Report of Superintendent of Schools

To the Superintending School Committee and Citizens of St. Albans:

I herewith submit my annual report of the condition and progress of your schools.

The graduation program of the Eighth Grade in June was in keeping with the celebration throughout the country of the Horace Mann Centennial which commemorated the life and work of the one who, perhaps more than any other, deserves the title of "Father of the American Public School". Twenty pupils graduated. Of this number eighteen entered some secondary school this fall.

The Intermediate room which was opened at the Friends' Church a year ago has proved very successful. The results of the questionnaire sent out to the parents of all children attending the three Village rooms showed an overwhelming sentiment in favor of continuance of the arrangement. This the School Committee voted to do.

The enrollment in the three Village rooms for the Fall Term was as follows: Primary, 39; Intermediate, 31; Grammar, 25. From these figures it is evident that at least three rooms are needed at the Village. If the present arrangement is continued some improvements must be made, especially in the toilet facilities.

The enrollment in the other schools of the Town was as follows: Five Corners, 20; Hopkins, 24, Lang, 11; Merrill, 18; Pond, 15.

It costs nearly twice as much per pupil for teaching service in the single teacher schools as compared with the cost per pupil in the consolidated schools at the Village. It would seem wise to consider the possibility of further consolidation.

In this connection the question of the possible purchase by the town of the Friends' Church is of interest. It is probable that this property could be purchased by the town for school purposes at a reasonable figure. At small expense an additional classroom could be provided. The present auditorium would be very useful for school gatherings of all kinds. The additional room would make possible some further consolidation which would provide improved school facilities at a reduction in

cost. This matter is worthy the serious consideration of all parents who desire better schools for their children and of all taxpayers who are interested in lower costs.

Several changes in teachers and assignments were made at the beginning of the Fall Term. Mrs. Rebecca Steward was able to return to the Hopkins which was pleasing news to all. Miss Mildred Chase resigned from the Village Grammar to accept a better position elsewhere and Mrs. Lena Richards was transferred from the Pond to the Grammar. Mrs. Grace Weymouth was transferred from the Intermediate to the Five Corners and Mrs. Pearl Church from the Merrill to the Pond. Mrs. Hilda Bishop was elected for the Intermediate School. Miss Mary Smith for the Merrill and Mrs. Doris Bridge for the Lang school where there have been enough children this year to maintain a legal school. Mrs. Bishop has taught in town for several years. Miss Smith is a resident of St. Albans and has had two years at Farmington Normal. Mrs. Bridge has had several years teaching experience.

During the present school year we have had the able assistance of Miss Villa Hayden, Field Agent for Rural Education of the State Department, in starting a program of music in our schools. Miss Hayden has made four visits to each school and has held one general meeting of all the teachers. She has expressed herself as greatly pleased at the co-operation of the teachers and pupils and with the fine progress made in so short a time.

A Legislative measure which would have provided substantial increase in school funds for many towns in the State including St. Albans was defeated at the referendum in August.

A special session of the Legislature in the fall provided for an increase in the State Equalization Fund for schools. This fund is distributed to towns whose tax rates for school purposes and also for all municipal purposes are high. The sum of \$1,211.00 was apportioned to St. Albans for increasing the length of the school year, for increasing teachers' wages and for reference and library materials, maps and globes. Of the above amount the sum of \$605.50 has already been received and the balance will be forthcoming this spring.

The law specifically provides that the Equalization Fund shall be expended for those purposes designated by the Commissioner of Education. No part of the Fund can be utilized for reducing appropriations. Towns at their annual meetings this year must make appropriations at least as large as those of 1937 in order to share further in this Fund. The entire Equalization Fund is to be devoted to the further improvement of educational efficiency.

For some years there has been a discrepancy between the School Account balances as shown by the Selectmen's report and that of the Superintendent of Schools. These differences have arisen because of the fact that it has not been possible to pay all of the school orders issued by the School Committee up to the time of the closing of the books each year. As a result a complete reconciliation of the two accounts has not been made. Some errors of booking and the like have gone uncorrected. Payments on high school tuition have been paid in installments from time to time and it has been difficult to distinguish between payments on principal and payment of interest on overdue tuition. The interest would have to be charged to the Town Charge Account.

Considerable time has been spent by the Selectmen and Superintendent in checking over the two accounts since 1930 and a balance has been agreed upon as of February, 1937 of \$549.08 in the general school account and of \$5.59 in the repairs account. The accounts for 1937-38 have been carefully checked so that the balances will agree after the unpaid bills in the hands of the Selectmen at closing time have been deducted from their balances.

The School Committee and Superintendent have carefully considered the needs of the schools for the coming year and recommend the following amounts be raised:

Common Schools	\$3,800 00
High School	2,800 00
Repairs	300 00
Superintendence	400 00
School Physician	50 00

The cooperation of all who have helped to make this a successful school year is appreciated.

Respectfully submitted,

WALTER J. RIDEOUT

Feb. 10, 1938

To the Selectmen and Citizens of St. Albans:

I hereby submit my report as Health officer. During the year 1936 there were: 2 cases of itch, 2 cases of whooping cough, 2 cases of tuberculosis, and 8 cases of mumps reported to me.

In 1937, there were 9 cases of mumps, 12 cases of whooping cough, 2 of syphilis, 1 case of scarlet fever and 1 case of skin cancer. I have also examined the toilets at the village school and find them in good condition.

Respectfully submitted,

Mrs. Emma Parkman, Health Officer

Preserve This Report

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be a sufficient number at the hall to go around on town meeting day. This year or any year it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you town meeting day morning.
