In school as in all other kind of business there will always be some cases of failure to accomplish the best possible results, yet in my opinion the schools have gone on very successfully during the past year.

If parents would increase the interest of their schools, they should see that their scholars are regular in attendance.

I would urge the parents to visit the schools and find out for themselves what is being done, and work in harmony with the teachers for the success of our schools, remembering that the welfare of our community depends upon the intelligence derived from our common schools.

Respectfully submitted,

C. W. FERNALD,

SUPT. OF SCHOOLS.

YOU

WEAR SHOES

and you want to wear the kind that look right on you; that fit, and keep fit; that have the quality in them that will give you a good big value for the money you pay.

You have a right to buy wherever you please and you might prefer to buy somewhere else than here.

The best reason we can give you for coming here is not that we would like to have you come here, that's a reason for us but not for you. The best reason is that you'll find here the things that are best worth your money. If you knew as well as we do how true this is, you'd be here soon.
