VARSITY'S TRIP.

WORCESTER TECH. GAME

In a close and interesting game Maine lost to Worcester Tech. by the score of 27-25. The contest was exciting throughout and the result was in doubt until the final whistle, Worcester winning in the last few minutes of play. Scales played well for Maine while Pease excelled for Worcester.

M. A. C. GAME.

Maine lost a hard fought game to M. A. C., at Amherst last Wednesday evening, by the score of 25 to 24. The blue played hard and fast but being unfamiliar with the playing surface they were at a somewhat disadvantage and were defeated only after a hard struggle. The game was rough and there were frequent fouls. Marshall and Black played well for Maine while Burke was the mainstay of the M. A. C. quintet. Line-up and summary.

LOWELL TEXTILE GAME.

On the next evening, Thursday, Maine lined up against Lowell Textile. It was an easy game and as one of the Lowell papers said "Lowell was not in our class at all."

Basketball is played in a cage at Lowell and at first this fact handicapped the players but in a short while the game part of it was over and it was only a case of how wide the margin would be. The game finished with Maine 45, Lowell 20.

For Maine Wadsworth, Scales and Marshall excelled, while Holden did the best work for Lowell.

NEW HAMPSHIRE STATE GAME.

To finish up the season and to do it in good shape Maine in her last game of the season trimmed N. H. State on her own floor by a score of 32-21. However it was an exceptionally fast and clean game and the result was in doubt until the last five minutes of play when Maine forged ahead some ten points. Capt. Wadsworth put up as fine an exhibition of basketball as ever has been shown on that floor. He was in every play and playing every minute. The number of baskets which he totaled, eight, will testify to that fact. Ned Scales also had his eye with him. Out of eleven foul tries he caged ten.

In fact every member of the team played fine. Considering that N. H. State College has never

been beaten on her own floor and also considering that the game came on the end of a very hard trip, it adds much to the victory.

SECOND TEAM TRIP.

The second basketball team took a trip last week to Belfast and Rockport, which turned out to be a most successful one. The first game was with the fast Belfast High School, and the second team lost in one of the best games seen in that town in several years. The contest was clean and fast, the score being 41-20. Hammond and Washburn, excelled for Maine.

INDOOR TRACK MEET

On the evening of March 12th occurs the annual indoor class track meet in the gymnasium. This meet will give Coach "Steve" Farrell and Manager Berry a line on the material and a good showing is looked for, especially among the two middle classes. They have a good number out and have entered into the track work with a spirit that should give winning results. The balance of opinion seems to be that the sophomores will be the winners with the juniors and freshmen about evenly split for second place. For the freshmen the following men seem to show up especially well:—Capt. Joyce, who will be in the shot-put and the basketball game, Houghton, Brown, Tartre, Steel, and Shrum, all of whom will be entered in the track events proper. The 1912 eight lap relay team is especially speedy and every man is working his hardest to make the team. The events will be the same as last year with the exception of the gym class which will not "perform" and will be as follows:—shot-put, 25 yard dash, 25 yard low and high hurdles, high jump, two lap relay, eight lap relay, pole-vault and the basketball game between the two lower classes. This meet comes during Farmer's Week and it will be a good time to show the visitors a little of our athletics.

BASEBALL

The first call for battery candidates for the baseball team was sounded by Manager Danforth Feb. 24th. The work is being carried on in the cages and a gratifying lot of material is being worked over. With both last year's batteries as a nucleus and with several new men out, the prospect for a winning team, on account of a good battery, was never so bright as this spring. The last year's infielders, with the exception of Stanwood, are back and with their experience of last year, they should put forward as fast a bunch as any of the Maine colleges. The outfield is the same except for the loss of Chase who

graduated last year, and little need be said concerning this part of the team.

