STATE AID ROADS

(So. Freeport Road)

17

We feel fortunate in summing up the results of the construction of the Road at So. Freeport. Through the co-operation of the State Highway engineer we were enabled to secure the gravel loader, also trucks, thus speeding up the work to such an extent that we completed this designated highway which otherwise could not have been done.

Note, Lewiston Trust Co.	\$2,024	02	,	
M. E. Cushing, Gravel Pit	, ,		\$400	00
Note, Lewiston Trust Co.	\$400	00	n —	

The destruction of the Bridge at Mast Landing by heavy frosts caused a condition which we had not foreseen, but we feel fortunate in the result of reconstruction. We called for bids which did not include a temporary bridge or grading and our lowest bid for this was \$2,600, but under the supervision of our board doing it by the day, including temporary bridge and grading the cost will be \$2,024.02.

Owing to the unusual conditions existing at the town farm during the past year, we thought it advisable not to make any change in the management of the farm, as there were six old people, four of whom were bed-ridden, requiring constant care and heavy expense.

We have had four deaths at the farm and one outside death. This was very expensive and drew heavily on our poor account.

The overseers of the poor wish to express their appre-, ciation to Mr. & Mrs. Richards for the care of the old people.

Report of Chief of Fire Department

To the Selectmen and Citizens of Freeport :---

I hereby submit my second annual report of the Freeport Fire Department for the period from Feb. 18, 1926 to Feb. 28, 1927. The department has responded to 32 alarms divided as follows: 15 bell and 17 still. The nature of the fires was as follows: 16 chimney, 6 building, 8 grass or brush and 2 out of town fires.

The department has raised enough money by moving pictures and dances to finish paying for the Ford Ton truck which was purchased in 1925. This has proved a valuable piece of apparatus as it carries, in addition to ten hand chemicals, several hundred feet of hose.

The old ladder truck has been re-built so that it will now carry the new trussed extension ladder purchased two years ago, and the truck and ladders have been painted. The hose house has been repaired, enlarged and painted.

In my report last year I suggested that property owners outside the hydrant limits report the exact distance from their buildings to the nearest large water supply [if within 2,500 feet], also the distance to the nearest well, depth of well etc. To date not one property owner has reported. The possession of this information by the Fire Department might mean the saving of your property.

I want to thank all those who have assisted in any way and trust the conduct of the department has merited your confidence.

I would recommend that the sum of \$850 be appropriated for maintenance.

> Respectfully submitted, Chief Freeport Fire Dep't.

Auditor's Report

To the Citizens of the Town of Freeport :---

I hereby certify that I have examined the accounts of your Board of Selectmen, Treasurer and Tax Collector and have certified the same with vouchers and found them to be correct.

> GEORGE A. WILBUR, Auditor.

Mar. 4, 1927.

B. H. BARTOL LIBRARY

It is with sorrow and a sense of great loss that we record the death of our librarian Miss Annette H. Aldrich. Since the incorporation of the library in 1900, she had most earnestly and faithfully worked to bring it to its present efficiency and help in the community.

Her education had especially fitted her to understand the needs of the individual and the schools. She was always ready and willing to assist all who sought her aid.

The memory of her, to those who were privileged to work with her, will be an incentive to highest service and goodwill.

43

We submit the following statistics for the year ending Feb. 1, 1927:

There are 1280 borrowers, a gain of 35 over last year. 84 old card numbers have been given to new borrowers. The total number of volumes is 5,899, of which 86 have been added during the year. 20 of the books were gifts and 66 were bought.

4 pamphlets have been received from the state. 436 books and 15 magazines have been mended and 26 books covered. 16 books have been borrowed from the State Library.

The total circulation for the year is 12,583 volumes; 12,256 loaned by the main library and 327 by traveling

44

library.

The two traveling libraries ordered for Bustin's Island were returned from there directly to the State Library so that we did not have the benefit of the circulation.

GRACE M. ROGERS,

Acting Librarian.

ANNUAL REPORT Freeport Public Schools Year Ending March 1st 1927

· .

SCHOOL REPORT

To the School Committee and Citizens of Freeport :---

In accordance with Chapter 16, section 59 of the laws of Maine, I hereby submit my second annual report as Superintendent of Freeport Schools. For information of a statistical nature your attendion is respectfully called to the data sheets at the close of this report.

