## AUDITOR'S REPORT

June 26, 1942.

To the Inhabitants of the Town of Levant:

In accordance with instructions from your Board of Selectmen we examined the books and accounts of the Selectmen, Treasurer and Tax Collector for the municipal year ended February 21, 1942. In our opinion the Balance Sheet and accompanying Exhibits and Schedules reflect the true financial condition of your Town as at February 21, 1942, subject to the terms of this report.

Exhibit A—Comparative Balance Sheet

Exhibit B—Report of Treasurer

Exhibit C—Assessment Valuation and Commitment

Exhibit D—Statement of Appropriation Accounts

Schedule 1—Uncollected Taxes

Schedule 2—Town Property

Schedule 3—Accounts Receivable

Schedule 4—Trust Funds

Schedule 5—Notes Payable

Schedule 6—Analysis of Change in Net Debt

Schedule 7—Excise Taxes

#### CASH

\$1,502.39

All cash received was covered by receipts and all items of expenditures were made by proper substantiating warrants.

The cash balance consists of a checking account in the Merrill Trust Company reconciled with statement issued by the Bank.

#### TAX ACCOUNTS

\$8,426.39

The tax accounts consist of uncollected taxes and town property acquired by taxes as appear in Schedules 1 and 2. It is to be noted that the outstanding balances of 1931 and 1932 uncollected taxes amount to \$347.62 while the detailed lists amount to \$434.52 which is subject to verification.

#### ACCOUNTS RECEIVABLE

\$174.23

The accounts receivable are listed in Schedule 3 and were verified only as to totals.

#### FOOD STAMPS

\$100.00

This account consists of cash and stamps on hand which was verified in detail by us.

#### NOTES PAYABLE

\$5,500.00

The outstanding notes owed by the Town are refunding notes bearing interest at the rate  $3\frac{1}{2}\%$  per annum. These are due and payable yearly with the last note maturing in 1947.

#### TRUST FUNDS

\$2,234.71

The trust funds consist of Cemetery Funds invested in time deposits in the Merrill Trust Company and the Penobscot Savings Bank and were verified by us through examination of the various passbooks. The School Fund has been used by the Town and amounts to \$1,412.25.

#### SURPLUS

\$2,532.15

It is very pleasing to note that the Net Debt as at February 24, 1941 has been completely eliminated and that the Town now shows a Surplus. This result was caused pril marily by a payment of outstanding notes amounting to \$3,500.00.

Very truly yours,

PAUL A. SMITH,

Public Accountant and Auditor.

At the end of the school year, Mrs. Ethelyn Perkins, Mrs. Maxine Hathaway and Mrs. Elsie Spaulding resigned. Their places were filled as follows: Mrs. Floy Bemis, Village Primary School; Miss Evelin Smith, Village Primary; Mrs. Leila Stubbs, West Levant Grammar. At the end of the fall term, Mrs. Phyllis Newcomb resigned from the South Levant Primary School. This vacancy is being very satisfactorily filled by Mrs. Edith Thompson of Carmel. All the new teachers have had normal training and previous successful teaching experience.

In spite of the emergency occasioned by the war, the work is progressing most satisfactory. The teachers are faithful and efficient and show a wonderful spirit of cooperation. Although salaries have been increased, our salaries compared with the average for the state, are still low. However, the average salary now being paid in Levant is higher than that of the other two towns in the union.

There is, as you know, a shortage of teachers, and each year it is increasingly difficult to fill vacancies occuring either in the summer or during the school year. Thus far we have been fortunate in securing good instruction, instruction that compares very favorably with that of previous years, or that of any surrounding towns. It is difficult to predict with any degree of accuracy what height teachers' salaries will reach but we must be prepared to match the salaries of other towns if we expect to maintain our schools at the present standard of efficiency.

The pay rolls show that teachers, janitors and drivers of school convelances have been paid for only thirty-five weeks. In explanation I will say that this is due to the fact that last year's report showed that they were paid for thirty-seven weeks. However, we have a balance large enough to take care of the extra week and the school year will remain the same, thirty-six weeks in length.

Although we seem to have a substantial balance in the high school department, it is not actually as large as it appears. I have been unable to get the bills for the fall and

winter terms from East Corinth Academy, and those of the winter term from Brewer and Higgins Classical institute. Last year all the winter term bills had been paid when the books were closed before town-meeting.

