to alumni and friends during the evening.

The schedule for Friday includes the finals in tennis, special chapel exercises and the Junior Promenade in the evening. Junior Week closes with the Junior Promenade, although on Saturday Maine plays Colby on the campus.

The faculty has excused the juniors from all college work on Tuesday and Friday. The program for the Ivy Day exercises is as follows:

Oration .....	H. A. EMERY
History .....	F. O. STEVENS
Prophecy .....	H. W. BEARCE
Presentation .....	E. A. STANFORD
Marshal .....	W. D. BEARCE
Curator .....	A. W. RICHARDSON
Chaplain .....	REV. J. M. BROKIE
Odist .....	F. D. SOUTHARD
Poem .....	L. R. COLCORD

The speakers for Junior exhibition are the following: A. J. Butterworth, C. W. Campbell, J. C. Colcord, H. A. Emery, P. H. Glover, G. H. Hill, R. B. Kittredge, and E. A. Stanford.

For the Junior Promenade, Friday evening, May 26, F. A. Banks will be floor director and will have the following aids: W. H. Burke, G. W. Clarkson, H. A. Emery, G. P. Goodwin, H. S. Hoxie, D. N. Rogers and R. S. Sherman.

### CONCERT AT LINCOLN

The University band gave a very successful concert at Lincoln, Friday evening, May 12. The attendance was as large as could be expected and the audience showed its appreciation of the various numbers in a very flattering manner. Following the concert a dance was given by the young people. The program for the concert was as follows:

### GREENLEAF CLUB'S NEW NAME.

The Greenleaf club of the University of Maine law school has recently changed its name to the Alpha Epsilon Rho club, in honor of Prof. Allan E. Rogers. Part of its membership is made up of men from the Gamma Eta Gamma society who resigned some time ago. The object of the society is to hold legal quizzes and promote the general welfare of the school. The following are the members: A. S. Crawford, Jr., E. J. Burnham, A. H. Bridges, G. A. Cowan, O. L. Keyes, L. E. Fox, A. B. Lancaster, W. R. Roix, E. L. Wall, H. H. Lord, L. G. C. Brown, J. J. Keegan, J. H. Doyle, John Buckley, N. V. MacLean, H. E. Bangs, W. A. Johnson, E. R. Monroe, R. W. Brown, J. B. Clark, L. B. Swett, D. L. Clark, O. L. Farnsworth.

Cambridge University graduates voted on the question of the abolition of compulsory Greek in examination. The result declared shows that the proposal to abolish Greek was rejected by 1559 votes to 1052. Premier Balfour voted in favor of compulsory Greek.

### INTER-SCHOLASTIC SPEAKING CONTEST.

The annual inter-scholastic prize speaking contest will be held in the chapel, Friday evening, May 19. There will be 24 contestants, which is the largest number that has ever competed. Of these, 15 are boys and 9 are girls.

The speaking contest is held the evening before the annual inter-scholastic track meet on Alumni field, so that preparatory school men will have two events of interest to induce them to pay the University a visit. Saturday evening the musical clubs give their closing concert in the chapel, and it is probable that most of the visitors will remain to enjoy the concert.

The number of contestants in the speaking contest will be reduced in the usual way by trials in the afternoon, so that only eight or ten of the better speakers will be contestants in the evening program. An additional prize has been awarded this year, making the prizes as follows: First prize, \$20; second prize, \$10; third prize, \$5.00.

The contestants and their subjects are as follows:

S. A. Cobb, Gardiner High School. The First Trial at the New Court House at Zephath City.

Lina M. Getchell, Eastern Maine Conference Seminary. Mice at Play.

Fred J. Morrison, Thornton Academy. The Duty of the American Scholar.

Chas. Canham, Hallowell High School. The Prodigal Son.

Gardner W. Cole, Hebron Academy. The Debating Society.

Louis B. Woodward, Bridge Academy. Doussaint L'Oubertere.

Harriet E. Gorham, Bangor High School. Belschazar's Feast.

Harriet P. Sewell, Isle Falls High School. Boys in Blue.

Leon C. Guptill, Cherryfield Academy. A Son of Issachar.

