MAINE vs. FORT MCKINLEY.

The football game Oct. 10, in which Maine defeated the heavy eleven from Fort McKinley, Portland, was very satisfactory to all those interested in the University's success on the gridiron this fall. Just at present many eyes are centered upon the Maine team, and its development is being carefully watched. The contest Saturday proved beyond a doubt that the eleven is improving rapidly and will be a strong factor in deciding the state championship series.

The offense was very powerful and several difficult plays were tried successfully. The forward pass was worked twice for touchdowns and other times for good gains. The on-side kick also proved effective, one touch down resulting from it. The Fort McKinley team was better on the offense than on the defense, its heavy backs making strong combinations. Yet, Maine's line was practically invincible and at no time was her goal in any danger. The soldier boys resorted, mostly to line-bucking but when they attempted end runs these were as easily broken up. Of course everyone expected Maine to win and by a good margin but the final score was unusually high and the clean, consistent, fast playing of the team was very pleasing.

The fact that in the second half with several new men in the line-up Maine was just as strong offensively and defensively showed that at no time is she likely to be crippled for lack of good men. The features of the game were the 30 yard run of A. Cook, the 75-yrd sprint to the posts of McHale, the kicking of Bearce and Hammond, and the work of Gardner, Buck, Ham, Cobb and Parker. McKinley's backs, True, Tyler, Slater, and McSweeney, did good work, notwithstanding their inability to gain ground.

Maine won the toss and chose to defend the eastern goal. McKinley kicked off but the ball went out of bounds and when Bearce kicked it back, it was fumbled and Ham secured it. After several line rushes, a 30-yard gain around left end by Cook and a forward pass, Cobb was pushed over for the first touchdown. Bearce kicked the goal.

Bearce kicked out of bounds and on the return kick made first down on McKinley's 30-yard line. Cobb, White and Parker made long gains and Bearce made a touchdown and kicked the goal.

True's kick again went out of bounds and Bearce kicked it in, McKinley carrying it down the field 22 yards. True punted and soon after Parker punted, White securing the ball. Each team was penalized in succession. Parker again punted and Maine obtained the ball on Tyler's fumble. Maine made several gains but Cobb lost the ball. Then McKinley was held for downs and the ball was steadily advanced until Gardner took a forward pass over for a touchdown. Bearce kicked the goal.

After the next kick-off Maine obtained the ball and was rapidly carrying it down the field when the whistle blew with the score 18 to 0.

During the second half various changes were made in Maine's line-up and the playing was more spectacular though perhaps less steady. After taking the ball from McKinley on downs, Gardner and Buck received forward passes successfully, the latter scoring, and Hammond kicked the goal.

Maine again kicked off and another touchdown was soon made by Buck when he secured the ball on Hammond's onside kick and ran 30 yards to the line. The try for goal was once more successful.

Buck received the ball on McSweeney's kick-off and was tackled on the 28-yard line. On the next play McHale got away for a 75 yard run to the goal line and Hammond kicked the goal.
This ended Maine's scoring and for the rest of the half the ball went back and forth on the field. The game ended with it in McKinley's possession in the centre of the field.

The line-up and summary is as follows:

**PORT MCKINLEY**
Morse, r. e. 1. e., King, Buck
McSweeney, Bittell, r. t. 1. t., Ray
Parch, r. g. 1 g., Duran, Derby
Cowan, c. Black
Koczanski, l. g. r. g., Ham
Wanzymak, l. t. 1. t., White, Wright
Keenan, Brooks, l. e. r. e. Gardner, Guthrie
Brennan, q. b.
True, Tyler, r. h. b. 1. h. b., Parker, McHale
Slater, l. h. b. r. h. b., Cobb
Tyler, McSweeney, f. b.

Touchdowns by Cobb, Bearce, Gardner, Buck 2, McHale. Goals from touchdowns, Bearce 3, Hammond 3.

**FALL TRACK MEET.**

The fall track meet of the four classes will be held next Saturday forenoon on Alumni field. An innovation in track athletics at Maine will be made this year in a short Marathon run over a course of about five miles, from Oldtown and ending with one lap around the track. Much of the interest in the meet will centre on this event, in which a team of six men will compete from each class.

For the past two weeks both sophomores and freshmen have been turning out in force and many upperclassmen are training for the long run. The juniors, with their strong distance men, Fortier, Dyer and Hicks, bid fair to capture the Marathon but they are by no means sure of it. It is doubtful if the seniors will be represented. This race with the class meet will make a fine forenoon program of sports to precede the Tufts game in the afternoon.