The pitchers are headed by Ryan '11, and McHale '11, two 'Varsity men, and include Reed and Cooper '11; Keyes and Libby, '10; and Winn '12. The list of catchers contains Smith and Richardson '11 of last year, and Holmes and Clark from the freshmen class. P. J. Noonan of Holy Cross has been engaged as coach and will be with the men March 15th and certainly ought to turn out a winning team.

FARMERS' WEEK.

The third annual Farmers' Week will be held from March 8 to March 12, and preparations have been made to provide a program which will even surpass in variety of subjects and quality of the lectures those of the two previous successful "Weeks". The agricultural community of Maine, especially that of the Eastern section, has come to look upon these exercises with the highest approbation and appreciation and it is expected that a record breaking number of people will visit the University this year for a week of free entertainment and instruction on every subject that could possibly be of interest to the farmers of the State.

The program includes no fewer than forty-six lectures and addresses supplemented by numerous demonstrations, exclusive of the women's department. To carry out this program the entire faculty of the College of Agriculture will take part and arrangements have been made to have present several prominent authorities on agricultural and industrial topics.

Among the speakers from outside the University will be Prof. E. F. Hitchings, State Entomologist, Dr. L. S. Merrill, State Dairy Inspector, Prof. W. J. Spillman of the Department of Agriculture, Dr. Payson Smith, State Superintendent of schools, Hon. Morrell Drew of the State Tax Commission, and President G. C. Creelman of the Ontario Agricultural College.

An equally good, although not quite so extensive a program has been made up for the women's meetings, in which Miss Anna Barrows

of Columbia University, who delighted her hearers last year, will hold forth with her talks and demonstrations on culinary topics. She will not be left to conduct the meetings alone this year but will have the assistance of Miss Frances Stern of the Massachusetts Institute of Technology, who will give some able discussions on domestic science.

The meetings will be held almost entirely in the Agricultural Hall, where the lecture room, the largest on the campus, will afford ample accommodations even for the many people who are expected to attend. These facilities will do away with the necessity of using the Library which is not entirely convenient for such exercises.

SENIOR ELECTIONS.

The senior class has elected several important officers including the Commencement speakers. The results were as follows: Floor director, of the Commencement Ball, H. G. Philbrook, Shelburne, N. H., Commencement ball committee T. C. Westcott, Patten; F. C. Richardson, Jefferson; M. E. A. B. Merriman, Portland; H. I. Pettegrew, East Machias; I. H. Moore, Readfield. Class day committee, J. H. Mason, Beverly, Mass.; W. L. Emerson, Lewiston; W. O. Smith, Peabody, Mass. Banquet Committee, G. E. Torrey, Deer Isle; B. L. Roberts, Bangor; H. E. Sutton, Orono. Leader of last chapel, F. D. Knight, Limerick. Commencement committee, H. I. Goss, Saco; E. W. Morton, Kennebunk; W. A. Carter, Nobleboro. Track manager, W. O. Smith, Peabody; Mass.; N. H. Mayo, Bluehill. Assistant marshall, G. E. Torrey, Deer Isle. Chaplain, F. W. Foote, Milbridge. Historian, W. L. Emerson, Lewiston. Poet, D. S. Thomas, Yarmouthville. Oration, D. S. Smith, Bangor. Address to Undergraduates, H. P. Higgins, Somerville, Mass.. Valedictory, E. L. Towle, Portland.

The Boston Alumni Association will hold its annual banquet in that city on the evening of March 6.

EDITORIALS.

WHILE perhaps the use of the bulletin boards is a matter of minor importance yet it is a matter which should not be so entirely neglected as it has hitherto been. It makes a considerable difference to a busy man whether or not he has to stop and read through a lot of antique notices before he comes to those of the right date and it is for this reason that some little attention should be given to the subject. Our bulletin boards are covered with old and past dated notices for which no one feels directly

responsible. It would be of great convenience to the students in general if those who place notices upon the boards would see that they are taken down after their usefulness is past.

