## IN GENERAL

Owing to an increase in the State School Fund amounting to \$162.42 and an Equalization Fund of \$34.00 to lengthen the school year, with the unexpended school money last year of \$176.41, your School Committee decided to maintain a school year of 36 weeks. The unexpended amount this school year seems to warrant this procedure.

There are six pupils attending Morse High School this winter term. I trust they will complete their year's attendance. The annual appropriation must be large enough to cover the tuition of \$20.00 each for the winter term and \$15.00 each pupil the spring term.

The town school has been under the careful instruction of Mrs. Georgie M. Walker. Her methods of teaching are so well known that words of commendation are unnecessary.

It is hoped that the town will vote an appropriation for school nursing.

Hot lunches are being served this winter. The N. R. A. officials were thoughtful enough to assign beef soup to all the children who carried their lunches to school. This has been served two days each week. Milk is served other days as well as cocoa and baked potatoes donated by the parents,

The Senior League members are generous in every project connected with the school. The nicely equipped schoolroom is a sample of their generosity.

The meetings of the School Committee have been very harmonious. It has been a very successful school year.

Respectfully submitted,

JOHN H. CARTER,

*Superintendent of Schools.*
