Report of Superintendent of Schools.

In submitting this report, would say I have closely watched the method of instruction and the progress of the pupils in each school and in every term except two it has been highly commendable.

Your Committee thought it advisable to re-establish the Alford school for two reasons. School No. 7 was too large for a miscellaneous school and there were two or three scholars that could not be conveniently schooled any where else, consequently we think it a good move. We also saw fit to discontinue the fall term in School No. 1 where there were only two scholars in attendance.

We have quite a supply of books on hand. Perhaps it would be well for the town to raise a small fund to supply the coming wants.

Have sold books to the amount of 52 cents.

W. H. BARTLETT, Supt.
