The 1993 Town Report is dedicated to
Lewis Elliott

His kindness, dedication, sportsmanship,
and sense of humor is an attribution appreciated
by all.

The 1993 Citizen's Award went to

Hilda Nutter

Hilda has been very active in clubs,
organizations, and community functions.

ALL OTHER DAYS 9:00 - 5:00 P.M.**

*** CLOSED ON HOLIDAYS ***

Letter of Transmittal

Various small projects were completed in 1993.

A drain pipe was installed near the sidewalk area by Ed Elwell's home. This should curtail the overflow on to the sidewalk this spring.

A dry hydrant was installed near the drain, so that fire trucks may be filled this spring for swimming pools, street washing and other various projects. This should help with water pressure.

The fence was removed at the front of Rte. 23 cemetery and the brush was cut.

Property near the dump was exchanged, to move an abutting property owner further away from the brush fire.

The handicap bathroom has been installed and is available for handicap use only. I imagine half the town employees will find that they fall under this category.

The elderly housing project finally went out to bid. Construction is scheduled in 1994. Like all federally funded projects, you wait forever.

We continue to operate the Town dump, an issue that makes some people south of us very unhappy. We must continue to move very slowly in 1994.

A new auditing firm is being used. The town bookkeeping systems have been changed and we are now on an accrue system. Employees are doing an excellent job learning the process. In house training is being provided and has been very time consuming.

Each month, a staff meeting is held, and we have made it mandatory that all employees take part. The meetings generally last 3 hours and all departments are closed during that time.

The Hepatitis B Program has been taken seriously and most employees and volunteers have had the first 2 shots. The booster and blood work will be done in May or June of 1994. I have been told that each needle gets longer.

In 1994, the Hartland Water Co. will change hands. The potential new owners have been very cooperative.

We will continue to work on the dump issue and all other unresolved issues in the community in 1994.

On a personal note, I would like to express my deep appreciation to all my co-workers who were there for me during the end of 1993.

Whether it was lugging boxes, shoveling off my steps or just being there, I did appreciate it.

It's nice to know that I'm working with a group of compassionate people.

Respectfully submitted,

PEGGY A. MORGAN
Town Manager

RESIDENTS REPORT OF VITAL STATISTICS

During 1993, 28 deaths were recorded 22 of which were Hartland residents--our condolences to those who lost someone.

18 marriages were recorded
16 were residents of Hartland--best wishes!

25 births were recorded, 9 males and 16 females--congratulations to their families!

In 1993, 237 dogs were licensed. Licensing fees remain the same for 1994--\$4.00 for neutered/spayed and \$7.50 for un-neutered/unspayed

As of January 31 a \$3.00 late fee will be charged per dog. Please make arrangements for rabies shots and licensing.

Did you know that: as of 1992 a law went into effect--all cats must be immunized against rabies?

a shelter has the right to dispose of a cat the same day it is brought to the shelter?

less than 1% of cats are returned to their owners?

Please support your local animal shelter.

Respectfully submitted,

Joan E. Munn
Town Clerk

ROAD COMMISSIONER'S REPORT

Three roads received extensive wash-outs last spring due to frozen shoulder, snow filled ditches, and heavy rain.

Thanks to Maine Department of Transportation and the Federal Government, we were assisted in replacing lost road material.

The Commodore Road was severely washed and since repaired with federal assistance and town money allocated to that road.

The Studt Road was impassable. Federal and town funds made possible those repairs plus extensive ditching.

The Old County Road was gutted because of a clogged and frozen culvert. Extensive ditching was done and road gravel applied to this road with federal and town monies.

Other roads received minimal repairs due to reduced funds.

Munn Flat has had an ongoing flooding problem due to an aging culvert crossing. A sectional, pre-cast conduit was installed. The top of that culvert will never be underwater.

The Ford Hill Road has a similar problem compounded by a persistent beaver habit of damming the culvert. Plans are to correct that in 1994.

An agreement was signed with Central Maine Paving, Inc. to repair a section of the Elm Street sidewalk, but time ran out before work could be done.

No paving was done in 1993 because of the reduced budget. Plans are made to improve some aging road surfaces in 1994.

Drainage is an on-going problem. Heavy traffic that crushes the road outward and growth of bushes impede the flow of water, further weakening the road base as it becomes saturated. More work to overcome this is planned.

Arland Stedman
Road Commissioner

January 6, 1994

Dear Citizens of Hartland,

The Tri-Town Food Cupboard is entering its fourth year of operation as a recognized non-profit organization. Our success has been possible due to the support we have received from the communities we serve and Hartland in particular.

As many of you know, in 1991 the number of meals we estimate were prepared from the food we supply was 5000. In October of 1993 that figure had already exceeded 18000 meals. In December of 1993 alone we provided food to 48 families which included 175 people. This figure does not include the food baskets that were donated at Christmas. Such volume has been a challenge to our resources of volunteers and funds. The challenge ahead is defined by a recent study by the Maine Nutrition Council which states that one in five Maine children under the age of 12 are either hungry or at risk of being hungry. In addition, the Maine Coalition For Food Security made as its number one recommendation the strengthening of food cupboards and soup kitchens.

The outlook is far from grim; however, Tri-Town Food Cupboard has very committed volunteers. Because of their hard work and donations from businesses, organizations, and individuals, we were able to keep the shelves well stocked and have never had to turn anyone away who was hungry.

We generally meet on the first Monday
of each month at the Hanson Building.
Anyone wishing to learn more about our
operation is welcome to join us at our
6:30 p.m. meeting.

Respectfully submitted,

Judith Alton, President

It has been another exciting year for Smokey's Angels Snowmobile Club. We are extremely proud of our 300' bridge that spans the Sebasticook River in Hartland. It is because of generous and ambitious people and a dedicated Town Manager that "Smokey's Dream" has become a reality. It is hoped that the bridge will be well cared for, for use in the years ahead. Everyone should be gratified with the job done by Elwin Littlefield Inc. & Sons.

Extensive work has been done on many trails--rock removable, tree and brush cutting to make these trails more enjoyable for all and easier to groom.

The club has recently purchased a 1992 Polaris Super Track snowmobile to groom with in and around the Hartland area.

We would like to extend an invitation to anyone interested in joining our club to contact me at RR # 1 Box 2930, Hartland, Maine. We also would like any business in the area to join. We would appreciate your support.

Respectfully submitted,

Anne Herrin, Secretary
Smokey's Angels S.C. Inc.
Hartland, Maine

January 9, 1994

Dear Citizens of Hartland,

The Christmas Giving Tree was a great success this year. We were able to provide gifts to 85 children who might not have had a Christmas with out help.

The Giving Tree project is sponsored by the Outreach Committee of Grace Linn United Methodist Church. However, this is a community endeavor. Without the help of individuals, organizations and businesses there is no way 85 children could have received gifts this year.

A bulletin board is put up at the Church with angels bearing the age and request of each child along with an identifying number. We try to provide confidentiality for the families involved using this method. People are then encouraged to take an angel nd shop for a child.

This year, as in others, we had many more angels than people who were able to buy. Even as we began to panic a little, donations of money began to come our way allowing us to shop for those still on our bulletin board "tree".

Our sincere thanks go to all those who made this a better Christmas for many little children. Best wished for a happy and healthy year.

Respectfully submitted,

Judith Alton, Co-chair

FIRST REPORT OF THE 175TH ANNIVERSARY COMMITTEE

The committee to generate a celebration of the 175th birthday of the Town of Hartland came into existence in the late fall of 1993. A call went out from the Helping Hands organization for interested citizens to gather to begin the planning for the 1995 event.

Three meetings have been held to date; some of the many ideas have turned into tentative plans. Meetings will continue on the second Tuesday of each month at the Town Hall, unless otherwise announced. As plans develop, information will be made available through the press. More citizen involvement is encouraged so the final program reflects the interest of all townspeople.

At the second meeting, this reporter was named as chairman. Also, the dates of Friday, June 23 to Sunday, June 25, 1995 were chosen for the event. Various organizations have expressed interest in being involved. For example, the Crime Watch group will assume responsibility for security. Helping Hands has agreed to arrange for the videotaping of the whole affair. Parade arrangements will be handled by the Fire Department, and the Hartland Academy Alumni Association will try to coordinate reunions and a banquet for the same weekend.

Kiddie and float parades, talent show, a carnival, pony-pulling, a tannery open house, horseshoe pitching and lumberjack contests, an antique show, and fireworks are some of the activities being discussed.

Citizens, property owners and the general public, will be asked to support town beautification and decorating efforts to help Hartland put on its best face.

Looking forward to 100% cooperation and effort, this reporter expects to have a good time over the next several months, culminating in the best sesquiquatrecentennial celebration ever held in Maine!!

Respectfully submitted,

Vaughn A. Stedman, Chairman
175th Anniversary Committee

THE MAINE SENATE
116th Legislature

RFD 3, Box 699
Newport, Maine 04953

January 24, 1994

Dear Friends:

The Second Regular Session of the 116th Legislature is well under way and the various committees of the Legislature are considering legislation concerning a variety of issues. Among these issues are affordable health care, property tax relief, education and jobs for Maine people, to name a few.

As we consider these and other matters, your advice and opinions are appreciated. I welcome any comments or questions you may have on these or other issues of concern to you and your community. My job here in Augusta is made easier when I receive input from the people I represent. I believe that together we can work to build a better future for all of Maine's citizens.

As always, my door is open to municipal officials and the citizens of my district. It is a privilege for me to be serving you in the Maine Senate and I urge you to contact me if you need assistance or information. If I can be of assistance in any way, please write me at the above locations. You may also call me toll free during the session (1-800-423-6900), or at home (368-5827).

Best wishes for a healthy and prosperous 1994!

Sincerely,

A handwritten signature in cursive script that reads "Chuck".

Alton "Chuck" Cianchette
State Senator

To the People of Hartland:

Town meeting time draws near and the 116th Legislature settles into its 2nd session. It will consider carried-over bills and emergency legislation, hoping to adjourn by April.

Representing my district in Augusta has been a privilege, a pleasure and an education. I have not been as closely in touch with my communities as I had anticipated when I campaigned, yet I am pleased to have resolved difficulties for constituents who have called for help. It's an aspect of this job that I particularly enjoy.

Three basic changes occurred at the State House in 1993-1994. Least important, but most in the news, was the resignation of John Martin as Speaker of the House and the election of Dan Gwadosky of Fairfield to take his place. The house Democrats chose Paul Jacques of Waterville to be their Floor Leader.

Redistricting occurs every 10 years after the census. Canaan, Cornville and Hartland have been split away from Pittsfield, joining St. Albans and Palmyra to form House District #108. Pittsfield, Detroit and Clinton will be House District #104.

Most important of the changes is the vote last November to institute term limits for Maine State Legislators. Maine citizens have lost rather than gained by this rule, but that's water over the dam. The pool of possible candidates for public service has been reduced. I am concerned that there will be a loss of institutional memory in the representative body. Where will the new Representative look for guidance? To the lobbyists? They are pleased to gain more influence. To the bureaucrats? Aren't they usually the object of citizen distrust?

I urge voters in my district and across the state to listen hard to the candidates before them next November. They are choosing a person to make laws that we all have to live by. It's more important than ever that the voters choose an effective blend of experience, good judgment and independence of thought in their Representative.

Sincerely,

Louise Townsend
Representative
District #101

CODE ENFORCEMENT REPORT

The plumbing inspector and I visited five house trailers newer than 1976, nine used house trailers older than 1976, and three new structures.

We made many visits for information or to answer questions about apartment building renovations, camp renovations or camp additions. Visits were also made to check for building permits.

I would like to express my thanks for the fine cooperation we received from the people we visited. Often times people controlled erosion before we visited the site or responded in a timely way to my request for erosion control and other State Shoreline Zoning Laws.

Respectfully,

Raymond Martin
Code Enforcement Officer

TO THE RESIDENTS OF THE TOWN OF HARTLAND:

The Hartland Planning Board met regularly each month for 1993. Many of these meetings were spent reviewing the new Shoreland and Resource Protection Laws.

The requests for approval of new subdivisions and land use reviews have seen the effects of the past recession and have declined.

We were pleased to see that the snowmobile bridge we recommended for approval in 1992 was completed, and is a welcome addition to our snowmobile trails.

The Hartland Planning Board wishes to thank all citizens of the Town of Hartland and land owners who have worked with us throughout the year. This cooperation is much appreciated to meet the many State laws we have to work with.

Respectfully,

Raymond Martin

TO THE CITIZENS OF THE TOWN OF HARTLAND:

Again this year the Town of Hartland has had a minimal amount of fires for 1993, although we experienced a very dry summer.

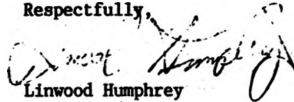

The on going training is still being conducted at the fire hall to ensure that every precaution is being taken for the safety of the firefighters and that the specified amount of training hours are being given as required by Maine state law.

The "Learn Not To Burn" program is still very active in our area schools and is a very big factor in educating our children on the dangers of fires. Our thanks go out to all the people in the schools and also the firemen who help teach this program.

The State of Maine Forestry Service has generously donated an all wheel truck which is to be housed in our fire hall. This vehicle further enhances our fire protection coverage for our area. This vehicle will be very beneficial in woods and grass fires.

On behalf of the Hartland Volunteer Fire Department, we would like to thank the Citizens of the Town of Hartland for their generous contribution which they make to our department yearly.

Respectfully,

Linwood Humphrey
Secretary/Treasurer
Hartland Vol. Fire Dept.

HARTLAND POLLUTION CONTROL
PITTSFIELD AVE.
HARTLAND, MAINE 04943

Dear Citizens:

1993 has been a very busy year for the Hartland P.O.T.W. We completely cleaned and rebuilt one of our aeration lagoons. This was quite an extensive operation. We used a small crane, a forklift, and our dump trucks. It took us about three weeks to complete this task with our entire plant crew along with the public works crew. They all worked very hard at a very dirty job. It was incredible to see such great team work with both crews working together.

In January of 1994, we started a trial with the help of Irving Tanning, Acheron Engineering, And Aires Chemical Co. We had been using about 1,000 Gallons per day of a chemical called Ferric Chloride, to aid in the settling of the suspended solids in our primary clarifier. This would work good sometimes, and not at all other times. We had a very hard time meeting our discharge license. The Ferric Chloride also was very toxic to our biological life. We switched to a more environmental safe chemical called aluminum chloride, which is being added at Irving Tanning Co. We are also adding a polymer at the treatment plant. The D.E.P. was informed of our trial, and they were very supportive.

The cost of running our treatment plant is continually rising. Some of the reasons are rate increases in electricity, new and additional testing that we have to do for the D.E.P. and the E.P.A., and also this plant is getting older and maintenance items are going up.

At our landfill, we are in the process of having two new cells built. The engineering is near completion, and some of the ground work is done. I hope we can be in the new cell some time this year.

In 1993 we stopped using chlorine gas for disinfection of our effluent. We started using Sodium Hypochloride. Although it is more expensive to use this chemical, it is much safer. We no longer have any extremely hazardous chemicals at the treatment plant. If we had a major chlorine leak, we could have had a lot of fatalities around town, depending on weather conditions and wind directions. If we had a leak with Hypochloride, we would have had just a big mess to clean up.

The cooperation we have seen with Irving Tanning over the last five years has improved drastically. We are working very closely on all issues related to the treatment of their waste. Most of the chemicals being used are far more environmental safe than those they used in the past.

By the time town meeting rolls around, Irving Tanning Co. may be in full operation of their new color cellar. This process will cut their chemical use by about 40%, and their water consumption use by 40%. We hope that by using less, it will make their waste more uniform and easier to treat.

In closing, I would like to say that I have an excellent staff to work with. They know their jobs thoroughly and perform them very skillfully. They all work very hard to keep this plant performing at its best.

Respectfully

Dana Cooper
Superintendent

TO THE CITIZENS OF THE TOWN OF HARTLAND:

The Hartland Conservation Committee is a committee made up of a group of interested town citizens that after one year, continue to look into the possibility of a future park.

Throughout this entire year the committee has held various meetings and have had a large input from the citizens of the town on the possibility of a park. Some of these are, a student's questionnaire from grades 3 to 8, also a questionnaire to the general public, asking for their input on a park, and several meetings going over these proposals.

The committee then sent a proposal to the town officials on securing land for a public park and playground located on Pleasant Street.

The Hartland Conservation Committee had set up a booth at the Dare Fair displaying a map of the proposed playground and park. Also the results of the Citizens tally sheets showing what the Citizens thought was important concerning a park and playground.

In August, the Citizens of the Town of Hartland unanimously voted to accept a parcel of land from Irving Tanning Co. on Pleasant Street for the purpose of developing a park and playground.

A Grant Application is now in the process of being written for the park and playground project to help fund it.

The Hartland Conservation Committee would like to take this opportunity to thank Irving Tanning Co. for their interest and help in securing a park for public use on Pleasant Street.

Respectfully submitted,

Barbara Day
Secretary

THE HARTLAND & ST. ALBANS SENIOR CITIZENS

The Hartland and St. Albans Senior Citizens wish to express their sincere thanks to the Town of Hartland for their support and donation. We support God's precious gift of friendship which touches our spirits. This helps us all to be the very best that we can be.

We meet each Tuesday--weather permitting. Every senior citizen is invited to attend and share our good times.

INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen
Town of Hartland, Maine
P.O. Box 281
Hartland, ME 04943

We have audited the accompanying general purpose financial statements of the Town of Hartland, Maine, as of December 31, 1993, and for the year then ended. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as discussed in the following paragraph, we conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Because of the inadequacy of accounting records to substantiate trust principal (contributed equity) prior to 1992, we were unable to form an opinion regarding the classification of amounts at which trust principal (contributed equity) and reinvested trust income (designated for future expenditures) are recorded in the accompanying combined balance sheet all fund types - December 31, 1993 (stated at \$29,434 and \$29,494, respectively).

The general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the general fixed asset account group is not known.

In our opinion, except for the effect of such reclassifications, if any, as might have been determined to be necessary had prior year records concerning trust principal been adequate, and except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Hartland, Maine, as of December 31, 1993, and the results of its operations and changes in fund balances for the year then ended, in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Hartland, Maine. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

Town of Hartland, Maine
NOTES TO FINANCIAL STATEMENTS
December 31, 1993

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Town of Hartland, Maine, incorporated in 1820, operates under a Town Meeting - Selectmen form of government and provides the following services: highways and streets, sanitation, public improvements, education, and health and welfare.

The accounting policies of the Town of Hartland, Maine conform to generally accepted accounting principles except for accounting for fixed assets as discussed in Note 2. The following is a summary of other significant policies:

PRINCIPLES DETERMINING SCOPE OF REPORTING ENTITY - The financial statements of the Town of Hartland, Maine consist only of the funds and account groups of the entity since no other entities are considered to be controlled by or dependent on the Town. Control or dependence is determined on the basis of budget adoption, taxing authority, funding, and appointment of the respective governing board.

FUND ACCOUNTING - The accounts of the Town of Hartland, Maine are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped in the following fund categories in the financial statements in this report:

GOVERNMENTAL FUND TYPES:

General Fund - The General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Fund - This fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

PROPRIETARY FUND TYPE:

Proprietary Fund - This fund is used to account for operations that are financial and operated in a manner similar to private business where the costs of providing water treatment services to Irving Tanning and the general public are financed through user fees and Town appropriations. Working capital (current assets minus current liabilities) for this fund was (\$5,291) for the year ended December 31, 1993.

Schatz, Fletcher & Associates

Town of Hartland, Maine

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 1993

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

FIDUCIARY FUND TYPE:

Trust and Agency Funds - These funds are used to account for resources held by the Town and restricted to use for cemeteries and education.

BASIS OF ACCOUNTING - Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds and the fiduciary fund are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available as net current assets. Property taxes are recorded as revenue when levied and include property tax receivables expected to be collected within sixty days after year end. Intergovernmental revenue and interest are accrued when their receipt occurs soon enough after the end of the accounting period to be both measurable and available. An allowance for doubtful accounts has been established for the possibility of various revenues becoming uncollectible. Miscellaneous revenues are recorded when received because they are not generally measurable until that point.

Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred except for debt principal and interest which are recognized when due.

The accrual basis of accounting is utilized for proprietary fund types. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

PROPERTY TAXES - Property taxes for 1993 were levied July 1, 1993 on assessed values of real and personal property as of April 1, 1993, and were due September 1, 1993. Interest at 10.0% is charged on unpaid balances after September 1, 1993.

Tax liens are placed on real property within twelve months following the tax commitment date if taxes are delinquent. The Town has the authority to foreclose on property eighteen months after the filing of the lien if tax liens and associated costs remain unpaid.

DEFERRED REVENUE - The National Council on Governmental Accounting (N.C.G.A.) Interpretation No. 3 requires that property tax revenue be recognized to the extent it will be collected within 60 days following the year end. The deferred tax revenue shown on the balance sheet represents an estimate of property taxes not expected to be collected within 60 days after the year end.

Snetz, Fletcher & Associates

Town of Hartland, Maine

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 1993

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property taxes are recognized when they become available. Available includes those taxes expected to be collected within 60 days after year end as stated above.

TOTAL COLUMNS ON COMBINED STATEMENTS - Total columns on the combined statements are captioned Memorandum Only to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

DEPOSITS AND INVESTMENTS - Statutes authorize the treasurer of the Town, as directed by the municipal officers, to invest all municipal funds, including reserve and trust funds, to the extent that the term of the instrument, order, or article creating the fund do not prohibit the investment, in financial institutions as described in Section 5706 MRSA, and securities as described in Section 5711 through Section 5717 MRSA.

GRANTS AND CONTRACTS - Under grants, contracts and agreements, with federal and state grantors, the grantors reserve the right to audit the financial statement of the Town. Any liability under such audits cannot be reasonably estimated. Therefore, these financial statements contain no provision for such liability.

NOTE 2 - FIXED ASSETS

Generally accepted accounting principles require that a general fixed asset group of accounts be established to account for assets of a capital nature (land, buildings, equipment, etc.).

The Town of Hartland, Maine does not maintain a fixed asset group of accounts. Fixed asset acquisitions are recorded as expenditures in the period in which they are purchased or constructed.

NOTE 3 - BUDGET

The Town budget is approved at the Town Meeting in March each year. Selected appropriations are carried to subsequent years based on financial requirements and related resources.

Schatz, Fletcher & Associates

Town of Hartland, Maine

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 1993

NOTE 3 - BUDGET (Continued)

The general fund's designated fund balance at December 31, 1993 consisted of the following:

Ambulance escrow	\$	38,543
Fire department escrow		35,780
Local road assistance		34,001
State revenue sharing		15,680
Planning board		10,232
Swimming area		5,000
Capital improvements		4,562
Sidewalk account		3,500
Road account		2,500
Hepatitis B program		2,500
Dr. Briggs memorial		498
Skating rink		400
Perpetual care		100
Dog account		31
		<u>\$ 153,327</u>

NOTE 4 - CASH

At December 31, 1993, the carrying amount of the Town's deposits (checking and savings) was \$201,548 and the bank balance was \$230,585. Of the bank balance, \$109,163 was covered by federal depository insurance and the remaining \$121,422 was uninsured and uncollateralized.

NOTE 5 - TAXES RECEIVABLE

Taxes receivable consists of the following:

1993 taxes receivable	\$	81,905
1992 taxes receivable		2,548
1991 taxes receivable		1,623
1990 taxes receivable		1,404
Allowance for doubtful accounts		<u>(1,200)</u>
NET TAXES RECEIVABLE	\$	<u>86,280</u>

Schatz, Fletcher & Associates

Town of Hartland, Maine

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 1993

NOTE 6 - ACCOUNTS RECEIVABLE

The Irving Tanning Company is obligated to pay 95% of all debt service costs and costs of issuance associated with all bonds related to the pollution control facility. In addition, the Company pays to the town 85 - 90% of all operating and maintenance costs associated with the pollution control facility. The percentage is based on the actual usage of the facility by the Company.

NOTE 7 - DEFERRED REVENUE

Deferred revenue consists of the following:

Prepaid 1994 taxes	\$ 40
Deferred tax revenue (Note 1)	<u>76,000</u>
	<u>\$ 76,040</u>

NOTE 8 - BONDS PAYABLE

At December 31, 1993 the Town had the following municipal bonds outstanding:

Fleet Bank - \$400,000 general obligation serial bonds due in annual principal installments of \$30,000 to \$50,000 through March 1, 2001. Interest is paid semi-annually at variable rates from 6.00% to 6.90% \$ 340,000

Maine Municipal Bond Bank - \$650,000 capital improvement serial bonds due in annual principal installments of \$65,000 through 1997. Interest is paid semi-annually at variable rates from 6.6% to 6.9% 260,000

TOTAL BONDS PAYABLE \$ 600,000

Principal and interest payments are due as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
1994	\$ 100,000	\$ 38,648	\$ 138,648
1995	100,000	32,231	132,231
1996	105,000	25,550	130,550
1997	105,000	18,600	123,600
1998	45,000	11,350	56,350
Thereafter	<u>145,000</u>	<u>15,232</u>	<u>160,232</u>
TOTAL	<u>\$ 600,000</u>	<u>\$ 141,611</u>	<u>\$ 741,611</u>

Schatz, Fletcher & Associates

Town of Hartland, Maine
 NOTES TO FINANCIAL STATEMENTS (Continued)
 December 31, 1993

NOTE 8 - BONDS PAYABLE (Continued)

All of the above bonds are to be paid jointly by Irving Tanning Company at a rate of 95% of all debt service costs including principal, interest, and costs of issuance associated with any and all bonds issued in renewal, replacement or refunding.

Changes in long-term debt:

Balance at 12/31/92	\$	695,000
Principal payment on debt		(95,000)
Balance at 12/31/93		<u>\$ 600,000</u>

NOTE 9 - INVESTMENTS

Investments consist of publicly traded stocks and a bond. They are carried at the lower of aggregate cost or quoted market value of the securities. Information as of December 31, 1993 is as follows:

	<u>Cost</u>	<u>Market</u>
Stocks	\$ 20,037	\$ 13,140
Bond	3,691	4,000
	<u>\$ 23,728</u>	<u>\$ 17,140</u>

There were no realized gains or losses during 1993.

NOTE 10 - LEASES

The Town rents fire hydrants from a local water company on a month-to-month basis. Total hydrant rent for 1993 was \$35,100.

NOTE 11 - ECONOMIC DEPENDENCY

For the year ended December 31, 1993, approximately 17% of the Town's real estate and personal property tax revenue was paid by Irving Tanning Co. Also, approximately 98% of the proprietary fund's revenue is generated from Irving Tanning Co. See also Note 6.

Schatz, Fletcher & Associates

Town of Hartland, Maine

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 1993

NOTE 12 - DEBT COVENANTS

As required by the State of Maine and the bonds issuers, the Town's total debt outstanding may not exceed 15% of the Town's most recent state valuation. Total debt allowed was \$7,232,542.

In addition, total debt outstanding exclusive of debt incurred for school, storm or sanitary sewer purposes, energy facility purposes or municipal airport facilities may not exceed 7.5% of the Town's most recent state valuation. This allowable amount was \$4,821,694.

Debt incurred for storm or sanitary sewer purposes may not exceed 7.5% of the state valuation. This allowable amount was \$3,616,278.

Debt incurred for municipal airports and special district purposes may not exceed 3% of the state valuation. This allowable amount was \$1,446,508.

The Town was in compliance for all of the above covenants during 1993.

NOTE 13 - CONTINGENT LIABILITIES

The Maine Department of Environmental Protection and the Maine Attorney General's Office have requested a plan for closing out the Town's landfill. The Town has not provided such a plan. The Town is subject to a civil penalty of between \$100 and \$10,000 per day that the plan remains unfiled. The attorney for the Town believes that the situation is negotiable and subject to settlement without litigation.

Schatz, Fletcher & Associates
