AUDITOR'S REPORT.

I have examined the books and accounts of the selectmen and treasurer of our town for the year ending January 31, 1927, and find them well and correctly kept, with vouchers on file for all orders drawn, showing that \$14,216.31 has been received from all sources and that \$13,863.23 has been paid out, leaving a balance of \$353.08 in favor of the town. The funds to the amount of \$193.89 are on deposit at the Bar Harbor Banking & Trust Co., and the balance, \$159.19, in currency, in hands of treasurer.

Respectfully submitted,

FRANK E. STANLEY, Auditor.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens
of Cranberry Isles:

Below is a report of the superintendent of schools.

There has been a complete change in the teaching force since the last report, viz: Mr. Bartlett, Washington State Normal, Islesford grammar; Marion Spurling, Eastern State Normal, Islesford primary; Elizabeth Fernald, Farmington Normal, G. C. I. primary; Edith Allen, Washington State Normal, G. C. I. grammar.

Following is the number of pupils in each grade, and also the number in each school:

Grade 1—	3 boys, 3 girls.
2—	4 boys, 3 girls.
3—	0 boys, 4 girls.
4—	4 boys, 3 girls
5—	5 boys, 6 girls.
6—	0 boys, 0 girls.
7—	2 boys, 3 girls
8—	5 boys, 2 girls.
Total—	23 boys, 24 girls.

Islesford, 16 pupils; G. C. I., 31 pupils; a total of 47 pupils—a loss of 9 pupils from last year. You can readily see that these figures are startling, from several different points of view. From the 47 pupils there will, in all probability, be 7 graduate and, so far as I know, none to enter.

On this basis, there will be at the Islesford school

next year, 13 pupils in both rooms and six grades, with two teachers, making the cost of maintaining this school, including teachers' salaries, fuel and janitors, \$2,111 or \$162.39 per pupil. This is a serious situation, and should be given careful thought. As much as I dislike uniting the two schools, I believe this could be done successfully where there are only six grades, and I furthermore believe a good efficient teacher could take care of both of these schools and keep the efficiency up to its present state. I am frank to state that I do not believe your town, or any other town, can afford to pay \$162.39 for the education of each common school pupil.

It is within the power of the State School committee to unite these schools if they deem it necessary, and does not require a vote of the town, yet I believe this committee desires you to fully understand the situation in advance.

On the same basis, the schools on the large island, in the year following, will have 23 pupils and five grades, making the situation the same as at Islesford.

There are 18 students receiving higher education in different schools of the State, as follows: Southwest Harbor, 5; Ellsworth, 4; Higgins Classical Institute, 6; Bangor, 1; Bar Harbor, 2. Next year there will be seven to graduate from the grammar schools. The reports which I have received from these different schools throughout the State show that the students from Cranberry Isles rank with the best.

In closing, I wish to thank the citizens for the courteous treatment accorded me during the year.

Respectfully submitted.

WINFRED E. CLARK,

Superintendent of Schools.

The money spent for fuel this year was in excess of the amount appropriated by \$140.25. I see no reason why enough money should not be raised each year for fuel if it is going to be spent anyway. I personally do not believe in an overdrawn account.

Again, the tuition account is also overdrawn. This is unavoidable, as we are not positive of the number of students who intend to enter some high school.

While at Augusta, I received information which leads me to believe that a law will be passed this winter making it compulsory for towns which do not maintain a free high school to pay whatever tuition the towns might charge. This seems logical, as the law states that children shall receive free instruction, while at present the parents are paying the surplus

over \$60 per year. Even though this law passes, no additional amount will be received from the State. If this law is passed it will be necessary for Cranberry Isles to increase its appropriation by about \$200 over what is already recommended.
