REMARKS

The teachers employed have proved their ability for the work of instructing the youthful minds, in a tactful way, and have worked faithfully for the best interest of our schools.

The scholars have been obedient and industrious and in my opinion we have had a successful school year.

Respectfully submitted,

C. W. FERNALD,

Supt. of Schools.

## Report of Superintending School Committee

---

*To the Citizens of Levant:*

As the State has changed the school year from 26 to 30 weeks it will be necessary to raise more money for our schools to comply with the requirements of the new law. We would suggest the sum of \$800.00 for support of schools.

The school houses at West Levant, South Levant, and the Read District need painting and a few repairs, and we should judge it will cost about \$250.

Respectfully,

C. E. EMERSON,	}	S. S. Committee