It is difficult to tell what material there is in the freshman class, as only a few have ever figured here in interscholastic meets. Several of their men are already known and probably other good ones will show up next Saturday. Certainly the 1912 class has gained the spirit of "getting out and working" for many candidates are seen on the field every afternoon. They are being tried out by Trainer Farrell and their business interests are being looked after by J. T. Aldridge.

Among those on the field every day are Joyce of Bar Harbor, a very strong man in the hammer shot and discus; Tartre of Biddeford, in the dashes; Richardson of Westbrook, in the half mile; Washburn of Calais, who is showing up well in the high jump; McPhteters, captain of the Bangor H. S. last year, who is out for the pole vault, hurdles and half mile; Sawyer, in the hammer; Stevens, in the mile; Garland in the quarter and high jump; and McKenny, who is training for the Marathon. These are only a few of the men who will represent the freshmen Saturday.

Less need be said of the sophomores as their material is better known. S. M. Jones has been chosen to manage the team and the men are turning out well. There are many excellent track men in the 1911 class and the freshmen will have no easy matter winning over them. Among the 1911 men who will enter the meet are Walker, quarter-mile; Pond, 100 yard dash; Rogers, pole vault; Scott, high jump; Whitney, Marathon and mile; Waite, Marathon; Waldron, discus.

**FORESTRY ASSOCIATION.**

The Forestry Association held its first meeting last Wednesday and discussed plans for filling the programs for future meetings. Prof. Tower spoke interestingly upon what could be done in the way of entertainment and instruction at club meetings during the year.

**EXECUTIVE COMMITTEE OF THE A. A.**

At the regular meeting of the Executive Committee of the Athletic Association, Donald P. Oak '11, of Bangor and Merton R. Summer '11, of South Paris were elected as assistant managers of track. It was also decided to build a fence around Alumni Field.
BISHOP CODMAN'S ADDRESS.

Last Friday in Chapel, the students again had the pleasure of hearing Bishop Codman speak. As his time was limited, he was unable to say all he wished to and had to condense his remarks. These however were well worth hearing and remembering. He said in part: "There are two words which a religion must live up to in order to be a christian religion. They are responsibility and sentiment. These two words go hand in hand and one cannot survive without the other. Responsibility is necessary in manliness, and a person with true upright manhood will not reject it. Responsibilities are moral and social. An account must be made to the Almighty God for what we have thought and done and for what we have not thought and have not done. Learn to hate the wrong and to love the right. We are socially responsible to our fellow men and we will have a reckoning for what we've done to them. The second word "sentiment" does not mean anything effeminate, but that a man should have a strong feeling that he knows there is a God over him, who loves him, watches him, is always present with him, sorry when he sins and glad when he makes a noble effort."

DEBATING CLUB.

The Debating Club met in the Library Thursday evening, October 15.

Mr. Prince, after briefly outlining the "Field of Argumentation" fully and clearly discussed the sub-topic Analysis. At the next meeting Mr. Prince will discuss the second sub-topic Presentation.

Four students were elected members: E. A. Brundin, B. A. Chandler, F. W. Foote and H. Hinckley. It was voted to hold the Sophomore-Freshman debate Friday evening, December 18. Next Thursday evening a debate will be held on the subject, Resolved, That hazing as it exists at the present time should be abolished at the University of Maine. Speakers:—Affirmative, Chenery '11 and Johnson '10; negative, Harmon '10 and Redman '10. This is a subject which is of much interest to the student body just now. Everyone should make an effort to be present as it is expected that the debate will be an interesting one.

MUSICAL CONCERT.

The first concert of the Musical Clubs will be given in Bangor, next Friday night. Although some of the clubs have not yet reached their highest standard, they will give an excellent concert.

The numbers will include a violin solo by Stark, '12; readings by Fassett '10; selections by the University Orchestra and by the Banjo Orchestra. After the concert, the University Orchestra of fifteen pieces will play for a dance.

CIRCLE FRANCAIS

The first meeting of the Circle Francais was held Thursday evening in the Library. Prof. Segall presided and a committee consisting of W. N. Haines '09, Miss Chase '09 and Miss Richardson '09, was appointed to draw up a constitution and by-laws to be presented at the next meeting, a week from next Thursday. Interesting remarks were made at some length by Dr. Raggio, Miss Fellows and C. A. Tartre '12. Other members of the Circle gave short anecdotes in French. The object of the new society is to further interest in France and the French language.

