One of the most convenient things in a family is a good sewing machine.
Now, we have a good assortment of them with all the latest improvements, such as dropped heads to keep the dust from getting into the machine, and we do not ask an exorbitant price for them.

These machines we have carried for fifteen years and they have always given perfect satisfaction.

NOTE THE FOLLOWING:
NO. 73 MACHINE, 3 DRAWERS, FOR $20.00
NO. 75 MACHINE, 7 DRAWERS, FOR $25.00
NO. 16 MACHINE, 7 DRAWERS, FOR $30.00
NO. 5 MACHINE, 7 DRAWERS, FOR $27.50

We will let any responsible party take these machines for two weeks on trial, then they can pay $5.00 down and $1.00 per week. These machines are warranted for years. Compare these prices with those of agents who go around selling them, and you will see that we can beat them from $10.00 to $20.00 on a machine.

ANNUAL REPORT
OF THE
MUNICIPAL OFFICERS
OF THE
Town of Glenburn
FOR THE YEAR
1904

PIANOS AND PIANO PLAYERS!
WE REPRESENT:
The Stoddard Piano,
The Clinton Piano,
The Regal Piano Player.

THE MOREY FURNITURE COMPANY, BANGOR, MAINE.
ABOUT the only reason we can think of why you may not buy and wear H. S. & M. Clothes, is that if you have not worn them, you may have some doubt about being satisfied with them—Style, Quality, and Fit—we want to provide against that on this page.

Any man who feels dissatisfied with HART, SCHAFFNER & MARX CLOTHES, and who has reason to feel so, can get his money back. They are not infallible as clothes makers, and some men are harder to satisfy than others. But we can always give a man his money back if he has reason to ask it, and if that doesn’t satisfy him, nothing will in this world.

When we sell you H. S. & M. Clothes consider your money on deposit, subject to your satisfaction.

MILLER & WEBSTER CLOTHING COMPANY
18 Broad Street, Bangor, Maine

About Your Teeth

There are wide differences in the strength of Teeth. Some are soft, some hard, and others brittle. Do you know about yours? Can you be reasonably careless in their use? Let us tell you about them.

**$4094.03**

All of which is most respectfully submitted.

JOHN F. TOLMAN,
Treasurer of Glenburn.

GLENBURN, Feb. 24, 1905.
Report of Superintendent of Schools.

To the Citizens of the Town of Glenburn:

Whole number of scholars, April 1, 1904, 105; average attendance, 53.

The school committee instructed me to maintain four schools and to convey scholars to two of them.

SPRING TERMS.

Pushaw School.

This term was taught by Miss Ruby M. Gould. Whole number registered, 19; average attendance, 16; number not absent one-half day 8; length of term, ten weeks; wages paid per week including board, $6.75.

This was Miss Gould's second term of school. She has many good qualifications and taught a good school.

Center School.

This term was taught by Mrs. Evelyn C. Brann. Whole number registered, 13; average attendance, 11; number not absent one-half day, 0; length of term, ten weeks; wages paid per week including board, $6.75.

Mrs. Brann has taught every school in town with good success.

School No. 5.

This term was taught by Miss Pearle Wilson. Whole number registered, 14; average attendance, 10; number not absent one-half day, 4; length of term, ten weeks; wages paid per week including board, $6.75.

Miss Wilson is a young teacher but she did quite good work.

School No. 6.

This term was taught by Miss Myrtle B. Grant. Whole number registered, 20; average attendance, 17; number not absent one-half day, 7; length of term, ten weeks; wages paid per week including board, $6.75.

Miss Grant came to us a stranger, gave good satisfaction, received her wages, engaged the school for the fall term, but failed to report for duty.
FALL TERMS.

Pushaw School.

This school remained in charge of Miss Gould. Whole number registered, 16; average attendance, 14; number not absent one-half day, 2; length of term, ten weeks; wages paid per week including board, $6.75.

Center School.

This school was taught by Mrs. Brann. Whole number registered, 11; average attendance, 9; number not absent one-half day, 2; length of term, ten weeks; wages paid per week including board, $6.75.

School No. 5.

Miss Wilson was continued in this school for the fall term. Whole number registered, 13; average attendance, 11; number not absent one-half day, 1; length of term, ten weeks; wages paid per week including board, $6.75.

School No. 6.

This term was taught by Miss Agnes E. Bean. Whole number registered, 19; average attendance, 17; number not absent one-half day, 0; length of term, ten weeks; wages paid per week including board, $7.

Miss Bean is a young teacher, I think she tried to do good work.

The amount of money remaining at the close of the Fall terms was so small I thought it best to dispense with Winter terms and try to have better arrangements for 1905.

The future of our schools is becoming a difficult problem to solve, our population is not increasing, our scholarship is diminishing yearly: As I see it we must raise more money, run less schools or make a better use of the money we do appropriate.

We already raise $131.20 more money than the law requires. I don’t think the tax payers should be asked to raise more money, therefore we must maintain less schools or cut off extra expenses; it is useless to think of employing cheaper teachers; we hire medium grades now, we must run less schools or lap off conveyance, if you reduce your schools you save teachers wages and board, also fuel, and janitors service and add to conveyance.
Which now will you make? You must make some more, for "you can't eat your cake and have it."

The average attendance in our schools is not more than two live teachers could control and instruct. I discover too much teacher and too little scholar in the recitations in our schools. There appears to be a too general desire on the part of pupils for the teacher to relieve their brain from much work.

Such teaching is of very little practical use. I don't like to hear a teacher say you must do better next time, in my experience "next time" is apt to be a repetition of the former failure. No lasting benefit comes without exertion.

"Let us all be up and doing, still achieving! still pursuing!"

Respectfully Submitted.

E. F. NASON,
Superintendent of Schools.

Glenburn, Feb. 24, 1905.
The Shaw Business College

wants to send any young man or woman literature relative to the facilities it offers to those desiring of securing a training which is of value in obtaining remunerative employment.

One thing relative to this school worth considering is the fact that the school in Bangor alone in the period of six years has become larger in attendance than all other similar schools in Eastern Maine combined. No school can have this success unless it has merit. Think this over and send for new catalogue.

LOOK! LOOK! LOOK!
Are you going to buy a

MONUMENT, TABLET OR HEAD STONE
either in Marble or Granite this Spring or Summer? If so don't fail to see Fletcher & Butterfield's large and nice stock, where you can buy a better job for the money than anywhere in Eastern Maine.

Fletcher & Butterfield
28 East Market Square, - Bangor
What would he thought of a savings bank if such institution would require a written agreement from the depositor that a certain sum must be deposited yearly for twenty years and in the event that said sum is NOT deposited, or if the depositor should DIE during the 20 years a large part of the interest arising from the deposits shall be forfeited?

This is what all Tontine Companies require an applicant to do when application is made to them for tontine life or endowment insurance.

The policyholder must continue to live and make the deposits for twenty years, or all of the surplus is forfeited to the company.

Why buy such kind of Life Insurance when the

Connecticut Mutual of Hartford pays dividends annually with interest compounded if left with the Company?

The whole accumulation is paid at DEATH and at the end of the endowment period, or upon the surrender for CASH VALUE as the policy provides.