At present we are working on a program of internal improvement in our school system rather than one of ex-An attempt is being made to improve and to pansion. correlate the different school activities in so far as possible. Much that was written in my report a year ago will apply this year as few changes have been made in the general arrangement and management of the schools. The same fifteen schools have been maintained throughout the year as were in session last year. Only three elementary teachers failed to return in the fall and their positions were filled by the employment of Normal School graduates. The teacher is the principal factor in any school and it is especially fortunate for our children that all of our teachers have had professional training or have had at least five years of teaching experience. Several of them have had both. The enrollment in three of the rural schools still continues to be small. During the year more attention has been given to making a study of the aptitude of the individual pupil. In the fall a study was made of all the members of the Freshman class, by means of standard tests, questionaires and their grammar school records, in an attempt to guide them wisely in choosing their courses. In anticipation of the publication of a new State Course of Study, preliminary work has been started on a local Course of Study which

will aid in making the school work more uniform through-The work in the Grammar School is being out town. conducted with the idea in mind of making the change from the "Grades" to the High School seem as natural to the pupils as possible. The work in Manual Training and Household Arts is being conducted in a very practical and efficient manner. The instructors are offering "Credit" courses in these departments to High School students, devoting a reasonable amount of time to classes in the seventh and eighth grades of the elementary schools and teaching one period each per day of regular academic work in the High School. With this aid, the High School with an enrollment of 137 pupils is being managed efficiently without the employment of another assistant. Greater opportunities are being offered the high school students, and the industrial work in the grades is being well taught. With this additional teaching aid in the High School it has been possible to arrange a program which would provide for a quiet study hall and three supervised study periods every day. The study conditions have, therefore

and the second se

「「「「「「「「「」」」」

been unusually favorable and a large amount of efficient studying has been done right at the school building. For detailed information concerning High School activities I would respectfully refer you to the report of the Principal.

REPAIRS AND BUILDINGS

During the summer the schoolrooms were all cleaned, the floors oiled and minor repairs made. A new wood shed and toilets were built at the Bailey School and properly connected with the school room. The lighting was made standard and the furniture and inside of the school room were refinished. The plastering on the walls in the boys' corridors of the High-Grammar building which was cracked and crumbling badly was covered with plaster board, and painted. The woodwork in the rooms on the first floor and in several of the corridors which had not been varnished since the building had been erected received attention, and other minor repairs were made. Shafts have been installed throughout the building, thus reducing the yearly expense of the premiums on the yearly insurance carried on the building by about \$95.00 per year as well as improving the ventilation in all the rooms. At present there is a total insurance of only \$31,000 on this school plant, \$28,000 of which is on the building and and \$3,000 on furniture and equipment. In view of the present high cost of rebuilding it would seem wise to increase the amount of this insurance.

As was stated last year there are 15 school buildings in town, 11 of which are in constant use. It would seem to be poor business management to allow any of these buildings to fall into a state of decay or to allow any of those in use to get into poor condition. A fair amount of repair work should be done each and every year in order to properly care for these buildings. The Bailey schoolhouse needs to be shingled during this coming year and the roofs on one or two other buildings need attention. No painting has been done for several years and the paint on five of the buildings is in bad condition. The Collins and Pleasant Hill buildings should be painted this year. The window strips that were placed on the mathmatics room in the high school building have proven so satisfactory that as a matter of economy of fuel as well as comfort to the students, at least one more room should receive the same treatment at once. A wooden floor should be laid in the

manual training shop the same as has been done in the home economics room. The present cement floor is cold,[•] damp and rather uncomfortable, especially on cold days. Several of the schoolrooms need new blackboards. With these repair conditions to meet a reasonable appropriation should be made each and every year for this purpose.

