## COMMENCEMENT EXERCISES

The faculty and students plan to make this commencement the most successful one ever held here. With this occasion in view, Mr. R. K. Jones, Corresponding Secretary of the Alumni Association, has sent out bulletins to hundreds of former students and it is expected that many alumni, especially those having fraternities here, will return to take part in the grand celebration of the University's fortieth year of existence. Plans have also been maturing under the direction of other members of the faculty and of the Senior class, to arrange the customary exercises for Commencement week, and to arrange the best possible program. This year the laying of the corner stone of the large new agricultural building will be an added attraction.

Commencement week will open Sunday, June 7, with the baccalaureate address by Professor E. A. Ross, Ph. D., of the University of Wisconsin, in the Chapel at 8.00 P. M. Monday morning the convocation service will be held in the Chapel at 9.45 o'clock. Quite an elaborate program has been made for these exercises and is as follows.

At 2.30 P. M. there will be a meeting of the Alumni Advisory Council in the Library, and at 3 o'clock the class day exercises will be held. The speakers are orator, R. Fellows; historian, C. A. Brownell; poet, Belle C. Harris; chaplain, T. W. Fessenden. The address to undergraduates will be delivered by J. T. Kendrigan, and C. P. Meserve will act as marshall. Miss Sarah Brown has been chosen for valedictorian. Monday evening a reception by the President will be held in the Library.

Tuesday will be a full day. There will be a meeting of the trustees in the morning. At 9.30 A. M. the Phi Kappa Phi initiation will be held in the Library. The first five candidates already selected are Miss Sarah E. Brown, B. B. Fogler, P. F. Skofield, Joseph Jacobs and F. C. Morton. At 10 o'clock there will be a baseball game between the alumni and 'varsity on Alumni Field. Percy B. Palmer '96, is to captain the former nine. From 3 to 5.30 receptions will be held by the various fraternities and the Alpha Omicron Pi sorority. At 4.30 the Alumni and Alumnae luncheons will be served, the former in the Library and the latter at the Mt. Vernon house. In the evening the annual meeting of the Alumni Association will be called to order in the Library. There will also be a special meeting of the Law School Alumni at 8. At 8.30 Hon. A. S. Draper, LL. D., Commissioner of Education in the State of New York, will address the Phi Kappa Phi society in the Chapel. His subject will be "The Democratic Advance in American Universities." Later in the evening the fraternities will have their reunions.

Wednesday morning the cornerstone for the Agricultural building will be laid.

At 11 o'clock the commencement exercises will be held in the chapel. Mr. Draper will also be the

speaker for this occasion. After these exercises the commencement dinner will be served in the gymnasium. In the evening the reception and dance will be held in Alumni hall. The ball committee consists of F. P. Emery, J. P. Farnsworth, J. Jacobs, A. S. Hanscom, and F. C. Morton. R. K. Stewart will act as floor director. Andrews' orchestra of Bangor will furnish music.

This will be a gala week for old Maine and her graduates. Nothing will be spared to give accommodations to all who return, and lodging places will be assigned at the Alumni headquarters in the Library. Several hundred alumni are expected back and especially large delegations will be present from the classes of '73, '78, '83, '88, '93, '98, '03, '07. Ex-President Harris has manifested his intention to attend. Special rates may be obtained on all the railroads for the trip to Orono and return. It will be an occasion when all young alumni should be present, for their ties have not had time to grow the least bit cold, and to which all old graduates should come back to see the wonderful growth of the college which was so small when they were here. All who return may be sure of a hearty welcome and a most delightful week.

This commencement will also have one reason for regret; that is, it will mark the end of the connection with the University of ex-President Fernald, who founded the institution and has been on its faculty for 40 years.

A fitting tribute will be paid to this man who has given his services so long and so earnestly to the University.

#### MAINE - BATES DEBATE

The debate between the sophomores of Bates College and those of the University of Maine was held Wednesday evening, May 27, in the Chapel. The question was "Resolved That the Federal Government Should Adopt a Progressive Inheritance Tax." Maine upholding the negative and Bates the affirmative. The audience was inexcusably small, the debate deserving a much larger patronage.

The speakers were Clarence P. Quimby, Stan-

ley E. Harword and Peter I. Lawton for Bates, and R. W. Redman, C. C. Johnson and F. G. Wadsworth for Maine. Alternates, Chas. A. Magoon, Bates, and I. M. Stover, Maine. The Judges, Dr. David Beach, Augustus P. Moulton, and Wm. Looney rendered a decision in favor of Bates, but spoke very highly of the U. of M. debaters' work.

