Auditor's Report.

To the Citizens of Bucksport:

This is to certify that I have examined the accounts of the Selectmen, Overseers of the Poor and Treasurer for the past municipal year. The accounts of the Selectmen and Overseers of the Poor as shown by the various ledger accounts correspond with the amount of orders drawn on the Treasurer, the orders drawn being properly distributed to the various accounts. The accounts of the Treasurer are correct and the balance on hand as reported by him as of Jan. 31, 1917, was on deposit at the Bucksport National Bank on that date.

The following is a statement of the account of the Overseers of the Poor with the Fisher Ames Spofford Fund from March 7th, 1916, to Jan. 31st, 1917:

Balance on hand March 7th, 1916	\$337 24	
Interest on Fund	1,293 50	
	<hr/>	\$1,630 74
Paid out as per vouchers		1,542 11

Balance on hand Jan. 31st, 1917	\$88 63
---------------------------------	---------

I have audited the accounts of the Selectmen with the

various Burying Ground Funds and find them correct and properly vouched for.

Respectfully submitted,

A. L. WHITE, Auditor.

Report of Superintendent of Schools.

To the School Board and Citizens of the Town of Bucksport:—

I herewith submit my first annual report of the School Department of the town of Bucksport, the same being for the municipal year ending Jan. 31, 1917.

One year is too limited a period in the slow evolution of education to include any marked developments not on trial or at least under discussion in previous years.

All schools in town have been maintained thirty-two weeks for the past year, an increase of two weeks over previous years. This, however, is a short school year and

should be made longer in order that more efficient work may be done. I am not able to report at this time the average attendance in the various schools as the registers have not been handed in for the winter term at the time this report goes to press. The schools at East Bucksport and at Chipman's have failed to maintain an average of eight for the past year and are discontinued by law unless the town votes to maintain them. It will be necessary to make new arrangements for the children at Bucksport Center and along the river toward the village for the coming year. A school will have to be established or transportation provided. I have found that small schools are usually very inefficient and therefore recommend transportation. The attendance in the Spofford School has been small for the following reasons: The number of out of town pupils has decreased to five. A small grade entered and the graduating class was large.

All the rural schools have been graded during the past year and a course of study introduced into each school based on the state course of study. This tends to make the work in the grades uniform and enables the pupils to change from one school to another without loss of time. The same work is carried on in the rural and village schools in the corresponding grades.

A few new supplementary readers have been introduced during the past year, also some arithmetics and some geographys. Many books have been bought to replace the old ones. The Palmer method of writing has been introduced. This is in general use now in the schools of New England and we hope to secure better results in that line of work. In view of the increased cost of books it seems that more money must be raised.

The school house at Duck Cove has been painted and the one at Buck's Mills painted and papered and repaired. The entire wood work of the grammar school has been varnished and the walls and ceiling retinted. Two new hard wood floors have been laid in the East building and other small repairs have been made. The cleaning, paper and supply bill also come from this account. The school houses at North Bucksport and Hancock Pond must be re-

paired this year, and I recommend that they be thoroughly repaired as "patchwork" does not pay.

Between fifty and sixty pupils have attended the Seminary during the past year. As the committee were not to make a contract with the Seminary which would give better rates than the regular tuition for all out of town pupils no contract has been made. We have paid regular tuition as has been done for the past few years. This amounts to from \$10 to \$18 per term according to the course and the number of studies taken. During the summer the tuition was raised so that the fall bill of \$835 was much more than we had been paying. The committee asked the Seminary to allow us to pay what we had available, which was done temporarily, but at the time this report is printed I cannot say whether the agreement will be allowed to stand permanently. If it does not we will owe the Seminary about \$70 not reported.

A summary of the teachers will be found at the close of this report.

Recommendations for appropriations are placed with the other recommendations for the town. A financial report of the schools is also found at the close of this report.

With thanks for the courtesy shown me during the past year this report is respectfully submitted.

H. R. HOUSTON.

Warrant.

Hancock County, ss.

To Arthur M. Sawyer, a Constable in the town of Bucksport, in said county.

Greeting:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the town of Bucksport, qualified by law to vote in town affairs, to assemble at Alamo Theatre, in said town, on Monday, the fifth day of March, 1917, at ten o'clock in the forenoon, to act on the following articles, to wit:

1. To choose a Moderator to preside at said meeting. *W.C.B.*
2. To choose a Clerk for the ensuing year. *H.C.*
3. To see if the town will vote to accept the report of the Selectmen, Assessors, and Overseers of the Poor, and Auditor. *Yes*
4. To choose three Selectmen, Assessors, and Overseers of the Poor and Auditor. *A. L. White*
5. To choose a Treasurer of the town and all other necessary town officers for the ensuing year excepting Collector of Taxes.
6. To fix the compensation of each of our several town officers, to wit: The town clerk, first, second, and third selectmen, assessors, overseers of the poor, auditor, treasurer, collector of taxes, superintendent of schools, school committee, fire wardens, board of health, and road commissioner, and to raise money for the same.
7. To determine the manner of collecting the taxes, and the rate of discount, allowed, or interest to be charged.
8. To choose a Collector of taxes.
9. To choose one or more Road Commissioners or authorize the Selectmen to appoint or act as Road Commissioners.
10. To determine what sums of money the town will raise by taxes for the following purposes:
 - Common schools. *3500*
 - School repairs and supplies.
 - Purchase of text books.
 - Support of Poor.
 - Payment of notes and interest.
 - Payment coupons on town bonds.
