STATEMENT FOR TOWN FARM.

At the beginning of the year Mr. Thomas Jewett and wife were managing the farm and after due deliberation your Selectmen decided that it would be for the interest of the town to re-engage them for another year.

We have always found the house well kept, and Mr. Jewett always willing to perform any duty that was required.

Funerals attended, 53.
Tramps fed and housed, 167.

STATE ROAD STATEMENT.

After due consideration your Selectmen deemed it best to expend the State road money on the Yarmouth road near the residence of the late Geo. True.

There was laid ten hundred and fifty feet of tile drain, connecting five wells with two separate outlets.

There was also placed on the road there, one hundred and forty-nine loads of gravel.

The County Commissioners viewed the work and were well satisfied with the result and your Selectmen trust it has met with your approval.

Appropriation, $3,000 00
   Overdrawn, 865 11
   ----------- $3,865 11

After paying all bills presented, your Selectmen found that there remained in the Treasurer's hands $1,480.37 and they deemed it advisable to take up two notes, so the notes and interest of Mrs. Rachel T. Loring of $619.00 and Mrs. Mary E. Brown's of $514.37 were paid and they are sure that this move, especially, will meet with your approval.
B. H. BARTOL LIBRARY.

The most important event in the history of the library this year is the erection of the Carnegie building.

After a prolonged correspondence between the Trustees and Mr. Carnegie, the latter offered the town of Freeport six thousand, five hundred ($6,500) dollars for a library building upon three conditions. These conditions were: (1) That the community should agree to support the library at a cost of not less than five hundred ($500.00) dollars a year. (2) That the funds in hand amounting to thirty-five hundred ($3,500.00) dollars should be invested permanently and the interest therefrom should be devoted wholly to the carrying on of the library. (3) That a site for the building should also be given.

On March 31, 1905, at a special town meeting, which was largely attended, Mr. Carnegie's first condition was voted upon and carried with only two (2) dissenting votes.

The Bartol family, who started the original building fund and who were the largest contributors to it, were also consulted. As they agreed readily to the new plan, steps were taken to invest the $3,500.00 in hand as a permanent fund. This fund, by vote of the trustees, is hereafter to be known as the B. H. Bartol fund. A site for the building had been purchased by the library association two years before.

Mr. George Burnham of Portland was chosen as the architect and work was begun on the building about the middle of July. The building will soon be ready for occupancy.

The following figures will show that the library continues to grow steadily if not rapidly. The number of borrowers has increased from 510 to 588 within the year. 261 volumes have been added. The circulation for the twelve months ending February 1, 1906 was 11,900 volumes.

**Liabilities Above Resources, Feb. 24, 1905,** 
$5,453 40

**Liabilities above Resources, Feb. 24, 1906,** 
$378 87

**DEBT REDUCED THE PAST YEAR,** 
$5,074 53
The Selectmen recommend the following appropriation for the ensuing year:

For support of poor, $1,700.00
Contingent, 1,000.00
Indebtedness, 3,000.00
Water rental, 1,000.00
Roads and Bridges, 2,500.00
Fire Department, 200.00
Memorial, 75.00
State Roads, 200.00
B. H. Bartol Library, 500.00

On account of raising $1,122.41 extra for the High School boiler and the extraordinary large amount of $1,200, raised for snow-bills, the rate of taxation had to be increased, but we see no reason why the taxes should not be much lower for the ensuing year.

Respectfully submitted,

Elmer L. Porter, Selectmen
Edw. F. Libby, of Freeport
L. T. Patterson,
# Treasurer's Report.

J. C. Kendall, Treasurer.
AUDITOR'S REPORT.

The following report is respectfully submitted:
Records of the Board of Selectmen.

The accounts of this office show careful and business-like methods and I find them neatly and accurately kept. The vouchers for all payments have been properly and systematically arranged and filed.

Orders in the following departments for the year have been issued, paid and vouched for:

- Roads and bridges, $1,487 98
- Support of town poor, at Farm and elsewhere, 2,025 73
- Snow bills, 1,426 42
- Contingent fund, 1,999 56
- Indebtedness and Interest, 3,865 11
- Water rental, 1,000 00
- Memorial Day, 75 00
- Fire Department, 123 80
- B. H. Bartol Library, 500 00
- Common Schools, teaching, 4,632 10
- Common Schools, heating and janitor, 742 05
- High School, teaching, 1,624 56
- High School, heating and janitor, 285 43
- State Roads, 229 20
- School Books and Supplies, 424 01
- Repairs, school buildings, 312 79
- High School, new Boiler, 1,126 72

Orders issued and unpaid, 69 80

$21,950 26

Town Treasurer.

The books at this office are carefully and properly kept with vouchers. The accounts of the Treasurer as to orders paid and
returned during the year exactly agree with the amount as shown at the Selectmen's office, showing careful and accurate accounts on the part of both offices.