At eight o'clock, J. S. Stevens, who acted as presiding officer, introduced the first speaker on the affirmative side, Mr. Quimby of Bates. Mr. Quimby opened the discussion, defined and limited the question, and spoke of the poor man's difficulty in paying his taxes. He said that a man could pay a tax of \$100 if he had \$1000 a good deal easier than a man with \$100 could pay a \$10 tax.

R. W. Redman, the first speaker on the negative was next introduced and stated the importance of the question and made concessions which he thought would be conceded by both sides. He cited, as examples of the poor government enforcement, the packing houses in Chicago, and the stolen riches of the Standard Oil Company.

Mr. S. E. Howard of Bates was the second speaker on the affirmative and spoke intelligently of the different states that had an inheritance tax. He said in part that the problem was a national and not a state one, and must be dealt with by the Federal Government.

The second speaker for the negative was C. C. Johnson, who emphasized the fact that the American of today is the outgrowth of the Colonial time, and feels free. He said that the political situation in the United States is different than that in Europe where the people are accustomed to feel the force of the ruling power.

Mr. P. I. Lawton summarized his side of the question and said that the economical and social conditions demanded Federal legislation and not state legislation.

The last speaker for the negative, F. G. Wadsworth, summed up what his colleagues had attempted to prove and spoke of the moral right that the Federal government had to pass an inheritance tax.

Each speaker was allowed five minutes in re-

buttal, and some of the best arguments were made in this part of the debate. Much of the discussion was over the question of the Constitutional and moral right in regard to the question; and to the exact definition of the word Progressive; the affirmative claiming that it meant uniform geographically and the negative claiming that it meant uniform, in regard to its powers in the cases of rich and poor.

#### SENIOR SKULL INITIATES.

The following men from the Junior class were initiated into the Senior Skull Society:—Ralph C. Harmon, of Woofords; Norman H. Mayo, of Bluehill; Frederick D. Knight of Limerick; Elton L. Raymond Fellows. The Needs of the University  
Henry L. Miner ..... Athletics

#### FROG POND SCRAP.

On the night of May 25, occurred the annual Frog Pond scrap between the Sophomores and Freshman classes. Large fires were lighted, which brightened up the battlefield, so that a splendid opportunity was given the numerous watches to see the whole affair.

The Sophomores gathered on the edge of the pond about 9 o'clock, but the Freshmen did not appear until 10. They had an array of nearly 200 men and marched down the hill on the Sophomores, about half that number strong. From the moment, that the Sophomores cut through the Freshman line, by means of a flying wedge until the pistol was fired, finishing the fight, there was constant struggle on the part of both classes to hurl each other into the muddy pond. No decision is given in the fight, but individuals each endeavored to even up their scores by ducking the objects of their special enmity in the pond, or by sitting on them in the knee deep mud.

After the scrap, cheers were exchanged between the two classes, and the best of good feeling pervaded all. The Freshmen now have all the student privileges on the campus.

## EDITORIAL.

FROM all indications, and without a doubt this commencement, marking the completion of the fortieth year of the University, will be the most largely attended and most successful of any commencement in the history of this University. The postals and bulletins that have been sent out by the Alumni Association have given very satisfactory results and it is expected that between three and four hundred alumni will be present.

However the success of the commencement

depends upon the undergraduates. Every fraternity should demand that every one of its members remain if it is possible. Neither this commencement nor any other, can be a complete success without the work and presence of a large proportion of the student body and it is to them that those in charge of this year's exercises are looking for aid in making this commencement a fitting one.

At no time in the year does the campus present such an attractive appearance and at no time does it offer more pleasure to the student. At this time class distinctions have no force, a Freshman has all the privileges of a Junior or Senior. The Juniors are expected to stay and in fact it is almost an unwritten law that all Juniors shall remain. The Sophomores that staid to commencement last year need no urging to remain for they realize that it is *the* time of the year. However to those Sophomores who have not that pleasure and to the Freshmen there is needed only the experience of being at one commencement to insure their presence at all following.

IT seems fitting at the closing of this year that a word should be said concerning the work of the President of the Athletic Association, Mr. Kendrigan, and Captain Brown, its treasurer.

When these men took up the work on the Executive Committee the Association was deeply in debt and through their good judgment and hard work it has been placed on a firm financial basis. This has been partly due to the change in the form of the Athletic tickets which were instituted at the beginning of the fall term and partly due to the strict businesslike way in which the books have been attended to during the year. The accounts have, at all times, been open to the students and the good manage-

ment of the whole affair has placed the Association on a safe and sure footing.

The students realize the amount of time and trouble which this work has taken and sincerely appreciate the efforts of Capt. Brown and Mr. Kendrigan. It is most surely a work for the betterment of the whole institution and places the University in a much more favorable light than it has been for some time. It is to be hoped that the new President, Mr. Towle, will work with Capt. Brown as successfully as the retiring one has done.

#### TENNIS TOURNAMENT

The sixth annual tennis tournament for the Maine Intercollegiate Championship, which was held on the campus during Junior Week, resulted in a victory for the two Bowdoin teams, who tied for first place in the doubles.

Mitchell of Maine retained his title of champion of Maine in singles which he won last year. From the University students' point of view the matches in singles were much more interesting than those in doubles, for Mitchell, with only a week's practice, defeated Hyde of Bowdoin by fast, skillful playing and then worsted Young of Colby with a score of 5-0, 6-2, 6-0.

In the doubles, however, Ham and Hyde of Bowdoin, by playing a steady, smashing game with superb team work, outplayed all their opponents. Hughes and Martin, the other Bowdoin pair, also won all their matches, so that it will be necessary for the two teams to play a final match to decide the championship. This will be done later at Brunswick.

The summary of the matches is as follows:

Wednesday, May 20. Trials in doubles. Wadleigh and Tuttle, Bates, defeated Cram and Drew, Maine, 6-3, 6-2. Ham and Hyde, Bowdoin, defeated Mitchell and Wadsworth, Maine, 6-4, 6-3. Hughes and Martin, Bowdoin, defeated Gould and Guptill, Colby, 6-1, 6-2. Campbell and Boothby, Bates, defeated Smith and Young, Colby, 6-1, 6-2.

Thursday, May 21. Semi-finals. Hyde and Ham, Bowdoin, defeated Campbell and Boothby, Bates, 0-6, 6-4, 6-0. Hughes and Martin, Bowdoin, defeated Tuttle and Wadleigh, Bates, 6-3, 4-6, 8-6.

Friday, May 22. Trials and Semi-finals in Singles. Mitchell, Maine, defeated Hyde, Bowdoin, 1-6, 6-1, 6-3. Young, Colby, defeated Drew, Maine, 1-6, 6-1, 6-2. Campbell, Bates, defeated Ham, Bowdoin, 7-5, 6-0. Boothby, Bates, defeated Smith, Colby, 6-1, 6-2. Mitchell, Maine, defeated Boothby, Bates, 6-4, 6-3. Young, Colby defeated Campbell, Bates, 0-6, 7-5, 8-6.

After the play, which was given in the Library, the active and honorary members of the Verein adjourned to the Mount Vernon House, where there was singing of German songs and substantial refreshments were served. The Verein thus followed its practice of giving some kind of an entertainment at the end of each year.

## BATES, 6, MAINE, 5.

Bates defeated Maine Saturday, May 23rd, on Alumni Field. The game was a disappointment to the student body. Although the team played well at times, there were many places in which the reverse was the case. Ryan pitched a good game, and had the team supported him well, he would have won his game. Many of Bates hits were scratches to the infield.

Bridges opened the game for Bates by being hit by a pitched ball, stealing second, reaching third on Macomber's sacrifice hit, and scoring on a long fly to Fulton by Stone. Stanwood led off for Maine by being hit by a pitched ball. Stanwood reached second and Pond first on his hit. Both advanced a base on Chase's sacrifice hit. Stanwood scored on Mayo's out at first.

Niether side scored in the second.

In their half of the third inning Bates scored three runs. Harriman reached first on a ground hit. Bridges was out on a foul fly. Macomber was out at first, Harriman reaching second on the out. Three hits in succession by Stone, Wilder and Jordan netted three runs. Bates did not score again until the ninth.

In Maine's half of the seventh Fulton leading off, reached first on a hit through shortstop. Cobb's fly to left field was caught close to the foul line. Higgins was passed to first. Smith reached first on an error, filling the bases. Ryan was out, but Stanwood's hit was poorly handled by Jordan and Fulton scored. McHale was hit by a pitched ball, forcing Higgins home. At this point Harriman was taken out and Lynch went in to pitch. Chase hit to the shortstop but the ball was poorly fielded to second, Wilder having to reach for the ball causing him to drop the throw. Smith and Stanwood scoring on the play. Mayo was out on a foul to Macomber.

Bates tied the score in the first half of the ninth on Wilder's hit to left for three bases and Jordan's hit over second.

Both sides went out in order in the tenth.

## MAINE, 6; COLBY, 3.

The University of Maine defeated Colby in a loosely played game at Waterville, May 27. McHale pitched for Maine and throughout the game had the better of Shaw, who pitched for Colby.

Colby was the first to score, Shaw reaching home in the first inning on a base on balls and hits by Vail and Carey. Chase tied the score in Maine's half of the third, after reaching first on an error, stealing second and third and scoring on Fulton's hit.

Maine scored twice in the fifth on hits by Chase,