ACCOUNTS AND APPROPRIATIONS

It is a matter that should increase the confidence of the taxpayers in the school officials that only one school account has been overdrawn this year and that the net unexpended balance of all the accounts in this department amounts to \$678.53. In the Common School Account although the same number of schools has been maintained the unexpended balance is \$160 less this year than it was a year ago. If it should become necessary to re-open some of the schools that are now closed the expenses would of course be larger. Notwithstanding these conditions the same appropriation is being recommended as was raised last year for this account. As we have a larger unexpended balance in the High School Account this year the recommendation has been reduced \$100. We have expended over \$1,690 for textbooks and supplies this year and if we are to improve and increase the reference books, charts, maps and other teaching equipment to meet the requirements of a standard Class A High School an appropriation of at least \$1,700 must be made for this account. The same appropriations as were made last year are needed for Manual Training and Home Economics. The repair situation has been carefully explained. The establishment of the Co-operative Library account has proven to be a wise move. Under this system books to the amount of \$112.81 have been purchased for the schools at a net cost of \$66.39 to the town. A small appropriation is needed for gymnasium rent and a small amount to do some much needed grading around the High-Grammar building.

At a recent meeting the School Committe made out a school budget which is about \$400 less than the amount raised last year. They also passed the following motions :

1. To recommend that the town vote to sell the "Center" schoolhouse.

2. To recommend that the town make the following appropriations:

Common Schools	\$11,800.00
High School	6,400.00
Text Books and Supplies	1,700.00
Co-operative School Library	100.00
Repairs and Insurance	1,800.00
Manual Training	900.00
Home Economics	700.00
School Committee	100.00
Superintendent	725.00
Gymnasium Rent	100.00
Grading High-Grammar Ground	ls 100.00

In conclusion, I wish to express my appreciation to the teachers for their loyal co-operation, to the School Committee for its wise council, and to all others who have aided in any way in furthering the interests of our schools.

Respectfully submitted,

RALPH G. OAKES

Juniors	76.5	80.1	80.6	79
Sophomores	78.9	79.2	78.6	78.9
Freshmen	76.9	78.5	80.9	79.4
School	78.25	80.1	80.5	79.7

III.

Percentile Chart of Achievement

	I.	II.	III.	IV.
	Failures	Passed	80%	85%
Seniors	4.2	95.8	58.8	39.4
Juniors	4.2	95.8	47	29.9

Sophomores	16.4	83.6	42.2	32
Freshmen	12.9	87.1	46.3	34.5
School	9.88	90.12	48.2	33.8

The enrollment continues the steady upward trend of the last few years.

The registration by courses shows an equal distribution among the three departments with a slight increase in the College course and a decrease in the Commercial. There has been a reasonably wise selection of courses by the incoming class and consequently few readjustments.

A study of chart two will tell you the scholastic record of the first semester.

Chart three is a percentage statement of the passes and failures by classes. The third column shows the percent of the courses in which pupils attained a rank of eighty percent or more. The fourth column represents the percent of courses in which pupils attained sufficient rank for college certification.

I wish to call attention, especially, to the large number of failures in the Sophomore class. Theoretically, the failures in the second year should be less than those of the first. A group of the pupils in this class found it impossible to meet the requirements of the Freshman English course. At the close of the first semester last year they were permitted to go down to the Grammar School for special work in Grammar and to continue their other courses in the High School. This has not worked out well for them and as a consequence there is an unusually large number of failures in that class.

55

The pupils of this retarded group show common traits. They lack individual initiative in school work, they have a poor understanding in practice of the principles and structure of language, they have ineffective thought and study habits, and most of them are poor readers. The possession of these handicaps has made their progress slow, difficult and even painful.

-

S authors

As the preparation of many of our entering pupils has enabled them to do excellent work in the High School, poor instruction cannot be assigned as the cause of the retardation and poor work of this group. We recognized the presence of this problem last year and did some work upon it. I believe we should make a greater effort to establish a better sympathy and understanding, to create a definite coordination between the efforts, aims and methods of the teaching in the Grammar Scoools and those of the High School. Many times we are working for different objectives but beneath all the lesser designs there exists some common end for the pupil; some of our aims will be found to be common as well as many of our methods. When we have come to a mutual understanding of what each is trying to do, then shall we be better able to serve this group which finds it almost impossible to adjust itself to High School work. The study period organization of the school has been improved this year by the creation of three forty minute study periods in the main room where study is carried on in the presence of a supervisory teacher. Whenever we can secure another class-room two more similar periods can be organized. A move like this will improve tremendously the study effort of the pupils. A new classroom of small capacity which could be used for a Library as well, while not now an imperative matter, may become so in a few years, and is rightfully a matter of present concern.

There are several improvements on buildings and grounds which should be planned for as soon as possible.