C. I. Lawton, Edward Little High School. The New South.

Gladys I. Bonny, Paris High School. The Death Bridge of the Tay.

Ellen Cratty, Waterville High School. The Cigarette.

Harland Martin, Bar Harbor High School. John M. Jones.

Mae A. Taylor, Maine Wesleyan Seminary. The Resurrection.

Miles Findlen, Caribou High School. When Lisle Played Ox.

Joe Chandler, Livermore Falls High School. Napoleon's Overthrow.

Fred H. Lancaster, Maine Central Institute. Andre and Hale.

Nellie Black, Westbrook Seminary. The Honor of the Woods.

Methyl I. Decker, Mechanic Falls High School. The Felon's Wife.

Lawrence H. Bankart, Bridgton High School. The Trial of Abner Barrel.

Phillip R. Hussey, Patten Academy. The School Boy's Strike.

Marcella St. Onge, Foxcroft Academy. Mrs. Wiggs of the Cabbage Patch.

Walter M. Spear, Bridgton Academy. The Other Wise Man.

Harry L. Gerry, Ellsworth High School. The Death-bed of Benedict Arnold.

As one of the judges for the occasion, the committee has secured the services of Samuel Walter Foss of Somerville, Mass. He is an author and public reader of note and at present librarian of the public library at Somerville.

### CLASS MEET.

In the light of latter events the true import of the inter-class meet of May 6 is easily seen. It was a compound of encouraging features and disheartening events. Everyone expected that a few of the records would be broken, nor were they disappointed. Porter has set a high standard for future aspirants to reach when he won the 220 yard dash in 23 3-5 seconds. From the flash of the pistol it was Porter all the way and his long stride ate up the cinder track at a marvelous rate and constantly widened the narrow lead over Sawyer, a freshman. St. Onge lowered the record for the half mile a full second, and Thomas cut under his record in the mile attained a year ago.

A slight west wind kept the air pure and fresh without disturbing the contestants. A goodly share of these were freshmen and they showed up well. In the indoor meet they had

little to cheer about, but Saturday they took second place away from the senior sophomores.

Sawyer, Thomas, Potter, Meserve, Preble, Kendregan, were all point-winners. In Sawyer, especially, are promises of future point-winning.

The summary:—

220-yard, preliminaries 1st trial won by Lisherness '07; 2nd, Porter '06; 3d, Draper, '08. Time 23 3-5. 2d trial won by Sawyer '08; 2d, Knowlton '06; 3d, Hews. Time, 24. Final won by Porter '06; 2d, Sawyer '08; 3d, Lisherness '07. Time, 22 3-5.

Two mile, won by Witherell '08; 2d, Thomas '08. Time, 11, 23-6.

Pole vault, won by Shaw '05, 10 feet, 8 inches; 2d, Rogers '06, 10 feet; 3rd, Kendregan '08, 9 feet 4 inches.

Putting 16 pound shot, won by Bennett '06, 34 feet 11 1-2 inches; 2d, Weymouth '06, 34 feet 10 inches; 3d, W. D. Bearce '06, 31 feet 1 inch.

High jump, won by Shaw '05, 5 feet 6 inches; 2d, Goodwin '06, 5 feet 5 inches; 3d, Meserve '08, 5 feet 4 inches.

Hammer throw, won by Bennett '06, 105 feet 6 1-2 inches; 2d, Weymouth '06, 99 feet 3 inches; 3d, E. F. Bearce '05, 95 feet.

100 yard dash, preliminaries, 1st heat won by Porter '06; 2d, Harlow '06; 3d, Draper, '08. Time, 11. Second heat won by Currier '06; 2d, Sawyer '08; 3d, Clayton '07. Time, 11 1-5. Final won by Porter '06; 2d, Currier '06; 3d, Sawyer '08. Time, 10 2-5.

Half mile, won by St. Onge '07; 2d, Bearce '06; 3d, Prescott '08. Time, 2.8 3-5.

120 yards hurdle, preliminaries, first heat won by Currier '06; 2d, Sargent '08; 3d, McClure '05; second heat won by Sweetser '06; 2d Miner '08; Matheas '07. Time, 19 2-5. Final heat won by Currier '06; 2d, Miner '08; 3d, Sargent '08. Time, 17 4-5.

440-yard dash, won by Wyman '07; 2d, Colby '06; 3d, Lisherness '07. Time, 53 2-5. One mile, won by Thomas '05; 2d, Preble '08; 3d, Potter '08. Time, 4-55.

220 yard hurdles, won by Currier '06; Clayton '07; 3d, Fish '08. Time, 28 3-5.

Broad jump, won by St. Onge '07, 19 feet 10 1-2 inches; 2d, Currier '06, 10 feet 5 inches; 3d, Harlow '06, 9 feet 4 inches.

Dicus, won by Weymouth '06, 101 feet 7 inches; 2d, W. D. Bearce '06, 98 feet 4 inches; 3d, Bennett, 97 feet 5 inches.

First place counts five. Second counts 3. Third counts 1.

## EDITORIALS

It was incorrectly stated in the last issue of THE CAMPUS that the football schedule had been completed and approved by the faculty. Neither statement was correct, but the article was allowed to go in through a misunderstanding. As a matter of fact, it is probable that a game will be arranged with Dartmouth, who is anxious to play us, although this statement is not official.

### A Correction.

At a meeting of the sophomore class held Thursday of last week, the editor-in-chief and the business manager of the 1907 Prism were elected.

### 1907 Prism Board.

Thomas Angelo Malloy of Lewiston, received the honor of editor-in-chief and Elmer Josiah Wilson of Lynn, Mass., was chosen business manager. The artist is to be chosen at a later meeting, while the associate editors will be selected by the editor-in-chief.

An article recently appeared in the *Tech* stating that five men had been dropped from the track team at M. I. T. for indifferent training. We can not refrain from wondering if similar treatment would not have a wholesome effect on the general spirit of many of the athletes on our various athletic teams. If a thing is worth doing, it is certainly worth doing well. Strict, conscientious training should never be compromised, and it is the duty of the coaches, captains and managers to insist that it isn't.

This issue of THE CAMPUS contains a short article on Junior Week. The program that has been arranged for the week we believe to be a good one, and it ought to appeal to every student in college. The juniors have worked hard in getting the custom started and in arranging an attractive program with all the attending detail. They have succeeded admirably in their preparation, but it falls upon the students in general to make the execution of that program a success.

We are all proud of the fact that we now have a Junior Week, and we all appreciated the need of it. Now it remains for us to enjoy it and to make it a personal point to see that as

many of our friends enjoy it as possible. It will be an ideal time to entertain friends whom we are anxious to have see our beautiful Campus at its best, and Junior Week will be a dull time without them.

In another week we will have upon our hands the athletes and students from the greater part of the more important preparatory **Prep. School Men.** schools in the State. Many of them are probable members of the class of 1909, and there are many more whose decision will be made largely from the treatment they receive and the impressions that they gather from this visit. It is up to us to see that they get a true glimpse of the real life at our University. We should make it a personal point to bring them in contact with the good fellowship that exists here and to make the visit one of real pleasure for each of them. We need good men in our entering class and these are the fellows we want. There are many interesting phases of our college life that they cannot get in so short a visit without personal attention on our part.

Now that the University has accepted the new Musicial Association as a needed feature, it remains for all the students to help **From the Musical Association.** in the first good work of that body. It is proposed to have a complete list made out of all preparatory men who are interested in musical work, either instrumental or vocal, and to use this list during the coming summer, in trying to induce these men to become members of the University.

We know the present high standing of the several musical organizations, and it ought to

be a matter of local pride to every "Maine" man, to assist in any way possible in helping to maintain this high grade of excellence.

This means then, that if you know of any man about to enter some college, who might become a candidate for any of the several musical organizations, it is your duty to see that the name of this man reaches the college office just as soon as possible.

Attend to this matter at once and you will help a worthy cause.

In our last issue we gave an intimation of the fact that an effort is being made to print **THE CAMPUS** weekly next year. We would like to take this matter up in the **W. R. Hearst** editorial style, and keep at it until the first issue of the new paper appears, but perhaps the desired change can be accomplished without adopting such strenuous methods. At any rate, we feel that the change must come about if we are to make any great improvement in the paper. The fact that we are about the only college of our size that fuddles along with a bi-weekly, ought to be sufficient incentive for the change. The real difficulties come up in the business department and the large increase in the expense account is the hardest feature of the problem to adjust. It may be necessary to increase the subscription price of the paper to two dollars, but we feel sure that the change in the quality of the paper will more than off-set the increase in price, which may result for a few years, and while we ask the student-body, alumni and faculty, to stand back of us as loyally as they have in the past, we feel sure that we can make the paper one that they will want for its own merits and for the interesting bits of college news and records that it may contain.

Resolved, That the University of Maine should be the only college in the state to receive state aid was the subject of the debate held May 2. Jordan, '07 and Sherman, '06 spoke on the affirmative while Ellis, '08 and Wakefield, '06 upheld the negative. The decision was given in favor of the negative as regards the merit of the argument. At the close of the debate a short business session was held at which the following executive committee was appointed to have charge of the meetings for the next six weeks;—R. S. Sherman, '06, S. F. Pierce, '07, M. H. Wakefield, '06.

The subject of the meeting, May 9 was, Resolved, That a deficiency of one credit should debar a man from participating in athletics at the University of Maine. Affirmative, R. L. Mitchell, '08, S. B. Locke, '08; Negative, M. A. Sturtevant, '08, S. F. Pierce, '07.

### A MUSICAL FEDERATION

On Tuesday of last week an important and very desirable step was taken by the musical organizations of the University. A meeting was called which resulted in a federation of the different organizations into one association to be known as the University of Maine Musical federation. Its object will be to promote the musical interests of the University, prevent discord between the different organizations and to act as a general head for all departments. The different clubs are to be distinctive as formerly, each controlled by its own manager but these in turn will be under the general head of the association.

In the spring of each year it is planned to hold a combination concert as the closing musical event of the year. The proceeds of the concert are to be used to send some one of the clubs to some town where they are needed but where it has been impossible for the manager of the club to give a concert for financial reasons.

The association will hold two annual meetings, one in the spring and one in the fall. The annual election of officers will take place in the spring. One of its main objects will be to supervise the arrangement of the schedules of the different clubs so that there will be no conflict or feeling aroused.

The official board will consist of five directors, a president, and the faculty member who is on the Musical committee.

In connection with its other work the federation is to keep a record of all the musical men in the various preparatory schools and if possible look them up and interest them in the work of the association. Elmer J. Wilson, '07, is to have charge of this department for the coming year.

## THE BASE BALL TRIP

A very incomplete record of the early games of the trip appeared in the last issue of THE CAMPUS, and while the details of these games have now become matters of history, we will give the summaries, in hopes that they may serve at some time, as a useful record.

The Vermont games:

The following clipping appeared in the Burlington daily the morning after the game:

A large body of students marched to the Van Ness House last evening and gave the University of Maine boys some rousing cheers. Pitcher Frost was declared all right, likewise the whole Orono team. The Maine players gave their yell in response. They have conducted themselves with the utmost good taste on the diamond and have made many friends here among lovers of the national sport. It is hoped that the Maine club will come over again next season as the two games with this team have been mighty interesting.

## MAINE 10, HAVERHILL C. C. 8

The Haverhill cycle club base ball nine played its first game of the season to-day, being defeated by the University of Maine in a listless contest, 10 to 8. Neither team exerted itself, owing to the extreme cold weather. The feature of the game was the hitting of Burns. The local team lost the game through inexcusable muffs by Quinn and Cole, which netted three runs in the eighth inning. The score:

## TUFTS 2, MAINE 1

Tufts won the first of the two games between the two colleges in an errorless game. It was a clean exhibition of fast baseball. Mitchell was in the box for Maine and did great work, allowing but two hits. Maine got her run in the fifth inning. Gordon got to first on a fielder's choice and stole second. Roper picked up

Burns' grounder, and in throwing to third hit Gordon, who was running, and the ball bounced into the bleachers, allowing Gordon to score.

