REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens of Palmyra, Greetings:

I herewith submit my eighth annual report as Superintendent of schools. It includes a brief statement concerning the year's work and recommendations for the future.

The school census in April showed 253 young people between the ages of 5 and 21 resident in the town, about the same as last year.

This fall we opened school in the same six schools which we have maintained for the last few years. The following is a statement of the teachers and enrolment in each school this fall:

Gale School, Fausta Howes, \$20 wk., 36 pupils

Marsh School, Rachel Turner, \$19 wk., 20 pupils

Adams School, Grace Cook, \$19 wk., 18 pupils

Village School, Emily Wentworth, \$20 wk., 31 pupils

Carr School, Rose Leighton, \$15 wk., 8 pupils

Ell School, Edna Davis, \$20 wk., 30 pupils

This gives a total enrolment of 143 pupils

Palmyra also has the following High School enrolment this year: 9 pupils at Hartland Academy, 5 at Maine Central Institute and 13 at Newport High School. You may be interested to know that last June, Rebecca Pennell of the Gale District would have had either first or second honors at Hartland if fire had not destroyed the records. At Newport Dorothy Stackpole had first honors and Mildred and Clara Turner second and fourth honors, all from the Marsh District. This last fall term Edith Lenfest of the Gale District took highest rank at Maine Central Institute among 200 pupils. I hope you are as proud of the achievement of our boys and girls as I am.

If Palmyra people had the time to look into the work of our schools thoroly and then to compare them with the average Rural school, they would feel that our school were doing very well. In teaching ability, interest and industry our teachers stand very high. This has brought about an effective school system.

The most serious drawback to the success of the year's work has been the loss of 2 weeks of school for we have only had 32 weeks this year. Expenses came in which we could not foresee and our taxrate was so far below the state average of 42 mills that we failed to receive Equalization money as we have done other years. When the funds were exhausted we closed the schools rather than run up an overdraft.

While striving to maintain all school branches at a high teaching efficiency, it is our custom to give particular emphasis to some phase of the work which needs up-building. This year our special interest has been given to HEALTH.

The work has three divisions. The first is formal gymnastics, the chief purposes of which are to correct round shoulders and similar defects and to give relaxation and exercise to muscles which have been cramped in a school desk for an hour or more.

The second division is Health instruction. This differs from the old Physiology study with its list of bones and muscles because it deals with Hygiene and the laws of acquiring and maintaining good health. It will be interesting to Palmyra people to know that our school system is following the Pennsylvania State Health course, prepared by Dr. Charles H. Keene, head of the Health Division of the State Department of Education of Pennsylvania, a former resident of our town.

The third type of Health work is the Health Crusade, which is a plan whereby children actually do Health chores, such as brushing the teeth, drinking milk, etc. It is not enough to know what ought to be done, pupils must form the habit of doing it. We have had the cordial cooperation of parents in this work, without which we could not have attained such success.

Last March the town appropriated \$10 per school to go into the School Improvement Fund for Library books. With this we have placed the proceeds from our school entertainments and have spent nearly \$140 for Library books. Some books have been of a distinctly informational character, dealing with History, Health, etc. Others are inspirational, as

our children's life of Washington, Lincoln and Roosevelt. A third type has been pleasure reading. Pupils read these books most eagerly and so develop better reading ability and a taste for the right kind of recreational reading. We are recommending that you continue this appropriation; we believe the State will also contribute to it from the Equalization Fund.

The chief item of repair work has been at the Ell School, where the shed has been connected with the schoolhouse to comply with State law. Painting, shingling and other work have greatly improved the condition of the schoolhouse.

The per capita cost of schooling our 153 pupils this year has been approximately \$39. The school dollar has been expended as follows: Teachers, 47 cents, Fuel, 3; Janitors, 1; Conveyance, 10; Grade tuition, 4; Repairs, 5; Supplies, 2; Books, 4; High School tuition, 24.

Your school committee and superintendent are unanimous in believing that Palmyra should maintain schools for 34 weeks per year. We submit the following school budget for your approval;

Teaching	Gale, 34 weeks at \$20.	\$680.
	Marsh, 34 weeks at \$19.	646.
	Adams, 34 weeks at \$19.	646.
	Village, 34 weeks at \$20.	680.
	Carr, 34 weeks at \$17.	578.
	Ell, 34 weeks at \$20.	680.
Total		<hr/> \$3,910.

Fuel	4 cords at each of six schools plus kindling	220.
Janitors,	regular work at each school plus cleaning in summer	122.
Conveyance,	based on this years figures	967.
Tuition in grades at Newport and Hartland		474.
Total		<hr/> \$5,693.

Estimated income	
From State	\$1,500.
From Tuition at Gale and Carr	150.
Total	----- 1,650.
<hr/>	
To be raised by town for 34 weeks of school	\$4,043.
Textbooks	\$200.
Supplies including a larger stove at the Village	200.
School Improvement Fund, \$10. per school for Library	60.

You will note that this budget calls for an increase of \$700 in the Common School Account. With our present valuation, this means an increase of approximately $1\frac{1}{2}$ mills. This year's rate was 36 mills; consequently an increase of $1\frac{1}{2}$ mills adds 1-24 to last year's tax.

To express it concretely: To maintain schools 34 wks. next year means that the man who paid \$48 tax this year must add \$2 more; the man who paid \$96 must add \$4 more; the man who paid \$144 must add \$6. We believe that Palmyra people will do this rather than lower the standard of their schools.

In closing, I wish to express my appreciation of the school interest shown and of the universal courtesy extended toward myself this year.

Respectfully yours,
H. B. Clifford, Supt. of Schools