Something ought to be done to make the temperature of the Manual Training room more comfortable in extreme cold weather. The cold and dampness of the cement floor, and the strong drafts which enter through the basement windows render the room a risky venture for children not in the best of health. The construction of a suitable floor, or the placing of double windows, or both, will remove this health menace.

The appearance of the approach to our building is not one that suggests a proper civic pride. The arrangement of a suitable lawn and a well defined driveway will contribute much to school pride.

The Algebra contest which created quite a stir among our Freshmen and in the State as well, has emphasized more than ever the need of equipping our three recitation rooms with slate blackboard. It is not an exaggeration to state that the air of these rooms is saturated with chalk dust while blackboard recitations and drills are taking place. This dust is very disagreeable and a menace to the health of the children. The placing of slate boards will practically eliminate it. We are fortunate in receiving from the State Department this year the new definition of a Class A High School in Maine. This definition represents the approximate standards which are now being maintained by the leading educational communities of the State. The appearance of new standards sounds the death knell of the old in all progressive places. Measuring our school by these new scales we note the following results:

1. Program of Studies :

equivalent requirements on all four points.

- 2. Length of school year :
- 3. Teachers :

sufficient except as stated above.

requirements met.

In closing I am submitting a statement of the finances of the High School Assembly. Although the town did not deem it wise to help us in securing the use of the Gymnasium during the present year, we have followed the best school practice in the use of it. All practice has been held in the afternoon and effort has been made to give the younger children some opportunity there. As a result of this policy we can show a high scholastic record and a submerged treasury. If no other way is found we shall omit base ball from our sports this year in order to pay outstanding bills. As long as we are obliged to pay \$250 a year for a place in which to play basket-ball not even a championship team can pay its expenses. A statement of the receipts and expenditures of the girls' team for the last year proves this. Without considering the payment of a dollar on the gym their expenditures exceed their receipts to date by twenty-four dollars and eleven cents. A statement of receipts and expenditures of the School Assembly from March 1, 1926, to Feb. 1, 1927, follows:

TOWN CLERK'S REPORT

The following Births, Marriages and Deaths have been recorded since the published report of 1926.

BIRTHS

1926

- Feb. 12 To George M. and Lawre Le Febvre, a son, Joseph Edward.
- Feb. 14 To Herbert W. and Bessie L. Merryman, a son, Arthur Burton.
- Feb. 18 To Vaughn and Edna Willett, a son, Philip Gleason.
- Feb. 23 To Frank L. and Frances W. Prout, a daugh-

ter, Bertha Emily. Born at Lisbon Falls.

- March 7 To Howard and Meta Fraser, a son, Gordon Arnold. Born at Durham, Maine.
- March 7 To Howard and Meta Fraser, a son, Grover Donald. Born at Durham, Maine.
- March 7 To Arthur A. and Maxine E. Hanson, a daughter, Maxine Geneva.
- March 15 To Augustine S. and Nora A. Fitts, a daughter, Sylvia Mae.
- March 25 To Samuel H. and Hazel E. Dobson, a daughter, Alice Marion.
- April 13 To Fred T. and Elizabeth May Upton, a daughter, Olive Muriel.

- To Wilhelan and Elli W. Schmdt, a daughter, April 16 Dora.
- To Leroy P. and Edith E. Libby, a son, Clar-April 27 ence Ellsworth.
- To Francis D. and Lillian M. Pride, a daugh-June 7 ter, Frances Lillian.
- To Victor H. and Marietta L. Coffin, a daugh-June 24 ter, Hilda Marietta.
- To Harold and Gertrude Strout, a daughter, June 24 Mary Susan.
- June 26 To Harry T. and Grace Lund, a son, Oliver McLeod.
- To Ellwood H. and Elsie Stowell, a daughter, June 29 Joan Elizabeth.
- July To Edward R. and Martha G. Litchfield, a 14 daughter.
- To Adelard Z. and Irene S. Fournier, a daugh-July 19ter, Irene Sylvia.

- 1 To John A. and Cora Miller, a daughter, Celia Aug. Frances. Born at West Bath.
- Aug. 7 To Leonard W. and Marion Allen, a daughter, Mabel Elizabeth.
- Aug. 16 To Linus S. and Sarah Jellison, a son, Edward Wallace.
- Aug. 28 To Albert B. and Ida May Wetmore, a daughter, Audrey Marie.
- To A. D. and Mary H. Whitcher, a daughter, Aug. 30 Margaret Hazel. Born at Pownal.
- Sept. 3 To Robert and Josephine Wescott, a son, Walter Robert.