**TAX COLLECTOR.**

The following is a statement of the amounts collected during the year with the amounts now due the Town from the several assessments:

<table>
<thead>
<tr>
<th>Year</th>
<th>Amount collected during the year</th>
<th>Amount uncollected</th>
</tr>
</thead>
<tbody>
<tr>
<td>1902</td>
<td>$15 44</td>
<td>3 00</td>
</tr>
<tr>
<td>1903</td>
<td>42 88</td>
<td>18 64</td>
</tr>
<tr>
<td>1904</td>
<td>$11,082 26</td>
<td>56 15</td>
</tr>
<tr>
<td>1905</td>
<td>11,503 24</td>
<td>12,039 94</td>
</tr>
</tbody>
</table>

The total amount of unpaid taxes now due the Town and uncollected, 12,117 73.

All taxes collected during the year have been paid the Town Treasurer and vouchers shown.

Two thousand dollars has been paid on the bonded debt of the Town and in addition to this amount two of the Town notes of five hundred dollars each, with accrued interest have been taken up and cancelled.

There is a cash balance in the hands of the Town Treasurer of $347.38.

I take pleasure in commending the present condition of the Town accounts and the manner of handling the same. I find them carefully and systematically arranged so that errors in either of the several departments can be easily detected and set right.

Respectfully,

ROBERT E. RANDALL, AUDITOR.
ANNUAL REPORT

OF

SUPERINTENDENT OF SCHOOLS

AND

SCHOOL COMMITTEE

FOR YEARS

1905-6
To the Citizens of Freeport—Your School Board and Superintendent of Schools herewith submit to you their annual report. On March 20th, 1905, the School Board met and elected B. Frank Dennison chairman of the board. Superintendent E. E. Pinkham continued to serve as Superintendent until August 1st, 1905, at which time Chas. M. Pennell assumed the duties of the office, who had been elected by the joint boards of Brunswick and Freeport, to serve for one year.

For the most part school matters have gone pleasantly, and we feel, profitably, throughout the year. The attendance has been good and the interest excellent.

The teachers employed have been mostly residents of Freeport and the majority of them have had years of experience. Quite a large number of them have had professional training. We are pleased to note that some of the young ladies of the town are recognizing the value of professional training and are pursuing courses at the state normal schools. We wish to encourage this feeling as much as possible, by employing, in our schools, teachers who have gone to the trouble and expense of taking a normal course. We feel that with an efficient High school and with the disposition on the part of its graduates to pursue courses which will fit them to become successful teachers, our schools ought to be very largely, if not wholly in the hands of teachers who reside in Freeport. We are glad to know that a teachers' class has been formed in the High School this winter, made up of students from the senior and junior classes who intend to pursue teaching as a profession.

Now in order to encourage professional study it will be necessary to offer inducements in the form of more substantial salaries. It is a well established fact that the compensation of teachers is far below that of those pursuing other callings requiring like ability and preparation.

At the present time the pay of teachers is so inadequate that many having a natural liking and ability for the profession, refrain from entering it.
Our Grammar and Intermediate Schools are examples of schools in which the teachers are poorly paid. These schools are large and require good teachers in order that the work may be up to the standard. We would suggest that salaries be gradually increased in order that we may retain our best teachers as well as to encourage young men and women of ability to enter the profession.

To increase, somewhat, the length of the school year in our common schools would tend strongly to increase their efficiency. This change would, of course, necessitate a larger appropriation; but we feel that the additional money spent would prove a good investment for the town.

We find in looking over the school books of the town that many of them are in bad condition and need replacing. All schools should be well equipped with good books and plenty of them if the best results would be attained. The High School, however, is especially well equipped with books.

The greater part of the money for books should for a few years at least be expended in the common schools.

We know of no better way to improve the standing of our schools than to furnish the pupils with the necessary books. Your Superintendent has been obliged to exercise the strictest economy in the purchase of books and supplies. Books have been patched and repaired in order to bridge over till a new appropriation is available. It was found by your present incumbent upon his assuming the duties of his office on August 1st that $212.00 of the appropriation of $400.00 for books and supplies had been spent during the spring term, largely for the High School, consequently little money was left for the fall and winter terms.

If the annual appropriation for books and supplies, for a few years could be made $500.00 instead of $400.00 as in the past it would obviate an overdraw which has usually resulted. Besides, there is an industrial cabinet for use in the schools which
was purchased some time last year with the understanding that it should be paid for out of this year's appropriation. When this cabinet is paid for the balance of a $500.00 appropriation would be hardly as much as we have been spending annually for books and supplies. Hence the need of a larger appropriation than usual.

Almost every well regulated school system has as a part of it, instruction in music. It is now pretty generally recognized that some knowledge of music has become a necessity of the times. We hope to see music given a place in our schools, rural as well as village.

Our rural schools, we feel, have fulfilled their mission for the past year though some of them have been very small. The Pleasant View School has failed to maintain an average of eight, therefore is, by law, closed unless the town votes to continue it. The largest rural school for the year is the Litchfield School, which has maintained an average of over thirty. The large size of the school is due to the fact that the pupils from Flying Point and Wolf's Neck have been conveyed thither.