WASHINGTON COUNTY CLUB

The Washington County Club held a meeting last Thursday evening and elected officers for the ensuing year, as follows: president, H. K. Dyer '10, of Calais; vice-president, P. E. Ryan '11, of Milltown; secretary and treasurer, J. S. Barker '11, of Calais. The three officers with H. L. Nash '09 and E. E. Gardner '09, will act as an executive committee.
EDITORIAL.

The matter of order in the Chapel needs the earnest and individual thought of every member of the student body. Of late there has been too much noise and disturbance in these exercises. It would be foolish to say that this arose from the students knowing no better, for they certainly must, and so the whole matter can only be laid to their thoughtlessness. However this thoughtlessness should and must be remedied.

The students must know that at this time all noise and disturbance, such as whispering and talking, passing of books and all such things must be stopped. It is no place for such things as also should the reading of newspapers and studying be put aside and all due and proper respect should be shown. The matter of loafing down in the corridors and waiting until Chapel has begun is also one of the things that should be guarded against for if there is one thing above all others that makes a Chapel service a farce it is the appearance of a score or more stragglers that come filing in after the services have commenced.

Visitors to our University see us in a body only at this time and it is from our appearance and manners that they judge us. What does a visitor think who sit up in the balcony and looks down on a student body that comes in late, that is talking and whispering, reading newspapers and studying lessons throughout the entire service? What would you think if you were that visitor and looked down for the first time on such a student body?

This institution of Chapel should be looked at its proper light. It not only is a time of rest, or should be, in the midst of our morning activities, but is also a time, and about the only one, at which the fellows get together. We have so few gatherings of the students that this alone means much, for it enables the students to become more and better acquainted with each other. It also offers a medium of exchange of notices which otherwise would be posted on the bulletin board and which would be in no way as efficient in its work. The students should guard against having this custom removed as it certainly will be, if the noise and disturbance, are continued, and to do this more interest, respect and attention is required. This whole matter should need only the attention and thought of the students to see it in its proper light, and without a doubt, all sensible and all men that pretend to be manly and gentlemanly...
will do all in their power to see that these, our Chapel services, are kept up to the standard at which they belong.

MUSICAL FEDERATION.

The Musical Federation held a meeting last Thursday and adopted the constitution and by-laws, which were submitted. It was decided to form a University quartet as a separate organization from the other musical interests. The quartet will probably go on trips, which the musical clubs take and will also accept engagements, which are too small for all the clubs to appear in. The new University quartet will be a most welcome addition to our various musical organizations.

PHYSICAL TRAINING.

Physical training this year will be compulsory only for Sophomores. Students in other classes may elect the work. Physical Director Mahan intends to run a teachers' course in physical training for upper class men. The men in this class will have advanced work and will aid Mr. Mahan in directing the work for the Sophomores.

MASSACHUSETTS CLUB.

The first meeting of the Massachusetts Club was held Friday noon, Oct. 16. There was an exceptionally good attendance although there were many Massachusetts fellows who should also have been present.

After a report of the treasurer of last year, who said that the cash on hand was one cent, the following officers were elected for the year 1908-09:

Harry White, Lynn, Mass., President; Ed. Alton, Lynn, Mass., Vice President; James King, Peabody, Mass., Secretary and Treasurer.

The Banquet of last year was talked over and plans for another to take place during the Xmas recess were discussed.

UNIVERSITY CHOIR.

Trials for the choir were made last week and leader Richardson has chosen the following men: first tenors, T. T. Workman '10 and M. J. McHale '11; second tenors, T. R. Richardson '09 and N. B. Whitcomb '12; first bass, D. S. Smith '09 and G. E. Springer '10; second bass, B. B. Smith '09 and F. D. Knight '09.

LAW SCHOOL NOTES

The Law school opened Wednesday, Oct. 7, with the largest registration in its history. The total registration of new men will probably reach forty. Nineteen of the new men are from Maine, and sixteen hail from Massachusetts, while two have registered from New Hampshire.

