#### ROADS AND BRIDGES.

Your selectmen as road commissioners have struggled with the problem of keeping your roads and bridges in repair as best we could, and find ourselves unable to put them in such repair as they should be, with the amount of money at our command.

We have expended in summer work on roads and bridges, \$1,417.44, as shown by the books. We had one pair of oxen turned over to us this spring from your road agent of 1888. We disposed of them last October for \$130.00, the best we could do with them. We bought one pair of oxen and used them on the road until the first of July and then sold them for the same as they cost. This last transaction will not appear in the list of orders drawn, as no money was passed through the treasurer's hands. The town-farm oxen were also used on the road, and some credit should be given the town-farm account in this matter, as it costs considerable more to keep a pair of oxen in heart and trim to go on the road summer and fall and do good business.

The following orders have been drawn to pay for repairs on roads and bridges for the summer of 1889:

#### WINTER WORK OF 1889 AND 1890.

The town voted at the last annual meeting to have three snow rollers built. We have not followed your instructions exactly, although perhaps we should have. We have had two rollers built at a cost of \$200. We think they are good rollers, but time and use will prove that best. In repairing roads and bridges we hardly knew when or where to stop, and perhaps did not stop as soon as we should, for of the \$2,000 appropriated we have left but \$582.56 for winter work, and if you take the cost of the rollers from that there is left but \$382.56, and if the winter from now out is not favorable that sum will be insufficient for the purpose

Summer term taught by Hattie Abbott. Length of term, 9 weeks; number of pupils in attendance, 49; average attendance, 41. Wages of teacher, \$5.00.

Miss Abbott is one of our most experienced and successful teachers; has taught much in town, and always with marked success. This term was no exception; the progress and general advancement being all that could be expected when the number of scholars and the amount of labor required of the teacher are considered.

Fall term taught by Mary Abbott. Length of term, 8 weeks; number of pupils in attendance, 59; average attendance, 47. Wages of teacher, \$6.00.

This term was also very successful. Miss Abbott's work in this school fully sustained her former reputation as a teacher, and the work and general appearance of the school were fully up to what I had expected to find them.

Winter term taught by Thomas Charles. In session. Appeared finely on first visit, and I have every reason to suppose is proving a pleasant and profitable term.

#### DIST. NO. 2. ENOCH S. CHASE, Agent.

Fall term taught by Hulda Hobbs. Length of term, 10 weeks; number of pupils in attendance, 17; average attendance, 15. Wages of teacher, \$4.00; price of board, \$2.00.

Noted much progress in all branches. Interest good. Miss Hobbs has taught quite a number of schools in town, has a good faculty to interest and instruct her scholars, and as a result her schools are very successful.

#### DIST. NO. 4. EBEN FESSENDEN, Agent.

Summer and fall terms taught by Gertrude Gould. Length of summer term, 9 weeks; number of pupils in attendance, 6; average number, 6. Wages of teacher, \$3.00; price of board, \$1.40. Length of fall term, 12 weeks; number of pupils in attendance, 9; average number, 8. Price of board and wages the same as during the summer term.

Noted good progress in all branches. Order good and much interest manifested by the scholars. Miss Gould is one of our most earnest and successful teachers.

#### DIST. NO. 5. C. H. WALKER, Agent.

Summer term taught by Susan M. Walker. Length of term, 10 weeks; number of pupils in attendance, 1; average attendance, 1. Wages of teacher, including board, \$3.00.

Not visited by me, but from the register received and knowledge I have of acquirements of the scholar I have every reason to believe that it was a profitable term.

#### DIST. NO. 6. GEORGE BUTLER, Agent.

Summer term taught by Mrs. Addie Butler. Length of term, 8 weeks; number of pupils in attendance, 14; average attendance, 12. Wages of teacher, \$3.50; price of board, 86 cents.

This was Mrs. Butler's first attempt at teaching, and while she failed somewhat to interest, she tried to do her best, and seemed to succeed well with some of the smaller pupils.

Fall and winter terms taught by Emma Corson. Length of fall term, 10 weeks; number of pupils in attendance, 13; average attendance, 11. Wages of teacher, \$3.00; price of board, \$1.05. Length of winter term, 10 weeks; number of pupils in attendance, 17; average attendance, 13. Wages of teacher, \$4.00; price of board, \$1.05.

Good progress in all branches. Order good, and interest well maintained throughout the term. Miss Corson understands interesting smaller scholars and governs without any effort.

#### DIST. NO. 8. GEO. H. HILL, Agent.

Summer term taught by Sadie M. Locke. Length of term, 8 weeks;

number of pupils in attendance, 34; average attendance, 31. Wages of teacher, \$5.00; price of board, \$1.50.

Noted good progress in all branches. Scholars interested and kept well up to their work.

Fall and winter terms taught by Walter D. Corson. Length of fall term, 10 weeks; number of pupils in attendance, 35; average number, 32. Length of winter term, 4 weeks; number of pupils in attendance, 26; average, 20 Wages of teacher, fall and winter, \$20.00; price of board, fall and winter, \$1.60.

Good progress noted in all branches. Order good and interest maintained throughout both terms. The average of winter term was reduced by sickness in the district. Mr. Corson is an active worker in the schoolroom, and knows how to keep his scholars well interested, governing by managing to keep an interest in the work in hand sufficient to overcome any tendency to uneasiness.

#### DIST. NO. 9. JASON W. TOWLE, Agent.

Summer and fall terms taught by Sara M. Towle. Length of summer term, 10 weeks; number of pupils in attendance, 10; average attendance, 9. Length of fall term, 10 weeks; number of pupils in attendance, 12; average attendance, 10. Wages of teacher, summer and fall, \$4.50; price of board, summer and fall, \$1.00.

