School Superintendent's Report.

To the S. S. Committee and citizens of the Town of Lincolnville, I hereby submit my report as Supt. of Schools.

The work in our schools for the past year has been very successful, with one exception.

This shows that our pupils are eager to secure an education and that our teachers are efficient and painstaking.

The Ctr. school house should have some new desks and a new floor would add to the comfort, as well as appearance of the room.

In closing I wish to thank all connected with the work, for their courtesy to me during the year.