The following is a complete list of new men in the Law School:

Archer, Hiram J., Boston, Mass. Member of the Massachusetts State Bar.
Blaisdell, William Bradley, North Sullivan.
Campbell, Cohen Carroll, Provincetown, Mass.
Carter, Rodney Walker, Bluehill.
Chesley, Franklin Russell, Saco.
Clarke, Percy Trueman, Egypt.
Conary, Wilfred Grindle, Bluehill Falls.
Conners, George Leroy, North Attleboro, Mass.
Doak, Carleton, Belfast.
Druker, Joseph Matthew, Portland.
Harvey, Brad Dudley, Haverhill, Mass.
Hosmer, Charles Bridgham, Hudson, Mass.
Liggett, John Edmund, Augusta.
Lothrop, Eaton Whiting, Lynn, Mass.
Mahar, John Francis, Northboro, Mass.
Pellitteri, Jean Baptiste Van Buren.
Powers, Elisha Shaw, Houlton. Bowdoin College.
Sacknoff, Harry Alvah, Portland.
Sherry, Charles Ernest, Boxboro, Mass.
Snow, Charles Augustus, Milo, University of Maine.
Sweetser, George Roy, Hampden, University of Maine Senior.
Varney, Henry Harrison, East Rochester, N. H.
Weeks, William Marston, B. D., L. I. B., Barnstable, Mass., Yale University, Cumberland University Law School. Member of Tennessee State Bar.

The following new men have entered the post-graduate course of the Law School:
Montague, Henry B., LL.B., Southbridge, Mass. Cornell University College of Law, 1895. Member of the Massachusetts State Bar.

Mr. Montague, while at Cornell received the mark of "distinguished excellence" on his thesis, and was awarded one of the five scholarships for graduates leading to the degree of Master of Laws, out of a class of seventy-nine, but he was not able at the time to avail himself of the scholarship in question.

Harold Brackett of Berwick, Albert Anderson of Portland, and Neme Riggs of Rumford Falls were appointed Librarians for the ensuing fall term.

At a meeting of the student body, Oct. 12, it was voted to have a football team at the Law School. Mr. James Blenn Perkins of Boothbay Harbor, ex-star quarter back of Bowdoin was unanimously elected captain of the team, and Roy Morrison of Saco, our old time manager was elected manager. The season opened very auspiciously for the Law School team in defeating Brewer High 38-0 in a hard fought game. Among the stars were Chesley of Amherst, Harvey of Bowdoin and Bass of Bowdoin. Captain Perkins and coach Halliday also played a good game. The Law school team under proper coaching and training, could develop into one of the fastest teams in the State, for the whole team is made up of old College players.

Mrs. Huddleston sang in chapel last Thursday. The University choir will give a solo in chapel tomorrow.

Tomorrow Dean Stevens gives his second lecture on the History of Physics.

Invitations have been sent out by Phi Kappa Sigma for a reception to meet Mrs. Harriet A. Lord next Friday from eight to ten.

The Sophomore class has elected S. M. Jones of Bangor, manager of the class track team and N. E. Smith of Peabody, Mass., is captain.

At a meeting of the Senior Class Tuesday, Elton L. Towle was elected University cheer leader and Harry A. White was chosen as third senior on the Student Council.

The heads of the various departments of the University have been very busy during the past few weeks taking an inventory of the apparatus and of the materials in each department.

Prof. W. A. Brown of the Poultry Department, College of Agriculture, lectured before the Green Mountain Pomona Grange at Hancock, a week ago Saturday, his subject being "Some Phases of Poultry Work in the New England States."

The sophomores have instituted a new custom at the University this year, in compelling the freshmen to wear a uniform class cap. This is practiced in most other institutions of this kind in the country and has always been favored by college men. The caps are blue skull caps with a large white button.

ALUMNI NOTES.

W. N. W., was elected president of the Local Society.

John T. H., was elected manager of the Carbon Corporation.

Mr. M. H. H., is now in charge of the recently completed stone bridge across the Connecticut River at Hartford, and while the residents of Hartford and other parts of the state are admiring the bridge, they do well to remember that the beauty and symmetry of the great structure are in a great measure due to the ability of Engineer Edwin Dwight Graves, who, until his ill health necessitated his retirement from practice, was the chief engineer of the Connecticut River Bridge Company. The bridge, which is the finest bridge built in New England, is the latest and most superior in design and workmanship of all the stone bridges in the country.

F. E. T. D., was elected to the legislature.

W. N. W., was elected manager of the Carbon Corporation.

The members of the local society called '86.

Verdi L., was elected to the legislature.

