To the Sup. School Committee of the town of Palmyra:  
 The following is my report as School Physician of your town  
 for 1922 - 1923

Number of schools visited	6
Number scholars examined	136

Number with a physical rank of 100%	4
Average physical rank	95.1%
Imperfect care of teeth	38
Imperfect vision, not corrected	1
Diseased teeth	38
Diseased throat	27
Diseased tonsils	63
Adenoids	52
Skin diseases	12
Under weight	108
Pulse above normal	24
Number reported for treatment	53

All schools were visited at least twice. The duties of the School Physician have to do with the health, sanitary condition and comfort of the pupil while at school, and this duty has been performed so far as it has come to my knowledge.

My relations with the parents and pupils have been most cordial and, I hope, with profit to them.

Yours truly

Feb. 26, 1923

## REPORT OF SUPERINTENDENT OF SCHOOLS, FOR YEAR ENDING FEBRUARY 28, 1923

Members of the Palmyra School Committee:

Directly to you and indirectly to the citizens of Palmyra I make my sixth annual report.

The school census, or list of persons in town between the ages of 5 and 21, as taken last April, showed an increase from 214 to 253. This was reflected in the school enrolment in September. The schools opened with the following attendance: Gale, 39; Marsh, 16; Adams, 22; Village, 32; Carr, 14; Ell, 26; a total of 149 or 20 more than a year ago. The attendance has been very regular during most of the year. Nearly all of the absences have been caused by sickness or severe weather; very few children stay out of school because of lack of interest on the part of parents.

The following teachers were placed in the schools this fall and will probably continue thru the spring term: Gale, Mrs. Fausta Howes; Marsh, Mrs. Nellie Jordan; Adams, Mrs. Grace Cook; Village, Mrs. Katherine Cronkite; Carr, Mrs. Gertrude Smith; Ell, Mr. John Holland. Mrs. Smith receives \$17 per week, the other teachers receive \$19. Since Mr. Holland has moved his family here, we may consider that all our schools are taught by local teachers. I can speak very highly of the service they are rendering. None of us have been able to satisfy all but we have striven constantly to make the schools better. \$19 per week has placed in the Palmyra and St. Albans schools an excellent group of 'home' teachers. When it has been necessary to go out of town to get teachers at this salary, a very marked drop in quality has been noted. I sincerely hope that it will be possible to retain in Palmyra schools a corps of local teachers at the present wage.

For some time it has been our custom to place particular emphasis on one subject thru the year, while trying to teach the other studies as well as before. This year we are giving special attention to the field of English. We have all studied what to teach and how to teach in oral and written composition and Grammar. As a result the boys and girls are making excellent progress in ability to stand up and speak upon a topic briefly and well and to write an interesting letter or an article without glaring mistakes in spelling, punctuation or correct speech. More Grammar has been taught in these two terms than in any previous period twice as long. The pupils in the lower grades are making better progress than ever in that most important of all subjects, Reading. The 34-week school year has added greatly to the thoroughness of our common schools, which is the only schooling that many of the children get.

The School Improvement Fund has placed a sheet-iron jacket on all the school stoves but that at the Village. This has meant a more even distribution of better air over the schoolroom. It has helped especially in the larger schools where it would have been necessary to sit very close to the stove. The School Board feel it unwise to continue this fund during the coming year.

The only large repair items this year have been the connecting of the outhouse to the main schoolhouse at the Gale and Village Schools, to comply with the new state regulation which takes effect in 1924. We have done this in the least expensive manner and trust that it will be accepted by the State.

For some time I have been particularly interested in the problems of the Rural school. I have come to the conclusion that the superiority of the famed city schools is due almost entirely to three things; a good teacher, remaining in the same school for a number of years, under good supervision. I confidentially look for a much greater efficiency in the country school because these same factors can be brought to operate. Many rural towns cannot afford, many more think they cannot afford the teaching and supervision.

Many excellent people believe that a teacher's stay in one school should be limited to one term, or at most to a year. The last ten years have seen much progress along these lines, however. Most country people desire no Federal aid or control of schools. They wish no further extension of State powers. If we are not going to accept the assistance of these agencies, it is squarely up to us to provide a reasonably efficient school thru our own local resources even at considerable sacrifice. I feel that Palmyra has done well by its schools.

The total per capita cost of schooling the 150 pupils in common school this year has been \$ 43 00. The school dollar was divided as follows: Teachers, 47 cents; fuel, 2; janitors, 1; conveyance, 10; grade school tuition, 4; repairs, 6; supplies 2; books 2; High School tuition 21; supervision 5.

The school committee recommends the following budget for the coming year: Common schools, \$3,000, which maintains the same pay for teachers for the same number of weeks of school; Repairs, \$100; Books, \$175; Supplies, \$50. This is \$1,385 less than the total of these accounts appropriated a year ago. It is evidence of our sincere desire to assist in lowering the tax rate during a hard year.

I wish to express, thru the medium of this report, my appreciation of the spirit of courtesy and cooperation shown toward my efforts by the school committee and citizens generally.

Respectfully submitted,

H. B. Clifford, Superintendent

## PUBLIC LIBRARY REPORT

The Library destroyed by fire March 16, 1922, with the exception of from 250 to 300 books which were out in the hands of patrons of the Library. This was a great loss as there were books which can never be replaced. Your committee at a meeting soon after, voted to start a new Library, and with their work and help from many friends we are now on the way and in time will have as good as before.
