Town Manager
Hartland, Maine

Dear Mr. Fisher:

As you may know, the Maine Municipal Association has an annual City and Town Report Competition, with awards given in recognition of outstanding municipal reports.

This letter will serve to inform you that the town of Hartland has been given the award of Excellence in its population class by the Competition Judges.

May I take this opportunity on behalf of the Association to congratulate you and the other municipal officials of your town for publishing such a fine municipal report.

Sincerely yours,

Frank G. Chapman

1957 - A Year Of Growth:

Your municipal officers present for your approval a report for the 1957 fiscal year.

Some accomplishments for the year are:

Highways:

Crosby Street was constructed and tarred.

Iron Bridge on Mill Street was reconstructed.

T. R. I. F. work was started on Vigue Road.

Corson's Corner Bridge was constructed with State, County and Town funds.

A section of Route 23 was reconstructed with State funds.

New highway being constructed through the village with Federal and State funds.

Protection:

Fire Hall building was completed and painted. Much of the interior work has been completed by Fire Department members at no cost to the town. Open House has been planned for Feb. 23 and it is hoped that as many citizens as possible will attend.

Fire pond was constructed near the Dump Road. This pond provides a water source for fire at the dump as well as fire protection for six dwellings in the area.

New street lights for Main Street, Pittsfield Avenue and Academy Street.

Academy and Main Street have a new sewer system with provisions for some of the side streets to be added at a future date.

Education:

Preliminary steps have been taken to set up an administrative district with several neighboring towns participating. It is felt that an improvement in educational advantages can be offered our children at no greater cost to the town.

Looking forward to 1958:

Street Lighting:

Proposed street lighting improvement on Commercial Street should result in improved business conditions for the merchants in the area as well as better shopping conditions for shoppers.

Health and Welfare:

Costs in this department are slowly increasing, for as jobs become scarce, more applications will be received for relief. By furnishing a work program it is hoped to keep relief costs at a low level.

Improved Assessment Figures:

For the past year your assessors have been working on a system recommended by the State for equalization of valuations. Work will be carried on in 1958. This is a big task and probably several years will pass before work is completed and the final figures available for use.

Respectfully submitted,

MUNICIPAL OFFICERS

Town of Hartland.

TOWN OF HARTLAND SEWER NOTES

First National Bank, Pittsfield	18,000.00
---------------------------------	-----------

These notes are to be paid in annual installments of \$3,600.00 for the next five years. Interest charges are at 4% per annum.

We believe the foregoing to be a true report of the receipts and disbursements for the year ending February 10, 1958 and the financial standing of the town at that time.

If, however, there appear to be any errors or something you do not understand, please call at the Selectmen's office where the books are available that an intelligible explanation may be had, thereby avoiding confusion at the meeting, and eliminating consumption of unnecessary time during the meeting.

Respectfully submitted,

DONALD J. PELKIE,

DONALD K. HOLLISTER,

FRED J. COOPER,

Selectmen of Hartland.

UNITED STATES DEPARTMENT OF AGRICULTURE

Forest Service

Room 2, P. O. Building

Belfast, Maine

December 12, 1957

Mr. Claude E. Fisher

Town Manager

Hartland, Maine

Dear Mr. Fisher:

The following is a report of white pine blister rust control performed in your town in 1957.

The program in the State of Maine is conducted by the U. S. Forest Service, Maine Forest Service, towns, cities and individuals cooperating. The disease occurs alternately on white pine and ribes, and is transmitted by wind-borne spores from one host to another. Control is established by destroying currant and gooseberry bushes, called ribes, from pine areas and limited protection borders. This is done by hand eradication and the use of chemicals. 2,4,5-T, a selective weed killer, was used.

Our records show that Hartland has 894 acres of white pine which necessitates the removal of ribes from 3,917 acres to secure protection.

The town appropriated \$400.00, and during the control season 2,146 ribes were destroyed on 1,725 acres, at a cost of \$829.72 (Town \$398.68, State \$23.04, Federal Government \$408.00). There remains approximately 2,000 acres needing eradication work. Much new white pine reproduction was found and the maps were put up to date on aerial photographs. As this work is conducted on a cooperative basis, we recommend that your town make funds available for the 1958 season.

Very truly yours,

HARRINGTON G. BRADBURY

District Leader

Superintendent of Schools' Report

Hartland, Maine

February 10, 1958

To the Superintending School Committee and Citizens of the Town of Hartland.

I am pleased to report on the progress of your school system for the past year. We started schools in September with the following teachers and enrollment.

Teacher	Grade	S.P.	1	2	3	4	5	6	7	8
Edythe Libby		33

Geraldine Smith		37								
Thelma Cook		29								
Jean MacLauchlan		36								
Harold Smith		34								
Doris Emery		26								
Douglas Doyon		22								
Ellen Cooper		26								
		Total								282

Hartland Academy: Freshmen 25, Sophomores 24, Juniors 12, Seniors 15, Total 76.