- Sept. 8 To Leon and Bessie Paradis, a daughter, Leona Mae.
- Sept. 10 To Albert and Emma Libby, a daughter, Elsie May.
- Sept. 18 To Earl and Mary C. Harris, a daughter.
- Sept. 22 To Thomas and Doris M. Thompson, a son, George Thomas.
- Sept. 22 To George and Margery Bernard, a daughter, Barbara.
- Sept. 25 To Ellsworth and Margaret Miller, a daughter, Elsie Lucille.
- Sept. 28 To Irvin H. and Pearl E. Nichols, a daughter, Dorothy Christine.
- Sept. 30 To Charles E. and Alice M. Hilton, a son, Maurice Arnold.

ROBERT E. RANDALL,

Town Clerk.

· · · ·

WARRANT FOR ANNUAL TOWN MEETING **MONDAY, MARCH 14, 1927** STATE OF MAINE

Cumberland ss.,

To, Ernest F. Morton, a constable in the town of Freeport, in said county, Greetings:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the said town of Freeport, qualified to vote in town affairs, to assemble at Town Hall on the fourteenth day of March, 1927, at nine o'clock in the forenoon, to act on the following articles, to wit:

To choose a Moderator to preside at said meeting. 1

2 To receive and act on the report as submitted by the Town Officers.

To see if the town will vote to accept a new form 3 of ballot, and to keep the polls open between the hours of 9 and 1 for the election of all town officers.

To see if the town will vote to combine the office of Treasurer and Tax Collector.

To choose a Town Clerk, Selectmen, Assessors and 5 Overseers of the Poor, Treasurer, Road Commissioner, Auditor, Member of the School Board, and all other necessary Town Officers.

To see if the town will vote to employ a Night 6 Watchman, and how much money the town will raise for same.

To see how much money the town will vote to 7 raise for roads, bridges and sidewalks; to see how much the town will vote to pay for labor on same per day, men and teams.

To see if the town will vote "yes" or "no" upon the 8 adoption of the provision of Chapter 112 of the Public Laws of 1901, as amended by Chapter 69, Public Laws of 1909, relating to the appropriation of money necessary to entitle the Town to State Aid for highways for the year 1927.

9 To see if the town will raise and appropriate, in addition to the amount regularly raised and appropriated, for the care of highways and bridges, the sum of \$864.00, being the maximum amount which the town is allowed to raise under provision of Chapter 112, Public Laws of Maine for the year 1907 as amended by Chapter 69 Public Laws for the year 1909.

10 To see if the town will raise \$454.20 for the maintenance of Federal Road as allotted by the State.

11 To see if the town will raise \$600.00 for the maintenance of State Aid Road.

12 To see how much money the town will vote to raise for snow bills.

13 To see if the town will vote to raise \$5,000 to buy a tractor and plow for snow removal and road work.

14 To see if the town will vote to raise \$1,200 to pur-

chase equipment to remove snow and haul gravel. The first selectman to act as chairman and appoint a committee of two others to purchase same.

15 To see how much money the town will vote to raise for Support of Poor.

16 To see how much money the town will vote to raise for contingent expenses.

17 To see how much money the town will vote to raise for services of town officers.

18 To see how much money the town will vote to raise for interest and discounts.

19 To see if the town will vote to raise the sum of \$100.00 for the care of Town Park, care of said Park to

be left in the hands of the G. W. Randall Post.

20 To see if the town will vote to raise the sum of \$400 for snowmobile equipment.

21 To see how much money the town will vote to raise for the maintenance of the Fire Department.

22 To see what action the town will take in regard to a new contract with the Central Maine Power Company on street lights.

23 To see if the town will vote to repair the South Freeport wharf and raise money for the same.

24 To see if the town will vote to raise the sum of \$300 for the purchase of new hose and equipment for the Fire Department.

25 To see how much money the town will vote to raise for the B. H. Bartol Library.

26 To see how much money the town will vote to raise for street lights.

27 To see what action the town will take in relation to licensing residents and non-residents to take clams within limits of said town in conformity with existing laws.