F. L. M., was elected to the legislature.

E. J. B., is an engineer with the Chicago, Illinois Auto Pall Company.

P. H. D., was elected to the legislature.

Guy H, was elected to the legislature.

R. L. S., is manager of the Carbon Company.

F. O. 1., was elected to the legislature.

H. D. T., is manager of the Carbon Company.

N. J. H., is vice president of the company.
necessitated his retirement a year ago, was chief engineer of the bridge commission." This bridge, which has cost nearly $3,000,000, is the finest bridge of its kind in the world, being superior in some points even to London Bridge, which has formerly ranked first among the stone bridges of the world.

'87.
F. E. Trask, consulting engineer, Los Angeles, Cal., was on the campus recently.

'91.
W. N. Patten has a position as engineering manager of the Stone and Webster Engineering Corporation, in Boston.

'95.
The most complete bird book yet published is the recently published book on the "Birds of Maine," by Ora W. Knight, State Assayer.

'00.
Verdi Ludgate of Sherman Mills has been elected to the legislature.

'01.
F. L. Martin is shortly to sever his connection with the White's Class Advertising Company, Chicago, to take a position with the Hartford Auto Parts Company of Hartford, Conn., as secretary, sales manager, and assistant treasurer.

'02.
P. H. Dunn of Brewer, has been elected to the legislature.

'03.
E. J. Bartlett is a mechanical and electrical engineer with the Long-Arm System Co. at Cleveland, Ohio.

'05.
Guy Hayward is assistant manager of the New York office of the Columbia Shade Cloth Company.

'06.
W. H. Burke is in the lumber business at Kennebunk, Maine.

M. R. Lovett of Beverly, Mass., spent two or three days on the campus recently.

Reginald Ridge is a draughtsman in the Houlton office of the Bangor & Aroostook R. R.

Miss Mildred Mansfield is teaching in the Cherryfield Academy, Cherryfield, Maine.

Wm. Hall is assistant principal of the Presque Isle, Normal School, Presque Isle.

W. F. Schoppe is connected with the Montana Experimental Station Bozeman, Montana.

C. C. Butterfield is with the Larkin Drug Company at Waterville, Maine.

C. E. Davis has a position with the Pennsylvania Steel Company, Harrisburg, Pa.

F. O. Alton is working for the General Electric Company, Schenectady, N. Y.

C. H. Martin was a visitor on the campus last week en route for New York.

Frank A. Banks, who is working at irrigation engineering in Montana, expects to visit the University some time this winter.

'07.
L. E. Toner is doing forestry work in Minnesota for the government.

H. W. Kierstead is working on the Panama Canal.

"Bill" Stone has a position with the Automatic Refrigerating Co. of Hartford, Conn.

Ex-'99.
F. L. Varney is a practicing physician at Monson, Maine.

Ex-'09.
Kenneth A. Rollins entered Maine Law School this fall.

R. L. Hodgins is at Kineo, Maine, engaged in construction work for the Great Northern Paper Company.

Ex-'10.
Edwin Hamlin has opened undertaking rooms in Foxcroft, Me.
INTERCOLLEGIATE NOTES.

Dean Burgess of Columbia University, in welcoming the men students, gave much valuable advice which might be repeated to Maine men. He said in part: "I would advise you to follow such courses of study as will give you the most thorough mental discipline and develop the ability to cope with any line of special work which you may later choose as your life-career, and if you be professional or graduate students, not to be specialize too narrowly, but to combine with your specialties those necessary or desirable auxiliary branches, which will make you real scientific investigators, rather than mere students of technique.

And lastly, I would advise you to identify yourselves fully with what may be termed the social educational life of the University. ***

In these ways, you will help greatly in the maintenance and development of the spirit and the traditions of your Alma Mater and contribute largely to her success and prestige while reaping for yourselves to the full the pleasure and the profit of your lives within her doors."

Esperanto has been added to the list of subjects in the curriculum of Massachusetts Institute of Technology. This addition has also been made by Clark College (Worcester), University of Chicago, Northwestern University and the University of Wisconsin. It is based on the underlying principles of the languages of all civilized nations and is used in many schools here and abroad as an aid to the study of other languages.

Republican and Democratic Clubs have recently been formed at Technology, Columbia and Colby for the purpose of arousing greater interest in the approaching national election.

Colby has an entering class of seventy-two men and sixty women.

Bates announces a return debate with Queen's College, Ontario, the annual Sophomore Class Debate with Maine and one with some other college which has not yet been agreed upon.