School operated on a normal schedule with the exception of four days lost on account of illness and two days of storm. The four days lost on account of illness will be made up in June. Stormy days will be made up April 14 and 15.

Much educational progress has been made in the grades. The lower grades in particular are much to overcrowded for best teaching results. However, these teachers are doing exceptionally good work under adverse conditions. The solution to most of our educational ills is more classrooms, this matter is under

consideration at present. Your School Committee and Selectmen are having meetings and discussions with officials of surrounding towns, it is hoping that some concrete information will be available soon. All other aspects of the school program are proceeding normally and according to plans.

The secondary school enrollment is increasing each year as we graduate larger classes from the elementary schools. I would expect an increase of 12 to 15 pupils beginning next September. I feel that the town would be justified in not supporting the agriculture program in the future regardless of Federal aid for this program. The cost of this program is too great for the few students taking advantage of this course. I would favor continuance of the support of the Home Economics department under the same plan as in the past.

In conclusion, may I express my appreciation for your cooperation in school matters, during the past year.

Respectfully submitted,

HAROLD E. CARSON

Superintendent of Schools

## *School Physician's Report*

---

Examination of the pupils in the Hartland Schools showed health measures to be well under control and disabilities that were correctable have, for the most part, responded well.

Inmunizations were offered for Poliomyelitis for the children and teachers. Influenza vaccination was performed on the teaching staff only, because of the limitation of the amount of vaccine available.

## **DIVISION OF PUBLIC HEALTH NURSING DEPARTMENT OF HEALTH AND WELFARE**

**January 1 to December 31, 1957**

The purpose of the Public Health Program is to promote good health and prevent disease and deformity. The Public Health Nurse attempts to attain this goal through visits to homes and schools, encouraging Health Councils and helping to plan and assist with clinics.

A series of four Child Health Conferences were held at the Scott-Webb Memorial Hospital. Physical examinations were offered as well as immunizations against such diseases as diphtheria, tetanus, whooping cough, smallpox and polio.

Free polio clinics have been held to offer polio vaccine to every one from six months to twenty years of age and expectant mothers.

Orthopedic and Pediatric clinics, sponsored by the State Department of Health and Welfare are held regularly and provide opportunity for medical consultation and care for crippled children and those with cardiac or rheumatic fever complications. There is also, a clinic for the Mentally Retarded preschool child. Regional x-ray clinics and the services of the State Sanatorium are available to those referred by their family physician for diagnosis, x-ray or medical care.

It is the hope of your Public Health Nurse that, through the combined efforts of the nurse and community, every individual and family may realize the enjoyment of a high standard of health.

Your Public Health Nurse wishes to thank everyone who, in any way, helped to promote better living in your community.

Respectfully submitted,

KEITHA J. PRESTON

Board of Trustees  
Hartland School District  
Hartland, Maine

Gentlemen:

In accordance with Chapter 91, Section 142, Revised Statutes of 1954, and at your request, the records of the Hartland School District have been audited for the year January 1, 1957 to December 31, 1957, inclusive.

The examination was conducted in accordance with generally accepted auditing standards applicable in the circumstances, and included all procedures which were considered necessary. Insofar as could be determined within the scope of the examination, the financial transactions of the School District appear to be appropriately handled.

Exhibits and schedules incorporated in this report present the financial position of the School District at December 31, 1957, and the result of its operations for the year then ended.

All of which is respectfully submitted,

Very truly yours,

R. A. JAMIESON,

JOHN T. SINGER,

Board of Selectmen  
Hartland, Maine

Gentlemen:

In accordance with Chapter 405, Section 26, Public Laws of 1957, and at your request, the records of the Town of Hartland have been audited for the period February 11, 1957 to February 8, 1958, inclusive.

The examination was conducted in accordance with generally accepted auditing standards applicable in the circumstances, and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the Town appear to have been appropriately handled with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules incorporated in this report present the financial position of the Town at February 8, 1958, and the result of its operations for the year then ended.

Recommendations are also offered which are believed to be worthy of your consideration.

All of which is respectfully submitted,

Very truly yours,

R. A. JAMIESON,

## TOWN OF HARTLAND

FEBRUARY 11, 1957 to FEBRUARY 8, 1958

An audit has been completed of the books and records of the Town of Hartland for the year ended February 8, 1958.

The records maintained by the Selectmen, Treasurer, Tax Collector, Assessors, and Town Clerk were audited. The system of internal control was reviewed. Accounting records and other supporting evidence were reviewed or tested to the extent deemed necessary under the circumstances.

It is believed that the accompanying balance sheet together with the related financial statements fairly present the financial position of the town at February 8, 1958 and the result of its operations for the year then ended.