Our High School under the management of Mr. J. W. Taylor assisted by Miss Lord and Miss Bryant, is doing efficient work. The best feeling prevails between teachers and pupils. The fall term began Sept. 5th with fifty-six pupils present. About this number has been in attendance throughout the year. The school should be much larger than it is. We extend a most cordial invitation to the boys and girls of the town to avail themselves of the advantages of a high school course.

We hope sometimes to see the course enriched by the addition of type-writing and stenography, so that our boys and girls may be enabled to secure a first class business education at home.

The course of study for the High School in this report remains the same as last year. Some changes may be made from time to time in the future as circumstances demand.
At the opening of the schools in the fall, it was deemed advisable by the School Board and the Superintendent to procure an office in order better to transact school business. Accordingly, a room in the Oxnard building was hired. To this office all books and supplies not in use, belonging to the schools were removed, and put in charge of the Superintendent, to be dealt out as needed. The new office has proved an advantage in many ways and seems to be giving general satisfaction.

In conclusion we wish to extend a cordial invitation to all of the citizens to visit the schools. Parents, follow your children into the schools to learn what the children are doing and to observe the conditions under which they work. Teachers, visit the homes in order better to understand the pupils and their surroundings.

We feel that the citizens have given us their intelligent support, for which we are profoundly grateful. Only can the best results, along educational lines be attained when parents, teachers and pupils work in harmony, striving to promote the highest welfare of the school as an institution.

</table>
At least fifteen periods per week must be taken the first year; and twenty periods per week thereafter.

Except for the Seniors, no class will be formed unless at least five pupils wish the subject.

No student will be allowed to begin either French or German unless he has had at least one year of Latin.

No student shall be allowed to begin Latin or Greek later than the second year.

No student will be allowed to begin two foreign languages in one year.

**TERMS OF ADMISSION.**

Applicants for admission are required to pass a satisfactory examination in the elements of Arithmetic, English Grammar, Geography, United States History, Reading and Spelling.

Pupils for advanced standing may be admitted (1) by examination or (2) by certificate. If the student has been in attendance at any school of equal grade, credit will be given him for work done there, upon presentation of a testimonial of honorable dismissal together with a certificate from the instructor covering the courses taken. (In case such certificate is not presented the applicant will be examined in the studies that have been pursued by the class he desires to enter.

**EXAMINATION AND RANK.**

Regular examinations in all courses are given at least twice each term, and a mark of seventy must be secured by the pupil to enable him to pursue the study farther.

A student who fails to pass in any one subject will be allowed an opportunity to make up the work, which, however, must be done before the mid-term examinations of the following term. If he fails to do this he will be obliged to take the course with the next class.

In ranking, the student's daily work counts two-thirds and his examinations one-third.
ATTENDANCE.

Pupils are expected to be present at every recitation, and any student absent or tardy will receive zero in that recitation until he presents a written excuse and makes up the work lost.

RECORD OF STANDING.

Believing that it is essential for parents to know precisely what is being done in the school, reports are sent at the close of each term giving the record of pupils in recitation and their number of absences. No student is in good standing when his rank in any study is below seventy.

In order that the most successful work may be accomplished in the school, the earnest cooperation of parents is necessary. These reports should be carefully noted at home, and the student's record be given as much attention there as at school. It is only by this means that the pupil can be influenced to do his best work. It is most earnestly urged that parents visit the school more often, and see for themselves the individual work of the class-room.

STUDY HOURS.

All students are expected to be in their rooms Monday, Tuesday, Wednesday, Thursday evenings after seven o'clock except in cases of absolute and unavoidable necessity otherwise. Parents are urged to take note of the fact that in order to maintain a High School of standard grade, and to fit our students for admission to the different courses of the New England Colleges, lessons must be assigned of such difficulty as to necessitate the use of these evenings for study. Any student who does not use them as such is not doing conscientious work.

GRADUATION.

All students who have satisfactorily completed the required number of courses of study will receive the diploma of the school. Each member of the graduating class must present an original essay before receiving a diploma.

It is to be said that in some instances the totals of the School Board do not agree exactly with those of the Selectmen. This is due to the fact that some bills have been entered on the books of the School Board for which orders had not been drawn by the Selectmen up to the time of closing the town books.

RECOMMENDATIONS.

Your School Board would recommend the following appropriations for the ensuing year. They feel that the sums named below are absolutely necessary in order to maintain the efficiency of the schools, and to keep in suitable repair, all school property.

HIGH SCHOOL.

Teaching, $1,500 00
Heating and Janitor, 200 00

COMMON SCHOOLS.

Supervision of Schools, $450 00
Services of School Board, 200 00
Teaching, 3,000 00
Heating and Janitor, 700 00
Repairs on School Buildings, 500 00
Purchase of School Books, 400 00
" " " Supplies, 100 00

It is to be noted that if the above named sums be voted, the town will receive from the state two hundred and twenty-five dollars on supervision and two hundred and fifty dollars for maintenance of High School.

Respectfully submitted,

B. FRANK DENNISON, LINWOOD E. PORTER, W. M. SMALL

CHAS. M. PENNELL, Supt. of Schools.
Town Clerk's Report.

The following Marriages, Births and Deaths have been recorded since the published report of 1905.
