March 4th. Crommett's grist mill ; loss, \$2,500 ; insured for \$1000. J. Furbish, Door, Sash and Blind factory ; loss, \$10,000 ; insured for \$5,500. Fibre Ware Co. buildings ; loss, \$25,000 ; insured for \$10,000. Cause of fire unknown.

April 2d. Alarm of fire caused by burning of lockup ; loss, \$240. Cause of fire, set by prisoner in cell, who lost his life before help could reach him.

July 4th. Alarm of fire caused by burning of A. L. McFadden's Store-house, filled with hay, tools and carriages. One box and one flat car was also burned. Loss on buildings and contents, about \$5,500, including damage done to wool shop near by. Insured for \$2,500. Cause of fire, incendiary.

Sept. 27. Alarm of fire caused by burning of buildings occupied by Charles Shorey, for carpenter shop. Loss, —; insured for \$300. Cause of fire unknown.

Oct. 6th. House owned and occupied by John Ronco; loss, \$200; insured. Cause of fire, defective chimney.

Oct. 21. Alarm of fire caused by burning of Wm. Keating's stable and L. Loss, \$500; fully insured. Cause of fire, burning of rubbish near stable.

Dec. 21. Alarm given caused by burning of Frank L. Thayer's dwelling-house. Loss, \$3000; insured for \$3000. Cause of fire unknown.

Feb. 2. Alarm of fire caused by slight fire at Lockwood Mills. No damage done.

Feb. 16. Farm buildings belonging to Wm. Brown, living a little out of the village, burned. Loss, \$5,000; insured for \$2,800. Cause of fire, incendiary.

In closing my report for the year, I would recommend the town to purchase one thousand feet more hose, as it is very much needed. Also, the purchase of the new house built this year by Mr. Bangs, for an engine house on the Plains. I would also recommend the purchase of a pair of horses to handle steamer, or to make some other provision for getting to and from fires with engines, as a few minutes' delay will soon burn up enough to pay for a span of horses.

Our new Steamer gives perfect satisfaction, and with a little more experience in handling we shall not be disappointed in the outlay.

J. D. HAYDEN, *Chief Engineer.*

# REPORT OF THE S. S. COMMITTEE.

---

The S. S. Committee respectfully submit their annual report for the year ending March, 1885.

The general condition of the schools is much the same as last year. There has been some improvement, and particularly in several of the schools of the Intermediate and Primary grades. Good order and good work now prevail in the lower as well as the higher grades of school. The teachers have labored earnestly and diligently to overcome opposing difficulties, and have met with a good degree of success. The attendance, as shown by the Tabular Statement, has been considerably better than last year, and the School Registers show that instances of tardiness have perceptibly diminished. Truancy, as usual, has prevailed to some extent; this pernicious habit is confined almost entirely to a few boys. No girls, so far as we can discover, are addicted to truancy, and in most cases the truants this year are the boys who were truants last year. This evil cannot be completely eradicated till the parents of these truant boys take a greater interest in the matter, and work harmoniously with the teachers and the Committee. We often appeal to them to assist in keeping their children in school, but instead of showing a disposition to render such assistance, they frequently labor to excuse the truant child instead of showing a disposition to apply a remedy. We think, however, and are happy to report, that these parents are becoming more interested in the welfare of their children and are beginning to have a better appreciation of school advantages.

## HIGH SCHOOL.

This School has continued the usual number of weeks under the charge of two different principals, Mr. E. H. Smiley during the

first and Mr. W. C. Philbrook during the last half of the year; the assistants being the same as last year. Mr. Smiley, who had had charge of the school since its separation from the Classical Institute, at the close of Summer term resigned. He was an able teacher and his services were required by a distant city at a greatly increased salary. May his success in his new field of labor be all that he and his friends could desire.

Mr. Philbrook, a graduate of the Eastern Normal School, also of Colby University, and having had considerable experience in teaching, was elected Principal. He resigned his position on the school board and has devoted himself enthusiastically to his new duties. Much credit is due Misses Smith and True for the active part they have taken in the inauguration of the new administration as well as their devotion to the required duties of the school-room.

