THE MAINE CAMPUS

Vol. IX

BANGOR, MAINE, MAY 12, 1908

No. 26

MAINE, 4; BATES 2.

Maine won the first championship game of the season at Lewiston last Wednesday against Bates. The large crowd, who attended in spite of the cold weather, were rewarded by witnessing a fast, interesting game of ball.

Neither side scored in the first. In the second Fulton led off and reached first, aided by an error by Burnell. Cobb was out, Harriman to Burnell, but timely hits by Higgins and Smith scored Fulton. Bates went out in order in the third and then Maine came in and won the game. Chase led off with a single. The hit and run game was worked and landed Chase on second and Mayo on first. Fulton sacrificed, both runners moving up a base. Cobb hit for two bases, scoring both Chase and Mayo. Lynch relieved Harriman at this point and held Maine safe except in the sixth inning when Maine scored one run on a base on balls, a stolen base, and an error. Bates scored her two runs in the fourth. Boothby the first man up went out on a fly to Pond. Jordan made a base hit. Burnell went out Ryan to Mayo, but an error and a base hit by Macomber gave Bates two runs.

Except in the fourth inning Ryan held Bates safe throughout the game and allowed them but four hits in all, Maine getting five off Harriman. Lynch, who succeeded Harriman did not allow Maine a hit during the six and two thirds innings which he pitched. For Maine the features were contributed by Higgins, who made a difficult stop and by Cobb who caught a hard foul fly. A catch by Cobb in left field, and the batting of Macomber were the features for Bates.

EXETER 4; MAINE 2.

In the last game of the Massachusetts trip, May 2nd, Maine was defeated by Exeter. Maine secured a run on two singles in the third inning, and in the fifth a pass and two errors brought in another run. In the sixth time was called because of rain after Baines had singled and scored on a double by Kiley. Loftus had been passed on balls and Cregg had been hit by a

pitched ball. When play was again resumed nearly half an hour later. Exeter was retired without further runs in this inning. In the last half of the eighth, three singles and a three base hit netted three runs for Exeter and won the game for her. Maine had a chance to score in the seventh but failed because of a sharp double play by Exeter. The greater part of the game was played during a thunder shower.

M. I. T. - MAINE MEET.

Although Massachusetts Institute of Technology won the meet by the score of 87½ to 38½, the supporters of the blue feel proud of the showing which their track team made against Technology. A large proportion of the men were inexperienced and many of them ran

their first race at this time. It was a good chance to get a line upon the material which is in the University, and to find out who may be counted upon to win points in the Maine Intercollegiate Meet, which is to be held at Brunswick next Saturday.

Maine started off with a rush, by securing first place in the hundred and third in the two-twenty, due to the magnificent running of Pond. The result in the hundred was one of the surprises of the day, for Gram, Technology's veteran sprinter, was conceded first place. In the two-twenty Pond was just nosed out of first and second positions, by Gram and Salisbury, and finished a close third.

The half mile was won by Gimson of Technology, while Fortier and Bean of Maine finished second and third respectively. It was a splendid race and was nip and tuck all the way through. Fortier and Bean lead until the last ten yards, when Gimson gradually forged ahead and won out by a few inches. Another exciting contest was the four-forty yards dash in which Walker, Maine, and Blackburn, Technology, ran abreast nearly all of the distance.

Hicks of Maine ran equally well in the mile, keeping close up in the field for the entire distance and finished in second place. Whitney was Maine's only representative in the two-mile and ran a plucky race although unable to gain a position. Maine easily captured the first and second places in both hurdles. Knight obtained two firsts and N. E. Smith the two seconds.

In the field events nine points were awarded to Maine. H. G. Walden received second place in the discus; Farwell obtained third place in the short-put while Black won third in the hammer throw. Claude Meserve had hard luck in the high jump but tied for third place, while C. F. Smith was awarded second in the broad jump.

The summary :

100 yards dash—Won by R. B. Pond, Maine; C. W. Cram, Tech., second; W. J. Seligman, Tech., third. Time—10 2-5 secs.

220 yards dash—Won by W. C. Gram, Tech; W. C. Salisbury, Tech., second; R. B. Pond, Maine, third. Time—23 4-5 secs.

440 yards dash—Won by H. W. Blackburn, Tech; W. C. Salisbury, Tech., second; E. T. Walker, Maine, third. Time—53 secs.