### ASSETS

At the year end the cash balance amounted to \$17,387.76 as compared with \$6,766.58 at February 10, 1957. The cash balance was accounted for as follows:

|                |             |
|----------------|-------------|
| Cash on Hand   | \$ 1,700.23 |
| Demand Deposit | 504.20      |
| Time Deposit   | 15,183.33   |
|                | <hr/>       |
| Total          | \$17,387.76 |

The cash on hand was verified by physical count on February 8, 1958; the time deposit was verified by physical inspection of Book No. 11341 issued by the First National Bank, Pittsfield; and the demand deposit was verified by reconciliation of the bank statement issued by the First National Bank, Pittsfield. As has been customary in past years, receipts are deposited to the savings account from which are transferred amounts to the checking account sufficient to pay the warrants drawn.

|                                                       |             |
|-------------------------------------------------------|-------------|
| The 1957 tax commitment was accounted for as follows: |             |
| Cash Collections                                      | \$81,244.54 |
| Abatements                                            | 47.45       |
| Taxes Receivable                                      | 3,391.04    |
|                                                       | <hr/>       |
| Tax Commitment                                        | \$84,683.03 |

During the year, unpaid real estate taxes on the 1956 commitment totaling \$1,077.70 were secured by tax liens. At the year end, unmatured tax liens totaled \$317.70. Matured tax liens totaling \$16.40 and 1956 taxes of \$173.66 were transferred to tax acquired property. Sales of tax acquired property amounted to \$1,996.44 of which \$1,052.56 represented profit on sales. The balance of the tax lien account was verified by inspection of tax liens on file.

#### LIABILITIES

Notes totaling \$18,000.00 were issued during the year as authorized by vote of the Town. The proceeds of these notes were used for sewer construction. These are 4% serial notes held by the First National Bank, Pittsfield, and mature at the rate of \$3,600.00 per year from 1959 through 1963, inclusive. Tax anticipation notes totaling \$58,238.84 were issued and paid during the year.

#### RESERVES AND SURPLUS

Unexpended balances in certain appropriation accounts carried forward to the ensuing year for expenditure amounted to \$14,467.48 as compared with \$4,859.75 at the end of the previous year. The principal increase is noted in the school accounts which carried forward \$13,074.25 as compared with \$2,831.78 a year ago.

The capital reserve fund established to provide funds for the purchase of a bus was increased by \$1,000.00 transferred from the Common School Account and interest earned of \$87.96. The

Cemetery Water Fund earned interest of \$19.22. Both of these funds are deposited in savings accounts in the Skowhegan Savings Bank and were verified by inspection of the bank pass-books. The School Building Fund of \$3,000.00 is still a part of the cash balance of the General Fund and has not yet been invested.

Unappropriated surplus was decreased by \$3,070.76 during the year and totaled \$3,526.34 at February 8, 1958. The principal reasons for this decrease were appropriations from surplus of \$700.00 authorized at the annual meeting and \$2,500.00 authorized at a special town meeting. An abatement of \$1,900.00 was voted on and approved at the special town meeting. The change in unappropriated surplus is analyzed in detail on Exhibit E of this report.

#### TRUST FUNDS

The investments and savings accounts of the trust funds were verified. During the year cemetery perpetual care funds totaling \$1,950.00 were received and are being held pending acceptance by the town at the annual meeting.

#### GENERAL

Excise tax receipts totaled \$6,298.61 and were verified by examination of the copies of the receipts issued. It was noted that excise tax receipts had not been deposited promptly with the Treasurer as required. The allocation of excise tax receipts was:

|                                       |            |
|---------------------------------------|------------|
| Appropriated at Annual Meeting        | \$5,000.00 |
| Transferred to Unappropriated Surplus | 1,298.61   |
|                                       | <hr/>      |
| Total                                 | \$6,298.61 |

Supplemental taxes totaling \$221.90 were received during the year and were credited to unappropriated surplus. These supplemental taxes were not committed to the Tax Collector.

The following corporate surety bonds were found on file:  
 Claude Fisher, Town Manager, Treasurer and  
 Tax Collector - Aetna Casualty and Surety  
 Co., No. 6S56111 \$15,000.00  
 Vernard Stedman, Plowing and Sanding -  
 Aetna Casualty & Surety Co., No. 6350167 \$ 3,200.00

### RECOMMENDATIONS

The following recommendations are also believed to be worthy of your consideration.

1. That, the balance of \$3,000.00 of Capital Reserve Fund monies in General Fund be invested in accordance with statutory requirements.
2. That, excise tax receipts be deposited promptly with the Treasurer in accordance with statutory requirements.
3. That, supplemental taxes be committed to the Tax Collector.

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be sufficient number at the hall to go around on town meeting day. This year or any year it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you to the town meeting.
