**S. S. COMMITTEE**

To the Inhabitants of the Town of Rome, We the S. S. Committee beg to submit the following report.

During the year just passed we have endeavored to make a start towards permanent repairs on our schoolhouses. After looking over the situation we decided to repair the Long Pond schoolhouse, the Whittier schoolhouse and the Robbins schoolhouse.

The amount of appropriation for repairs of schoolhouses was one hundred and fifty dollars (\$150.). Which gave to each of your Committee the amount of fifty dollars (\$50.). The Long Pond schoolhouse has had a hard pine ceiling put in, windows repaired and the buildings painted. With a little extra expense this can be made a very comfortable and respectable school building.

The Robbins schoolhouse has been partially clapboarded, one side of the roof and the woodshed roof has been shingled. The school building has been partially painted but on account of the cold weather it was impossible to finish the work. But it is the intention of your Committee that the work be completed this present year.

We especially recommend that the question of putting in new seats be seriously considered as these seats are very hard and uncomfortable for our pupils.

We submit the following figures which represents the cost of repairs. The vouchers for which may be seen upon request at any time.