880 yards run—Won by B. L. Gimson, Tech; F. E. Fortier, Maine, second; C. H. Bean, Maine, third. Time—2 mins., 33-5 secs.

Mile run—Won by L. O. Mills, Tech; W. M. Hicks, Maine, second; W. T. MacCreadie, Tech., third. Time—4 mins., 45 3-5 secs.

Two-mile run—Won by H. H. Howland, Tech; J. F. McCarthy, Tech., second; C. P. Eldred, Tech., third. Time—10 mins., 32 4-5 secs.

120 yards high hurdles—Won by F. D. Knight, Maine; N. E. Smith, Maine, second; K. D. Fernstrom, Tech., third. Time—16 4-5 secs.

220 yards low hurdles—Won by F. D. Knight, Maine; N. E. Smith, Maine, second; G. B. Cummings, Tech., third. Time—27 2-5 secs.

Pole vault—Won by Tech., by default.

High jump—Won by R. H. Allen, Tech; H. A. Rappeye, Tech., second; Captain C. P. Meserve, Maine, and E. Stuart, Tech., tied for third. Height—5 ft., 7 3-4 in.

Broad jump—Won by G. Schobinger, Tech; C. F. Smith, Maine, second; J. A. Christie, Tech., third. Distance—20 ft. 9 1/2 in.

Shot-put—Won by F. Moore, Tech; W. Morrison, Tech., second; H. L. Farwell, Maine, third. Distance—38 ft.

Hammer throw—Won by W. Morrison, Tech; F. Moore, Tech., second; W. M. Black, Maine, third. Distance—101 ft. 8 in.

Discus throw—Won by L. D. Nisbet, Tech; H. G. Walden, Maine, second; M. Morrison, Tech., third. Distance—106 ft. 11 in.

Summary of Points and Places :

MEETING OF THE MAINE INTER-COLLEGIATE ATHLETIC BOARD.

Saturday, May 2d, the Maine Inter-Collegiate Athletic Board met at the West End Hotel, Portland. All the representatives were present with the exception of Mr. Bassett, representing the alumni of Colby College. The Secretary presented to the board advance copies of the constitution and the inter-collegiate agreement of November 26th, 1902.

This new edition covers the rulings of the board upon questions that have been submitted to it during its existence, and will be ready for distribution within a few weeks. The recommendation which the board makes relative to the appointment of officials for football and baseball games and other matters, will be printed in a later issue.

The representatives from Maine were the Hon. L. C. Southard '75, representing the alumni; Prof. Jones representing the faculty, and J. T. Kendrigan '08, President of the Athletic Association for the undergraduates.

LAW SCHOOL NOTES.

Mr. Edward J. Grady of the first year class, was a Bryan delegate to the Democratic Convention in Bangor. Mr. Grady is very prominent among political circles in Eastern Maine.

The Hon. Louis C. Southard, LL. D., gave four lectures at the Law School, beginning Monday, May 4. His subject Monday was "Who pays the bill?" Tuesday, "Medical Experts." Wednesday, "Mental Qualifications to make a will." Thursday, "Signs of Death and the Radiogrope and X-Ray as Evidence." Dr. Southard also spoke on the recent panic, its causes and results.

The Law School Baseball played Dover Athletic Club May 2, at Dover, and succeeded in defeating the home team by a score of 10 to 3. W. H. Minot pitched for the Law School, allowing the Dover team but three hits. Fraser and Harvey played the star game for the law school. The team played Hampden Academy May 6, winning by the score of 12 to 2. This year the Law School has the fastest team known in its history, nearly every man being an old player.

Contributions from undergraduates and alumni are earnestly solicited. They should be addressed to the Managing Editor.

BANGOR CO-OPERATIVE PRINTING COMPANY

EDITORIAL.

THE next regular issue of the CAMPUS will occur Thursday, May 21st.

THE work on the athletic field has progressed to such a degree that without a doubt it will be completed and ready for use by Junior Week. The work which consisted of under-draining the field, digging ditches and laying tile, was all performed by the students. The

undertaking was no small affair and the students who assisted so well are to be congratulated in showing the proper spirit and in doing a work that will not only be a benefit to the University at the present time, but also in the future.

