Report of Superintendent of Schools

To the S. S. Committee and Citizens of the Town of Hartland, the following is a report of your schools for the municipal year 1931-32.

The school census April 1, 1931 was 330. There are 208 elementary pupils enrolled in the schools of the town and 6 attending the Corson's Corner Union school in Athens. There are 59 town students attending the Academy, making a total of 273.

With the exception of Flu colds the past three weeks, the health of the school children has been remarkable for the past year. The grade of work done by your boys and girls has been very satisfactory. The Citizens should and I believe do, appreciate the opportunities that they are giving their children for an education under a very efficient and experienced force of Elementary teachers. (By moving the eighth grade into an upstairs room of the Academy, and having only two grades in the other elementary rooms, the congestion in the Pleasant street building has been taken care of.) Due to the number of pupils in Grade 4 and 5 a helping teacher has been employed for part of the afternoon period. A new State course of study for elementary schools is being used this year. This is a great help to superintendents and teachers, and marks another step of advancement in our elementary school system. Many changes have been made to meet the requirements. Geography and History courses are being combined and taught by project method.

The music in the grades and Academy has made excellent progress the past year, and the students cooperation has been excellent. Your Music supervisor's report will explain the work being done and accomplished.

The janitor work in the Village and outside has been done very efficiently.

Conveyance for the year have been as follows:

W. A. Chipman, West Hartland to Village last 16 weeks 1931 \$25 per week; Arthur Grignon, Canaan line to Fuller's Corner \$9 fall and \$10 winter and spring; Alton Macpherson to Fuller's Corner \$2.50 fall and spring and \$3 winter; Bruce Hillman to Fuller's Corner \$3.50; Wm. McLellan, North Hartland to Village \$18 fall and spring and \$20 winter. The school bus conveys from West Hartland to Village and from Inman's on Pittsfield road to Village. The cost for driver, gas and oil averages about

\$14 per week. The difference saved between school bus and conveyance last year, by next June will make the bus stand the Town \$185.

All necessary supplies have been furnished.

New Geographies have been placed in Grades 4, 5 and 8.

The enrollment of the Academy last fall was 110 being the largest for some time. The grade of work has been very satisfactory and most students have made satisfactory progress.

Dr. Moulton's work has been carried out very efficiently during the past year. Miss Robinson, County nurse for Somerset county was here last spring and gave a thorough examination of each pupils hearing with the State audiometer.

The cost for repairs on school buildings has been small during the past year. A new cupboard has been built for the Fuller's Corner school. Chairs have been bought for the school orchestras. There is a balance in this account ample to take care of repairs for the coming year.

\$5,100 is the amount asked to be appropriated for the coming year. It is believed the schools can be run efficiently with this amount.

I wish to thank the S. S. Committee, Citizens, Parents, Teachers and pupils for their splendid cooperation during the past year.

Respectfully submitted,

PERRY F. SHIBLES,

Superintendent

MUSIC REPORT

February 24, 1932

The following is the Music Supervisors report for 1931-1932:

The work in general consists of teaching a good grade of music to the student of average musical ability; providing sufficient opportunity for the talented and yet doing individual

work to raise the level of the semi-monotone and monotone pupil.

In vocal music the grades one, two and three besides special theory work have studied ear training and rote songs. Books being used in grades two and three. Grades four and five are singing two part songs and have special quartets for the talented students. Grades six and seven have been singing two and three part songs, with special quartets and sextets. The eighth grade sings with the Academy.

Due to the far ranging abilities and experiences in music the Academy singing has consisted of songs from one to four parts. The Academy male and mixed quartets have been a source of great enjoyment as well as rapid development. The Glee Club is a means of vocal culture training and musical expression.

The grades four, five, six and eight of the Rural School have made rapid progress as a class for two and three part singing. The lower grades being similar to the Town School grades.

Theatrical work in all grades and Academy began with fundamentals and is progressing rapidly according to the needs of each grade.

In instrumental music free instruction has been offered for any student in the Hartland Schools. From those responding to the offer unknown talent has been found. More classes are being started.

The grade orchestra has increased to 21 members and is playing a good grade of music for their (the members) ages and experiences.

The Academy Orchestra of 24 members has taken part in two musical programs and assisted at 12 Town entertainments. The musical understanding of the orchestra members is rapidly being brought to a high level.

Appreciation of music has been taught with the aim of bettering the child's conception of Rhythm, Tonal effects of instruments and voices and various forms in music.

I wish to thank the teachers of the Hartland Schools for their cooperation in this work.

MERLE L. WALKER

Preserve This Report

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be a sufficient number at the hall to go around on town meeting day. This year or any year it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you town meeting day morning.

Dinner will be served in the basement of Opera House
at 12 o'clock by the Ladies' Aid of
the Methodist Church at
35c per plate