THE Basketball season closed this year with a trip through Massachusetts. Taking it as a whole the season has been most successful and the team one of the best we have had at Maine for several years. Out of the three games played with Colby we won two and none of the games played on the home floor were lost. The scores in most cases were convincingly large and we have no reason to feel anything but the utmost satisfaction with regard to the success of the season. At Worcester, where the first game of the Massachusetts trip was played we lost by a very small margin after a clean, hard game. All who witnessed it agreed that our team made a remarkably fine showing. What is true of this game holds true of the other games of the trip. In every case the Maine team showed itself an entirely worthy proposition for teams from the Massachusetts colleges.

It is time now to turn our attention to other lines and at this time of the year the coming baseball season is of the most interest to those who care for athletics. In the new coach, Mr. P. J. Noonan, we have a man well trained and perfectly capable of filling his position. He was formerly the catcher for the All-American Intercollegiate Baseball Team and has since played with the Philadelphia American and the St. Louis Nationals. We feel that we have a right to be wholly confident of his ability to coach our team.

The material for baseball in the University is exceptionally good and the prospects for a winning team this spring seem to be especially bright. It is time now to take the matter in hand and give it the proper attention. Of

course a large squad is necessary from which to pick the men for the different positions and every man who has ever played baseball or who thinks he has the least ability in that line, is urged to come out and try his luck. A good fair chance will be given to any man and it is certainly worth while for a fellow to make the attempt and see what he can do. It is not only a satisfaction to himself but to all those concerned. This is the only method of finding the material for athletics in the college. Therefore if *you* have any idea of playing baseball this year, don't wait until its too late, show yourself *now*!

LECTURE BY DR. TOMBO.

On Wednesday evening, Prof. Rudolf Tombo of Columbia spoke before an appreciative audience on "The Sunken Bell," Gerhart Hauptmann's masterpiece.

Hauptmann, the grandson of a weaver, belongs to the class of writers of the storm and stress period of the nineteenth century when writing dealt with the lower classes more than with the affairs of the middle class. The Sunken Bell is Hauptmann's first drama and it was written during his convalescence from a serious illness caused by the failure of the work upon which he had put his whole soul, "Florian Oeyer" the story of a peasant revolt. The Sunken Bell is a fairy tale which represents a chapter of Hauptmann's life, that of his failure.

Rautendeleum is a wood elf who represents an off-spring of nature, Nickelmännchen a water sprite representing realism and Heinrich who represents Hauptmann. The story opens with the description of the loss of the bell upon which Heinrich has put his whole energy. Rautendeleum cares for the heart broken Heinrich and he goes with her to the mountains. Here he devotes his time to the creation of something he knows not what. The villagers beseech him in vain to return to his sick abandoned wife. In a vision Heinrich sees his children. He then forsakes Rautendeleum and she realizing that she

can never belong to the world becomes the bride of Nickelmännchen. Heinrich has repented too late however and dies after he has heard the tolling of the lost bell rung by his dead wife.

Dr. Tombo quoted some of the most beautiful passages of the play. The members of the Verein and Dr. Tombo then adjourned to the Sigma Alpha Epsilon House where a short business meeting was held at which Mr. J. A. Flanagan was initiated. German songs were sung after which refreshments were served, the Sigma Alpha Epsilon orchestra furnishing delightful music.

MUSICAL CLUBS.

After the successful concert that the Musical Clubs gave at Bangor last week, Manager Fassett has announced several trips that he is working on in addition to single concerts. During the Easter recess the clubs will make a trip to Massachusetts, at the same time giving a concert in Portland. There will probably be three concerts in Massachusetts. Sometime during next month the clubs will probably make a trip to Bucksport and Camden and to Dover and Dexter. The next concert scheduled is on March 11th at the college and every one should help make the clubs the best in the State.

THE NORUMBEGA BANK.

vs.

THE THIRD NATIONAL BANK.

Before F. Wade Halliday, Justice.