We have had notice from the State Department of Education that our share in the equalization fund for the coming year will be \$2,820.00. In a letter, received at the same time, Dr. Harry V. Gilson, Commissioner of Education, had this to say: "You will note that the average of tax rates for the support of schools in the State for the current year is .01402 as compared with .01301 for the preceding year. This sharp upward trend in appropriations has resulted in some towns which have shared in equalization being ineligible for equalization in 1943." It seems to me this sounds a note of warning which we can hardly afford to disregard.

It may be that through legislative action a larger amount will also be forthcoming from the State School Fund, as a resolve now before the legislature, will, if it becomes a law, increase the amount we receive for each teaching position from \$100.00 to \$190.00 a year provided the teacher's salary is not less than \$20.00 a week.

It has become necessary to suspend the teaching of music in the schools for the present. It is hoped that the project may soon be resumed, for it is contended that public school music is an important subject in the elementary school curriculum. Although it may not be possible to teach every child to sing well, all can at least learn the rudiments of music and acquire an appreciation for it. The work in this department will be taken up as soon as a teacher can be secured.

Excepting the outside paint job at West Levant, a very small amount of repairing has been done. Because of the labor shortage only the necessary repairs of minor importance were considered. However, paint has been purchased for the other two buildings and it is hoped that we may be able to get the work done during the coming year.

Defense stamps are being sold in the several schools. The value of stamps bought by school children sinse the opening of the fall term, as reported by teachers is as follows:

Village School	\$165.00
West Levant	50.30
South Levant	45.00

The schools have taken part in five rationing programs, sugar, gasoline (2i, fuel oil and canned fruits and vegetables. These programs have been successfully carried out through the efficiency of our registrars and the cooperation of the registrants. At this time I would like to acknowledge my appreciation to all for their courtesy and cooperation during these rationing programs.

I am including in my report the report of the public health nurse, Miss Georgia J. Patterson. From this it will be clear what has been done along health lines. I feel that we have received good value for our money and hope that the town will manifest its desire to see the work continue by making a small appropriation for the purpose.

If this is done, I endorse the recommendation of Miss Patterson in regard to an organization of a Local Health Committee of interested citizens to bring important health matters to the nurse's attention for her consideration. This committee should be made up of an equal numbers of members from each of the three sections of the town.

In closing I want to thank the members of the S. S. Committee, municipal officers, teachers, parents, and friends for their loyalty and cooperation which have helped to make the work of the past year pleasant and worth while.

Respectfully submitted,

C. H. GRANT,

Superintendent of Schools.

## REPORT OF THE PUBLIC HEALTH NURSE---1942

The present war emergency has made it more important than ever that each member of the family and community keep in the best possible health. To this end the public health nurse uses her time in your community. The health protection of the prenatal mother, the infant, and the preschool age child is of first importance. The health of the school child is emphasized through the co-operation of parents, and school authorities in planning for better health services to him. All effort is placed on the health of the growing child as he will soon be the adult in his community.

Visits were made to mothers before the baby was born to assist her in carrying out doctor's orders, to advise medical care if she had not been to a doctor and to help in securing necessary supplies for confinement. By these visits the health of both mother and baby are safeguarded.

After the birth of the baby visits were made to stress importance of examination by the doctor, correct diet and necessity of rest.

Visits were made to infants to help mother establish routine, interpret doctor's orders and assist in introducing new foods into the baby's diet during the growth.

Health supervision visits were made to preschool children. This is the time to begin making corrections if any are needed in order that a healthier child may enter school.

From time to time home visits made to parents of school children have been necessary in order to explain need of dental, vision, hearing correction and to guard against communicable diseases. Conferences were held with teachers concerning the welfare of the children in school.

Whenever necessary we have referred children to the Pediatric and Crippled Children's Clinics. These are sponsored by the State Bureau of Health.

Protective services have been offered in Levant as follows:

Smallpox vaccinations, and toxoid to prevent diphtheria. Visits to and in behalf of tuberculosis patients have been made. Skin tests were given in the schools. Those with positive reaction were to go to the X-Ray Clinic in Corinth.

Hearing tests were given in the schools and those with hearing losses will be followed.

A Child Health Conference was held. Dr. Gifford was the physician assisted by the Health Nurse. Mrs. Esther Baldwin, Nutritionist, was present and advised the mothers on better diets for their children.

A Local Health Committee made up of interested citizens would increase the health protection and promotion of your town. The health nurse could be more effective with such a committee to guide her.

MISS GEORGINA PATTERSON,

Public Health Nurse.