In most all other colleges and universities there has been a sum of money set aside or a bequest received, for the purpose of fixing and keeping in repair the athletic field. It is not often that students are called upon to carry out such an undertaking by themselves, and it reflects great credit upon this institution that it has in it men who are willing to undertake such a work and carry it through successfully.

PROBABLY more interest is being shown in regard to the coming Junior Week than ever before. The limitations on the time have caused not the dropping out of the customary events, but this year there has been added a few new ones. The limitations on time will of course cause the events to come close to one another, making the week a very strenuous one indeed. From Wednesday noon until Saturday night it will be a hustle and there will not be a moment when there is not something doing. It is expected that in addition, the annual inspection of the battalion will occur Wednesday noon, on Alumni Field, just before the Bowdoin game.

The committees have been working hard and the success of the Junior Week is assured. Now it only lacks the hearty co-operation of the students in making it the most successful that has been held. Many friends will be present, and every student should take it upon himself to see that all have a royal good time. No pains have been spared to give to visitors a good time, but the committees needs the help of every student to accomplish this. The work that has

been done on the campus should make it appear at its best, and together with the brilliant exercises that have been planned, should make this Junior Week the most successful that has ever been held.

MAINE INTER-COLLEGIATE MEET.

The eyes of all followers of college sports in this state are eagerly looking forward to the inter-collegiate track meet Saturday, May 16, when the four colleges will struggle for victory on Whittier Field, Brunswick. It promises to be a close contest, and the supporters of Maine are confident that her team will win, though by no large margin of points. Last year Maine won by only one point, and the meet will probably be as hard fought this year. A rousing mass-meeting of the students will be held some day this week, and Saturday the campus will be deserted when all take the special train for Brunswick. There is no doubt that the team will have plenty of support, for track is popular here and everyone desires to see Maine gain another hold on the cup.

While Maine has lost several excellent men, other candidates have developed who will make sure point winners. Captain St. Onge, Wyman, Clayton, and Knowlton graduated last year and it will be very difficult to fill their places. Yet it is hoped that their loss will be made up by some of the freshmen who have made a good showing this year. Several of the sophomores also have improved greatly in their work.

It is impossible to make any accurate prophecies concerning the meet, for little has yet been done in track this season, and no doubt the other colleges have some dark horses whom they will show up there. From the work this spring of Maine's candidates, both old and new, she seems to be sure of places in many of the events.

Last year Maine won no points in the 100-yard dash, but she now has in Pond, '11, a man who will give Atwood the race of his life. H. Cook, '10, has also shown up well. Pond and Cook are also Maine's best men in the 220-yard

dash. The former took third place in the meet with Tech. In the quarter-mile Maine will depend on Littlefield, '10, and Walker, '11, who are fast men; Fortier, '10, may probably run in this event. For hurdlers there will be the veteran Knight, '09, and Smith, '11, who makes a fast running mate for Knight.

At least one or two firsts ought to be taken in the distances. Fortier, who won the mile last year, will enter the half next Saturday and he and Bean, '08, make a very speedy pair. Hicks, '10, who took third place in the mile event last year, is a much stronger runner this season and should make good. In the two-mile run Maine will have Whitney, '11, and possibly Dyer, '10. Dyer won third place last year in the state meet and has improved considerably this spring.

Meserve, '08, who is captain of the team this year and one of the best high jumpers in the state, is good for several points in that event, and he will have Scott, '11, as a good running mate.

Higgins, '09, and Smith, '10, seem to be the best men in the broad jump. Trainer Farrell has had to develop new men in the pole vault and so far Scott, '11, and Winters, '10, have done the best work. There are also many new men in the weights, and it remains to be seen what they will do against the men from the other colleges. In the hammer throw Bearce, '11, Black, '09, and Gardner, '10, have been hurling the weight pretty well. Farwell, '09, and Bearce, '11, have shown up well in the shot put. Waldron, '11, and Buck, '11, seem to be the best of the many candidates in the discus throw.

"Steve" Farrell has been working hard this spring to turn out a winning track team, and whether Maine gains the championship or not, he will deserve much credit for the way in which he has handled the men. Manager Morton has done everything in his power to help the team.

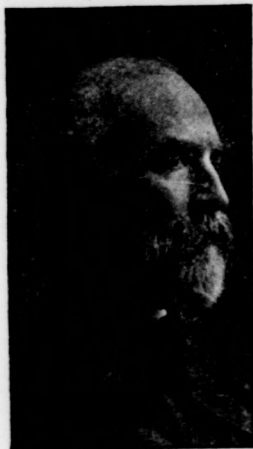

Sidney B. Orne of the U. S. Revenue Cutter Service, who has been spending the winter in Baltimore, Maryland, has been ordered to the Pacific coast as assistant engineer of the cutter Bear, which will cruise in Alaskan waters for about six months.

DEATH OF PROF. GOWELL.

The death of Prof. Gowell on the morning of May 6, came as a very great shock to all his acquaintances and friends. The students and faculty were called together in Chapel where President Fellows said a few very kind and impressive words explaining the cause of his death and all college exercises were suspended for the remainder of the day.

Two years ago Prof. Gowell suffered an extreme grief in the death of his wife, upon whose care he was dependant. Ever since her death he had been more or less despondent and for several months prior to his death his friends

had noticed that he was unusually melancholy and upon Thursday morning he took his own life.

He was a man especially loved by all who knew him. His integrity and uprightness of character were shown in all his works. During his connection with the University he made many warm friends and he was always sympathetic.

Gilbert Mortimer Gowell had been associated with the University of Maine since 1882, when he became farm superintendent occupying that position until 1887. He was instructor in agriculture from 1861 to 1893; professor of Animal Industry and Agriculturist at the Experiment Station from 1893 to 1903 and professor of Animal Industry and in charge of the poultry experiment station from 1903 to June, 1907.

Prof. Gowell resigned from the teaching force of the University of Maine, June 30, 1907, and

from the Experiment Station, Dec. 31, 1907. He had long been associated with the agriculture of the University and was one of the first appointments to the Experiment Station staff, being superintendent of field and feeding experiments to the Maine Fertilizer Station which was established in 1885. In the reorganization of the station, for quite a number of years, Prof. Gowell was connected entirely with the University but in 1896 he became agriculturist to the station. During the last ten years his work at the station has been largely along the lines of poultry investigations, for which work he is best and most widely known. During the past three years, Prof. Gowell developed a very extensive and successful poultry plant at Orono to which he devoted his whole attention.

He was kindly, noble, of the Puritan type, honest and gentlemanly.

In his home life he was most hospitable and possessed the admiration and respect of all those whom he met. He will be universally mourned not only by his friends but by the entire state for whom he has done so much.

PHI DELTA PHI TO ENTER LAW SCHOOL.

The leading legal fraternity, Phi Delta Phi, voted at their recent convention in Iowa City to grant a charter to the Lex Club of the Law School. This fraternity was founded in the University of Michigan in 1869 and since then has enjoyed a most prosperous existence. It has now forty chapters and is a recognized factor, not only in law schools, but with the legal profession at large. The fraternity policy has been generally scholarship and legal ability. As a rule the membership is wholly made up of college and college fraternity men. The meetings are conducted as court proceedings and a legal proposition is argued at every sitting. Among some of the prominent members of Phi Delta Phi are Theodore Roosevelt, Rufus Choate, Justice Harlan, Justice Brewer and Chief Justice Fuller. Each chapter is named from some prominent lawyer, usually one who

originally came from the state in which the law school is located. The University of Maine Law School chapter is to be known as the Thomas B. Reed Chapter.

Both the Law School and the Lex Club are to be congratulated in the action of Phi Delta Phi, the Law School because it is thereby recognized as one of the leading institutions of its kind in the country and the Lex Club, because of the recognition of the ability of its men. The Lex Club was founded in 1906 and was organized for the express purpose of petitioning Phi Delta Phi. At present it consists of fourteen active men. The following is the list of members:

Seniors—Ralph Goss, Berwick; S. Henry Gardner, Brockton, Mass.; Juniors—Forrest B. Snow, Blue Hill; H. I. Goss, Berwick; Seth May, Auburn; William C. Fraser, Taunton, Mass.; Harry E. Elder, Springfield, Mass.; R. T. Fitz-Randolph, Boulder, Colo.

First year men, Robie L. Mitchell, Newfield; W. C. Anderson, Hartland; J. W. Sawyer, Milbridge; J. B. Perkins, Boothbay Harbor, and B. L. Bisbee of Brockton, Mass.

RESOLUTIONS.