STATEMENT OF FACTS

On May 17th, 1908, a certain person unknown made and drew, by and under the name of W. S. Chapman, Treasurer, a check, with the heading Central Union Telephone Company, and numbered 13006, countersigned by G. L. Phillips, President, both names being forged, and directed it to the Norumbega Bank of Bangor, and thereby requested it to pay three hundred dollars (\$300.00) to C. H. Willis, Assistant Superintendent. Afterwards the same party, without knowledge, consent, or ratification of Willis forged on the check the name of C. H. Willis, Asst. Gen. Supt., without intending that said Willis should have any interest in the check. Chapman, Phillips, and Willis, were members and officers of the Central Union Telephone Company, and were ignorant of the existence of such a check bearing their names. This unknown party then caused the check so endorsed to be placed into the hands of Chapin & Gore who endorsed it "for deposit in the Third National Bank of Bangor to the credit of Chapin & Gore" and then delivered it to the Third National Bank, which in turn endorsed it "Pay through the New York Clearing House only to Third National Bank," and through the Clearing House was then presented the check so endorsed to the Norumbega Bank for payment, which Bank, supposing the signatures genuine, took up the check and paid it to the Third National Bank, which held the check for value under the spurious endorsement. The Norumbega Bank had not discovered that the endorsement purporting to be made by the payee was a forgery, until July 25, 1908, when it at once notified the Third National Bank, tendered to it the check, and demanded that it make good its warranty of the genuineness of the preceding signatures endorsed on the check, including that of Willis. The Third National Bank promised to pay, but on legal advice

afterwards refused, and is now sued by the Norumbega Bank to recover the amount paid.

R. Fitz-Randolph and I. H. Caplan for plaintiff.
T. A. Sanders and E. W. Bridgham for defendant. Case to be heard February 25, 1909.

Mr. Harold S. Goss of the Senior class has been honored by an appointment on the committee for commencement exercises.

The Assembly met Friday night and a very spirited discussion ensued on the advisability of adopting new constitution. The house was divided into two factions.

Mr. Gould being the leader of the majority side and Mr. Anderson of the university. After such compliments as "gang", pig heads" and other epithets had been exchanged a scene took place which greatly resembled the memorable Tillman-Dearmont affair in the U. S. Senate some years ago. However before the meeting adjourned Mr. Mitchell, Mr. Gould and Mr. Grady were elected as a committee to draft a constitution to present at the Assembly for affirmation or disaffirmance. The meeting then adjourned to an hour of social disorder.

PENOBSCOT VALLEY ALUMNI BANQUET.

The Penobscot Alumni Association held a banquet last Tuesday at the Penobscot Exchange in Bangor. Although the attendance was not as large as on former occasions, enthusiasm and spirit ran high and everyone felt the loyalty for and pride in the University, which pervaded the atmosphere. Ex-Mayor W. B. Pierce '90 presided.

After the supper, the company adjourned to the smoking room and passed several hours in informal talks and speeches. The first business done was the election of officers, the results of which were: Hon. W. B. Pierce '90, president; J. Harvey McClure '05, secretary, treasurer; V. K. Gould '97; H. B. Buck '93, and Prof. H. S. Boardman '95, executive committee.

Informal speeches were made by Dean Hart '85, John M. Oak '73, Charles W. Mullen '83, Edward H. Kelley '90, Charles J. Sawyer '98, J. Harvey McClure '05, H. B. Buck '93, V. K.

It is expected that the members of the association will entertain the coaches, captains and members of the baseball and track teams some time this spring at an informal spread, when opportunity will be given the Penobscot Co. alumni to get acquainted with the men who represent the University in these activities.

FRATERNITY CONVENTIONS.

The conference of the eastern division of Delta Tau Delta was held in New York City, Saturday. The local chapter was represented by E. J. Finnigan '09, and W. W. Harmon '10. They will visit the chapters at Columbia, Stevens, Brown, Tufts, Wesleyan and M. I. T. before returning.

The annual New England "Dorg" and convention of Beta Theta Pi will be held in Boston Friday and Saturday. Several members of the Maine chapter are planning to attend.

