THE MAINE CAMPUS

Vol. IX

BANGOR, MAINE, APRIL 21, 1908

No. 23

TRACK OUTLOOK.

Immediately after the Easter recess all track team candidates began strict training for the various meets which are to be held in the spring. As early as possible the men began work outdoors, running on the indoor track however when the weather or track conditions were unfavorable. At present the outdoor track is in fairly good condition. The top surface of about three inches is quite dry, while below this is frost to a depth of some five or six inches. As soon as the frost is entirely out of the ground, it is planned to replenish the supply of cinders which will much improve the condition of the track, and make better work possible. The work in the weights is being carried on largely indoors.

The number of men who are out for track this spring is larger than ever before, the freshman element being particularly large. Maine's strongest points lie in the track events rather than the field events, and it is in the latter especially that there is much need of good material.

The first meet of the season is the dual meet with Massachusetts Tech which occurs the 2nd of May. This will be held at Boston, and probably twenty men will be sent to take part. Trials for this will probably be held about April 25th.

May 9th, the interclass meet will come off which will make an excellent try out for the men competing in the State meet at Brunswick on May 16th. It is on that day that Maine wants to show up "the goods" and win a victory that will be long remembered in the annals of track athletics. The latter is the meet which the student body is the most interested in, and there will be few Maine men in Orono or the vicinity on that day.

The last meet of the year in which Maine is

represented is the New England meet, at Worcester, scheduled for May 24th. Probably five or six representatives will be sent to participate.

Among the freshmen who are showing up to the best advantage in track athletics are Whitney, who now holds the indoor record for the 2-mile; Smith, who is making good in the hurdles; Pond in the dashes; while Bearce, Waldron and others are showing up well in the weights.

In the class of '10, those from whom the most is expected are Fortier, Hicks and Dyer, in the distances, with Littlefield and Cook in the dashes. Among the upper-classmen, Torrey, '09 in the quarter; Bean, '08, who holds the present outdoor record for the half mile; Higgins, '09, in the high and broad jump; Meserve, '08, in the high jump, and Farwell, '09, in the weights, are all old men and upon whom much is depended.

While as before stated, Maine's weakest points lie in the field events, yet on the whole there can be no question but that Maine will put out one of the strongest all round track teams that ever represented the University, and one that will be a winner.

SENIOR CLASS MEETING.

At a meeting of the Senior class held last Thursday it was voted to hold the Senior Banquet on Monday, May 18th. This date was selected because it was the only date that permitted all the members to be present. The banquet will probably be held at the Penobscot Exchange. The members of the graduating class of the Law School have expressed their intentions of being present. It also was voted to post the names of all that were back in their class dues. The date which was set for this was April 25th.

DELTA SIGMA ABSORBED BY THE ALPHA OMICRON PI SORORITY.

The Delta Sigma Sorority of the University of Maine was admitted to the national sorority of Alpha Omicron Pi. The initiation was held at the Bangor House on Thursday afternoon and was followed by a banquet in the evening.

Alpha Omicron Pi is one of the leading sororities of the country and has a total membership of 300 with 125 active members. The active chapters are as follows: Barnard, California, Neraska, Newcombe, New York, Randolph Macon and Tennessee.

There were two delegates from New York who conducted the initiation, Mrs. George V. Mullan and Miss Elizabeth I. Tomes.

Delta Sigma was established in 1901 by the union of two local societies, Alpha Delta Sigma of Tufts College and Delta Sigma of Brown University. In 1903 the local club of Phi Gamma at the University of Maine was absorbed by the Delta Sigma sorority, forming the Gamma chapter at Orono, and these three chapters completed the roll.

The active members of the chapter who were admitted to Alpha Omicron Pi are: 1908, Misses Anna C. Bean and Sarah E. Brown; 1909, Misses Florence E. Harvey, Mattie G. Knight, Mary W. Knight, Irene C. Richardson, and Florence P. Chase; 1910, Misses Frances W. Huntington, Edith L. Jordan, and Bernice E. Watson; 1911, Misses Imogene M. Bumps, Mildred L. Prentiss, Annie H. Gilbert, Florence E. Brown, Edith C. Weld, Frances Kelley, and Helen W. Averill. Among the alumni who were initiated are: Mrs. E. A. Balentine, Misses Ola H. Perrin, Marion Balentine, Joanna C. Colcord, Mildred Mansfield, Emily Hamlin, Gertrude M. Jones, Ida Bean, Marguerite D. Pillsbury, Maude B. Colcord, Lennie P. Copeland, Frances M. Webber, Cecilia M. Rice and Edith Buzzell.

Mrs. George E. Fellows has recently returned from an extended visit to New Orleans and Chicago.

CAMPUS BOARD ELECTION.

At a meeting of the CAMPUS Board held Wednesday noon April 15th, the officers for the coming year were elected. Howard L. Farwell, '09, was elected editor-in-chief; Robert B. Cruickshank, '10, managing editor; Joe W. Gerrity, '09, business manager; Kent R. Fox, '10, assistant business manager; and Harry M. Woods, '10, was elected alumni editor to fill the vacancy caused by the resignation of Frederick D. Knight, '09. Three associate editors were also chosen: Harold W. Wright, '10, Sumner Waite, '11 and Ashton H. Hart, '11.

The former editor L. R. Lord, '08, reviewed the past year and expressed his appreciation of the work done by the Board during the year. The new officers of administration will have charge of the next issue.

EXECUTIVE COMMITTEE MEETING.

The regular meeting of the Executive Committee of the Athletic Association was held in the Library, last Tuesday evening, April 14th. It was voted that the sub-committee on track athletics be authorized to send out invitations for the Interscholastic Meet which is to be held on May 29th, if it is possible.

The sub-committee on tennis recommended that the manager be chosen. Mr. Horace Parker, '09, was elected manager for the season of 1908.

A report was read from the treasurer in which he gave some figures as to the probable condition of the Athletic Association at the end of this year. He also gave the number of the students in each class that had returned their athletic tickets. They are as follows: Seniors, number in class, 67, tickets returned, 9; Juniors, 112 in class, returned 16; Sophomores, 132 in class, 45 returned; Freshmen, 182 in class, 105 returned. Specials, 156 in number, 29 returned.

The question of forming an Interscholastic Basket Ball League was talked over at con-

siderable length and a committee of Prof. Jones, Fred Morton, '08, and J. G. Scales '09, was elected to look into the matter in more detail.

JUNIOR CLASS SMOKER.

Last Friday evening, April 17, a new idea taking the form of a smoker was added to the list of college functions by the Junior Class. Many weeks ago, the plan of holding some class social function, with the object of increasing the class spirit and enthusing into the members a feeling of good fellowship, was brought before the class. Everything indicated that a smoker would be the best way to attain the desired aim, and a committee consisting of B. L. Roberts, E. L. Towle, W. A. Carter, E. O. Pray and G. E. Torrey was appointed to go ahead and arrange plans. In this manner was the "Junior Smoker" brought before the University.

The smoker was held at the home of the Condukeag Canoe Club at Hampden Upper Corner. The party left the Campus on the 6.40 car and arrived upon the scene of festivities about 8 o'clock. After a hearty reception by the members of the Club, the committee passed around the "smokes" and immediately the air became blue.

Impromptu songs and music by those who brought along their instruments, were warmly applauded at various times during the evening. Elton LaForrest Towle, the president of the class, acted as toastmaster, and those who were not called upon for a "speech" were few indeed. Many a forgotten incident that had happened in the history of the class was recalled as well as those pertaining to the University in general. Towards the close of the evening light refreshments were served by Fox & Adams, the Bangor caterers.

It was with greatest reluctance that those present left the comfortable quarters of the Club house at 11.30. A special car was waiting to take the members back to the Campus after what was accorded by all to be one of the most enjoyable affairs which they had ever attended.

ANNOUNCEMENT BY THE PRESIDENT OF THE ATHLETIC ASSOCIATION.

Last Thursday morning the abbreviated service was used, that J. T. Kendrigan, '08, president of the Athletic Association could make an announcement to the students. Mr. Kendrigan presented to the students the exact condition of the Athletic Association as it is today and then told the condition the Association would be in, according to the reports that the managers of track and baseball have turned in. A short while ago the managers of track and baseball were requested by Capt. Brown, treasurer of the association, to pass in a list of all the expenses that would occur. It was upon those reports that the probable condition of the Association was based. As Mr. Kendrigan explained, every other year is an off year for the Athletic Associations, the year when we play two of our state football games away from Orono, and this year being our "on" year, everything should be done to put the Association firmly on its feet. He also read the figures that were obtained from the treasurer, showing the number of students in the various classes that had returned their athletic tickets. They are as follows: Seniors, 67 in class, 9 returned; Juniors, 112 in class, 16 returned; Sophomores, 132 in class, 44 returned; Freshmen, 182 in class, 105 returned; and Specials, 56 in number, 29 returned. Mr. Kendrigan said in part: "It is indeed a very deplorable condition, one that the Sophomores and Freshmen should be heartily ashamed of and in fact I do believe that they are ashamed of the showing they have made. For this reason the Athletic Association has postponed the date when the discount will be granted, until April 25."

At a recent convention of university presidents held in Chicago, resolutions were adopted to the effect that Congress should be petitioned to appropriate the sum of \$500,000 for the establishment of a national university for the purpose of training graduates in the many lines of governmental work.

THE MAINE CAMPUS

Published Tuesday of each week during the college year by the students of the University of Maine

11 State St., Bangor, Me.

BOARD OF EDITORS

Editor-in-Chief

Business Manager

W. D. TRASK, 1908

Assistant Business Manager

J. W. GERRITY, 1909

Terms: \$2.00 per year, on or before Nov. 1st; single copies 10 cents.

All business communications should be addressed to the Business Manager.

Back numbers will be furnished all those desiring them upon application to the Manager.

Contributions from undergraduates and alumni are earnestly solicited. They should be addressed to the Managing Editor.

BANGOR CO-OPERATIVE PRINTING COMPANY

EDITORIAL.

THE recent accident in which several students were injured, owing to the congested condition of transportation at the time of the Military Hop shows up the wretched transportation service to and from the campus on the occasion of social functions, games and similar affairs. The University furnishes a considerable part of the patronage of this line, and a condition of affairs whereby students would at

least be enabled to obtain a foot-hold on the inside of the cars on special occasions would be gladly welcomed by all members of the University community.

WITH this number of the CAMPUS the present managing staff retires from active duty on the paper. At the beginning of the year the paper started under the old system, with a board consisting of an editor-in-chief and associate editors, thus practically delegating all the work of news-gathering, editing copy, proof reading and other incidental duties upon one man. This system tended to unbalance the work on the paper, putting all the responsibility and work in one place and lessening the interest and benefits derived from work on the paper by other members of the board. About the middle of the year the board was reorganized, dividing the work of news gathering from the different departments, editing and proof reading, among the members of the board so that each department was in charge of a man responsible for it, the whole to be under the supervision of the editor-in-chief. This system has worked to such good advantage in increasing the interest taken in the paper by each member of the board, that it may be stated with entire truth that each individual member of the CAMPUS Board has done more work upon the paper this season than before for many years. In time this system should operate for a much better efficiency in news gathering as well as less mistakes in the subject matter and a maximum amount of interest in the University newspaper. It is to be hoped that this system will be continued and developed to its maximum efficiency.

Prof. Hurd left last Wednesday evening for Michigan where Mrs. Hurd's father is very sick.

THE LITERATI.

The Literati held one of the most pleasant meetings of the year last Tuesday at the home of Dean Stevens. The meeting was for the purpose of uniting the students of the College of Arts and Sciences in an endeavor to promote the interests of that college. A musical program was thoroughly enjoyed and comprised a piano solo by Miss Merrill, '08, a reading by M. E. Fassett, '10, a vocal solo by Claude Boyle, '08, a reading by Raymond Fellows, '08, and a piano solo by Miss Huntington, '10. Light refreshments were served and the meeting adjourned, after extending a hearty vote of thanks to Dean Stevens for his hospitality.

INTER-FRATERNITY BASEBALL LEAGUE.

Among the fraternities at the upper end of the campus an Inter-Fraternity Baseball League has been organized. The members of the team are composed of sophomores and juniors who have been taking the course in physical training, and who have elected this form of exercise as an equivalent. The schedule has not as yet been completed but the interest in this league is very high and the league should be a marked success.

THETA CHI HOUSE WARMING.

The Theta Chi Fraternity will hold their house warming in honor of the completion of their new chapter house next Thursday evening, April 23, and a general invitation is extended to members of the University to visit the fraternity in its new home at this time. The affair will be informal.

Invitations have been sent out for a reception and dance to be held Friday evening at the chapter house. This will be strictly formal. A special car will leave the house for Bangor at one o'clock for the accomodation of out of town guests.

The fraternity will hold a banquet Saturday night.

LAW SCHOOL

Friday evening, April 17, Dean Walz gave a very instructive and entertaining talk before the Assembly on the proposed code of legal ethics, a subject which is being largely discussed by the American Bar Association to-day. The Dean showed the weakness of the proposed system and also the strength. He suggested different ways of obviating many of the seeming difficulties.

Geo. W. Pike, Esq., of Lisbon, New Hampshire, graduate of the Law School, Class of 1905 writes that he has had four divorce cases in one week, also a case of bankruptcy in the U. S. Court, two cases in the N. H. Supreme Court, an action of deceit and an action against the town of Landraff for exceeding its given powers. Mr. Pike advocates strenuously a course on divorce procedure in the Law School. He says a young lawyer has more divorce cases than anything else and that it takes up valuable time looking up the law and procedure unless well posted. Mr. Pike has had many divorce cases and has the distinction of never having lost one.

Judge Ben B. Lindsey of Denver, will speak at the Law School, Friday, April 24. The exact hour has not been set as yet but it will probably be in the afternoon. Students from Orono are cordially invited to attend.

The case of Youngs vs. Atlantic Railroad was postponed until Monday, April 27. Justice Seavey will hand down his decision Monday, May 4.

Mr. Ernest E. Hobson of Palmer, Mass., member of the Massachusetts Legislature, has been appointed on the Judiciary Committee of the House and also been appointed to a place on the Rules, the Speaker's private cabinet.

Many complimentary letters have been sent to the editorial board of the *Maine Law Review* in regard to the first issue, among which were those of Chief Justice Emery and Warren C. Philbrook, associate attorney general of Maine. Both these prominent men speak highly in favor

of the initial number of the *Review* and predict success for the new venture.

Mr. John Dudley of Houlton, Maine, Colby 1903, and ex-07 of the Law School to has re-entered the Law School this term to finish his course.

LOCALS.

Dean W. D. Hurd lectured before the "Portland Farmer's Club" and the Cumberland County Medical Society in that city on March 25 and 26, and at Peru and Dixfield on Mar. 31 and Apr. 1.

Last Friday Miss Anna Strickland of Bangor was the soloist in chapel.

Ralph R. Day, '11, is confined to his bed as a result of an unfortunate accident which occurred on the evening of the Military Hop. Owing to the usual overcrowded condition of the cars he was only able to obtain a footing on the step, and in passing a tree struck heavily against it.

Prof. M. A. Chrysler will have charge of elementary botany in the Harvard summer school this summer. For the two previous summer terms Prof. Chrysler has been instructor. That his work has been appreciated is shown by this promotion.

Miss Maud Colcord who has been the first assistant in the Library for the past three years resigned that she might take charge of the cataloging of the new library at Presque Isle.

Cards are out for an "At Home" by the Beta Pi Fraternity for May 8.

CALENDAR.

TUESDAY, APRIL 21.

- 4.30 P. M. Meeting of Normal Bible Class, No. 1 Alumni.
8.00 P. M. "Brewster's Millions," Opera House, Bangor.

WEDNESDAY, APRIL 22.

- 11.00 A. M. President Fellows lectures on "France Under the Third Republic," Library.
7.00 P. M. Y. M. C. A. meeting at Library.
7.30 P. M. Meeting of Deutscher Verein at Mt. Vernon house. G. F. Wittig speaks on "German Influence in America."
7.30 P. M. Meeting Agricultural Club, Lord Hall. Debate: Resolved; That the sheep industry in Maine is more profitable than dairying.

THURSDAY, APRIL 23.

- 7.30 P. M. Meeting Debating Club, Library.
8.30 P. M. Dramatic Club plays "When We were Twenty-One" at Pittsfield.

FRIDAY, APRIL 24.

- 2.30 P. M. Meeting Junior Civil Engineering Society in No. 14 Wingate. J. A. Holmes of Boston will speak on the "Charles River Dam."
8.30 P. M. Dramatic Club plays in the Grange Hall at Skowhegan.

SATURDAY, APRIL 25.

- 9.30 A. M. Trials for the track meet with M. I. T. Alumni field.
6.00 P. M. Supper of Faculty Conversational Club at Beta Theta Pi House. Mr. R. K. Jones, host.

MONDAY, APRIL 27.

- 2.30 P. M. Baseball team plays with University of Vermont at Burlington.

GOING TO COLLEGE.

The fool goes to college and comes out simply an educated fool, unless he gets a large part of his foolishness hazed out of him. Brutal hazing is not to be commended, but the discipline of a student corps is good for those who may have false ideas of real life. A cad may go to college and come out an educated cad, which is worse than being a crook, because you can put a crook in jail if you can catch him at his crooked trade, whereas the cad may retain his liberty and make hundreds miserable as long as he lives.

Do not go to college with the idea that you can make a place for yourself afterwards by simply showing a nicely engraved diploma. A diploma may show that you have studied much

and gained the respect of the faculty for your efforts to improve your mind, but it will not prove your usefulness to the world. And the world wants useful men and women as it never did before. It wants practical persons, not dreamers. It wants men and women who can accomplish something, not people who can spin beautiful theories. It wants good citizens, not educated clowns.

Go to college by all means, but go with an open mind. And keep your mind open. If you find things in the text books that disagree with what you have proven by experience, do not accept such teachings. If you find students who want to draw you into forbidden paths, avoid their lures. And when you come back into the work-a-day world, still keep your mind open. The man or woman who cannot learn something every day is of small use. Real knowledge makes people humble, not puffed up.—Binghamton Press.

INTERCOLLEGIATE ITEMS

According to the 1907 *Howitzer*, the annual publication of each successive first year class at West Point there are seventy six fraternity men in the institution. Those in the lead, numerically, are Sigma Alpha Epsilon with eleven; Phi Delta Theta, with six; Sigma Chi, with five; Delta Kappa Epsilon, with five; and Beta Theta Pi, with four.

Johns Hopkins University at Baltimore has made a departure from its old regulations and will admit women students for the first time at the beginning of the next college year. The change has not been carried through without some difference of opinion, but the officers of the University are said to be quite unanimously in favor of making the University coeducational.

Students of Harvard have petitioned Dr. Eliot, president of the college, for the establishment of a department of journalism. Many of Harvard's graduates take up journalistic work. Mr. Bliss Perry, editor of the *Atlantic Monthly* has

been mentioned as a possible head of the department.

About 2,000 students of the University of Michigan showed their determination to have their college cheers and customs respected at Ann Arbor, in the form of a small riot. One of their number persisted in giving the college yell in the Star Theatre and was forcibly ejected by a special policeman in the employ of the theatre. The student body felt insulted and gathered around the theatre with clubs and missiles. After the students had wounded several of the police and practically demolished the theatre, President Angell, Dean Hutchings and Mayor Henderson of Ann Arbor vainly, pleaded with the students to disband. The students refused and the crowd kept together until long after midnight, completing the destruction of the theatre.

While several of our American universities and colleges are celebrating their fiftieth and one hundredth anniversaries, the Mohammedan University at Cairo, Egypt, is celebrating its one thousandth anniversary. None of us can look forward to the celebration of the one thousandth anniversary of an American university, and in the face of rapid American advancement, guess what will be the status of university education at that time.

The *Engineering Record*, discussing the subject of technical education, thinks the American technical schools are doing too much specialization. "It would be far better if much more attention were given in the fundamental general principles underlying all engineering, precisely as do law and medical schools. Engineers should be well educated and thereby would become more effective specialists."

A PEN IN A CLASS BY ITSELF

There's no pen that gives such all-round satisfaction as Conklin's Self-Filling Fountain Pen. It's in a distinct class by itself. *It's the College Standard.* Doesn't matter where you are—in your room, lecture hall, or on the train—you can fill it instantly by dipping in any ink-well. A slight thumb pressure on the Crescent-Filler does it. Cleaned in the same simple, easy way.

Conklin's Self-Filling Fountain Pen

"THE PEN WITH THE CRESCENT-FILLER"

has won distinction the world over. For student, professor, business man, professional man, and for the man who moves about, it is *the only pen*. No mussy dropper, nothing to screw or unscrew, no tool kit, no inky fingers. Ink flows as smoothly as a prize essay. No stops, no blots, balks or scratches.

Leading dealers handle the Conklin. If yours does not, order direct. Look for the Crescent-Filler and refuse substitutes. Prices, \$3.00, \$4.00, \$5.00 to \$15.00. Send at once for handsome new catalog.

THE CONKLIN PEN CO., 310 Manhattan Building, Toledo, Ohio.

University of Maine Headquarters in Boston Copley Square Hotel

CONTINUE TO KEEP THE

**U. S. CREAM
SEPARATOR**
IN THE LEAD.

Remember: The separator which gets just a little more cream from the milk each day soon pays for the difference between the best and the "cheaper" article.

Remember: The separator which lasts practically a lifetime, doing good work every day, is a better investment than the cheap machine constantly needing repairs and worn out in a few years.