For Tufts, Lamb got a base on balls in the second inning, stole second, and scored on Sullivan's hit. In the fifth inning Fisher got his base by being hit, stole second, and was scored by Nickerson's hit. Tufts got two men to third base in the fourth inning, but at no other time was there any danger of scoring by either side. The score:

## YALE 5, MAINE 3

The game with Yale was a clean exhibition of baseball. The team gave Frost good support and showed up strong at the bat. In the fourth inning, Maine tied the score and the Yale pitcher was taken out and Emerich, a freshman, put in the box. Bunched hits in the second and sixth innings won the game for Yale. The score:

#### LYNN ASSN. 11, MAINE 4

The Lynn association team defeated the University of Maine team on the Ocean Park grounds Thursday, May 4, 11 to 4. Lunt and Thatcher did the pitching for the visitors and got poor support. The playing of the Lynn team was also somewhat loose, Long making three errors, which, with a hit that went through Burke's hands in right field, gave the college men three runs. The score:

### THE BATES GAME

Maine lost to Bates, Wednesday, May 10, by the smallest possible score. Only once did a runner of either team cross the plate. It was in the second inning, Bates was at the bat. The first of the visitors up knocked out a pretty hit and was sacrificed to second. Then a ball over third which rolled into left field and through Chase, scored him. For the remaining seven innings the two teams split even. Hits were few and far between, strikeouts numerous, and it was seldom that a man passed third.

Maine went to the bat and "Doc." Thatcher was the first man up. It was foul, foul, and fan with Doc, and then came Lunt, who started the music by a singing single to right, and stole second while Capt. Cousins was striking out. Mitchell was out on a little one, Johnson to Kendall. For Bates, Lord laced a hot one to Thatcher, who threw a bit wide, and the Bates man was safe. Doe struck out. Austin lifted a high fly to Lunt, who doubled it to Collins, Lord having gone down to second and neglected to come back.

In the second, for Maine, it was one, two three. Chase and Frost struck out and Gordon popped to Kendall. Bates did better. Wight led off with a clean single to short centre and went to second on an artistic sacrifice by Wilder. Ralph Kendall then came up and banged a nice single to left, scoring Wight, and going to second while Chase was fussing with it. Kendall went to third on Bowman's out; Burns to first, but was stranded when Frost fooled Rogers into striking out.

It looked like a run for Maine in the third. Moody surprised Johnson by a little bunt which the Bates pitcher fumbled. Then Moody went down to second on the first chance, and also

purloined third. In the meantime, Burns and Fletcher struck out. Lunt made a good try, but Doe got his long fly.

For Bates, Johnson struck out, Lord was neatly retired by a good throw by Burns, Doe got a life on a bad throw by Thatcher, but was left, Austin going out, Moody to Collins.

In the fourth, after Collins had struck out, Mitchell found the ball for a hard drive to right which looked good for two bases, but wasn't, as Rogers was there. Chase was easy, Johnson to first, and Frost was retired on a grounder to Kendall. For Bates, Wight was out on a hot one to Burns, very neatly handled. Wilder put one in the same place, and this time Burns slipped up, and Wilder was safe on the excusable error, then stole second. Kendall popped a high fly to Collins and Bowman struck out.

Gordon, the first man up in the fifth, struck out. Moody drove a high fly to right which Doe should have caught, but he lost the range and made a bad miss of it. Burns popped an easy fly to Austin, who scooped it and put the ball on Moody, making a one-man double play. For Bates, after Rogers was out on a fly to Burns and Johnson had fanned, Lord smashed a good drive to centre and went to third on Gordon's wild throw to head off a steal. Doe had a chance to get another tally for his team, but an easy one to Frost was the best that he could do.

With the opening of the sixth the rooters began to get anxious, and called for a hit. Thatcher gave Bowman a chance to make a circus catch of a high foul fly. Lunt couldn't connect. "Pat" Collins landed hard, but his nice fly went into the hands of the Bates centre-fielder. Bates made a bid for more runs in her half. After Austin was out, Frost to Collins, Wight hit out a single, stole second and third but was left there, Wilder striking out and Kendall's good attempt being smothered by Thatcher, who whipped the ball across to Collins in his best manner. No runs, but very near it.