WHEREAS, It has been the will of Almighty God, in His infinite wisdom, to remove from this life our beloved brother, Ervin A. Houghton and

WHEREAS, We his brothers of Omega Lambda Upsilon desire to testify to his worth and express our sorrow, be it

RESOLVED, That in his death Omega Lambda Upsilon has lost a loyal member and faithful supporter; be it further

RESOLVED, That we extend to the family of our deceased brother our sincere sympathy in their sad bereavement; and be it further

RESOLVED, That our pin be draped in mourning for a period of thirty days; that a copy of these resolutions be sent to the bereaved family; and also that a copy be printed in the MAINE CAMPUS and recorded upon the records of the fraternity.

G. M. HARDISON }
R. A. JELLISON } For the Fraternity

Y. W. C. A.

The members of the Y. W. C. A. will hold a sale of home-made candy, from four to six o'clock to-morrow afternoon. The sale will be held in No. 11 Coburn Hall. It is hoped that the students will support this sale and make this one, the last of the year, as successful as the one which was held last December.

DRAMATIC CLUB AT ELLSWORTH.

The U. of M. Dramatic Club left Bangor at three o'clock, Friday, May 8, for Ellsworth, with a cast of twenty-one men. At four o'clock the train pulled into Ellsworth, where the boys were met by representatives of the High School, under whose auspices the play was given and who showed them places of lodging.

The play "When Hearts are Young," given in the City Opera House at eight o'clock, was witnessed by an immense audience, which taxed the seating capacity of the house, and which applauded the efforts of the collegians liberally. The people had been looking forward to the club's coming and were in good spirits to receive the work of the boys.

As might be expected improvement was noticed, especially in the little things, that only rehearsals and presentations can give to amateurs, and which makes a production of professional calibre. Particularly was this true in the working together of the characters, in the dramatic pauses and in the so called "tricks of the trade." Every part was taken in a manner which was gratifying to the management and pleasing to the audience. The production was a marked success.

SOPHOMORE CLASS MEETING.

The Sophomore class held a meeting last Tuesday, and elected Harold W. Wright of Reading, Mass., editor-in-chief and Charles A. Porter of Bangor, business manager of the 1910 Prism.

Earle Berry has been elected manager of the 1910 track team, to fill the vacancy caused by the resignation of Stuart Berry.

A PEN IN A CLASS BY ITSELF

There's no pen that gives such all-round satisfaction as Conklin's Self-Filling Fountain Pen. It's in a distinct class by itself. *It's the College Standard.* Doesn't matter where you are—in your room, lecture hall, or on the train—you can fill it instantly by dipping in any ink-well. A slight thumb pressure on the Crescent-Filler does it. Cleaned in the same simple, easy way.

Conklin's Self-Filling Fountain Pen

"THE PEN WITH THE CRESCENT-FILLER"

has won distinction the world over. For student, professor, business man, professional man, and for the man who moves about, it is *the only pen*. No mussy dropper, nothing to screw or unscrew, no tool kit, no inky fingers. Ink flows as smoothly as a prize essay. No stops, no blots, balks or scratches.

Leading dealers handle the Conklin. If yours does not, order direct. Look for the Crescent-Filler and refuse substitutes. Prices, \$3.00, \$4.00, \$5.00 to \$15.00. Send at once for handsome new catalog.

THE CONKLIN PEN CO., 310 Manhattan Building, Toledo, Ohio.

JACOB REED'S SONS

Makers of
"QUALITY"
Uniforms.

Reed "Quality" Uniforms are designed and fashioned by skilled Military Tailors and made throughout by competent work people. They are manufactured on our own premises in light, clean and airy work rooms under perfect sanitary conditions. These factors are important in the production of uniforms of high character.

One of the most satisfactory departments of our Uniform business is that devoted to the outfitting of students of Military Schools and Colleges. The results we obtain are highly creditable and produce renewals of contracts year by year.

In addition to our Uniform business we are Retailers of Clothing, Haberdashery and Headwear. The goods we sell are especially adapted to young men and are noted for their excellence and fair prices.

**U.S. CREAM
SEPARATORS**

Have more advantages than all other makes combined.

Are the cleanest skimmers; Records prove it.

Run the easiest; a child can turn it.

Last the longest; Users declare it.

Have the most conveniences; A look will show it.

Are most simple; Compare with others and learn it.

If you keep 3 or more cows you need a separator and of course you want the BEST. The best is the U. S. Send today for descriptive catalogue No. 115.
