N. D. ROSS, Treasurer.

Superintendent's Report.

To the Superintending School Committee and Citizens of Lincolville:—

The work in the most of our schools for the past year has been very successful.

This shows that the pupils are eager to secure an education, also that our teachers are very efficient and painstaking.

If parents would work more in harmony with Truant Officers, there would be less truants in our town.

The Matthews and Miller school houses should be improved by paint.

New desks would be a great improvement in the Beach and Center school houses.

Table showing the whole and average attendance in the several schools.