Last year an appropriation of three hundred dollars was made by the town for the purpose of certain specific repairs on the High School building. This appropriation has not been used; it was insufficient for the repairs and changes at that time contemplated and the matter was deferred for a little time. It is thought best that the water closets remain where they now are and that a system of ventilation be adopted, which, if successful, will be all that is required. Great benefit results from having the closets under immediate control of the teacher. The experiment proposed will not be expensive, and of course there will be no need of an additional appropriation.

#### GRAMMAR GRADE.

The Grammar Schools are still in charge of Misses Drummond and Fuller, teachers who try to make each term of school better than any preceding term. These schools are well classified and much profitable work is done both in fitting pupils for the High School and those who go no further, for the active duties of life.

#### INTERMEDIATE GRADE.

These schools, at present, are in a better condition than for some years heretofore. The teachers have labored earnestly and persistently to raise the moral tone of their schools, to improve their methods of instruction and to create a degree of harmony necessary to real success in the school-room. The improvement in these schools, as well as in some others, is largely due to the withdrawal

of a certain insubordinate element and placing the same in charge of a male teacher now employed in one of the Oak street schools.

#### PRIMARY GRADE.

The condition of several of the schools of this grade has also been greatly improved during the year. Good order prevails, and the children, in general, are in harmony with one another and with the teachers. The plan of employing a man to take charge of the larger insubordinate boys has worked admirably. We were fortunate in securing the services of a good teacher, a Mr. Wyman, of Sydney, and he was placed in charge of the highest grade of the Oak Street Primaries. This action rendered necessary the removal of Miss Helen Jewett, who had had charge of the school for two terms.

Mr. Wyman is a Normal School graduate of considerable experience in the practical work of the school room. Soon after his entrance upon his duties a great change for the better came over not only his school but also several others, from which, from time to time, certain pupils were taken and placed in his charge. Some of these pupils having quite a distance to travel, while in attendance on this school, were allowed to return to their proper classes, generally much improved, at least, in deportment. In this grade there has been several

#### CHANGES OF TEACHERS.

During the Summer term Miss Minnie Haynes resigned. Miss Lillian Davis was employed to finish that term, and at the beginning of the Fall term Miss Nowell was elected to fill the place vacated by Miss Haynes. We were sorry to lose Miss Haynes and are sure that pupils, parents and Committee will hold her in grateful remembrance for her long and faithful services in the Oak street school. Her work was always well done, always acceptable to the S. S. Committee, and was fully appreciated by pupils and parents.

Miss Addie Davis, of the Plains Primary, also having had a call to a different sphere in life, at the close of the Summer term resigned, and Miss Belle Turner was selected to take charge of that school. Miss Turner is a faithful, pains-taking teacher, and her success in a hard school is very gratifying.

After the promotion of Miss Nowell to the Oak street school, Miss Florence Titcomb, a graduate of the Waterville High School,

was placed in charge of the Webb District. Miss T. is a young lady of superior scholarship and will make a fine teacher. Her success has been good. Miss Belle Soule, another graduate of our High School, was employed to teach a Fall term in the Neck school. The school was small. She is a live teacher and is sure to succeed.

#### FRONT STREET PRIMARY.

Last year, after the completion of the new school building on Mill Street, the primary school on Front Street was removed to this building. During the Winter term following, there was a general falling off in attendance among the children living at the Head of the Falls. Parents complained that their children were poorly clad and that the distance was too great for them to travel in the cold. Under the circumstances it was decided to renew the school in the paint shop. Accordingly the school was opened some four weeks before the close of the Spring term, and a Miss Lena Martelle, an intelligent French lady who could speak English as well as French, was placed in charge. Miss Martelle is very devoted to her duties, and taking into account all the disadvantages of the situation, has succeeded very well.

There are now only two of these, one in the Neck and the other in the Webb District. Owing to the want of pupils the Neck school had no Winter term. The Webb school has had four terms of nine weeks each.

#### THE NEW SCHOOL HOUSE.

This building is not yet completed, but will be finished and available for school purposes at the beginning of the next Summer term.

It was the vote of the town that this building should be located at or near the Rangeway, and indeed at that time, it was the intention of the building Committee to locate the building not far from the Rangeway, on land owned by a Mr. Herrick, and a lot for that purpose was selected, but Mr. Herrick refused to sell us the lot. We then spent considerable time in looking for another in that vicinity. Parties owning the land seemed loth to sell, and the lots offered for sale were not satisfactory to the Building Committee. The proposed location had at no time been satisfactory to those citizens living in the extreme northerly limits of the Neck District. They had always protested against the removal of the old school

house on the ground that it would be extremely inconvenient for them to send their young children so far to school, and also that to abolish the school on the Neck would detract largely from the value of their real estate situated so far from a school as theirs then would be.

The Building Committee studied the situation carefully and came to the conclusion, 1st, that justice to all concerned, required that a school on the Neck should be maintained, and 2d, that either the old school house should be thoroughly repaired and refitted, or a new one built for that purpose, and as a consequence of such action, more pupils would be accommodated by locating the new building farther from the Rangeway, a conclusion which the prospective growth of the town, at least, would seem to warrant.

The old school house is in a dilapidated condition. The lot is small and irregular. The end of the building seems to be in the line of the road. A steep hill meets the pupils almost in the face as he leaves the school room. There are no out-buildings and its proximity to the road renders the building a target to every vicious boy passing by. The house should have a better location, a larger lot and the necessary number of convenient out-buildings.

If such improvements as we have hinted at could be made, it would seem that this improved condition of things would be just, and would meet the reasonable views of all parties.

ART. 20. To see if the Town will vote to raise a sum of money to improve the Park.

ART. 21. To see if the Town will vote to raise and appropriate fifty dollars to W. S. Heath Post, G. A. R., to be used in decorating the graves of deceased soldiers and sailors and in defraying the expenses of Memorial Day.

ART. 22. To see if the Town will vote to tax dogs the ensuing year.

ART. 23. To see if the Town will vote to abate the unpaid balance of tax assessed against Wm. Brown for the year 1884, amounting to \$57 73-100.

ART. 24. To see if the Town will vote to release to John H. Parker all their interest in the farm formerly owned by Sylvia M. Parker, his mother.

ART. 25. To see if the Town will vote to construct a suitable covered drain to convey the water from the culvert at the junction of Elm and Mill streets, across land of J. W. Philbrick and Mrs. H. P. Elden, and raise a sum of money therefor.

ART. 26. To see if the Town will take any action in regard to the removal of all wooden awnings on Main street, and prohibit the erection of any new ones in future.

ART. 27. To see if the Town will accept a road laid out by the Selectmen and described as follows, to wit: Beginning at a point

in the east side of the road running directly between Waterville and that part of Fairfield formerly known as Kendall's Mills, far enough northerly from the north-westerly corner of land supposed to be owned by Theophilus Gilman, to make one hundred and forty feet at right angles with the northerly line of said land belonging to said Gilman; thence running south sixty-three degrees east to the Kennebec River. Said road is to lie on the southerly side of said line and to be three rods wide. No damages awarded to any party or parties.

ART. 28. To see if the Town will accept a road laid out by the Selectmen and described as follows: Beginning at a stone and iron rod in the west line of Cool street, at a point about eight feet northerly of an oak tree, thence in a westerly course through a stone monument in the south-west corner of the school-house lot, and in the same course to a stone monument in the East line of the Rangeway road, so called; the Southerly line of said road to commence at the West line of said Cool street at a point fifty feet (measuring at right angles to said North line), Southerly of said North line and thence running Westerly, parallel with said Northerly line, to the East line of said Rangeway road. No damages awarded to any party or parties.

ART. 29. To see if the Town will vote to waive its right to receive from the Waterville Water Company, without expense to the Town, water as may be needed for use in public buildings and school houses of the Town and for the extinguishment of fires, as provided in section nine of chapter one hundred and forty-one of the private and special laws of 1881.

ART. 30. To see if the Town will accept a Town way laid out by the Selectmen in said Town and described as follows: the North line of said way commences in the East line of Sherwin street at the Southwest corner of land of A. A. Swan, thence Easterly in the Southerly line of said land 127 1-2 feet to the Southeast corner of said land, thence North 3 deg. 56 min. East, passing through a point which is forty feet distant (measured on a course North, 6 deg. 4 min. West) North of an iron rod in the North corner of Noah Boothby's land about 360 feet to a point which is two hundred feet at right angles from Water street, thence Easterly, parallel with Water street, about 400 feet to a Town way laid out in 1882 and described in article 25 in warrant for Town meeting in said 1882. The Town way first above named to be 40 feet wide and to lie on the Southerly side of all the above described line, and to extend from Sherwin street to said way laid out in 1882. No damages awarded to any party or parties.

ART. 31. To see if the Town will vote to accept a town way laid out by a former board of Selectmen, and described as follows: to wit: Beginning at the south line of Silver St., at a stone monument in a line with the east side of Ticonic Engine House, thence southerly in line co-incident with the east side of said Engine

House seventy-five and nine-tenths feet to a stone monument, thence turning to the right thirteen degrees and nine minutes, one hundred and seventy-one feet to a stone monument, thence in the same course about forty-two and five-tenths feet to a stone monument in the northerly line of land formerly owned by James Stackpole. The way to lie on the easterly side of the above line, and to be thirty-three feet wide, and extending from Silver St. to said Stackpole lot, and constituting the first part of said way. The second part beginning at a stone monument in the northerly line of the James Stackpole home lot, and supposed to be in the southerly corner of land of W. B. Arnold; thence south 39 deg. 38 min. west about four hundred and sixty-four feet to a stone monument about fifty-four feet easterly of the house owned by Moses Dunton and occupied by William Biscal and others, the way to lie on the easterly side of the above line and to be forty feet wide, extending from the northerly line of a right of way W. B. Arnold conveyed to John Ware and others, southerly to a line running south 60 deg. 43 min. east from said monument in front of said Dunton's house, and constituting second part of said way. The third part beginning at a stone monument in the line running south 60 deg. 43 min. east from the monument in front of said Dunton's house, and about forty feet therefrom, being at the southerly terminus of the easterly line of the part of the way last described; thence south 60 deg. 43 min. east about four hundred and five feet to a stone monument in the westerly side of Water St. The way to lie on the northerly side of this line and to be forty feet wide, extending from the easterly line of the second above described part of the way to the westerly line of Water St. The fourth part of the way beginning at the second monument mentioned in the first above described part of the way, thence north 70 deg 32 min. west about ninety-six feet to a stone monument at the northerly terminus of the easterly line of the second above described part of the way, this line to constitute the northerly line of this part of the way, and the southerly line being as follows: Commencing at the stone monument in the southerly terminus of the westerly line of the first above described part of the way, thence north 79 deg. 32 min. west, or parallel to the northerly line aforesaid, about one hundred and seven feet to a stone monument in the easterly line of said second part of the above described way, said part of the way being about forty feet wide, and to lie between said two lines, and extending from the first above described part of the way to the second above described part of the way. Said four parts constituting the way laid out, and we award no damage to any party or parties.

ART. 32. To see if the Town will vote to rebuild or repair the Neck School House, and raise a sum of money for the same.

ART. 33. To see if the Town will vote to purchase the building and lot on the Plains now occupied by the Town for an engine house, and raise a sum of money for the same.

ART. 34. To see if the Town will sell and convey to Moses Roderick any part of the School House Lot on Grove St.

ART. 35. To see if the Town will approve the list of Jurors as prepared by the municipal officers, Town Treasurer and Town Clerk.

ART. 36. To see if the Town will name any town ways laid out and not heretofore named.

ART. 37. To see if the Town will vote to raise and appropriate a sum of money for deficiencies in overdrawn accounts, also to see if the Town will vote an additional sum of money to pay the Town of Waterville's share of the expense of rebuilding Ticonic Bridge.

And you are alike to notify the inhabitants or said Town that the Selectmen will be in session on Thursday, Friday and Saturday, March 12th, 13th and 14th, from 1 to 5 o'clock, P. M., at their office in Waterville, for the purpose of correcting the list of voters.

Hereof Fail Not, and make due return of this warrant, with your doings hereon, on or before the day of said meeting.

Given under our hands this ninth day of March, A. D. 1885.

NATH'L MEADER,	}	Selectmen of Waterville.
