**ANNUAL REPORT OF PUBLIC HEALTH NURSING
1941**

Several visits have been made by the public health nurse to Roque Bluffs during 1941. Effort has been made to reach expectant mothers, infants and small children through home visiting.

Because of the small number of little children in town and because of the prevalence of mumps, no Well Child Conference was held in town this year. Later in the summer, parents were invited to take their infants or children to the Kennebec Well Child Conference and three children from Roque Bluffs were seen there, and had diphtheria immunization. This town has been interested in health protection for several years and most of the older children and many of the preschool children have been protected against diphtheria.

Five tuberculin tests were made in school, and several immunizations were given by the District Health Officer at the time of the school health inspection. The tuberculin tests were all negative; in other words, all satisfactory. Late in 1941 the audiometer was used to test the children's hearing and all proved satisfactory.

ELLA McCLUNIN,
Public Health Nurse.

Harlan Johnson,	Term expires March 1944
Harlan Johnson,	Attendance Officer
LeRoy W. Moan,	Superintendent and Secretary

To the Superintending School Committee:

I submit herewith, my annual report as Superintendent of your school.

It was with regret that we found it necessary to accept Mrs. Hoyt's resignation. Mrs. Hoyt has been with us as teacher since 1937, during which time she has built up and maintained a very high standard.

Our pupils, on the whole, have always passed the Achievement Tests and have given a good account of themselves in competition with other students in higher institutions of learning.

I consider that we were fortunate in securing Mrs. Sara Parker to fill the vacancy. Mrs. Parker is a Normal School graduate and has had several years teaching experience.

We should all realize that there is an acute shortage of teachers and should do all in our power to cooperate with Mrs. Parker in maintaining the standards of our school.

Health and Safety Programs have been given as usual. Much fine work in Music and Art has also been accomplished.

Much needed repair was done this year on the underpinning of the building. I consider the building in good condition at the present writing.

The following budget will show the amount necessary to appropriate for the ensuing year.
