School Superintendent's Report.

To the S. S. Committee and citizens of the Town of Lincolnville, I hereby submit my report as Supt. of Schools.

The past year has been a successful one in our school work. The teachers have worked hard and all are well fitted for the position they have filled.

The little folks, as well as the older ones have made rapid advancement.

I wish to thank the teachers for continuing the work, which they began under the careful supervision of Dr. C. R. Simmons.

The interior of the Hill's School House is in a bad condition. I would suggest it be sheathed.

One or two new black-boards should be added in the Wiley District.

The number of visits by parents and citizens is each year increasing, which pleases the School Board as well as teachers and pupils.