Y. W. C. A.

At the recent candy sale of the Y. W. C. A., the sum of \$24 was cleared. This money will be used in defraying the expenses of delegates to the annual Y. W. C. A. convention at Silver Bay.

ALUMNI NOTES.

Cornell University Medical College.

A College degree is required from all candidates for admission. Graduates of the University of Maine are eligible.

A limited number of scholarships are offered carrying free tuition to graduates of any approved college or scientific school, who have attained distinction in their College course as certified by their respective faculties.

For further particulars apply to

THE DEAN, CORNELL UNIVERSITY MEDICAL SCHOOL,
First Avenue and Twenty-Eighth St., NEW YORK CITY.

THREE REQUIREMENTS FOR ALL STUDENTS

You need reliable, original and complete material for written or spoken work. You also need books and magazines. And later a summer or permanent position, which you should plan for *now*, before all the best openings are filled. Here is the way to get all three at a minimum of effort and expense.

WE ARE DEALERS IN FACTS

We furnish the best information obtainable on any subject in school, college or club, in business and public affairs. Our work is accurate, complete and to the point, carefully typewritten, promptly supplied and arranged in suitable form, with outline, bibliographies and full references.

We not only have in our own force highly-trained investigators and specialists in various lines, but we have made a business of "knowing the men who know" and by means of this system of knowing "Who's Who for Efficiency" we can go straight to headquarters for authoritative information and expert advice.

Added to our large stock of information on hand and our means of obtaining authentic information, we have a highly efficient system of sifting, arranging and presenting our facts in form that exactly meets individual requirements—that would meet *your* needs.

We are especially strong in political science, economics, sociology, anthropology, fine arts, literature, applied science, commercial geography, travel and exploration, international law and diplomacy, history, foreign affairs, interstate and foreign commerce, financial and industrial conditions, and public problems and live questions of the day.

The cost is less than might be expected. Our charges for new and original material are at the rate of two dollars for each thousand words furnished. Quality of work guaranteed, or money refunded. Methods, references and quotations on important investigations furnished upon request. (We have thousands of articles on hand which we offer, subject to prior sale, at \$1.50 per thousand words. Send for price list.)

A DESIRABLE POSITION FOR YOU

If you are wise, you are already planning about a summer or permanent position or about an opening in the professions or independent business. To introduce our service to you, we will give you advice, information and real assistance along these lines *without charge* (from now up to the time you secure a desirable position) if you send us a five dollar order for information,—i. e., 2,500 words or over at \$2 per thousand.

In our official capacity, we come in touch with boards of trade, chambers of commerce and other local and general organizations of employers, as well as large corporations and other concerns, educational and other institutions, and municipal, state and other governmental departments. We are thus in a position to know of positions of all kinds everywhere as well as opportunities for starting out in independent business or professional lines.

No red tape, no commissions, no strings are attached to this offer. It is free and unconditional. This information we gain about positions is simply a valuable by-product of our regular information business, and we use it to attract, help and thus hold customers. We do for you all that any regular employment agency can do, with this important difference—we ask you to sign no involved contracts, pay no fees or commissions, and incur no other obligations.

BOOKS AND MAGAZINES FREE

As a further inducement, with every five dollar order for information we will give free, in addition to the employment privilege, any book or a year of any magazine you specify, the publishers' price of which is not over one dollar. With a ten dollar order for information, we will give \$2 worth of books or magazines, with a \$15 order, \$3 worth; with a \$20 order, \$4 worth; with a \$25 order, \$5 worth; and so on. Two or more men may club together with several subjects to make such an order and divide the privileges among them.

HOW TO ORDER

Just think up one or more subjects on which you need material. Estimate the number of words required. Enclose two dollars for each thousand words desired, give us exact directions as to what you want and when you want it, and if the order is for five dollars or over, name the books or magazines you wish and tell us about the position you would like and your qualifications for it. We will do the rest. Address at once:
