## IMPORTANT NOTICE TO TAXPAYERS

All taxpayers should read the following requirements and comply with them.

Section 35 Chapter 81, Revised Statutes of Maine, 1944.  
“Before making any assessments, the assessors shall give reasonable notice in writing to the inhabitants by posting notifications in some public place in the town, or shall notify them, in such other ways as the town directs, to make and bring in to them true and perfect lists of their polls and their estates real and personal, not by law exempt from taxation, of which they were possessed on the 1st day of April of the same year. If any resident owner after such notice, or any non-resident owner after being reasonably requested thereto by the assessors, does not bring in such list, he is thereby barred of his right to make application to the assessors or the county commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them he was unable to offer it at the time appointed. The request upon non-resident owners may be proved by a notice sent by mail directed to the last known address of the taxpayer or given by any other method that brings notice home to the taxpayers.”

# KENNEBEC MENTAL HEALTH ASSOCIATION

P. O. Box 624

Waterville, Maine 04901

Dear Friend:

With the accelerated pace of our times complicated by the excessive oppressing demands made upon us through our jobs, future planning, and mounting responsibilities, where can emotional support and direction be obtained?

During the six year service of the Kennebec Mental Health Clinic over 1,500 men, women, and children have availed themselves of this facility. Within the most recent year there has been a striking emergence of programs observed particularly in the area of children and adolescent-services provided by the only out-patient community mental health facility of Kennebec and Somerset counties.

The demands made of this out-patient mental health clinic are excessive and increasing. You may assist in expanding these programs further through help in establishing an endowment fund, assistance through memorial giving and bequests, or through a donation of an unrestricted nature. This latter fund is the most beneficial since it provides emphasis in the direction of greatest interest to the patient and his needs.

Your interest in mental health will be appreciated by the many troubled patients in our care and to those who will soon be at our door.

Sincerely yours,  
OTIS Z. BACON  
President

# REPORT OF PUBLIC HEALTH NURSE

Maine Department of Health and Welfare

Division of Public Health Nursing,

Bureau of Health

Annual Report of Public Health Nursing Services in  
Hartland for the year 1967

Public health nursing has always been interested in the promotion of health and the prevention of disease. Health needs are constantly changing as medical science advances and as new needs occur. It is necessary to continually evaluate and assess the health needs and programs of a community. Services provided are in keeping with broadened functions and new trends. The public health nurse is one member of a team that works to alleviate suffering, restore health, prevent illness, and promote healthful living. Some of her services include health teaching of individuals and families in their homes; nursing care of the sick and rehabilitation of the handicapped under the direction of the family physician; and prevention and control of communicable disease through immunization clinics and health education.

A statistical summary of some of the public health nursing services provided in Hartland is as follows:

## CHILD HEALTH CONFERENCE PROGRAM

Your public health nurse wishes to thank everyone who has helped to promote better living in your community.