28 To see if town will vote to authorize the selectmen to make a temporary loan in anticipation of collection of taxes and how much.

29 To see if the town will vote that a discount shall be made to those who voluntarily pay their taxes to the Collector on or before a certain date.

30 To see how much money the town will vote to raise for the Bustin Island Corporation.

31 To see what action the town will take to retire the School Bonds when they come due and raise money for the same.

32 To see if the town will vote to raise \$1,125.00 for one year's interest on School Bonds.

33 To see if the town will vote to accept a way in extension of Morse Street as laid out by the Board of Selectmen.

34 To see if the town will vote to authorize or instruct the Superintending School Committee to maintain any school the average attendance of which may fall below eight for the school year.

35 To see how much money the town will vote to raise for common schools.

36 To see how much money the town will vote to raise for maintaining a free High School.

37 To see how much money the town will vote to raise for Manual Training.

38 To see how much money the town will vote to raise for Domestic Science.

39 To see how much money the town will vote to raise for salary of Superintendent of Schools.

40 To see how much money the town will vote to raise for services of Superintending School Committee.

41 To see how much the town will vote to raise for Text Books and Supplies.

42 To see how much money the town will vote to raise for repairs of school buildings and insurance.

43 To see how much money the town will vote to raise to establish a co-operative School Library Account.

44 To see how much money the town will vote to raise for rent of gymnasium for school use.

45 To see how much money the town will vote to raise for special repairs at High School building.

46 To see if the town will vote to set a date when poll and personal taxes shall be paid.

47 To see if the town will vote to install a 300 candle power light at the corner of Main, School and Pownal streets and raise money for same.

48 To see how much money the town will vote to raise for water rental.

49 To see if the town will vote to instruct the town Treasurer to sign deeds releasing all titles the town may have in any real estate sold for taxes on settlement of said taxes in any way satisfactory to the Selectmen.

50 To see how much money the town will vote to raise for Memorial Day.

51 To see if the town will vote to install a light on Nathan Nye Street near the house of Winfield Given and raise money for the same.

52 To see if the town will vote to install one light on Main Street near Baptist Parsonage and raise money for the same.

53 To see if the town will vote to install two lights on East Street and raise money for the same.

54 To see if the town will vote to install one light on Pine Street and raise money for the same.

55 To see how much money the town will raise to protect the white pine from blister rust.

56 To see what sum the town will vote to raise and appropriate for advertising our natural resources, advantages and attractions, under the provisions of Chapter Four, Section Fifty-nine of the Revised Statutes of Maine, the same to be expended by the Maine Development Association.

57 To see if the town will vote to round up the road leading to the James Hall place, clear out ditches and put in water course at mouth of road and one at the curve at top of hill.

58 To see what sum the town will vote to raise to be expended by the Freeport Chamber of Commerce, to line out the Square for maintaining better traffic facilities and parking regulations.

59 To see what sum the town will vote to raise for

the improvement of the graves of the Soldiers of the Revolution and of the Grand Army.

60 To see if the town will vote to authorize the Board of Selectmen to lease the G. A. R. Hall to the J. Arthur Stowell Post of the American Legion No. 83, on such terms without rental and for such a time as the Selectmen deem proper.

61 To see if the town will vote to buy the Osborne Pratt derrick and raise money for the same.

62 To see if the town will vote to raise a sum of money to grade around the High School Building.

63 To see if the town will vote to pay Mr. Fred A. Taylor \$46.98, the actual cost of repairing damages done to his own truck while in performance of his duty as Fire Chief and to try and collect same from Maine Central Railroad.

64 To see if town will vote to accept \$100 for care of cemetery lot of O. B. Morse estate, So. Freeport.

65 To see what action the town will take in regard to repairing the Pritham Bridge and raise money for same.
66 To see if the town will vote to instruct the School Board or Selectmen to sell the Central school house.

67 To see if the town will vote to have the Road Commissioner under the supervision of the Selectmen, in all work to be done on road construction and repair, and snow removal.

The Selectmen give notice that they will be in session for the purpose of revising and correcting the list of voters at the town office from two until five o'clock in the afternoon, Saturday, March 12, 1927.

Given under our hands at Freeport this 4th day of March, 1927.

ELMER L. PORTER ERNEST L. VARNEY WILLIAM I. MERRILL S Freeport