Maine was one, two, three in the seventh, Mitchell and Frost striking out and Chase going out on a high foul fly. The same took place with Bates, two strike-outs and an easy one, Frost to Collins.

In Maine's eighth after Gordon had struck out, Moody got a base on balls and stole second starting great cheering. Burns popped up a fly to Austin. Thatcher had a chance to do something but struck out, and another chance was gone. Bates sent but three men up. Frost struck out Lord, greatly to the delight of the bleachers, Doe was easy on a pop to Frost and Austin's grounder was scooped in by Collins.

Maine went in for the ninth with her heavy batters up and excitement was high. Lunt had been doing well, but was too anxious, and struck out. Collins hit the ball all right, but Doe squeezed it for keeps. Then "Gussie" Mitchell came up and laced a vicious one at Austin, who made a lurid throw to Kendall. The ball went wild and into the crowd. Mitchell went to second, but was headed off at third.

#### U. OF M. 2D 6, E. M. C. S. 5

Assistant Manager Hayward of the University of Maine base ball association, took his snappy bunch of ball tossers down to Bucksport Saturday, and beat the boys from E. M. C. S. by the close score of 6 to 5.

"Quint, the hero of Sanford," pitched a good game for U. of M. second. He was effective at all stages of the game, and all the Bucksport lads could do was to make a single hit. He gave only three bases on balls and these to one man. Hiram Dow, who played center field, hit well, as also did Quint.

The game was called at the end of the sixth. Quint in a slide for the plate collided with Mattocks, whose knee-cap was dislocated and he was obliged to leave the game. The captains then agreed to call the game. The score:

Ellis Ward, coach of the crews at the University of Pennsylvania has decided that every candidate must be able to swim, and no oarsman allowed to go in the boat until he can swim twice the length of the gymnasium pool, a distance of 200 feet.

## TENNIS.

During the latter part of the week the tennis men were busy working out their trials for the tennis team that is to represent Maine at the inter-collegiate tournament, which opens in Lewiston, May 16. The trials were not far enough advanced to report the make-up of the teams in this issue, but four, five, or possibly six men will be taken on the trip. Two teams in doubles, and two teams in singles, will be entered. There are more fast tennis players working for places on the team than ever before, and it looks as though Maine should make a very creditable showing. Among the more promising candidates are the following: Capt. J. H. McClure '05, M. R. Lovett '06, R. B. Kittredge '05, G. S. Owen '06, R. S. Tabor '08, R. Mitchell '08.

## AMONG THE COLLEGES

At Yale about sixty-five men have reported for spring football practice.

After this year the custom of having graduation theses will be abolished at Columbia

A branch college has recently been established by Yale in the Province of Hunan in China.

Amherst is to have a new swimming pool. It is a gift of Harold I. Pratt of the class of 1901.

Virginia and Georgetown have settled the trouble between them and athletic relations will be restored.

A gift of \$100,000 has recently been given to Columbia by Jacob H. Schiff for the endowment of a chair of social work.

The residence of the late Mrs. Jane Stanford has been bequeathed to Stanford University. The house, with its grounds and contents, is valued at \$2,300,000.

A movement has been set on foot by the trustees of Princeton to raise \$2,500,000 with which to install a system of tutors and preceptors to enable the teaching of the students in small groups.

Sigma Delta Sigma, recently organized at the University of Wisconsin, takes its members from both the men and women students. Its career will be watched with considerable interest by the college world.

### Cornell University Medical College

NEW YORK CITY.

The course covering four years begins during the first week in October and continues until June.

A preliminary training in natural science is of great advantage.

All the classes are divided into small sections for recitations, laboratory and clinical bedside instruction.

Students are admitted to advanced standing after passing the requisite examinations.

The successful completion of the first year in any College or University recognized by the Regents of the State of New York as maintaining a satisfactory standard is sufficient to satisfy the requirements for admission which have lately been raised.

The annual announcement giving full particulars will be mailed on application.
