textbook on "The Progressive Methods of Teaching," by Martin J. Stormzand, Professor of Education, Occidental College.

Special emphasis is being given to the study of reading, especially on the pupils speed of reading, and comprehension of material read. The results already obtained, have been most gratifying. Miss Florence Piper Tuttle, foremost educator on the subject of reading in the Eastern United States, will be with us for three days during the first of the spring term. She will go into the schoolroom and work with the teachers. All citizens whether having children attending school or not, are invited to attend Miss Tuttle's demonstrations.

Janitor work in the schools has been done in a very efficient manner, especially in the village. Mr. Deering certainly deserves much credit for the cleanliness of the building.

Conveyances maintained for the year are as follows:

W. A. Chipman, to the Village	\$25 a week
W. A. Peterson, to the Webber	25 a week
Bruce Hillman, to the Fuller's Corner	10 a week
C. W. Salisbury, to the Fuller's Corner	6 a week
Alton MacPherson, to the Fuller's Corner	6 a week
Henry Cookson, to the Village	2 a week

Eighteen dollars a week of the amount of Mr. Peterson's conveyance has been for children, whose parents are temporary residents, residing at the Diamond Match Co. lumber camps. The town is reimbursed by the State to the amount of \$221.20. The number of scholars conveyed has varied from 35-40, this meaning total conveyance of all teams.

All necessary supplies have been furnished. The total amount of the supply account is considerably larger this year, due to the small amount of supplies on hand at the beginning of the year.

Miss Grace Rogers of Pittsfield was elected music supervisor by the joint committee of the school union. Miss Roger's work has been satisfactory, and it is hoped that it will be possible to send both, the Academy and Grammar school orchestras to Lewiston this coming May. Last spring at Waterville, the Academy orchestra made a very creditable record, and all members are now inquiring about the trip to Lewiston.

The Academy with an enrollment of 104 students is having a very prosperous year. A great deal of interest is being shown by the students in their school work, and also in the outside activities and athletics. This prosperity shows that the Principal, Mr. Murray and his corps of teachers are putting their

best efforts into the work. We should certainly endeavor to retain them for future service.

The work of our school physician, is one of the most important branches of service that our schools can render. The preservation of health should come first, and attention to the growing youngster is building for a healthy adult life. Parents should make special effort to see that their children have medical attention, whenever it is advised by our school physician. His worthy work and special interest in our schools and school children need no comment from me. They are appreciated by both parents and children.

A new shed has been attached to the Webber schoolhouse, also toilets have been connected and the lighting rearranged to comply with state requirements. This completes the remodeling of school buildings in the town of Hartland. Mr. Griffith should be complimented on the cost of the work at the Webber school. The total cost being only \$308.72.

I recommend that the Fuller's Corner and Athens St. schoolhouses have a coat of paint on the outside. Also that the Fuller's Corner schoolhouse roof be shingled.

At this time allow me to express my appreciation of the spirit of courtesy and cooperation to the citizens and superintending school committee of Hartland.

Respectfully submitted,

P. F. SHIBLES, Superintendent.

MUSIC REPORT

With the valued help and cooperation of your grade teachers, Hartland schools have made very good progress in music the past year. The school at Fuller's Corner is taught in two groups. North Hartland has only eight pupils but good work is done in both schools. The grades in the Athens St. school will have covered a good years work by the end of the winter term, and are preparing to give operettas in the near future. Much individual help is given the less musical children in the lower grades. Part singing is begun and very well done in grades five and six and these grades have also a piano class. Hartland being one of the few towns in the State to take up this work.

Three and four part singing is done in grades seven and eight. The grammar grades also have an orchestra of sixteen players that we feel is a great credit to these two schools. The number of players will be increased by the opening of the spring term. The high school orchestra took part in the state contest in Waterville last May and made a very good showing. We hope to enter the Lewiston contest this year. The high school chorus is elective in the two upper classes, but is required in the lower classes. Much good part music is being studied. Music appreciation will be given in the spring term in all grades.

Respectfully submitted,

GRACE ROGERS,

Supervisor of Music.

Report of School Physician

To the Superintending School Committee of the Town of Hartland, Me.

The following is my report of the physical examination of your scholars and school property for the school year 1928-29.

Whole number pupils registered	303
Whole number pupils examined	299

Number of scholars found with the following defects:

Care of teeth and gums	65
Vission	32
Hearing	16
Teeth	150
Tonsils	122
Adenoids	67
Skin	8
Weight	59
Pulse	64
General condition	28
Number with 100%	42
Number reported for treatment	132

Average Physical Rank for Schools:

Grades 1 and 2	97.3
Grades 3 and 4	96.
Grades 5 and 6	95.6
Academy	96.6
Webber	91.1
Fuller's Corner	96.
Grades 7 and 8	94.7
Town average	95.3

I found, as last year, the physical condition of the school property to be satisfactory. The scholars were quite neat and tidy and the teachers much interested in their physical welfare. A few reports from the teachers were received and many pupils were sent to the office for personal inspection and health certificates.

It seems to me an annual health program given in some central place in the town where each school could contribute its share would be interesting and instructive to the pupils and community. The Maine Public Health Association stands ready to assist in any way it can.

Yours respectively,

C. A. MOULTON, School Physician.

Preserve This Report

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be a sufficient number at the hall to go around on town meeting day. This year or any year it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you town meeting day morning.

Dinner will be served in the Basement of Opera House
at 12 o'clock by the Ladies' Aid
of the Methodist Church
at 40c per plate