Miss Towle is one of our most successful teachers, and her efforts in this district were not an exception, consequently these were very successful terms of school.

#### DIST. NO. 10. ROLAND CHARLES, Agent.

Summer and fall terms taught by Minnie L. Anderson. Length of summer term, 9 weeks; number of pupils in attendance, 46; average attendance, 36. Length of fall term, 8 weeks; number of pupils in attendance, 33; average attendance, 30. Wages of teacher, summer and fall, \$5.00; price of board, summer, \$1.40, fall, \$1.50. Closed without notice.

Winter term taught by G. W. Walker. In session. Appeared well on first visit. Mr. Walker is an experienced and successful teacher, and I feel assured of a very profitable term.

#### DIST. NO. 11. CHAS. CHANDLER, Agent.

Summer term taught by Kate Hazeltine. Length of term, 8 weeks; number of pupils in attendance, 13; average attendance, 12. Wages of teacher, \$4.00. Good progress in all branches, with good order.

Fall term taught by Carrie M. Kilgore. Length of term, 8 weeks; number of pupils in attendance, 16; average attendance, 13. Wages of

teacher, \$4.00; board given. Good order; interest manifested in all studies, with fair progress.

Winter term taught by Mr. Hatch. Order good; good progress in all branches. Register not returned.

#### DIST. NO. 12. CLARENCE DAY, Agent.

Spring and summer terms taught by Lottie E. Barker. Length of spring term, 10 weeks; number of pupils in attendance, 9; average number, 7. Wages of teacher, \$3.00. This was Miss Barker's first school, and I was pleased with the result. Noted special advancement in reading and geography. Register of fall term mislaid.

#### DIST. NO. 13. HENRY EASTMAN, Agent.

Summer term taught by Jennie S. Farrington. Length of term, 10 weeks; number of pupils in attendance, 16; average attendance, 15. Wages of teacher, \$3.00; board given. A pleasant and profitable school. Thoroughness in all branches, progress good, order unexcelled.

Winter term taught by Lucy Elliott. In session. Appeared well on first visit.

#### DIST. NO. 14. JAMES B. MARSTON, Agent.

Summer and fall terms taught by Mrs. A. Sanborn. Length of summer term, 13 weeks; number of pupils in attendance, 21; average attendance, 15. Wages of teacher, \$4.00; price of board, \$1.60. Register of fall term mislaid. Mrs. Sanborn has taught much in this district, and always with marked success. Noted good progress in all branches; order good.

#### DIST. NO. 15. WILL L. HOWE, Agent.

Summer term taught by Mary H. Eastman. Length of term, 8 weeks; number of pupils in attendance, 25; average attendance, 20. Wages of teacher, \$4.00; price of board, \$1.00. Miss Eastman is a fine scholar, and tried hard for the school, but on account of a disposition on the part of some of the scholars to take advantage of her, the results were not as good as would have otherwise been.

Winter term taught by Henry Stearns. In session. Appeared well on first visit. Mr. Stearns has a fine reputation as a teacher, and we feel confident this term will not be an exception, but will prove profitable to all.

#### DIST. NO. 16. H. H. WILEY, Agent.

Summer term taught by Hannah H. Howe. Length of term, 8 weeks, number of pupils in attendance, 5; average attendance, 5. Wages of teacher, \$2.50; price of board, 85 cents. Noted much progress in all branches. Order good.

Winter term taught by Jennie S. Farrington. Length of term, 9 weeks; number of pupils in attendance, 5; average number, 5. Wages of teacher, \$3.00. Miss Farrington did equally as good work in this school as she did in No. 13.

DIST. NO. 17. HENRY LORD, Agent.

Summer term taught by Martha Fosdick. Length of term, 9 weeks; number of pupils in attendance, 15; average attendance, 10. Wages of teacher, \$3.00; price of board, \$1.00. Progress good in most branches.

Winter term taught by Ada L. Harnden. Length of term, 12 weeks; number of pupils in attendance, 9; average attendance, 6. Wages of teacher, \$3.50; price of board, \$1.25. Mrs. Harnden has taught many terms of school in this district, always doing good work.

As a rule our schools have been as good as could be expected. But few inexperienced teachers have been employed, and all have tried to do their duty. There has been no disturbance in any school, and the order maintained throughout has been above the average. Of course, all have not been just what one would wish, but it is impossible under our system to avoid some mistakes. As a rule the agents have sought to hire the best teachers they could obtain, and much of the success of our schools must necessarily lay in their hands as long as the district system is continued. Care, then, should be shown in their choice, being careful to select only those who have the good of the school at heart and possess some knowledge of what is required and expected of teachers.

The free text-book system, adopted in 1884 by this town, has now become the law of the state, and I have purposely refrained from changing some books for this reason, and have sought to keep the amount purchased as low as possible, by the advice of State Supt. Luce; it is supposed that more favorable terms can now be obtained, as school boards can act more in unison.

On account of the condition of the schoolhouse in Dist. No. 9, and at the request of several inhabitants of the district, I have recommended that said district be discontinued and a part of it annexed to each district adjoining. Also that districts 1 and 2 be so divided as to more nearly equalize the number of scholars in each.

Dist. No. 7 was discontinued and the money placed in Dist. No. 2, and will so remain until it is renewed by the action of the municipal officers or a vote of the town.

Our schoolhouses remain about as last year; improvements are needed on several of them in order to make them comfortable for scholars.

Respectfully submitted,

B. WALKER McKEEN, Supervisor.
